Presbyopia

At about forty-five years of age in normal eyes prolonged reading begins to get difficult without a convex lens to help.

The reason is this:—The lens in the eye become more solid with advancing years and thus having lost its elasticity will not change its shape to the same extent as before. The lens in the eye afterwards has to be assisted by another lens outside the eye to get the focus for close work like reading.

This condition is called presbyopia and is a natural accompaniment of age. At about fifty-five the lens of the eyeball is almost solid. There is required therefore increasing reading assistance during this ten-year interval.

Glasses single vision and bifocal in attractive shapes and mountings procured for those needing them at moderate cost.

Hon. Peter Heenan Takes Rap at Northern Mines

At a gathering of lumbermen from all parts of the province held at the Royal York hotel in Toronto on Tuesday with the purpose of forming a new organization, Hon. Peter Heenan, Minister of Lands and Forests, is quoted as taking a hefty rap at the mines of the North. In speaking to the lumbermen Hon. Mr. Heenan commented on the consideration shown the mines recently in the matter of taxation. To this he added the recent statement of the Hepburn government that it would co-operate with the Dominion government in the building of roads into mining areas in Ontario. The Mail and Empire concludes its report of Hon. Mr. Heenan's address in these words:—"And, by God," he shouted, "we now find these same mining men buying their timber from British Columbia." Freight rates, he charged, had been seaward, so that this British Columbia timber could be shipped into this province to compete with Ontario prices.

To Report on Recent "Congress of Youth"

Delegate from Timmins to Give Address at High School Hall on Friday Evening. All Invited.

The problems of Canada's young people as presented by delegates from all over the country at the Congress of Youth recently held at Ottawa will be the subject of an address to-morrow evening at the Timmins High and Vocational school when Al Barnett, official delegate of a group of Timmins young people's organizations, will be the speaker.

The young people of the town, as well as their elders, are invited to attend the meeting by the committee in whose hands arrangements were placed. Mr. Barnett, while not taking an active part in the discussions at the Congress of Youth, was an interested observer and has prepared a full report of the proceedings.

To Outline Proposed Council At the Friday evening meeting, an outline will be given of the formation of a proposed council of young people's organizations in the district, through which it is hoped that there may be more co-operation in those things that directly affect the young men and women of the camp. Provisional committees have been busy during the past few weeks drawing up proposed forms of constitution and doing other necessary preliminary work. The date on which the organization meeting will be held will be announced to-morrow at the high school.

On account of the very short time available after the high school board granted permission to use the auditorium there, the provisional membership committee has not been able to interview the officers of each young people's organization in Timmins. They ask that, as many as possible from each society and association in the district attend the meeting.

Weather Fine and Warm for Week-end

Heaviest Rainfall of the Year Occurred on Tuesday and Yesterday.

The cold spot in which the North has been for the past few days is just about past, the weatherman said this morning. He predicts that the week-end will be fine and warm and that the temperature will be on its way up again to-morrow.

The heaviest rainfall of the year occurred on Tuesday and yesterday. Beginning at eight o'clock on Tuesday evening, it rained hard almost all night and continued through until last night—more than 24 hours of it. Tuesday's total was .65 while yesterday's was .41, making a total of 1.06 inches.

Temperatures this week have been: Monday, max. 58, min. 36; Tuesday, max. 64, min. 40; Wednesday, max. 59, min. 44; last night's minimum 45, eight o'clock this morning 45.

If this one came from Sault Ste. Marie it could easily be classed, but instead it comes by cable from Nowisad, Yugoslavia. The despatch says that Marie Braun, aged 99 years, hanged herself last week because she feared she would live forever. She was in full possession of her faculties, but the joking statement of a friend that she appeared so well that it was evident she would live forever, made her believe herself abnormal. In any event the despatch assures all that the woman was 99 years of age and actually took her own life. It is seldom indeed that people of great age ever attempt suicide.

LOCALS

L. Phin, of Swastika, was a Timmins visitor this week.

Louis Deslauriers, of Montreal, was a Timmins visitor this week.

W. Ross, of Rouyn, was visiting Mr. and Mrs. Alex Sahnany this week.

Born—to Mr. and Mrs. Wilfred Laurin, Timmins, on June 12th—a daughter.

Born—to Mr. and Mrs. Ovide Froulx, 178 Elm street north, on June 12th—a daughter.

Born—to Mr. and Mrs. Burton Price, 35 Kirby avenue, on June 16th—a daughter.

Born to Mr. and Mrs. George Meredith, 58 Elm street north, on June 17th—a son.

Born—to Mr. and Mrs. J. P. Lynch, 162 Spruce street north, at St. Mary's hospital, on June 15th—a son.

E. Morgan sails on Friday aboard the steamship Antonio from Montreal. He will spend a holiday in England.

Mrs. J. Chenette, of Kirkland Lake, was the guest of Timmins friends last week.

Mrs. A. Van Russell, of Kirkland Lake, was a visitor to Timmins friends last week.

Mr. and Mrs. Hugh P. MacLeod, of Detroit, were guests of Timmins friends last week.

Mrs. Thos. Dodd was a recent visitor to Cobalt, being the guest of her sister, Mrs. J. McCarthy.

Mrs. G. A. Macdonald is spending a couple of weeks the guest of her daughter, Mrs. T. M. White, Kirkland Lake.

Mr. and Mrs. H. Lea, of Toronto, and their daughter, Hilda, are guests this week of Mr. and Mrs. A. W. Pickering. Mrs. Lea is a sister of Mrs. Pickering.

On account of Tuesday being a statutory holiday (the King's birthday), the Hollinger will pay on Monday, June 22nd. It is understood that the stores will remain open next Wednesday afternoon, but will be closed all day Tuesday, June 23rd.

Even rain won't stop the tag days in the North. At Noranda last week the C.W.L. held a tag day for the hospital. The rain poured down practically the whole day, but the lady taggers refused to be beaten by the weather. They kept at the work all day and actually gathered in \$258.39.

His many friends will be pleased to know that C. E. Hall, manager of the Timmins office of Doherty, Roadhouse, Co., is now making progress to recovery. A letter from his brother says that it is hoped that he will be well enough to return to Toronto this month and be back in Timmins again in a few more weeks.

Noon weather report for Northern Ontario: Northeast winds, mostly cool and cloudy, probably scattered showers in south portion. Friday, fair, with stationary or a little higher temperature.

Death This Morning of George Cornish

Popular Employee of Hollinger Mine Passed Away During Sleep. Ill Only a Short Time.

There will be very general regret and sorrow at the death this morning of George Cornish at his home at 122 Spruce street north. Few men have as many friends won by high character and quiet genial disposition. Among the other members of the staff of the Hollinger mine, where he was one of the samplers for a number of years, he was especially popular and esteemed. He was a great football enthusiast, having been a soccer captain in his native land, and while never playing here, he was always an ardent follower of the game and this added to his circle of friends and acquaintances. A short time away he suffered an attack of bronchitis, but appeared to recover, but later suffered a relapse and found it necessary to enter the hospital. He had returned from the hospital and it was hoped that he was on the way to recovery but a heart condition had developed, and he passed away this morning in his sleep.

The late George Cornish came to Timmins from England 12 years ago and had been at the Hollinger since then. He was educated at Plymouth College, England, and in the Old Land was noted in soccer circles. At the time of death he was 49 years of age. In addition to the bereaved widow, relatives in Timmins include a sister, Mrs. Biren, and two nieces, Mrs. Farnsworth, and Mrs. Thomas, the latter being at Matachewan, where her husband is in charge of work for the Hollinger, and Mr. and Mrs. Thomas flying in from that camp for the funeral here. There is one brother of the late Mr. Cornish living in England, as well as two sisters, Mrs. Williams and Mrs. Mayne, the latter being the widow of Dr. Mayne, a prominent medical practitioner.

Funeral arrangements have not yet been made but the service will likely be with Legion honours, the late Mr. Cornish serving in creditable way in the British forces from the opening of the war to the end.

Bank President on Visit to Timmins

(Continued from Page One) Lawson, president, Lawson and Jones Lithographing Company, London; B. L. Mitchell, Assistant General Manager, the Royal Bank of Canada, Toronto. Mr. Angus and Mr. Dymert are also directors of the bank.

The special C.P.R. car "Lake Ontario" which brought the party to Timmins, after a visit to Sudbury and Kirkland Lake, was attached to the morning freight. The financial men left on today's noon train.

While here, they were guests at the Hollinger of John Knox. Just before boarding the train at noon Mr. Wilson told the Advance that the visit was one of a regular series and his colleagues make all over Canada. The bank has no intention of opening a branch here at present.

Northern News, Kirkland Lake:—School children visiting the House of Commons did not think the members looked very clever. The 25 who came here impressed us very favourably.

Local Chapter Hears of I.O.D.E. Work in Ontario

Timmins Daughters of Empire Given Very Comprehensive Report of Recent Convention, Showing Notable Progress of Patriotic Work Carried on in the Province by the I.O.D.E. Chapters.

The June meeting of the I.O.D.E. was held in the basement of the Anglican Church on Monday evening.

There was a splendid attendance for this closing meeting of the season. Interesting reports of local committees were given and a donation made from the Chapter to the local Guide Company to assist in purchasing camp equipment for them.

Report on Provincial Convention The Regent, who had been the delegate, gave a most comprehensive report of the provincial convention held in Hamilton, April 22nd and 23rd, covering all the different departments of the work of the Order.

The total expended on the Educational I.O.D.E. work in the past year was \$13,013.27.

The League of Nations report showed that more chapters were taking out more memberships in the League of Nations Society, and thus learning of the actual work and accomplishments of the League of Nations.

"Echoes," the official publication of the Order, had had a subscription total of 6125 for the past year.

Empire work in India had received financial support to the amount of \$1593.71 from Ontario during 1935.

"Immigration" had been a dead issue compared with past years, so that the work of this department was chiefly "Canadianization," visiting homes of new Canadians, and helping them to become familiar with Canadian methods of home-making.

The "War Memorial" work of the Order, which was not erecting monuments of cement and stone, but educating the children of the soldiers, continues its splendid work. In 1937 the awarding of burials to worthy students from the families of soldiers will be discontinued. In the past year three such burials were awarded in Ontario.

They contain a happy combination of history and entertainment that helps young people to a vivid realization of the dramatic events in great lives which leave their mark on the world. The coming "Florence Nightingale," "Mary of Scotland," and "Life of Beethoven" will be new examples; also "The Empire Builder," and "The Great Divide." There is still a great deal to be accomplished in making complete picture programmes suitable for children.

a very helpful address on "Child Hygiene and Public Health Nursing." The Girl Guides report stated that the I.O.D.E. were now sponsoring 55 Guide companies in Ontario, nine new companies having been organized in the past year, of which Timmins has two in the Timmins Ninth Rangers and the Forty-sixth Timmins Brownies. There are 268 I.O.D.E. Chapters in Ontario, with a paid-up membership of 9000. The convention was honoured by the presence of the National President, Mrs. Lumbers, and the convention was presided over by the Provincial President, Mrs. Wm. Morrison, her first appearance after seven months of illness. Timmins Golden Chapter to Resume Meetings in September Timmins Golden Chapter, I.O.D.E., will resume activities with the September meeting.

The Navy League report gave an expenditure for Ontario of \$1,385.40. The convener encouraged chapters to adopt a Sea Cadet. Twenty-five dollars will provide a uniform and instruction for a lad whose longing is for the sea. The convener concluded by reminding the meeting of the concluding words in the new King's first message to his people: "May we be worthy of the heritage which is ours." Inseparable from our heritage stands the British navy, she said, for had there been no navy there would now be no heritage. The Endowment Fund, which is the housekeeping money of the Order, is healthy. "Service and Ex-Service Men's" report showed an Ontario cash expenditure of \$2,461.05 for the past year, as well as many other lines of assistance rendered to Service and ex-Service men and their families. The convention enjoyed a splendid after-dinner address by Miss Winnifred Kydd, C.B.E., Dean of Women, Queen's University. The topic chosen by Miss Kydd was "The Rise of the British Empire from the Sixteenth Century." Another brilliant speaker who was much appreciated was Miss Edna Moore, chief public health nurse, department of health, Toronto, who gave
