

Engineer of Township Hurt at South Porcupine

Tom Kingston Meets With Accident While Driving Truck. New "Dry" at Buffalo-Ankerite Opened with Dance. Other News of South Porcupine, Dome and District

South Porcupine, Ont., Nov. 11, 1936. Special to The Advance.

Mrs. Cliff Brooks with Frances and Buddy are spending a few days in Toronto.

We are sorry to note that Mrs. P. Cole, of Dome Extension, is on the sick list.

Many in town are suffering from severe colds due to the changeable weather, notably Mrs. Don Crozier and Miss W. Naish.

Mrs. Amos Brown, of Timmins (nee Sarah Slotnick) is entertaining a number of her South Porcupine friends to-night (Wednesday) at her home to bridge and a social evening.

Mr. Ace Laffin had the misfortune to fall and break his ankle early this

and enjoying the occasion. The "dry" was decorated with evergreens, the initials of the mine being prominent. The Buffalo-Ankerite orchestra supplied the music, being composed of mine employees who meet twice a week for practice in the schoolhouse under a competent leader. They specialize in classical music but play dance music well too.

This new "dry" is almost completed, the officials tell us. It is 80 by 40 feet in extent, has all modern equipment, showers, etc., and is indicative of the progressive nature of the mine; being up-to-date in every respect.

A requiem mass was held at the Roman Catholic Church here this morning (Remembrance Day) with Father Gelinas officiating, for the repose of the souls of our South Porcupine boys, killed in the Great War.

The Junior Bridge Club met on Monday at the home of Miss Mona Laforest. A happy time was spent and delicious lunch served. The honours went to Miss Ruby Naish and Mr. Ward Smith.

Mrs. H. Kaufman and her father, Mr. C. Schmelzle, returned on Sunday from

a visit to Mr. Schmelzle's sons in the West.

A meeting is to be held next Monday when South Porcupine men who are interested in service clubs, i.e. clubs for community service, which have unity in action as their goal, will meet and discuss matters pertaining to the subject. Place—Masonic hall; time—7.30 p.m.

The first meeting of the Men's Club of the United Church for the winter session is to take place in the church here on Thursday evening. Supper will be served and afterward a discussion will take place. "The Way Out" being the subject.

Dr. Fraser officiated at a marriage on Wednesday evening in the manse, when Emil Heino, who is manager of the Worker's Co-operative store here, was married to Helmi Lammi. The bride was dressed in conventional bridal gown of white silk with a veil and was supported by Miss Lila Lammi as bridesmaid, who was gowned in blue moire silk. The bride carried a bouquet of lilies-of-the-valley. Mr. George Lehtimaki acted in the capacity of best man. A very large reception was held

Remembrance Day, South Porcupine H.S.

Interesting Programme of Music and Addresses on Tuesday Morning.

South Porcupine, Ont., Nov. 11, 1936. Special to The Advance.

Remembrance Day was marked in our High School on Tuesday morning by a special little service at which parents and friends were invited to be present.

In the auditorium were gathered all the High School pupils, and on the platform with Mr. Blake, principal, were Archdeacon Woodall, Dr. Fraser and Dr. McClinton.

The National Anthem, sung at attention while a Scouter in uniform stood with the Union Jack, opened the proceedings, followed by the Lord's Prayer, and the first verse of "Abide with Me" was sung, accompanied by the school orchestra.

Mr. Blake, acting as chairman, introduced Archdeacon Woodall. The Archdeacon read St. Paul's beautiful chapter on "Charity" and then gave a little personal speech to those present. He said it was the first time he had addressed them as a High School body, and he appreciated the honour. Youth is the most attractive period of life, he said. In commenting on the Great War he said Canada laid down the life of some of her best sons, but the price paid, though great, saved Canada from domination of a "Kultur" not formed upon the traditions of our great Empire, and was worth fighting for. By this our Empire kept her position among the nations of the world.

Dr. Fraser, in speaking later, said: "Life grows better as we grow older, if we live well and wisely. The world is yours. You are going to make it what you want it to be. Never think for a moment that the war was meaningless, and causeless. Results will follow. You are born into a better world, of more opportunity."

Dr. McClinton related one or two anecdotes that caused smiles, and told of his own memories of the early days of the war.

"War," he said, "is the most terrible thing in the world." He painted a picture of its horrors, and gave an account of the birth of the "poppy" idea—quoting from "Flanders Fields." The idea of buying a poppy on Remembrance Day is to help those who were hurt in the Great War, fighting for us.

All speakers were applauded by the students.

Curling Club Ready At South Porcupine

South Porcupine Firemen Respond to District Fire. Other South Porcupine News

South Porcupine, Ont., Nov. 11, 1936. Special to The Advance.

Gordon Gauthier, eldest son of Mr. and Mrs. Gordon Gauthier of Timmins, left last Friday by the S.S. Duchess of Richmond for England, where he will take the four-year course with the Royal Air Force.

Messrs. H. Thompson, J. Conlin, and Dempsey left this week for Smith's Falls and Carleton Place by car.

Two new diamond drills are going in to the International Mining Company's property near the Little Pet Mine.

A good number attended the annual meeting of the Curling Club on Saturday night at the club rooms. Routine business, annual statements, were gone through, and election of officers resulted as follows—Hon. Pres. C. V. Gallagher, who has held this position since the inauguration of the club; president, Frank C. Evans; first vice-president, Chas. McInnis; second vice-president, W. D. Pearce; third vice-president, Wm. Fairhurst; secretary-treasurer, Maxwell Smith. Ice committees and entertainment committees were all elected. Prospects seem to be very bright for the coming season. If this cold weather continues the curling will start early this year. The rink and rooms have been fixed up, and improvements made, and several applications have already been made for membership by newcomers to the camp.

A fire alarm was sounded on Saturday night at midnight to attend a chimney fire in the McIntosh block. Twelve fire-

Quebec Probing Wages Received by Lumberjacks

At the present time there is close consideration being given the matter of wages to lumbering workers in the province of Quebec. Following complaints that some lumber firms were paying wages below the minimum, Premier Duplessis at once had an investigation commenced. Hon. Oscar Drouin, Minister of Lands and Forests for Quebec province, this week told newspapermen that the investigation was well under way.

Companies found at fault, the minister said, would either have their contracts annulled or be sanctioned according to law. "I have received numerous complaints that salaries lower than the minimum of \$40 a month are being paid and also that living conditions are far below standards agreed upon. I have lost no time in investigating and I repeat my warning that limit-holders and jobbers guilty of this kind of thing will be made examples of."

The minister said he would not "tolerate" any breach of the law regarding lumberjacks and their salaries and living conditions. "Those interested had better take heed that I will not stand for any exploitation of lumberjacks, and they will be wise to obey the law, special Orders-in-Council and the agreements entered into with the Government."
