Much Building Activity in South Porcupine Area

Delightful Birthday Party Event at South End on Thursday. Diamond Drilling at South Shore Mine, Golden City, Hunter Mine to Re-Open Soon. South End Bicycle Injured. Other South Porcupine and Dome News.

South Porcupine, August 8th. Special to The Advance.

Girl Guides here are getting ready to go to camp next week. After deciding to go to Davies Lake near Matheson, the leaders found it necessary to change the camp site. The Boy Scouts have had a glorious time there but the girls, who are not so robust en masse, as boys seem to be, would find this particular place a little too far from the beaten track in case of emergency. So the leaders have accepted the kindly offer of the Timmins Boy Scouts and will be going to Nellis Lake instead. The tents which the Scouts have used will be left for the girls, and it will be much nearer home and more convenient in every way for the Guides at this place. So there will be no need for any mother to worry, and all are satisfied. Twelve girls have registered from here to date and 23 from Timmins. Mrs. Smith of Kirkland Lake will be camp "Madam" in charge; Miss McKee, of Timmins, is to attend as camp nurse; Mrs. George McDonald, of Connaught Hill, will be camp cook; Miss Cranston, Timmins, will be in charge of the swimming and water sports; Miss Naish will instruct in badge work and team games; and Mrs. Bessette will act as quartermaster. The girls all have to have a medical examination before leaving and will have to supply one guide uniform, one navy camp smock, one apron, one change of underclothing, one pillow, three blankets, and ground sheet, towels, comb, cup, plate, knife, fork and spoon slacks, sweater, coat, flashlight and knife, with raincoat and bathing suit. This is published by request as the requirements are so very simple that there is no expense entailed on the parents, beyond the camp fee, which is small. All are looking forward to the ten days' holiday, and hoping for fine warm weather.

The latest report of Mrs. Walter Cliff in the local hospital, is that her condition is now most hopeful. Miss Neame of New York and on a visit to her parents in Timmins, is acting as special nurse to Mrs. Cliff.

Mr. Hugh Sutherland, of Toronto, is in town at the Empress Hotel. His interests are with the Hunter Mine in Golden City, which has every indication of starting operations in the near future.

Miss Muriel Rice, at one time nurse at the Dome hospital, is visiting at the home of Dr. Smith at the cottage at the pump-house, on the other side of the lake. Since leaving here some years ago she has taken a course in public health nursing in London, Ont.

Miss Betty Milligan, who has been visiting at the summer home of Mrs. Hener in Golden City, left on Saturday for her home in Toronto.

Margaret and John, the twin children of Mr. and Mrs. D. A. McLellan, celebrated their eighth birthday on Thursday. Thirty small friends and neighbours were invited to a swell weiner roast in the garden at the back of their home on Main street and in the evening, with a grand bonfire, they had a real celebration. Little Dorothy Jean Herrington, ten-year-old neighbour, had drawn up a programme wherein all guests provided part of the fun, and she herself caused admiration and merriment as "Mae West" in costume. All voted this party one of the highlights

with two sisters and an aunt, are visiting at the home of Mr. and Mrs. McDermid at the Dome Mines.

Diamond drilling is going on at the South Shore Mine, near Mr. Wilson's farm in Golden City. A new home has been erected on this property and lots are being sold to future home-owners in this vicinity.

The big event next Sunday will be the Consumers' picnic at Idle Hour Park, Mattagami. A large amount of money is being spent on this affair and free transportation and refreshments will be supplied to customers enquiring for cards at the store here.

At the reception following the wedding of Miss Elsie Armstrong last Wednesday, we omitted to mention that Mrs. John Fell and Mrs. John Costain poured tea for the guests.

Mr. Sam Bucovetsky is enlarging his store on Golden avenue. Building operations are now going on.

Mrs. Fred Wilson is progressing nicely in St. Mary's hospital, Timmins, after emergency appendix operation.

We are sorry to learn that Mr. Geo. Starling is a patient in the local hospital.

Mr. Ed. Johnson is recovering well in the Tisdale hospital after appendix operation last Saturday.

The wedding of Helmi Kinnunen and Matti Kustia Haapala was performed by the Rev. W. Leaman, United Church minister of Kirkland Lake, and took place in South Porcupine on July 30th.

Mr. and Mrs. Disher and family are moving this week to the house of Mrs. W. W. Wilson on Commercial avenue, which has recently been enlarged and a cement basement added. Mr. Disher sold his own home and property on Main street some time ago to Mr. J. Cattarello.

Mr. Tom W. Smith, whose death was announced in the last issue of The Advance, was not brought back to South Porcupine for interment. The following announcement was noticed in a Toronto paper:—"Smith—At Toronto General hospital, on Monday, August 3rd, 1936—Tom W. Smith, beloved husband of Ida Alice Hiron, South Porcupine, Ont. (cook at Dome Mines), Funeral from the Chapel of McDougall and Brown, St. Clair West, 11 a.m. Thursday, Interment at Prospect Cemetery, Toronto."

Little Donald Somerville suffered a nasty cut on his head when he fell off his bicycle on Thursday. He is bandaged, but little the worse for his fall to-day.

Dr. and Mrs. Somerville moved into their new home on Rae avenue on Friday.

Mr. Billy Millions, of Dome Extension, accompanied by Mr. and Mrs. Jack Johnson, of Main street, left on Saturday for a holiday in Shawville.

Little Barbara and June Allen, of Dome Extension, were patients in Tisdale hospital this week for tonsil operations.

Mrs. George McDonnell and children, of Dome Extension, spent the week-end in Haileybury.

Mrs. Moore and children, of Dome Extension, and Master Dorian Tripp are among the campers at Golden City.

Mr. H. Richmond, of the Dome, left on Saturday for a trip to Toronto.

Miss Eva Commission is on a holiday in Toronto.

Mrs. Violet Lemieux, of Noranda, who was visiting at the home of her sister, Mrs. McKay, was taken to the local hospital this week for emergency appendix operation.

Mrs. Woodall spent last week-end in Ottawa, visiting her daughter, Kathleen.

The Smoke of the Day!

WHITE OWL Cigars

INVINCIBLE 5¢

of the year, and toasted weiners and marshmallows and enjoyed themselves until after ten o'clock.

Mr. and Mrs. Charles Jamieson, with Mr. Jamieson's mother, who has been visiting in town for some weeks, left on Saturday for Fiesherston on a holiday.

Mr. and Mrs. R. Cliff, of Kingston, Mrs. Smith, of Ottawa, daughter of Mr. and Mrs. Desjardins, of Timmins, was the guest of Mrs. Jos. Huot on Saturday.

Mr. Jos. Huot, and son, Eddie, are on holiday in Montreal.

Little Mary Connolly celebrated her ninth birthday on Wednesday. At the home of her aunt, Mrs. J. Johnson, of Main street, she entertained a number of little friends to a lovely birthday party. Pink candles decorated a beautiful birthday cake, and the small hostess received her guests in a pink and white frock. The decorations on the tea table were also in pink and white. All had a lovely time at Mary's party.

From the New Liskeard Speaker:—"Much regret was expressed by local friends over the removal of Mr. and Mrs. W. Adamson from New Liskeard to South Porcupine, where Mr. Adamson will take charge of the retail sales for the Power Company, a position similar to that held by him in New Liskeard for a number of years past. Both Mr. and Mrs. Adamson have made many friends during their residence in town, and the very best of wishes go with the family to their new home. Mr. Davidson, of Cobalt, takes over Mr. Adamson's work here." "Mr. and Mrs. Jake Novakuska are leaving for South Porcupine at the end of the week, where Jake will join the power staff."

Mr. and Mrs. H. Robitaille are holidaying in Shawville, Que.

Mr. and Mrs. Dan Hughes, of the Dome Mines, with children, Sidney and Joyce, are on holiday in Winnipeg, where they will attend the Manx convention.

Mrs. S. Starling is visiting her daughter, Mrs. Pelkie, in Latchford.

Lower Profit for Quarter for Matachewan Mines

Because of increased development and operating costs, reduced profit is shown by Matachewan Consolidated Mines Limited for the quarter ended June 30, 1936, as compared with the corresponding period in 1935.

Underground development and diamond drilling costs exceeded by \$25,000 the same items last year, with the result that estimated total profit was \$13,765 compared with \$28,800 in the same quarter last year.

The profit is before allowance for taxes, depreciation or deferred development.

Tonnage treated in the period under review was 13,603 against 12,298 in the same quarter last year. The net income was \$99,437.07 comparable with \$90,656.21. Operating and development expenses rose from \$61,855.59 to \$86,285.79. Non-operating revenue totalled \$634.30.

No. 1 Drill Hole at the Polaris Now Completed

Satisfactory Results in Defining the Geological Formation, Second Drill Hole Commenced to Intersect Wide Dyke, Heavily Mineralized, with Sulphides.

Reports from the Polaris Mine show excellent results from the work now being carried on. The indications as to ore possibilities are most encouraging and are spurring on further work to prove up the property. No. 1 diamond drill hole has been completed, and a second hole has been started.

Those who have been watching the Polaris and its prospects for development into an important mine will be interested in the following report by H. McMaster, M.E., last week:—"The No. 1 drill hole which was put

down to cross-cut the formation for geological purposes, was satisfactorily completed today and the drill has been moved to a location some 700 feet to the east, where the hole is pointed to intersect the wide dyke, heavily mineralized with sulphides and continue on through a narrow band of greenstone, well fractured, the fractures being filled with quartz. This greenstone is in contact with the large quartz porphyry dyke lying in the north of the property and if the porphyry is not too wide the hole will be continued to cut across it in order to explore the footwall."

Front-Wheel Drive Attracts Attention

It was a front-wheel drive Cord, the "most streamlined car" made on this side of the Atlantic, it's said. So much attention had been paid to "air slip" that even the headlights have been made so they can be withdrawn into the deep fenders, leaving a smooth surface. The absence of the usual long drive-shaft from front to rear makes it possible to lower the whole body, making it possible to get more speed with greater safety.

But the owners agreed they didn't need the speed of which the car was capable when coming up the Ferguson-Hepburn highway.

Timmins people were not slow to show their interest in an unusual car, seen on Pine street Friday afternoon. They weren't a bit bashful about clustering round the long, slim black sedan where it was parked on the side of the street. They opened the doors, inspected the chassis, felt the tires and would probably have lifted the hood to see

what was inside if the owners hadn't come along about that time and driven away.

Action of Matti Saari Over Stock Dismissed

Judgment has been entered by His Honour Judge Hartman, dismissing the action of Matti Saari against Northern Brokers of Kirkland Lake with costs against the plaintiff.

The action had been heard by His Honour about the middle of June and decision reserved at that time. It was for damages for what the plaintiff alleged was the illegal sale of some Bidgood Mines stock which had been ordered bought by the plaintiff from the defendant company and which had been sold by the company when the payment for the stock had not been made in full by the plaintiff.

Winners in Draw for Educational Fund

Announcement made of Winners with Number of Winning Tickets and Prizes.

Winners in the draw made last week for the education fund of St. Anthony's church, part of the proceeds of which will go to the St. Anthony's troop of Boys Scouts have been announced as follows:—

- 1—J. R. Frazer, Toronto, \$200; series 213, No. 45.
- 2—Florence Trahan, Kirkland Lake, series 25, No. 14, \$100.
- 3—M. Holson, Timmins, series 7, No. 32, \$50.
- 4—L. Bontin, Iroquois Falls, series 113, No. 16, \$5.
- 5—Mrs. A. Calve, Timmins, series 105, No. 36, \$5.
- 6—Jos. Beaudoin, Iroquois Falls, series 100, No. 5, \$5.
- 7—R. O. Shea, Schumacher, series 135, No. 7, \$5.
- 8—O. Major, Timmins, series 93, No. 51, \$5.
- 9—J. P. Pascoe, Timmins, series 106, No. 41, \$5.
- 10—G. St. Germain, Montreal, series 179, No. 23, \$5.
- 11—H. Trudel, Cochrane, series 18, No. 16, \$5.
- 12—P. Oliver, Timmins, series 49, No. 12, \$5.
- 13—J. Cassey, Kirkland Lake, series 238, No. 7, \$5.

NEW YORK POLICE TAKE OFF THEIR BULLET-PROOF VESTS

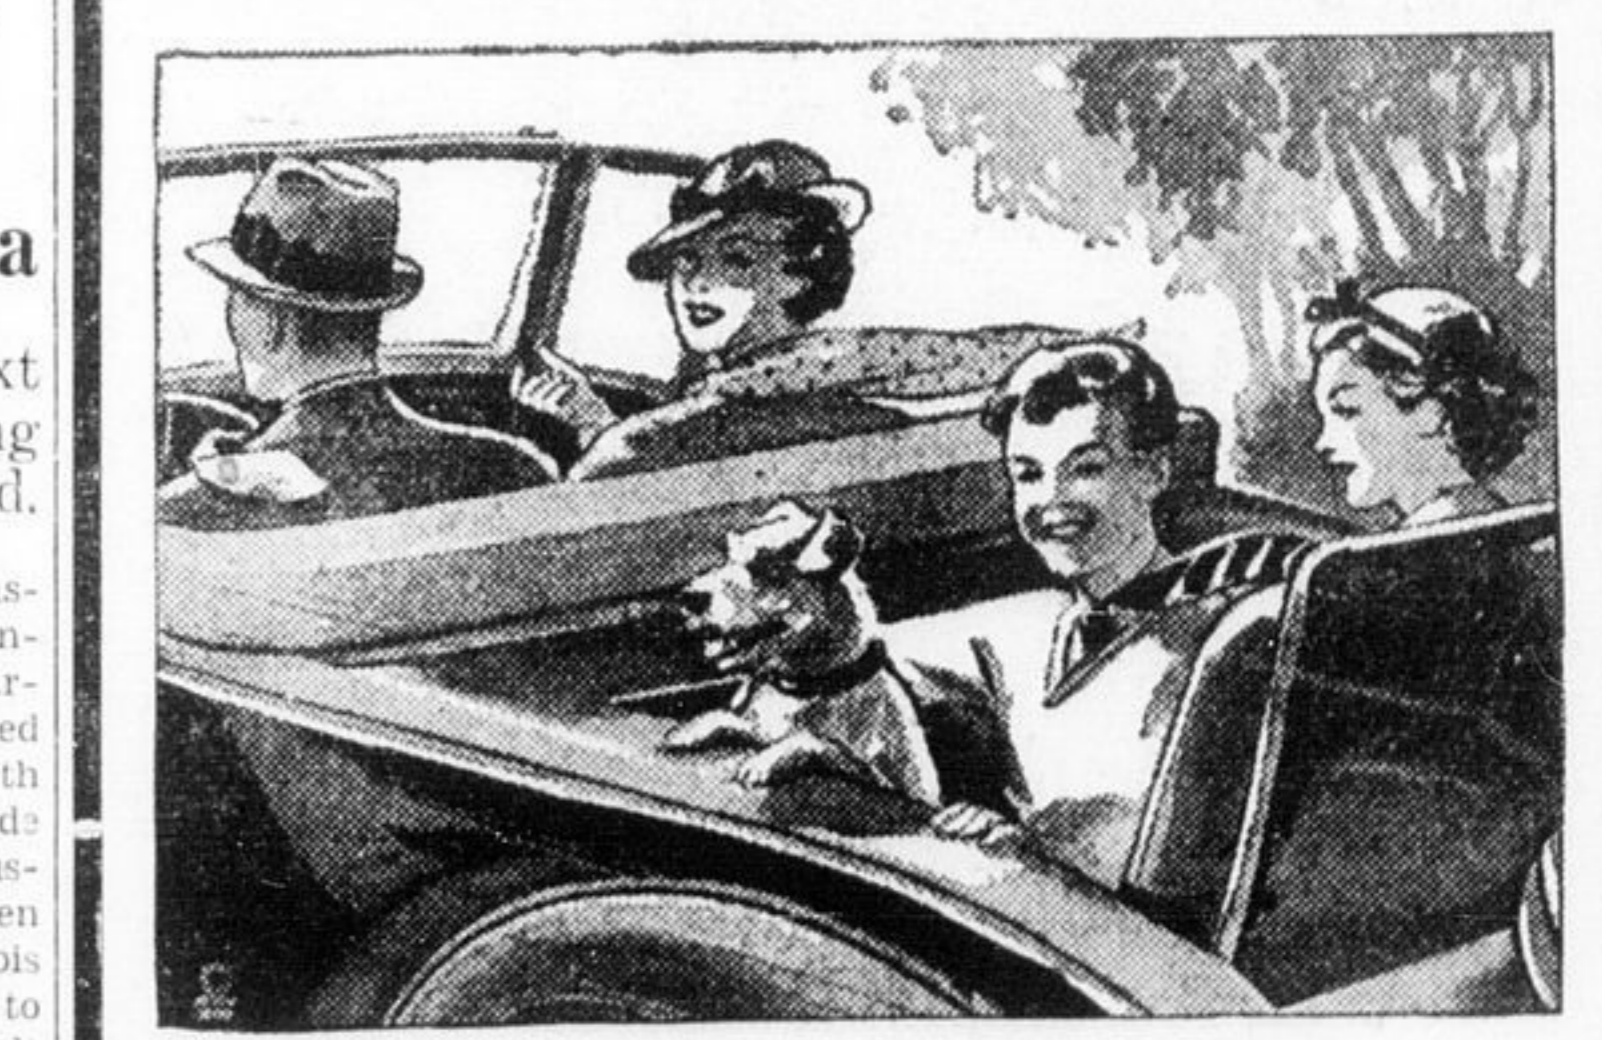

The New York police have taken off their bullet-proof vests, according to dispatches. Sergt. Harry Butts, head of the ballistics division of the N.Y. police, is responsible for this. Sergt. Butts says that the vests are not only no protection against bullets, but that they are an added danger. Bullets not only penetrate these bullet-proof vests, he claims, but they are also likely to carry with them pieces of the metal vests and so cause worse wounds.

Associated Boards for Cochrane Area

Organization Meeting Next Month. All Towns Along C.N.R. to be Represented.

The agitation started at Kapuskasing has resulted in an apparently unanimous decision to organize a separate chamber of commerce or associated boards of trade organization for North Cochrane. The alliance will include Cochrane, Smooth Rock Falls, Kapuskasing and Hearst. There has been some discussion as to whether Iroquois Falls and Ansonville would be invited to join the new organization. Some felt that the interests of these two towns were chiefly with the mining areas, but others thought they should join the Northern body. The four towns named as being strong for the new organization believe that there is need for a body that will be closely in touch with problems of the country along the C.N.R. These four towns have boards of trade and it is thought that working together they will be able to accomplish a great deal. They can have frequent meetings without the cost of travelling to and from the meeting place being prohibitive. They argue that the Northern Ontario Associated Boards of Trade does not have frequent enough meetings and that in any case the expense of attending sessions of that body is so great that the four towns named cannot afford to send large representation to any such meetings and that consequently the interests of the C.N.R. country is not kept fully to the front. It is understood that if the new organization is finally established, however, it will work in co-operation with the Northern Ontario Associated Boards of Trade.

Born—to Mr. and Mrs. Donat Lavalle, 18 Commercial avenue on August 2nd—a daughter.
