**First Hallowe'en Party at Finnish United Church**

The Sunday School and young people of the Communicants' Class and members of the Junior Girls' Choir of the Timmins Finnish United Church are extremely busy these days with arrangements and preparations for a Hallowe'en Party to be held in the church building next Saturday at 8 p.m. A public invitation has been extended to all adults, members, adherents and friends of the congregation. The entire programme as well as serving of refreshments will be taken care of by the children and young people, who have been working on their plans during the past three weeks. This Hallowe'en party and social is the first of its kind ever held in the local Finnish Church. The financial proceeds will be used for buying Sunday School supplies and music books for the Junior Girls' Choir.  
Born—Monday, October 26th, in St. Mary's hospital, Timmins, to Mr. and Mrs. Joe MacNeil, (nee Lola Lindsay), 9 Poplar street—a son.  
Mrs. J. Hamilton, of Mud Lake, was a visitor to town last week.  
The Child Welfare Clinic will be held in the public school, on Friday afternoon, October the thirtieth, from three to five o'clock.  
The musical evening in Trinity United Church on Wednesday evening, sponsored by the board of stewards was a success. The programme was varied, music, singing and dancing, so that everyone would enjoy the evening. A piano and banjo medley by Mr. George Jenkin and Elgin Campsall pleased the audience. A minute in costume by pupils of Mrs. Burt, Timmins, was presented beautifully and gracefully. Ron Jones in his usual good manner sang. A piano and violin num-

ber by Mr. G. Brown and Mrs. F. Melvin was a treat to the musical people. Baritone solo by Mr. B. Pastorsky; group tap dance by pupils of Mrs. Burt; reading by Miss Mary Jones; thus ending the first part of the programme. During intermission community singing was enjoyed by the audience. The second part of the programme included:—soprano solo, Mrs. George Jenkins; reading Mr. Wilson Thompson; solo tap dance, by Miss Bette MacMillan, pupil of Miss Clarice Mann; novelty number, Mr. Welch and his son; contralto solo, Mrs. Pastorsky; guitar solo, Mr. Elgin Campsall. Rev. Murray C. Tait in his few remarks thanked the people for their co-operation with the board of stewards in making the evening a success. The proceeds will go toward making improvements to the basement of the church. Mr. P. A. Boyce acted as chairman.

On Tuesday morning, November 3rd, Mrs. J. Angrignon and family are having high memorial mass in St. Alphonsus church for her husband and father, the late J. Angrignon.

**Silver Jubilee of United Church, South Porcupine**

First Pastor After Fire of 1911 Takes Services Last Sunday. Many Notable Reminiscences of Early Days. Delightful Concert and Supper on Monday. Ministers of the Church.

South Porcupine, Ont., Oct. 28th, 1936. Special to The Advance.  
The Silver Jubilee of the United Church in South Porcupine was fittingly celebrated. The Rev. J. B. McLennan of Ottawa, first pastor here after the fire, was welcomed and enjoyed contact again with some of his parishioners of the early days. Among those entertaining him were Dr. Fraser and Mrs. H. H. Hall and Mr. and Mrs. W. Wilson, and the Kiwanis Club of Timmins. It was a pity that his stay here was so short. He came in on Saturday but was forced to leave on Monday on the noon train which meant that he was not present at the turkey dinner or at the concert which followed after at the church on Monday. The services conducted by him at the church on Sunday were, at both morning and evening, well attended although the raw, inclement weather amounting to a blizzard storm later in the day may have kept some at home that would like to have been present. It was the evening service that will be remembered. It was a truly impressive and memorable experience of the soul power that makes a mighty and enduring influence through all the ages. "Christianity is never attained," it is ever driving men on to new experiences of that vital force ever guiding man to the better life.  
The church was crowded with many chairs brought in from the Masonic hall, and every available inch of space held its man, woman or child. The glamorous old days of the trail of the Porcupine lived afresh; the old-timers had magic in their eyes. The preacher appeared like a lost star suddenly shooting across our path. Few in that overflowing congregation had ever heard of him before, not more than half a score at most. And the man showed a quality that brought the past before us. Tall and athletic we saw the young man making the trail with a 60-lb pack on his tumpine, sharing his pork and beans with the prospector in a world of snow and biting cold. He told the simple story of how these early men and women showed their faith in loyal love and good living. Meeting wherever they could they carried on, and in that first year between July 11th and October, built both the present church and manse.  
How it was done, and that when a team and driver were paid \$10 a day even imagination fails to picture. But the fact remains and the church endures.

Total points scored—Kapuskasing 16, Iroquois Falls 18.  
Dr. and Mrs. H. M. Young returned to town on Monday from a trip to Montreal.  
Mr. Wm. Brydge, who has been ill in Kirkland Lake hospital, has recovered sufficiently to travel to Iroquois Falls for recuperation. He was accompanied by Mrs. Brydge.  
Miss Myrtle McGrath of Kapuskasing visited her mother in town over the week-end.  
A stag party is being held this evening in honour of Mr. Archie Kerr, who is leaving for Toronto at the end of the week. Mr. Kerr has been employed for some years in the office of the I. F. M. store.  
Mrs. Parker Faier was called to her home in Mankato, Minn., owing to the serious illness of her father.

After the sermon Mrs. Stanlake sang the "Holy City," her beautiful and feeling voice being heard to the best advantage in this beautiful solo. The choir sang, in excellent voice, the anthem "King of Heaven."  
The "Fireside Talk" after the service at which all remained, recalled old reminiscences—the great fire of 1911, the terrific gale which lowered the lake level two feet, the explosion of the car of dynamite on the T. & N. O. Railway which opened a spring that later gave water to the whole town; the throngs of men which came after the fire; the feverish activity which followed when in three months Porcupine had risen from its ashes; had stoned its streets, had built homes and stores and installed electric light—all this was shown by talk and lantern slide.  
Including old-timers here, those who have since gone to Timmins were noticed, among them Messrs. W. Olton and Mrs. Olton, M. B. Scott and Mrs. Scott, W. Dunn and Mrs. Dunn, and Mrs. Howse.  
On Monday a wonderful dinner that was a grand success in every way was held in the Masonic hall, and followed by a concert in the United Church.  
The chairman, Dr. Fraser, took charge of the concert, and read greetings on the occasion of the Jubilee from previous ministers of the church in South Porcupine, among them from Rev. G. Crawford, Rev. McVittie now of Sudbury, Rev. F. J. Baine, now of Huntsville, and the Rev. Levi Hussey (and Mrs. Hussey) now of Kincardine.  
Mrs. (Dr.) Russell, of Timmins, delighted the audience with three solos, "An Old-Fashioned Town," "Absent" (with special reference to those old-timers who have come to the end of the trail) and "Danny Boy."  
Greetings from the Presbytery were given by Mr. Boyce, of Schumacher, and Rev. Bruce Millar, Timmins. Mr. J. Trueblood gave two humorous readings, "Our Albert" and "The Ancient Egg," which met with hearty approval, and Betty McIntosh in two whistling solos gave an entirely unique performance of bird whistling—most pleasant to listen to and extremely cleverly done.  
Archdeacon Woodall was present and gave greetings and congratulations to the church on the occasion of its Silver Jubilee. He mentioned his respect and affection for the ministers who have come and gone, and pleasure at being associated with them. He told of an incident which occurred at James Bay in July 1911. Meeting an old Indian on a hazy day he said that there must be a bush fire to account for the smoke. "No bush fire," said the Indian, "houses are being burned." The Indian's keen sense of smell had told him of the Porcupine fire, so many miles away.  
The following is a list of the ministers of South Porcupine from the earliest records.

**Council Passes All Year Half Holiday**

(Continued from Page One)  
owner had been granted permission by the town engineer to use the unopened street for storage purposes. Mr. MacLean promptly denied this.  
Mr. Haapanen and Mr. Leblanc will both attend a special meeting of the council on Monday afternoon at four o'clock to see if the three parties cannot make some arrangement that will be satisfactory to all concerned.  
**Claims No Exchange With Moneta**  
At the beginning of the council meeting, just after the minutes of the previous special meeting of the council had been read, Mayor Bartleman objected to the wording of a resolution concerning the handing over to Moneta-Porcupine mines of a lot of the mine let go in a recent tax sale. The resolution in question said the town would exchange that one lot for six others owned by the mine.  
"Those six lots belonged to us before. How can we 'exchange' on something we already own?" he asked.  
"Have we the deeds?" asked Councillor Laporte.  
"No," replied Mr. Montgomery.  
"We certainly own them. They were given us for park purposes 10 years ago. The mine promised them to us. It was merely an oversight that the deeds were not given us," said the mayor.  
"Under the Land and Titles Act we can't be considered as owning them until we have the deeds," insisted Mr. Laporte.  
"Of course you can camouflage it that way if you like. They were ours under promise any time we wanted them. The mine assured me of that just recently."  
Councillor Cousins disagreed with the mayor too, and wanted to see the lots used as a park. "The children in town have no place to play and they certainly need a park. I'm well satisfied with the exchange," said he.  
**Owner "Stuck" for Water Rate**  
A Mr. Abramson approached the council with the request that the town turn on the water at a property owned by him. The previous tenant had vacated the place without paying the water and the town had turned off the service. He was told that the owner was responsible for the water rate in the end and that he would have to pay it.  
"We supplied the water and we have to be paid," the mayor told him. "The

council has decided we can't do anything for you."  
A cheque for \$62.10 will be forwarded to the volunteer firemen. This is 90 per cent. of the money received from the Township of Tisdale for fires in Tisdale to which the Timmins brigade was called in October.  
Charles Pierce complained of water on his property on Pine street near Kirby avenue that had run off the street. He was requested to give the town engineer the particulars and the council will then decide if it is their responsibility to do anything about it.  
**Humane Society Agreement**  
A resolution handing over to the Timmins and District Humane Society the right to collect the dog taxes, and to impound dogs, was passed. The gas box used for destroying animals will be given to the society. The change will take place on November 1st.  
Mr. Montgomery explained that the society had put up a bond of \$100 with the town and that he would issue to them one book of dog tax receipts and one bunch of tags at a time, so that the \$100 would be ample to cover the society's indebtedness to the town at any one time. The society receives one-half the fees collected in this manner.  
An agreement will be drawn up between the town and the society for the reference of future councils it was agreed.  
**Hospital Sends Thanks**  
The Sisters of Charity and Providence thanked the council for the \$7,400 grant made toward the cost of building a new nurses' home here that will make more beds available in St. Mary's for the use of patients. The gratitude of the whole staff was expressed.  
Blasting away of one foundation wall of the Moose hall to make way for an addition to the place will be possible only after the contractor has agreed to accept responsibility for any damage done to surrounding buildings or to any people that happen to be around. Under the new building and zoning by-law, only the council has permission to grant permission for blasting operations within the limits of the town.  
New sewer and water connections will be made to the new public school it was decided. Special arrangements had to be made because the school is at present outside the town.  
Wages of nearly \$15,560 and accounts of \$15,429.86 were ordered paid.  
Other council news will be found in another column of to-day's Advance.
