Voices of Two Kings to be Heard Remembrance Day

Notable Programme on the Air on November 11th Under the Auspices of the Canadian Legion. Outstanding Addresses. Musical Programme Under Direction of Sir Ernest MacMillan.

The voices of two Kings will be heard in Canada on the evening of November 11th when rebroadcasts of messages of His Late Majesty King George V and His Majesty King Edward VIII will be a part of the greatest Remembrance Day programme ever attempted by the Canadian Legion of the British Empire Service League. The Canadian Broadcasting Corporation is co-operating with the ex-servicemen in this national event that will be heard from coast to coast from nine to ten o'clock, Eastern Standard Time on Wednesday, November 11th.

The words of the late King as he spoke to his people of the Empire on Christmas Day, 1935, in which he asked for goodwill and peace throughout the world, will be rebroadcast from a recording made at that time. This is being done with the approval of King Edward. Sir Ernest MacMillan, Mus. Doc., one of Canada's best known musicians, will have complete charge of the musical part of the programme. He will conduct the Toronto Symphony Orchestra, an aggregation of 75 musicians, and the choir of Toronto Conservatory of Music. Both these rank with the best on the continent and are infrequently heard on the air.

All May Take Part
"The broadcast is not a peculiar possession of the Legion," said Austin Neame yesterday, "but is a humble tribute in which all may take part." The Legion is simply endeavoring to fulfill some of its constant responsibilities, the perpetuation of a memorial to the fallen, and the furtherance of peace and good-will amongst all nations.

A brief summary of the programme follows:—
1. Toronto Symphony Orchestra and the choir of the Toronto Conservatory of Music. "O Canada," first verse in French, second in English.

2. Excerpt from a speech given by His Majesty King Edward VIII to the Brigade of Guards, July 16th, 1936. Rebroadcast.

3. Hymn, "The King, O God, His Heart to Thee Upraiseth."

4. Orchestra. Beethoven's "The Eroica Symphony" first movement.

5. Choir. Anthem, Healey Willan (How They so Softly Rest).

6. Choir and orchestra. Brahms' "Requiem," last movement.

7. Christie Street Hospital, November 11th, 1936.

8. Address by Col. W. W. Fraser, D. S.O., V.D., acting president of the Canadian Legion.

9. Address by Hon. Ernest Lapointe, acting Prime Minister of Canada.

10. Rebroadcast excerpt from His Late Majesty King George V's Christmas speech of 1935.

Friday—English School at 7.00 p.m. and Ladies' Aid at 8 p.m. in the homes of the members in South Porcupine.

the present magnificent hospital was a very unobtrusive one-storey building, located at the corner of Spruce street and Fifth avenue. It was only 40 by 36 feet in size and merely large enough to accommodate ten patients.

In 1914 it was decided by the directors of the Hollinger mines to erect a larger building to meet the increasing needs of the growing camp, but during the great war, 1914 to 1918, the construction of the proposed new hospital had to be postponed. The Sisters continued their excellent work in their small hospital, making up in care and attention what they might lack in room and equipment.

In the meantime, however, the Hollinger hospital had been built. It was a modern two-storey building with a capacity of 30 beds, and a remarkably fine hospital for the town at that time. In October, 1923, Mr. Brigham, general manager of the Hollinger, together with Dr. H. H. Moore, made the very pleasant announcement that they were to transfer their hospital work and the 12 patients then being cared for to the new hospital.

Up to this time the hospital was only expected to take care of the miners, but in August, 1925, owing to the increasing population of Timmins, the Sisters were requested to open a general hospital, known as Providence Hospital, in the same house they occupied in 1912, corner of Fifth avenue and Spruce street.

In January of 1927, the directors of the Hollinger Consolidated Gold Mines, Limited, generously donated the hospital to the Sisters of Providence, with the understanding that a fireproof wing should be built for a general hospital, at the expense of the Sisters, to meet the growing needs of the town.

In 1929 there was another notable step forward. An X-ray apparatus of the most approved modern type was purchased. It is managed by a competent radiologist, a technician, and a stenographer. It was opened to the public in February, 1929, and from that date to the present over 9670 patients have been examined in this department. It is one of the most valuable and useful departments of the hospital, and is recognized as one of the most modern and efficient X-ray departments in the province.

In 1930 a full automatic elevator service was installed at the hospital. It was an urgent necessity, as without an elevator patients had to be carried on stretchers on stairways, and this many times a day, with discomfort for the patients, hardship for the staff, and some danger of accident. The financial help of the Hollinger and McIntyre Mines made it possible to install the elevator, just as on other occasions the special assistance of these mines for other improvements proved of material aid.

In 1934 it was possible to modernize the laundry, new machinery being installed and changes made to bring the laundry department to modern efficiency and full sanitation.

The new wing was opened to the public in May, 1928, the hospital then having a capacity of 75 beds, an X-ray department, two operating rooms, a case room, a laboratory and a training school for nurses.

The training school for nurses is worthy of special mention. It has proved of great value not only to the hospital but to the young ladies who wished to adopt nursing as their life work. The first lecture was given to the student nurses by Dr. M. Steele, assistant to Dr. Moore, on January 3rd, 1927. The first graduation took place on Sept. 30th, 1929, the class of graduates consisting of seven. Since that time a total of 57 nurses have graduated from this training school.

Mention of St. Mary's hospital would be incomplete without at least a passing reference to the beautiful grounds that please the convalescent patients and delight the eyes of all passersby. The hospital grounds for years past have been one of the beauty spots of the town.

Former Resident of Town Dies in South

Dr. J. H. Gorman's Death will be Deeply Regretted by Many in North.

Doctor John H. Gorman who died at Altadena, Cal., Nov. 1st, was a former resident of Timmins. During the war years and for some time after he was attached to the staff of the Hollinger Mine as paymaster. He went to Southern California about fifteen years ago for the sake of his health. For the past month he had been confined to bed. The funeral was held at Altadena, Nov. 3d.

John H. Gorman was born in Mattawa, Ont., about sixty years ago, the son of Robert Gorman and his wife, Margaret Timmins, a sister of the late L. H. and N. A. Timmins, both of whom are buried in California. The family having moved to Ottawa, Jack then entered upon the studies which finally led him into the profession of dentistry. But his father's early connection with Cobalt mines led him to abandon the profession and for several years he was connected with the North.

Dr. Gorman married in 1907 Evelyn Martin of Renfrew, a sister of Lt. Col. L. T. Martin, formerly of the T. & N. O. Commission. Mrs. Gorman died in 1933. The children of this union, three of whom were born in Timmins, are the Misses Lorna and Catherine, Robert and George. Dr. Gorman is also survived by two sisters, Miss Minnie of Victoria, B.C., and Mrs. Payton of Beverly Hills, Cal. Three brothers were killed in the war.

Wichita Eagle—With both the Rebels and the Government troops shooting them, it isn't likely that there will be enough anarchists left in Spain for seed.

Hon. Earl Rowe Pleases Big Crowd

(Continued from Page One)
day. Men are getting desperate. Disorder and strife are rampant everywhere. No wonder men have lost faith in themselves and their religions." The saving factor would be a true spirit of service, Mr. Rowe said.

Men who take part in service clubs or public life of any kind must make a sacrifice of more than dollars and cents, Mr. Rowe said. A man's family pays in the loss of time that would otherwise be spent at home with the wife and children.

Should Protect Democracy

"We should encourage the spirit of service by choosing good reliable men for every form of public service, such as municipal councils and so on and endeavour to protect our democratic form of government and those wonderful British institutions that are so seriously threatened to-day," the speaker concluded.

Mr. Rowe was introduced to the Kiwanians by J. T. Jackson, secretary of the local Conservative association, and Dr. H. H. Moore expressed the thanks of the club to the speaker.

There were eleven visitors present at the meeting. In addition to Mr. Rowe there were M. R. Jack and James Kingsbury, of Toronto; Dr. McClinton, William Cameron, Dr. W. H. Atkinson, J. D. McCarthy, W. G. Woods, and W. S. Gardner, of South Porcupine; J. E. Allin, of New Liskeard; and J. E. Grabb, of the Timmins High and Vocational School. Mr. Grabb, as coach of the rugby team that won the championship of the North last Saturday, received the congratulations of the club on the team's win.

Next week's meeting will be at South Porcupine and on the following week, Ladies' Night will be held here.

At a meeting of the directors after the Monday meeting, W. H. Wilson was re-appointed secretary of the club.

Store Buildings on Third Avenue Sold

Rumor Says Purchase Made by Kresge Co. or T. Eaton Co., but Not Confirmed.

The two stores on Third avenue, owned by the R. Abraham Company, have been sold to a Toronto real estate
