

BIG PROGRAM AT MCINTYRE PARK MONDAY

News Stories Not Quite Correct Says the Mayor

Municipal Head Blames Any Unfavorable Publicity on Council, but Admits Attitude of Council Misrepresented in Some Instances. Council Did Not Refuse Investigation, but Wanted All Information.

News stories published in Toronto, North Bay, Sudbury, and even locally concerning his visit to Toronto to see the attorney-general about an investigation into the Timmins police force were not entirely correct, Mayor J. P. Bartleman told The Advance on his return yesterday.

He spoke to no reporters, either here or at any other place, the mayor said. Nothing further will be done about the investigation asked by the mayor until the return of Attorney-General Arthur Roebuck. He interviewed Hon. Paul Leduc, acting attorney-general, gave him all the sworn statements he has collected here in recent weeks and gave him a general outline of what he believes to be the trouble.

"The Council's Fault"

Asked by The Advance if he did not think all the news stories published in Ontario were giving Timmins a black eye, the mayor said: "That's the council's fault." He explained that had the council agreed to ask for a Royal investigation, the same sort of publicity would not have resulted.

Reminded that several newspapers had stated definitely that Mayor Bartleman had gone to the attorney-general's office after "the council had refused to ask for an investigation," and asked if he believed that to be a fair statement, Mr. Bartleman said after thinking it over that it might better have been put "the council had refused to ask for an investigation without first having had certain information." The first statement is the one that appeared in many outside newspapers.

The council, he agreed, had asked that a special public meeting be held at which the whole thing could be gone over, but the mayor did not think this the proper way to do things. He said he saw no reason why the council should have listened to the sworn statements he had in his possession without the name of the person swearing to them being made public.

Not Doing It Alone

"You wouldn't think for a minute I was doing all this alone or all for myself, would you?" he queried at the conclusion of the interview.

"Well, who else is in it then?" The Advance asked.

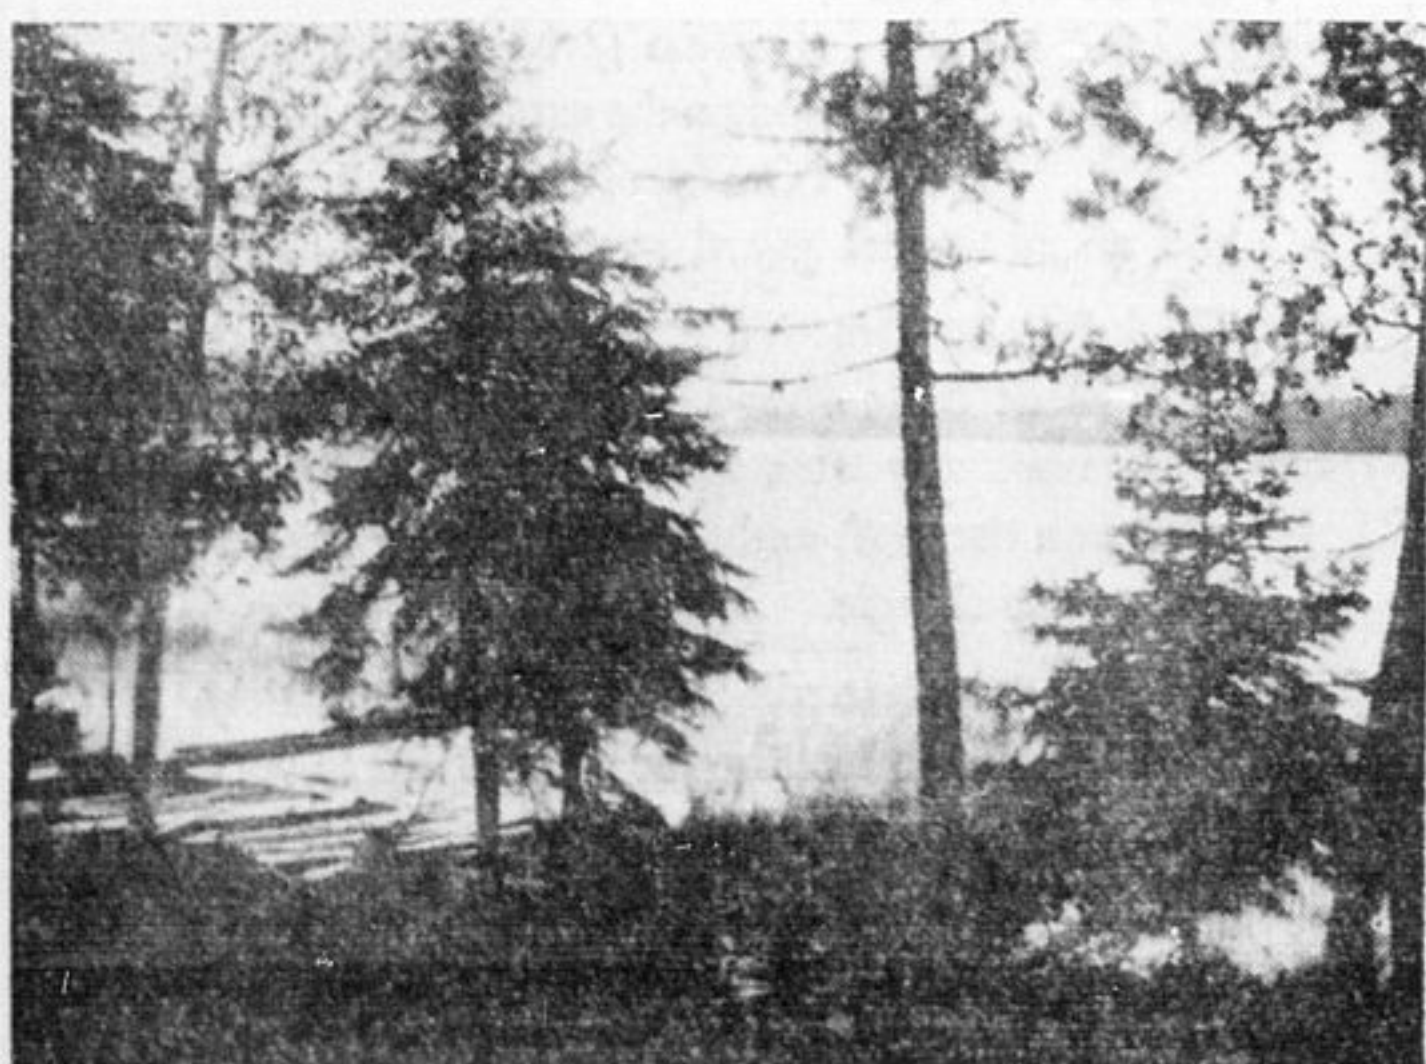

"That's a thing I can't tell you now," he replied.

Lands Big Trout and Dies of Excitement

United States Tourist in the North Succumbs to Heart Attack While Fishing.

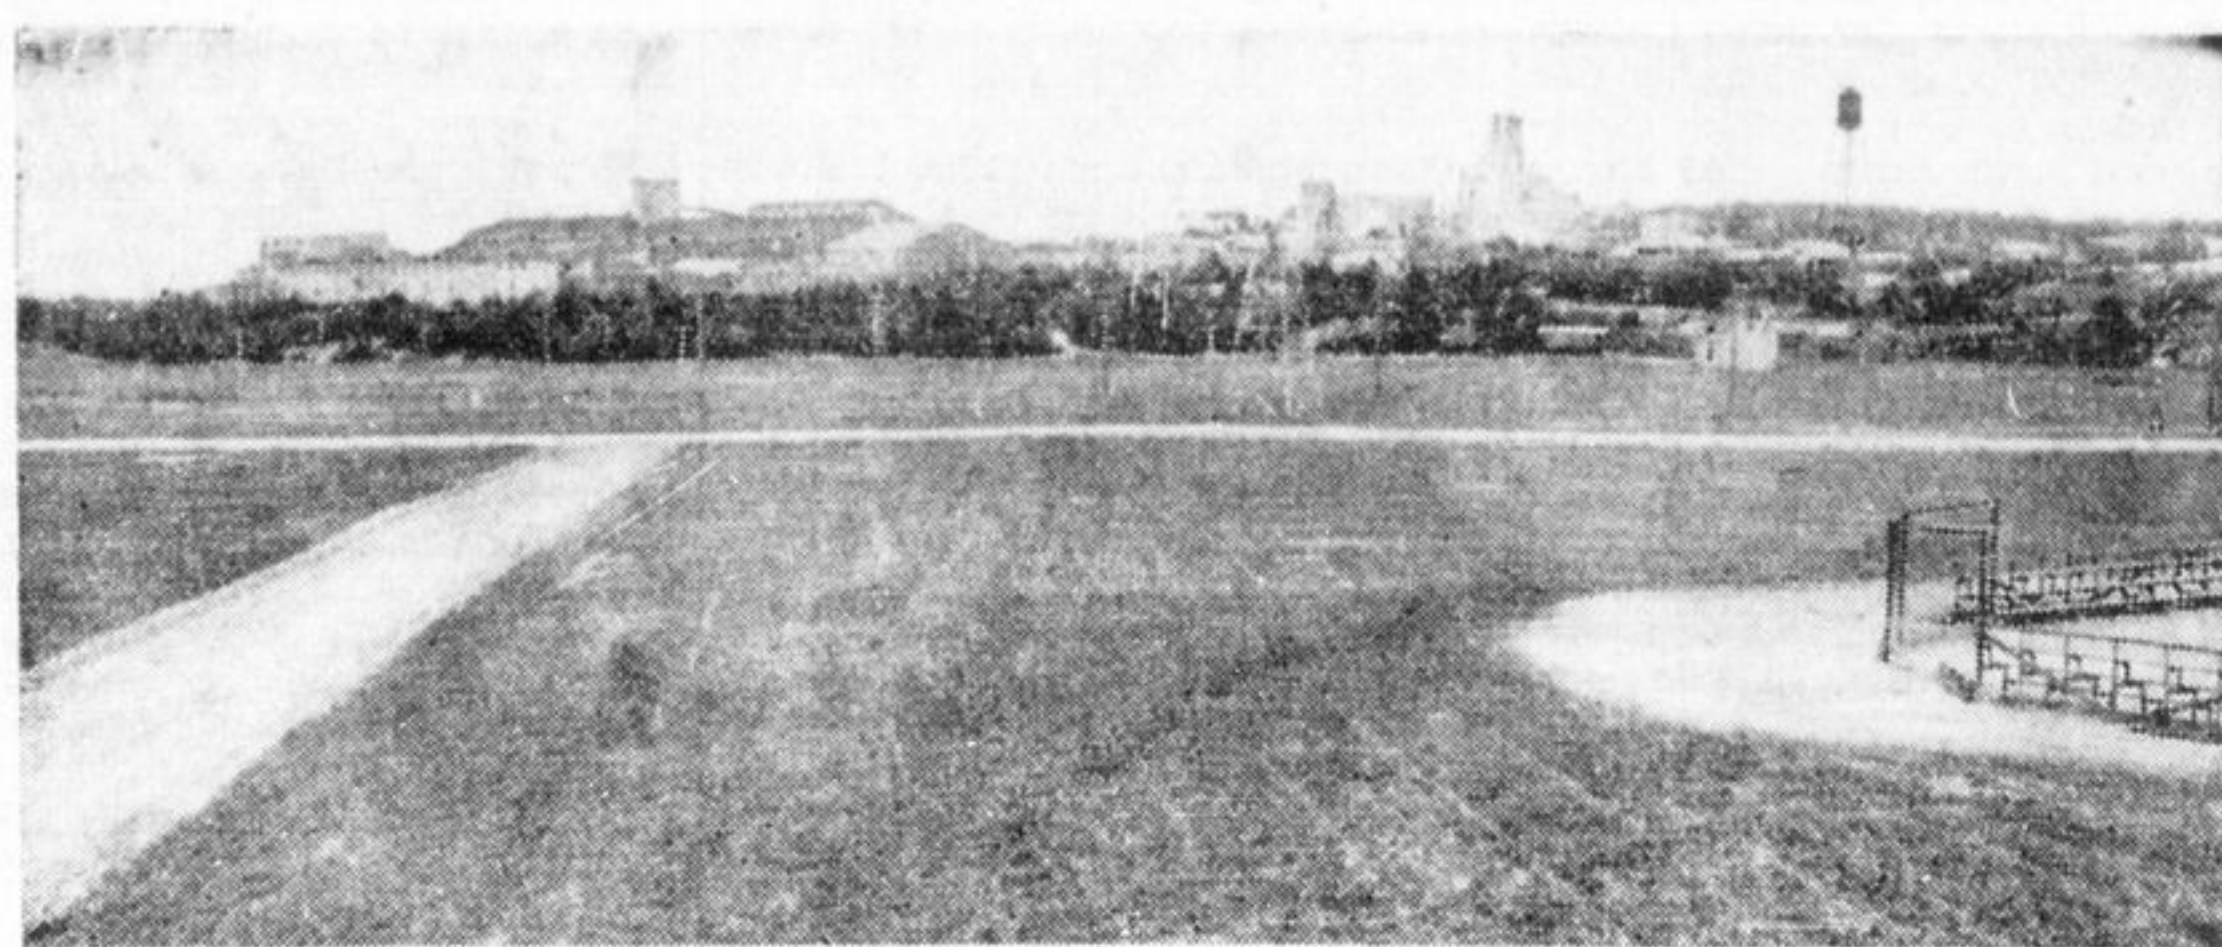

While fishing at Basswood Lake, 60 miles east of Sault Ste. Marie, Ont., Edward Joseph McHugh, aged 60 years, of Valparaiso, Indiana, died suddenly on Monday. Mr. McHugh was a tourist who took great delight in fishing. After indifferent luck on Monday he finally landed a trout weighing fully 25 pounds. The fish was a beauty and Mr. McHugh was fully aware of the prize he had landed as a fisherman. He had considerable trouble landing the trout, and between the excitement and the exertion, it was all too much for him, and the effort brought on a heart attack. Scarcely had he landed the big fish before he collapsed. All possible was done for Mr. McHugh, but all attempts to revive him were without success. Dr. W. B. Sproule, of Thessalon, was summoned but it was recognized that Mr. McHugh was beyond all earthly aid. Dr. Sproule said the death was due to excitement and strain.

SILHOUETTE AT BARBER'S BAY

Walking down to their beach in the early morning or late evening, this is the sight that greets the boys at the new Kamp Kiwanis on the east shore of Barber's Bay, where, 20 at a time, 80 Timmins lads will have a chance this summer for plenty of outdoor activity and lots of good food.

TO BE THE NORTH'S BIGGEST ARTIFICIAL PARK

In less than a year this stretch of smooth land has been transformed by the Hollinger from a barren grey dusty waste of "cyanide" into a refreshing greensward. The work has just begun on making the North's greatest artificial park where, within two years, Timmins and Hollinger clubs will have a fine football field, baseball diamond, softball diamonds, cricket pitch, tennis courts and everything else the players and fans could ask. In the foreground at the right can be seen the end of the present softball diamond.

20th Anniversary Oddfellowship Here

Among Guests of Honour at Banquet Expected to Have Grand Master and President of Rebekahs.

This year is the twentieth anniversary of the Oddfellows lodge in Timmins. In view of this fact Timmins Lodge No. 459 I.O.O.F. and Gold Nugget Rebekah Lodge No. 173 are planning a joint anniversary banquet to be held on the evening of Sept. 14th in the Empire hotel, Timmins. Among the guests who have been invited to this event and who are planning to come are the Grand Master of the Grand Lodge of Ontario, Bro. Kingston, and the President of the Rebekah Assembly of Ontario, Sister Christine Allan.

The committee on arrangements for the twentieth anniversary event include:—Bro. W. H. Pritchard, P.G., and P.G.H.; Bro. A. G. Carson, P.D.D.G.M.; Bro. Harris, D.D.G.M.; Bro. Spencer, P.G.; Bro. Rolands, N.G.; Sister E. Kerne, P.P.R.A.; Sister J. Webb, P.N.G.; Sister M. Sears, P.N.G.; Sister A. Jackson, P.N.G.; Sister J. Fulton, N.G.

Born—to Mr. and Mrs. Murray Yollis, in Toronto, July 22nd—a son.

Injured Man Taken to Toronto for Treatment

Antonio Antonella, seriously injured by a snowplough at the McIntyre mine five months ago, was taken on a stretcher to Toronto on the noon train yesterday. He will receive treatment of specialists at the Toronto General hospital.

New Directory for Timmins and District

Work Now Under Preparation. Household and Others Urged to Assist in Plan.

As noted in the last issue of The Advance, the work of preparing a new directory for Timmins, Schumacher and South Porcupine, is now in progress. The Timmins Board of Trade has always taken a keen interest in the preparation of the directory for town and district and this fact, no doubt has some bearing on the other fact that the Porcupine District Directory is recognized as one of the best of its kind issued. The directory now in use has proven of very special value to business and professional men and others. Of course, at the present time it is admittedly out of date, having been issued in 1934, and all know the extent of the growth of the town in the intervening two years, to say nothing of the many changes of one kind or another.

The Might Directories, the Toronto firm issuing the directory for this district for a number of years past, have their men busy on the work this week. The Board of Trade suggests that all householders and others give the representatives of the company a kindly welcome and do all possible to help make the directory as complete and accurate as possible. In the past this co-operation has greatly increased the value of the book.

This year the Might Directories expect to have the directory issued in a short time, the speeding up of publication from the time of getting the information adding to the value of the book.

Entrance Certificates in Mail for Distribution

Hundreds of Porcupine district boys and girls will receive their Entrance examination certificates to-day, the entrance board announced this morning. The certificates were placed in the mail to-day for distribution.

Charles Cole Died at Home Yesterday

Pioneer Prospector of Cobalt and Porcupine Passes After Long Illness.

Charles Cole, pioneer prospector of Cobalt and the Porcupine, died yesterday at the home of his mother, Mrs. R. Cole, 159 Maple street south. He had been ill for many months and returned to Timmins from Halleybury just two months ago to-day.

He had come to the Porcupine in 1909 and came safely through the fire of 1911 when South Porcupine was wiped out. One of the best known Timmins prospectors, he has hosts of friends here who have known him since the early days.

The funeral service is to be private. One of Mr. Cole's last requests was that there be no flowers.

Surviving him, in addition to his mother are one brother, Manley, who lives here, and three sisters, Mrs. Karl Eyre, of Timmins, Mrs. Daniel Osborne, of Marmora and Mrs. M. Donaldson, of Duparquet, Quebec.

Mr. and Mrs. S. T. Walker are spending a holiday at Ssforth, Ontario.

To Add Another Man to Tisdale Police

Meeting of Township Council Held on Monday Night. Many Questions Before Council.

South Porcupine, Ont., July 29, 1936. Special to The Advance.

A council meeting—a short one—was held on Monday in the township building, with Reeve Gallagher and Councillors Arnott and Cooke present.

Townsite lots held by the township are to be advertised for sale.

Nick Blahay is to have drainage in his lane back of the store block in Schumacher. The engineer is working on it.

Weigh scales of the township are to be inspected and if out are to be looked after by a government inspector.

The sanitary inspector is to look into the matter of garbage collection on Cecil street.

Police uniforms are to be left to the chief to decide upon.

An extra policeman, who has been put on as a temporary man, is now to have a permanent position.

A discussion as to the desirability of appointing another constable owing to the increasing growth of the township resulted in favour of appointing another to the force.

Oscar Neilson Caught in Fall of Rock at Mine

Sampler at Hollinger Loses Life When Loose Rock Falls. Resident in Timmins for Fifteen Years. No one Knew of Accident Until End of Shift.

Are They Repairing Cars to Steal Them?

Odd Case of Disabled Car that Disappeared Overnight.

Car thieves in the Timmins district showed great interest in their work the other night when they stole a grey sedan that had been left out on the sand claims road. The spare tire and one of the rear tires were flat. There was no patching material in the car.

Next morning when the owner sent someone out to repair the tire, the car was gone. The thieves must have repaired at least one tire, "fixed" the ignition and driven off.

Special Civic Holiday Dance at the Riverside

A special civic holiday dance has been arranged for the Riverside pavilion on Monday evening. It was announced to-day. There will be no Sunday midnight dance as is usual before a holiday.

At the Wednesday night dance, a feature of the evening was Bob Wade, Harlem tap dancer from the show now at the Palace, "Stop, Look and Listen."

Next Issue of Advance Thursday

On account of the fact that Monday is civic holiday in Timmins and Tisdale, and to allow the staff to observe the holiday, there will be no issue of The Advance on Monday next. The next issue of The Advance will be on Thursday next. After that there will be the regular twice-a-week issue of The Advance—Mondays and Thursdays.

Football and Baseball To Feature Sports Day

Notable Programme of Sports, Athletics, Novelties for Civic Holiday, Monday, August 3rd, at McIntyre Park. Baseball Game One of the Most Important of the Season.

Porcupine Wreath at Vimy

Porcupine District's Part in the Vimy Memorial Ceremonies.

From Jack Farrar in London, England, word came this morning that the part of the Porcupine branch of the Canadian Legion in the unveiling of the Vimy Memorial has been carried through. Austin Neame, president of the branch, received this cable this morning from Mr. Farrar:

Austin Neame, Timmins. I placed a wreath on Vimy and also on the cenotaph yesterday.

Jack Farrar.

Spain's Civil War Seems to Threaten to be Long One

Spain's civil war appeared to-day to have settled down into a long drawn out series of sieges and quick attacks, with neither side gaining much ground. Rebel "rightist" forces have laid siege to Madrid and will be able to continue if for some time, it was admitted. A government submarine near Gibraltar was reported sunk by a rebel seaplane, taking its crew of 40 to the bottom of the sea.

Postmaster Appointed for New Mud Lake Office

J. M. Hamilton has been appointed postmaster at Mud Lake, Quebec, and will have charge of the new post office opened there in connection with the air mail service between that point and Halleybury, Ontario. It was announced this week from the office of J. C. Ross, district superintendent of postal service.

The new office is served twice weekly by air. The round trip is a distance of about 106 miles.

McIntyre Field Day is known throughout the North as one of the best sports days of the year; this year's Civic holiday programme at the Schumacher mine promises to be the best ever held. No trouble has been spared by the committee in arranging for events that should please every man, woman and child who attends.

From early morning until late at night, there'll be something interesting going. Kiddies races, events for the ladies, men's track and field events a baseball game between McIntyre and Porcupine, a football match between McIntyre and Frood Tigers, mucking, drilling and log-sawing contests, and to finish off the big day, an open-air dance at the McIntyre park.

The baseball game is one of the most important of the season. It was hoped that Toburn could come up from Kirkland Lake but word was received yesterday that they could not make it. So the Temiskaming Baseball League fixture for Wednesday has been moved ahead to Monday. The Macs must win to stay in the league. The game will be called at 4.15.

Famous Frood Team Coming

The football match should be one of the best of the season. Sudbury's Frood Tigers, one of the strongest teams in the Nickel Belt League and National League champions last year, will give the Macs good opposition.

The athletic events promise to be good. Competition is to be keen, from all reports of those who have been training for the past few weeks for the races and field sports.

The dance at night will be held on a dance floor built this week at the park. Gordon Arthibald's orchestra will supply the music.

Refreshment booths have been erected and will be ready early in the day to serve food and soft drinks to the crowd. The children of McIntyre employees can look forward to a good day, for there will be free ice cream cones for them.

Programme—Morning

8.00—Drilling contest.

9.30—Races for boys and girls—5 years to 15 years.

10.30—Sack relay race; 3-man 4-legged race; shuttle relay race; pick-a-back race.

11.45—Bicycle relay race; shot put; wheelbarrow race.

Afternoon

1.00—Mucking contest.

1.15—100 yards, open.

1.25—880 yards, open.

1.35—Broad jump.

1.50—440 yards, open.

2.00—1-mile walk; sawing contest; 3-mile race.

2.30—Horseshoe pitching contest; pole vault.

2.50—1-mile relay, 4 men.

3.00—Ladies' events; shot put.

3.15—220 yards, open.

3.25—High jump.

3.50—1-mile open.

4.00—Baseball.

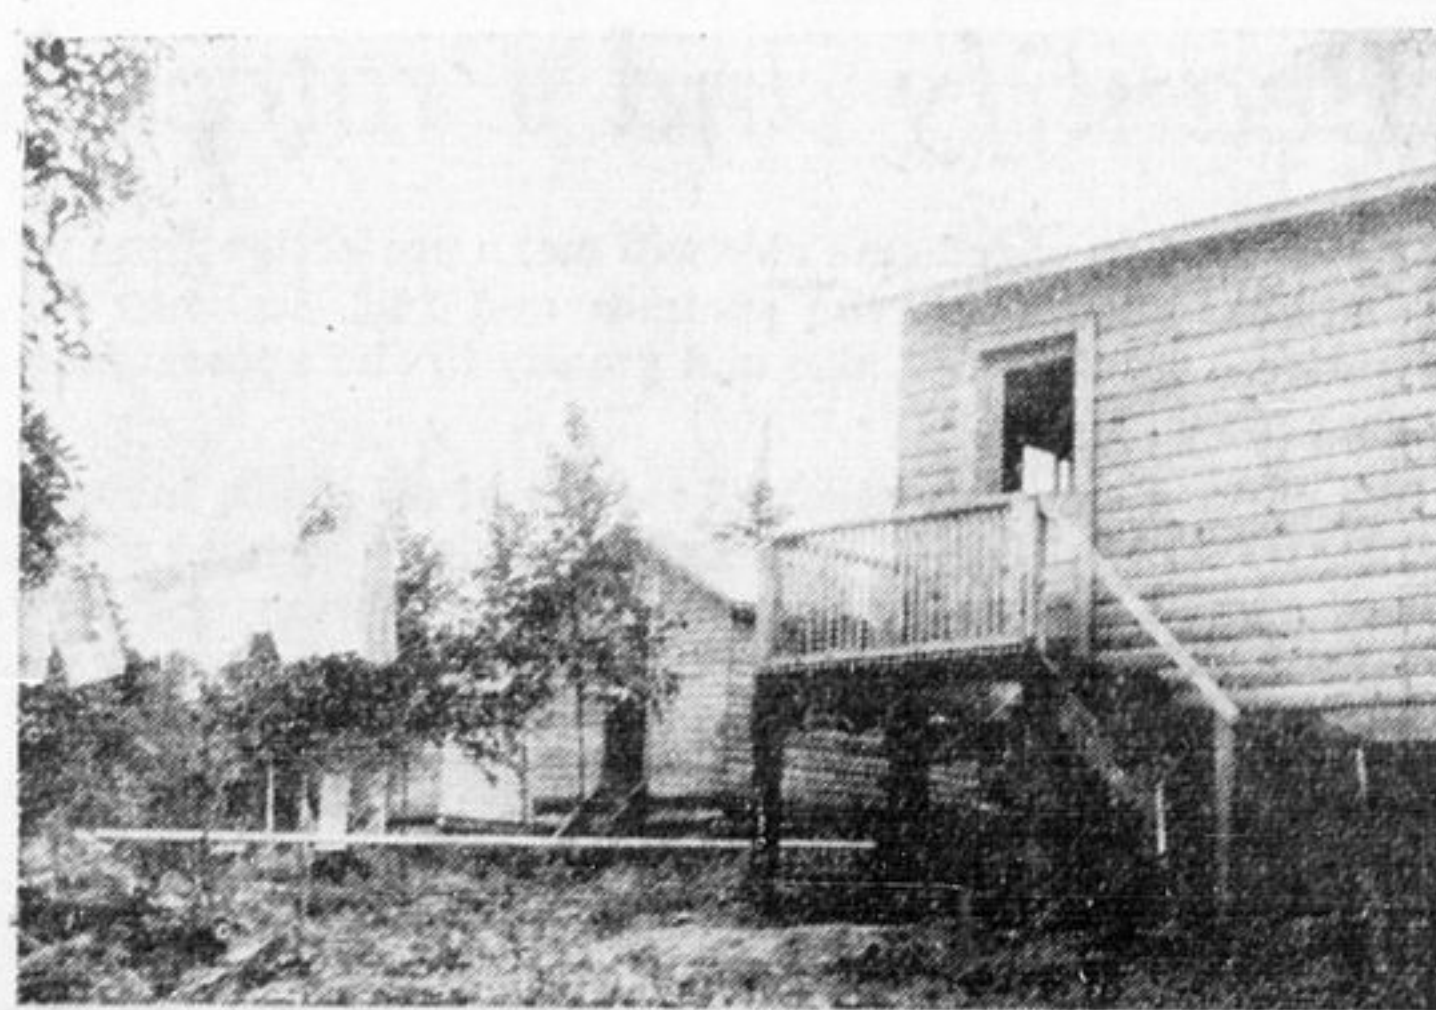

6.15—Football.

9.00—Street dance.

Parks Old Car at North Bay for Use on North Roads

The story of a travelling man who parks an old car at North Bay for use on the roads of the North is told by The Northern News and gives another illustration of how bad the roads in the North are and how hard they are on good cars. "I drive my car as far as North Bay," the traveller told The Northern News, "and then pick up an 'old creak' I store there for use on the Ferguson highway. I wouldn't think of bringing my car up over these roads."

NEW BUILDINGS AT KAMP KIWANIS

This is a glimpse of the big pavilion and two of the sleeping cabins at Kamp Kiwanis on Barber's Bay, where the Kiwanis club's greatest community work is being carried on this year. Although this is the camp's first year, it is already in good shape and is helping a lot of Timmins boys toward better health.
