RETURN FARE

Adults \$1.50 Children (5-12 years) 75c

## Views on Old Lands by Timmins Visitors

H. C. Scarth and F. A. Burt Return from Trip to Europe.

"England is prosperous. Most people there seem to be working and the building boom that's on is a tremendous thing," said H. C. Scarth, manager of the Timmins branch of the Imperial Bank of Canada, who returned last week from a summer's tour of Europe with F. A. Burt, manager of the local branch of the Dominion Bank. The two Timmins men, both ex-servicemen, were at Vimy, of course, but remained overseas a few weeks longer than most who went. They did not miss the Olympic games in Berlin and found the great new athletic city in the suburbs of Germany's capital a marvelous place of steel and concrete, built especially for the games.

"Nobody is getting rich in Germany but everyone has plenty of work to do and the people seem happy enough," said Mr. Scarth. In direct contrast, across the beautiful Rhineland, was

France where unemployment has discouraged the people. The high cost of francs has not only diverted tourist trade to Belgium, Germany, Switzerland and Italy but has also made it harder for the French foreign trade. But France, in common with the rest of Europe, has had fine crops this year, the travellers said.

Austria, politically upset even more so than France, is suffering. Unemployment and despair are reaped from what was once the centre of a great empire.

The Timmins men, after seeing the Olympics, flew from Berlin to London and looked down upon the lands that were torn by battle only a few years ago. In London they saw the games between the United States and Great Britain at White City, a sight just as impressive as the Olympics.

## All the Schools Opening Here To-Morrow, Sept. 1st

All the schools, public, separate and High and Vocational schools, open here to-morrow (Tuesday). Public and separate schools open at 9 o'clock as usual. The times of assembly for the High and Vocational School were given in a recent issue of The Advance.

## Two Highway Offices Closed by the Dept.

### Matheson Office Absorbed at New Liskeard. The Same to Sault Ste. Marie.

A despatch from Toronto last Friday says:—

"As a result of the recent absorption of the northern development branch by the Ontario department of highways, the administrative offices for the Sault Ste. Marie district are now being transferred from Sault Ste. Marie to Blind River and District Engineer R. A. McAllister, of the Sault, is taking charge at the latter town. Roy G. Sneath, district engineer at Blind River, and former head of the colonization roads branch of northern development, is being retired after 15 years' service."

"Another district office, that at Matheson, is also being closed. Hon. T. B. McQuesten, minister of highways, announces. The office of the resident engineer at Dryden was abandoned. It is also reported that the Fort Frances headquarters will be closed.

"Mr. McQuesten states that the reason for the changes is that the work of the department has decreased somewhat and that a survey has shown that the administrative forces in the North are now overstaffed. He claims that the affairs of the Sault district can be handled satisfactorily from the Blind River office, and those of the Matheson area from New Liskeard.

"Some time ago it will be remembered, John Rowlandson, M.L.A., was instrumental in securing an official inquiry into conditions in the Matheson area, and that several minor irregularities were disclosed. It is stated, however, that this investigation has nothing to do with the decision to close this office.

"It is anticipated, from remarks made by the minister, that further changes will be made in the department when this season's work is ended.

"Assurance was given that neither North Bay nor Sudbury offices would be eliminated.

"More road work is done under the direction of the North Bay office at the present time than any other in the north.

"On the trans-Canada Highway the work that was done through the Dryden office will now be handled through Kenora with an amalgamation of forces."

## Admits Setting Bush Fire is Sentenced to One Year

A. Huskela, Dennison township farmer, pleaded guilty before Magistrate Ed. Arthurs last week at Sudbury to setting a forest fire and was sentenced to one year determinate and three months indeterminate.

Huskela said he set the fire to burn off the carcass of a horse. Witnesses testified to finding a number of bones at the scene of the fire which covered three acres of second growth.

"I look on this as a very serious offence which must be stamped out at all costs," said the magistrate. "It can only be done by punishment. However I do not think this is a case for the maximum penalty."

## Flower Show at the Falls on Thursday

### Nineteenth Annual Event on Sept. 3rd, Afternoon and Evening. Other News of Iroquois Falls

Iroquois Falls, Ont., August 31, 1936. Special to The Advance.

Despite the highly unsatisfactory growing year and the series of heavy frosts during the past two weeks the local horticultural society will hold the 19th annual show as usual, on Thursday afternoon and evening, September 3. No thought has been given the possibility of not holding the show, as has been the case in many centres particularly in Old Ontario.

In addition to the flower and vegetable sections the local show also covers many other departments, such as the baby show, for babies in the 6-12 and 12-18 months class, always a popular event; the domestic science, fancy work, children's and junior garden section.

A special prize is offered by the Iroquois Falls and District Rod and Gun Club for the best essay on Game, Fish and Forest Conservation.

Special prizes are offered for the best keepsakes, the best vegetable garden and the best flower garden in Iroquois Falls and the best vegetable and flower garden in both Ansonville and Montrock.

A total of 349 prizes are offered in the form of merchandise and cash, the total value of both being about \$300, of which \$220 is in cash.

The executive has been working hard to make the show a real success, and hopes exhibitors will make a special effort to show as much as possible. Fred Stables is president, having succeeded G. B. Foley who recently resigned. Other officers are: Mrs. J. R. Spence and W. Needham, vice-presidents; O. Shaw-Hamilton, secretary-treasurer, and 8 directors, namely Mrs. W. Butcher, Mrs. J. Cuthell, Mrs. P. H. Tewsley, Mrs. G. E. Ehrler, Mrs. T. P. Walters, Mrs. F. J. Bean, Mr. G. W. Cushman and Mr. H. J. Wall. T. E. Silver, assistant manager of operations for the Abitibi Power and Paper Co., is honorary president.

Jack Mullin and James Hogg left Friday on a two weeks' motor trip to Toronto, Buffalo and Cleveland.

Mr. and Mrs. J. S. Brown have returned from Sault Ste. Marie, where they spent the past two weeks on vacation.

Mr. and Mrs. R. Williamson, Twin Falls, have returned from Sault Ste. Marie where they visited for a few days with Mrs. Bean's parents, Mr. and Mrs. S. Bean.

Mr. and Mrs. A. A. MacDougall and children, Donna and Sheila, left Saturday by motor for Sault Ste. Marie, where they will visit with Mr. MacDougall's parents, Mr. and Mrs. T. A. MacDougall, for two weeks.

Mr. and Mrs. E. E. Worth, who have been visiting friends here, have returned to their home at North Bay. Mrs. N. Morns and daughter, Patsy, have returned from Sesekinika Lake, where they visited last week, the guests of Mr. and Mrs. Ted Corbould.

Miss Margaret Davison and Miss Jean Westhaver, Toronto, visited here with Mr. and Mrs. G. S. Wilson for several days last week.

Masters Bennie Davis and Bobbie Kishbaugh have returned from Sundridge, where they attended a boys' camp during the summer. Joe and Louis Tremblay have returned from a two weeks' motor trip to Toronto and Buffalo.

## Personnel of the Duplessis Cabinet in Quebec Province

The new government of the province of Quebec, headed by Hon. Maurice Duplessis, was duly sworn into office last week. An immense crowd gathered around the Legislative buildings at Quebec for the occasion. On this account the swearing-in took place in the Legislature chambers, instead of at the premier's office as usual. The new cabinet includes three lawyers, a doctor, banker, farmer, butcher, engineer.

The Duplessis cabinet is as follows:—Premier and Attorney-General, Maurice Duplessis.

Minister of Lands and Forests, Oscar Drouin.

Minister of Labour, William Tremblay.

Provincial Treasurer, Martin Fisher.

Minister of Public Works, John Bourque.

Provincial Secretary, J. H. A. Paquette.

Minister of Roads, F. J. Leduc.

Minister of Fisheries, Onesime Gagnon.

Minister of Municipal Affairs, Trade and Commerce, Joseph Blodreau.

Minister of Colonization, H. L. Auger.

Minister of Agriculture, Bona Dusault.

Ministers without portfolio, T. J. Coonan, Gilbert Layton and Antonio Elie.

## Services Resumed At Church at Falls

### Improvements Made at the United Church, Iroquois Falls, During the Summer

Iroquois Falls, Ont., August 31, 1936. Special to The Advance.

Regular services will be resumed at the local United Church, conducted by the pastor, Rev. R. S. Laidlaw, D.D., Sunday, September 6. Sunday school will re-open the same date. A new floor has been put in the Sunday school rooms during the summer and alterations made to the basement and heating plant layout. A new furnace, equipped with an automatic stoker, is to be installed. The work which involved tearing out the old flooring, sills, stairs and partitions and laying cement piers, new floors, stairs and partitions has been done almost entirely by volunteer labour.

Regular services were resumed at St. Mark's Anglican Church yesterday, conducted by the rector, Rev. Ernest Hayes, Dr. C. P. Fowler conducted the services a week ago Sunday, and Mr. S. G. Fowler, Timmins, two weeks ago. Game and Fisheries Department Overseer Evan White and Chief of Police Ed Olavson returned Thursday afternoon from a three days' trip through the Abitibi Game Preserve. They report seeing both a bear and a bull moose during their travels.

## Death of Yvain Charron, Formerly Resident Here

The death of Yvain Charron, aged 76 years, occurred in Haileyburg last week. He kept a store at one time in Timmins but had lived the last few years in Haileyburg. The body was shipped here yesterday and the funeral service was held at nine o'clock this morning from the Church of the Nativity.

## Sturgeon Falls Using a Form of Home-made Script

Sturgeon Falls is now using a form of what may be termed "home-made script," though in reality it is nothing more than a form of order and is redeemable in cash at the town office. The "script" resulted from the fact that relief recipients were demanding cash relief and the town's financial situation made this impossible. Between the town clerk and the relief officer a plan was evolved to take the place of actual money without increasing the cost of administration. Mimeographed orders were made and bound into books, relief officials and recipients doing the work without charge. In the booklet, the first page serves as a receipt, signed by the recipient, acknowledging receipt of the voucher book. The following pages bear coupons, in denominations varying from \$2 to 10 cents. These coupons are to be exchangeable for food in any store.

On the reverse side of the coupons, conditions of the issuing of the coupons, and rules to merchants accepting same are shown. When the merchant turns in the coupons for redemption, he is required to sign same.

To prevent counterfeiting, the town's seal and the relief officer's signature is affixed to each voucher.

The vouchers, or "script," or call it what you will, have been accepted by all merchants, and are proving satisfactory to the relief recipients, it is said.

## Ask Winter Closing Nellie Lake Fishing

### Iroquois Falls and District Rod and Gun Club Seek to Protect Fish at Nellie Lake

Iroquois Falls, Ont., Aug. 31. Special to The Advance.

At Monday night's meeting of the Iroquois Falls and District Rod and Gun Club a petition requesting the closing of Nellie Lake during the winter months to all fishing will be presented to the members for signing. It is feared that poachers may try to take advantage of the fact the speckled trout closed season does not coincide with the lake trout season and will fish for both through the ice. The prize-winning essays entered in the Iroquois Falls Horticultural Society contest will be read at the meeting. The club donates a sum of money to the Society each year for use as prizes in a contest for the best essay on game Fish and Forest Conservation.

## Death of Mrs. E. Ribar on Saturday, August 29th

Mrs. Elizabeth Ribar, 68 years of age, died at the home of her daughter, Mrs. M. Dye, at 11 Kimberly avenue on Saturday afternoon. She had been ill for some time previous to her death.

The funeral service is to be held this afternoon from the Church of the Nativity.

## ANOTHER STRIKE SAID TO BE PROBABLE IN FRANCE

Another strike in disturbed France is possible within the next few days, according to week-end despatches from Paris.

## Re-opening of Dancing School on September 8th

Announcement is made this week that the Margaret Easton School of Dancing will re-open on Sept. 8th after the summer vacation. During the summer Miss Easton was in the South and is prepared to give instruction in the newest dances direct from New York. Children's classes daily, and adult classes in the evening. Appointments may be made by phone or by calling at the dancing school, 76 Maple street south.

## Mr. and Mrs. George Drew Return from Long Trip

Mr. and Mrs. George S. Drew returned to Timmins last night after a summer tour of Great Britain and Europe. While overseas they visited England, Ireland, Scotland, Holland, Germany, Belgium, Switzerland and France.

## Improvement in Highway Badly Needed in North

(From New Liskeard Speaker)  
In announcing the fact that the Ontario Highway Department intended shortly to "take over" the "Hamilton road through Aylmer to Port Bruce," The Aylmer Express goes further and demands that the paved roads now enjoyed by that part of Old Ontario be widened, as a means of effecting a greater degree of safety. What wouldn't our motorists give for even the paved highway now enjoyed by that part of Old Ontario, in place of the Ferguson Highway in its present condition north of North Bay?

The Aylmer Express continues its request by stating as follows:—Premier Hepburn recently announced that since his government had been in power \$40,000,000 had been received from gasoline tax and motor licenses, and that \$46,000,000 had been expended. Most of the money was spent in Northern Ontario, etc., etc.

It would be interesting to know where the editor of The Express received his information, and at the same time it shows just how little the same writer knows of the revenue from the North's resources, which has gone to Old Ontario. At the same time it gives Northerners some idea of the lack of sympathy which is felt for those of the North by many Southerners, and just how little many of them care for the hardships experienced by North Country motorists, in the way of battered up cars and rough riding.
