

Council Awarded the Tenders in Usual Way

Tender for Winter Coats for Police the Lowest for Quality Required. Successful Printing Tender Much Below Other Tender. Street Talk About Tenders Simply Malicious Propaganda.

Last week, at committee meetings of the council, two contracts were let by the town. They were:

Overcoats for the police force.
The voters' list.

The contract for the overcoats went to W. T. Montgomery, local tailor.

The contract for the printing of the 1936 voters' list went to The Porcupine Advance.

The tender for the overcoats was the lowest received for the class of material the council thought it advisable to buy. That material has some wool in it and is thought to be warm enough for Northern winters. In other years, Timmings police have had overcoats that did not keep out the cold so well.

The Porcupine Advance's tender was just eight per cent. lower than the only other local tender received for that job, councillors told The Advance yesterday when questioned about the contracts.

Street rumours to the effect that the council had handed over the printing at an exorbitant price prompted the inquiries.

That same street talk had it that Mayor J. P. Bartleman was away at the time the contracts were let. This is true. The mayor was in Toronto for a week. Other councillors have been away during the summer, two councillors pointed out to The Advance yesterday, and the work of the municipality went on just the same.

Winter is approaching and policemen need protection from the cold just as much as other citizens.

An election is coming on December 7th, and voters' list must be prepared more than a month before that time.

Those, say the councillors, are the reasons why the contracts were let when they were.

Extend Name of Falls Horticultural Society

To be Known as Iroquois Falls and District Horticultural Society. Other Iroquois Falls News.

Iroquois Falls, Ont., Oct. 7th, 1936. Special to The Advance.

The decision to change the name of the local horticultural association from "Iroquois Falls Horticultural Society" as at present, to "Iroquois Falls and District Horticultural Society," was reached at the society's annual meeting and election of officers, held in the new court house here Monday evening, with President Fred Stables presiding.

For some years many exhibits from Ansonville, Montrock, Twin Falls and district have been entered in the annual show, and the prize list has contained special prizes for Ansonville and Montrock flower and vegetable gardens and for special entries and it was in view of these circumstances the change was made. The change will be subject to the approval of the Iroquois Falls town council and the Ontario Government, from whom annual grants are received.

It was also decided to hold the annual show on Thursday of the last full week in August, in future years. This change, which means the show will be held about ten days earlier than in the past, was made with a view to falling in line with other district associations and with the hope that the weather will have a direct bearing on the number and quality of entries.

Officers elected for 1937 were: President, Fred Stables (re-election); Vice-Presidents, Mr. W. Needham and Mr. P. Nelson; Secretary-Treasurer, O. S. Hamilton (re-election); Directors for two years, Mrs. Alvin Elliott, Mr. Alvin Elliott, Mr. J. L. Harkness and Mr. W. Butcher, Director for one year, Mrs. G. Lafortune. Directors elected last year for two-year terms were Mr. H. Wall, Mr. G. W. Cushman, Mrs. T. P. Walters and Mrs. F. H. Towseley. A position on the directorate for a representative from Montrock is being held open and the appointment will be made at the next meeting of the society. Auditors elected were J. R. Spence and A. H. Dixon.

Votes of thanks were extended to the retiring directors and to all who helped to make the annual show a success.

Several changes to be embodied in the 1937 prize list were passed. Refreshments were served at the close of the evening.

Twenty-two members of Iroquois Lodge No. 469, I.O.O.F., motored to Cochrane Monday evening where they attended a meeting of Cochrane Lodge, assisting in the installation of officers of Cochrane Lodge No. 418 and the conferring of a First Degree.

A. T. Hurter has returned from a business trip to Toronto and Montreal.

C. A. Bird, who spent the week-end in town, the guest of Mr. and Mrs. J. V. Stevens, returned to his home at Smooth Rock Falls Monday.

W. Brydger, Kirkland Lake, spent the week-end in town.

Mrs. Otto, North Bay, is visiting in town at the home of her daughter, Mrs. L. R. Newman.

Mr. and Mrs. Clifford McBride are visiting in town at the home of Mrs. McBride's sister, Mrs. Eddie McGrath.

Mr. and Mrs. P. Harrower, Duparquet, Quebec, are visiting in town the guests of Mrs. Harrower's sister, Mrs. P. J. Redmond.

Mr. and Mrs. Colin Campbell left Wednesday for Ottawa where they will reside. Mr. Campbell having accepted a position with the International Paper Company at Gatineau, Quebec.

The newly-formed United Church Taxis group will hold a meeting in the Sunday School rooms Friday evening.

Kirkland Communists Pay for Funeral of Transient

The authorities of the township of Teck very rightly refused this week to pay for the funeral expenses of a transient who died at Kirkland Lake if the usual practice of making the funeral a political event with speeches on economic matters were followed. If the funeral were conducted in the way of ordinary funerals the township was ready to pay. The communists, however, were not ready to forego their political speech-making, nor did they want anything of a religious nature at the funeral. As a consequence the com-

munist actually decided to pay themselves for this funeral. In other cases at Kirkland Lake people have been shocked at the communist plan of conducting funerals, the occasion simply being accepted as another opportunity for making political speeches, while the funeral is conducted with no regard for religion or the other feelings that usually obtain at the funeral of a Canadian or other British people, or, in fact at the funeral of any other people than communists. Of course, it is unreasonable to expect a municipality to pay for a communist political event, but that does not deter the communists from trying the plan. This week at Kirkland they were not able to put it over. All other nationalities, except those of communistic bent, usually arrange to pay for the burial of their fellow-countrymen, and they do not make a political matter of the funeral either.

New Gold Record for Canada for August

Marked Increase Shown in Gold Production in First Eight Months of Year.

A new high monthly record for gold production was set in August, giving evidence of accelerated mining activity since Dr. Charles Camsell made an estimate of \$130,000,000 for total 1936 Canadian production some time ago.

August production was 328,697 ounces, the Dominion Bureau of Statistics reports. The new high mark compares with 319,505 ounces in July, and 295,896 ounces in August, 1935.

For the first eight months of this year output amounted to 2,415,711 ozs., an increase of 14.9 per cent. over the same months last year.

Ontario led the other provinces in production in August with 199,830 ounces, while Quebec was second with 61,402 ounces. Other provinces follow: British Columbia 42,524, Manitoba and Saskatchewan 16,011, Yukon 8408 and Nova Scotia 507 ounces.

The average price of gold in London during August was slightly below \$35 an ounce in Canadian funds. Based on that price Canadian output had a value of \$11,504,395 compared with \$11,153,920 in July.

Jewelry and Scrap receipts at the Royal Mint in August contained 2167 ounces of gold as against 2570 ounces in July.

Young Man Near Goward Will Lose his Right Foot

John Nichol, a young man from New Brunswick, employed at the Goodfish Mines, had the ill-fortune to have his right foot caught under heavy machinery which slipped when the truck transporting it went through a wooden bridge at Net Lake Narrows, near Goward this week. The young man was so seriously injured that it is understood that amputation of part of the foot will be necessary. After the accident he was rushed to the municipal hospital at Cobalt, where all possible skill and attention was given him. The young man was walking behind a truck on the beach when a compressor for the Beauland claims in Temagami Forest Reserve, Nichols had no chance at all to get clear. The compressor itself dropped some ten feet into a few feet of water. The machinery was not injured, despite the long fall.

J. Hartley Buried in the Rouyn Camp

One of the First to go in to the McIntyre's Mud Lake Property.

The body of Jack Hartley, formerly of Timmings, who was drowned at Mud Lake on Monday, was taken to Rouyn or Noranda this week for burial, according to word that reached here Tuesday.

Mr. Hartley was one of the first men to go in to the McIntyre's Mud Lake property and Mrs. Hartley was the first woman to set up housekeeping there. She and one son survive him.

All that has been learned about his death is that he set out across the lake Monday morning to go to work at the mine when the punt he was rowing capsized. The body was recovered a short time afterwards.
