## "SALADA" TEA

### Critical of Member of the Legislature in This Riding

An editorial in Friday's issue of the Kirkland Lake Northern News is rather critical of the local member for this riding, contrasting his work with that of the member for Temiskaming. The first answer that will come to the average mind will likely be—"Well, anyway, Mr. Rowlandson didn't leave the impression with the people of the South that the people of the North are contented over the usage given them in the matter of roads and other matters." It must be admitted a recent speech by Mr. Nixon, member for Temiskaming, was twisted by Southern newspapers to seem to suggest that the people of the North were not very angry at the South over the treatment received in the past two years. On the other hand Mr. Rowlandson has fought openly and earnestly for better roads and more general recognition of the needs of the North.

Here is the editorial from The Northern News last Friday:—

#### Secession and Boycott

"W. G. Nixon, member in the provincial house for Temiskaming, is heralded by southern Ontario newspapers as a member for the north who denies any move for secession or for boycott of southern business for its failure to help the north in its campaign for better services and highway maintenance or construction.

"As a matter of fact, Mr. Nixon, who is, it must be admitted, a far more

aggressive member for Temiskaming than is Mr. John Rowlandson, of Cochrane South, for his, said that all serious-thinking people of Northern Ontario are whole-heartedly behind a united Ontario.

"Mr. Nixon is right—but if parts of Ontario have neglected or are neglecting other parts—how can we have a 'United Ontario'?"

"And how can we in Kirkland Lake feel that we have an adequate representative in a gentleman, who, whatever his legislative abilities may be, has never, at least in two years, made a public appearance in Kirkland Lake, and who is rumoured to have said that this part of the riding was not worth bothering about, because there would be a new division before the next election? "A gentleman who, when the Queen's Park delegation visited this part of the riding this summer, was able to inspect the Iroquois Falls paper mills on the way back from Timmins, but was called back by urgent business before he was able to reach Kirkland Lake.

"As far as Mr. Nixon is concerned, we congratulate him for enterprise and energy in securing for his part of the province what little work was done on the Ferguson highway this year. We also congratulate him on organizing the tour of the north by the provincial members this summer—and we hope that the Board of Trade which was revived or reborn or something last night will take up the cudgels of this part of the T. and N. O. country which has been so sadly neglected by the gentleman who was elected to represent it."

### Asks for Needed Change in Exasperating Radio Service

The following is an editorial article from last Thursday's New Liskeard Speaker:—

"During the past week, officials of the Federal Government have been in the North Country checking up on those who have—or have not—paid the two dollars demanded by the Government for the inadequate service received. True, a short wave broadcaster has been opened by the Canadian Radio Corporation, which gives us—at least those who are fortunate enough to own short wave machines—a more or less hit and miss service, and, of course, the same three or four little local outfits make their daily attempts to put over their messages. So far as the latter are concerned, they are still next to useless for those outside their immediate neighbourhood and are rarely heard by the general public, and we do not say this to belittle their special service to their own community.

"On Wednesday citizens endeavoured to listen in on CFRB, as 'Jim Hunter, talking reporter and radio broadcaster of the Telegram, Toronto's most popular newspaper, gave the latest morning news on Remembrance Day. CFRB is not on a short wave, and, as a result, many of us, and we were amongst the number, had to give up in disgust.

"When the new Commission is making its plans for future broadcasting, may we suggest that Mr. Bradette, M.P., as the only Northern representative who seems to have paid any attention to the question, kindly take steps to have Northern Ontario's interests looked after. He would confer a great favour on thousands of radio owners in the North and would put over something no person else seems to be able to. Thanks, Mr. Bradette."

## TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

James McGuire, formerly a labour organization man in Cobalt, was nominated ten years ago to lead the Liberal party in the provincial election in South Cochrane of that year. Dr. J. A. McInnis was practically offered the nomination at the Liberal convention but he refused to allow his name to go before the meeting, since he said he had always favoured Government Control of liquor and would not stand against the nominee of the Conservative party whose party had pledged itself to abolish the O.T.A. and substitute for it a system similar to that which now exists. John Rowlandson was a candidate for nomination at the same Liberal meeting, but was defeated 75-57.

Timmins had a Home and School association ten years ago, of which Mrs. Enery was president. At a meeting held in November of 1925, an interesting programme was provided by groups of pupils from the public schools and the parents spent some time afterwards in discussion of school activities. Two of the best numbers given during the evening were violin solos by Archie Canapini and Frank Serreri. The Advance reported.

Nine barbers had entered the beard-trimming contest in connection with the annual charity Turkey Stag, it was reported. About thirty of the men of Timmins were busy seeing who could grow the biggest beard in a given time. Then the barbers were to see which of them could trim the neatest vandyke in the shortest time.

In view of the great wealth uncovered just a few years before at Rouyn in the form of copper-gold ore, the news that a similar formation had been discovered near Timmins ten years ago started a rush from here to Kamiskotia of no small proportions. Cobalt, Matheson, and South Porcupine contributed their share of men to the rush, too. Hollinger had been among the first to stake in Jamieson and Robb townships. That was in 1926. The copper is still there, but has not been worked to any great extent. Now gold is once more to be the product of a company being organized to work claims in the area.

Tony Boyda, 35, died in St. Mary's hospital ten years ago this week from the effects of a blood clot in his brain. He had been badly beaten up, it was indicated. On Monday, when Boyda did not show up for work at the Hollinger, his shift boss, knowing him to be steady worker, made inquiries. The man was found unconscious in a shack near Moneta and might have lain there until he died. Police held three men alleged to have been involved in a fight with Boyda over two Roumanian women who had been living in the shack and who had since disappeared.

The first concert in aid of the St. John Ambulance Brigade in Timmins was given just ten years ago this week on Sunday evening at the Goldfields theatre. George DeBney, district superintendent, explained the aims of the brigade to those who attended. Numbers on programme, in addition to those given by the band included: solos by R. Smith, T. Jones and Mrs. Roberts; cornet solo by W. Williams; piano solos by Mr. Bunt and Mrs. Wilkins; instrumental quartette by Misses Porter and Pirtassalo and Messrs Holland and Neilson; and a recitation "The Cremation of Sam McGee" by W. Lainsbury.

It was men's night ten years ago at the A.S.D. club when the male members had to look after the whole evening's programme. Miss Roberta Gray and H. Barr were winners of the lucky number dance.

Mrs. O. Ringstad received word ten years ago of the death of her brother, George Johnson, in Windsor, Ont.

The V.O.N. had received \$1,246.05 from societies and private individuals in the district ten years ago, it was reported. They needed still more funds in order to carry on the work properly.

"If You Want a Change in the O.T.A. You Must Vote for Fred Kenning." So ran a headline in The Advance ten years ago over the story of a meeting at the New Empire theatre at which Mr. Kenning, Dr. A. S. Porter, Hon. Chas. McCrea, Hon. Mr. Finlayson, Geo. T. Smith, of Haileybury, Louis Cousineau, mayor of Hull, and others were speakers. The O.T.A. had been forced on the people of the province by a bare majority, they claimed and had steadily fallen in favour. Mr. McCrea promised stabilization of the mining industry, better roads, a larger share of mine royalties for Timmins but would not promise that Hydro would sell power to Timmins people for, he said, Hydro was owned by the people and municipalities had to group themselves together, guarantee bonds for financing expenditures, before anything could be done. Mr. Finlayson pointed to the decreasing loss by fire in the forests of Ontario, claiming that the improvements in the department of lands and forests in fire fighting systems was responsible for the decrease in loss. At that eighty per cent. of the forest used up in a year was lost in fire while only 20 per cent. was converted into lumber, he said.

Skipper of the Revillon Freres' schooner in Hudson and James bays ten years ago, Captain J. Nicolson, was very much for the extension of the T. & N. O. to Moose Factory and very much against the proposed railway line to Fort Churchill. He claimed the navigation season could not be much longer than from August 15th to October 1st and staked his long experience in northern waters on that. He did not advise the T. & N. O. route as one sending out

who knew about Temagami should have added that the population of one spent over one hundred thousand dollars in efforts to develop an industry that would have meant a population of one hundred thousand and one for the Temagami area."

A billion dollars had been taken out of the North in 20 years, according to a report published in The Advance ten years ago of the Toronto Board of Trade club. S. H. Logan, general manager of the Canadian Bank of Commerce had made that statement. Cobalt, Kirkland Lake, Timmins, Iroquois Falls, Kapuskasing and other towns he cited as proof.

The formal opening of the public school in Schumacher was held here just ten years ago this week by D. G. Kerr, reeve of Tisdale. Among the speakers were C. G. Williams, chairman of the Timmins board, L. A. Marlin, inspector of public schools, V. K. Greer, chief inspector of public schools, James Shewan, chairman of the Schumacher board, and many others. The occasion was celebrated by a dance in the school.

A. E. Mosey & Co., stock brokers here of ten years ago, donated \$100 for prizes in the annual charity turkey stag it was announced.

Jack Cuthbertson and M. Bucovetsky, candidates ten years ago for election to the Ontario Older Boys Parliament, presented their election platforms in The Advance of ten years ago. The campaign was keen, but friendly, The Advance said.

Kitchener Rebekah Lodge, South Porcupine, won the shield offered ten years ago for the best degree work in a competition between Timmins, South Porcupine and Matheson. The Advance's correspondent reported.

Among the locals in The Advance of ten years ago were: "Mr. Wm. S. Beachem, of Winnipeg, was a Timmins visitor last week." "Born—in Timmins, Ont., on Friday, Nov. 12, 1926, at Mrs. Farley's hospital, to Mr. and Mrs. Joseph Lafrenier—a son (Joseph Martin Lawrence)." "Born—in Timmins, Ont., on Tuesday, November 16th, 1926, to Mr. and Mrs. Geo. Lake—a son."

"A large number of Timmins people took in the Armistice Dance given last week in the High School hall, South Porcupine, by the Order of the Eastern Star." "Born—in Timmins, on Friday, Nov. 12th, to Mr. and Mrs. Victor L. Cotman, 11 Borden avenue—a daughter." "The A.S.D. orchestra are playing in Cochrane on Friday evening at the dance being held by the golf club there." "Mrs. E. Welt and son joined Mr. Welt here on Saturday. They will reside in Schumacher." "Mrs. J. A. McInnis returned last week from Toronto, where she had been called on account of the death of her sister, Mrs. Alfred Day Partee, who passed away at Cannes, France on Nov. 1st. Interment was made at the English cemetery Cannes. Mrs. McInnis was accompanied by her mother, Mrs. Arnoldi, who will

visit here for a time." "Each day now patients are being released from quarantine restored to health, and no cases of smallpox are developing. The epidemic is very evidently all over and the fact that there was such a general vaccination of the children and adults makes the possibilities for any further epidemics in Timmins for some years very small indeed." "Mrs. J. D. Parks, president of the Timmins United Church Missionary Society, left this week to attend a convention of the W.M.S. at Toronto." "Mr. P. Dougall, manager of the Timmins branch of National Grocers, left on Tuesday morning for a two months' visit to his old home in Scotland. Mrs. Dougall and son have been overseas for some months, and will accompany Mr. Dougall on his return here in January." "The Northern Canada Power Co. had agreed to change the power line that formerly ran across Timmins on what was known as "Broadway," a wide strip that crossed the town diagonally from the power building on Second avenue northwest, to conform with the streets. Broadway was to be closed.

Quarter section lots were advocated for settlers, land clearing bonuses were advised, mail service, immigration, T. & N. O. extensions, indigents, settlers' claims against the Mattagami Pulp and Paper Company and many other matters were dealt with at the annual meeting in Cochrane ten years ago of the Northern Ontario Associated Boards of Trade. The Advance carried many columns of report on the important event.

G. W. Turk, Iroquois Falls, was elected president of the N.O.H.A. at the annual meeting ten years ago. C. O. Baker, North Bay, was vice-president; W. A. Thompson, North Bay, secretary-treasurer; D. Mitchell, Sudbury, Dunc Sutherland, Haileybury, members of the executive. Saul Ste. Marie, Sudbury, North Bay, Chapleau (group 1), Cobalt, New Liskeard, Haileybury (group 2), Timmins and Iroquois Falls (group 3) were the teams entered.

Huntsville Forester:—Woodbridge council gave their chief constable leave of absence to go hunting, on condition that he furnish each councillor with a venison steak. If the chief fails to get his deer, they'll probably fire him.

### Residence Burned in Iroquois Falls Fire

Home of Mr. and Mrs. R. Forbes Destroyed by Fire Last week. Other Iroquois Falls News

Iroquois Falls, Ont., Nov. 17, 1935. Special to The Advance.

The residence of Mr. and Mrs. R. Forbes, West Circle Place, was gutted by fire of unknown origin Friday afternoon. Heavy damage was caused to the uninsured contents and to the two-storey stucco and frame building owned by the Abitibi Power and Paper Co. Mr. Forbes was at work and Mrs. Forbes and children were out when the fire, discovered by a grocery delivery boy, occurred.

About 15 members of the Iroquois Falls Badminton Club played at Schumacher Saturday afternoon, in a friendly tournament with the Porcupine Badminton Club. About 25 persons made the trip in a chartered T. & N. O. bus.

W. M. Ritchie, Schumacher, was in town several days last week on business.

A. T. Hurter left Sunday for Ste. Anne de Beupre, Quebec, on Abitibi Power and Paper Co. business.

Mr. and Mrs. C. Gould, Cobden, Ont., spent part of last week in town on their honeymoon, the guests of Mr. and Mrs. T. C. DeLson.

Mr. Wilfred Tutton, Galt, has taken a position with the Abitibi Power and Paper Co.

The Iroquois Falls and District Rod and Gun Club will hold its annual oyster supper on Monday, Dec. 7th.

### BRIDGE PARTY UNDER THE AUSPICES REBEKAH LODGE

Gold Nugget Rebekah Lodge announce a bridge party to be held in the I.O.O.F. hall, Spruce street north, on Thursday evening of this week, Nov. 19th. Cards at 8.30 p.m. sharp. Good prizes.

# Keep Faith With The People of Canada

THIRTY, hard-working, conscientious citizens are the backbone of Canada.

They are the real owners of the bonds that finance the Governments of the nation—federal, provincial and municipal.

It is their savings that are invested in the mortgages that build the homes and develop the farms and industries of the Dominion.

Three and a half million of such citizens have banded themselves together as policyholders in the great co-operative business of Life Insurance.

Through their hard-earned savings, these policyholders have built up an insurance estate of over six billion dollars for themselves and their dependants.

To protect this estate, they have two billion dollars invested in the best securities that Canada, its governments and municipalities, its farms and industries, have to offer.

Every section of the Dominion has its share of these millions of dollars that policyholders have invested in bonds and mortgages. Other millions have been similarly invested by trust, mortgage, loan and banking institutions, whose funds also represent the savings of millions of individual Canadians.

On behalf of its policyholders, and other institutions and organizations whose investments represent the hard-earned savings of thrifty citizens, Life Insurance expects that the terms upon which these bonds were sold, and these mortgages accepted, shall be observed.

Where the borrower is willing but unable to pay, a policy of adjustment should prevail. Such adjustments have been made again and again during recent years.

Legislation that cancels public and private debts, regardless of the debtor's ability to pay, is not in accordance with British tradition, which has always afforded an equal measure of justice to both creditor and debtor.
