Bear Island Trapper Found Alive in Cabin

Search Party Find Him Alive in Cabin, After Being Lost a Day and a Half.

Reference was made recently in The Advance to the fact that William Turner, Bear Island trapper, was reported as lost. On Sunday he was found alive and well by a search party who found him at his cabin in Marconi township, about 45 miles from Temagami. The search party had been seeking to locate him for over a week, but had been handicapped by the heavy travelling. When they were able to reach the cabin they found the missing man there. Turner had been lost in the bush for a day and a half, but eventually was able to locate the cabin from which he and his partner, Charlie Potts, were operating. In the meantime Potts had set out for Temagami to report his partner's disappearance. While Potts was organizing a search party, Turner was waiting for his partner to return, no doubt expectingt hat Potts had gone for help when he found Turner missing. When found by the search party Turner was in good health. There was plenty of food in the cabin. Turner and Potts are continuing their trapping as if nothing had happened.

Nominations Close at the Legion Here

Interesting Meeting of Timmins Branch of Legion on Monday Night.

Much business was accomplished at the general meeting of the Timmins branch of the Canadian Legion on Monday evening. With a very good attendance of members present the meeting opened with the two-minutes silence in memory of those gone before. Two comrades were initiated and several applications read. The financial report showed the branch in good position.

A letter read made the suggestion that a wing be added to the hospital as the Timmins war memorial. This was laid over for action until the new year.

Another good innovation was the formation of a library at the club. Comrade Dowse will be the librarian and with the promise of donations of several books, it is felt the library will fill a long-felt want.

President Neame mentioned the visit here of the Northern Ontario pension adjustor Comrade Wyse, and he will address a special meeting of the members on Friday (to-morrow) in the Legion hall. It was requested that as many members and ex-servicemen as possible attend this meeting.

Nominations closed for the officers for 1937 and those who desire to run for office must have their names in the hands of the secretary before 7.00 p.m. on Saturday, November 28th. The ballots will then be prepared and mailed with the election taking place on Monday, December 14th. It is expected that President Austin Neame will receive an acclamation, an honour fully earned. The year 1937 will see the Provincial convention in Timmins, the last week of August and it is with this in view along with the devotion Austin Neame has given the branch that the members are anticipating his leadership for 1937. This will make the eighth term as the president of the local branch for Mr. Neame.

Te full list of those standing for the other offices of the branch will be published in these columns next week.

The meeting closed with the National Anthem.

Austrian Hunter After Big Moose in Temagami Forest

Northern Ontario hunting grounds draw game enthusiasts from many climes but one of the most ardent hunters is Rudolphe Peter Hinteregger, of Austria.

Arriving at North Bay late Friday afternoon, the traveller outfitted himself before going farther north with George V. Hughes in search of moose. He came here from Washington, D.C., to hunt about Temagami.

The hunting enthusiast will be in North Bay on his return trip probably the latter part of this week and will be taken to see the quintuplets before leaving. He is tall, handsome, 26 years of age and unmarried.

Freely comparing his homeland with this country, the Austrian hunter has told those whom he has met many interesting tales of Austria, were on his father's estate deer roam at will. After a certain period of tenancy, the lessees of property are permitted to shoot them.

The assortment of food on Canadian tables is a novelty. In Austria all varieties are salty, so that sweet pickles and other flavoured foods find favour with the traveller.

On his arrival from Washington, he remarked that travelling that distance "at home" he could have covered practically all Europe. The visitor was educated in English and speaks it well.

INVESTIGATING THE DEATH OF COWS NEAR LISKEARD

Provincial police are investigating the mysterious deaths of three cows near New Liskeard which died suddenly for no apparent reason. Two of the animals were owned by Samuel Cote and the third by a farmer giving his name as Cook. Suspicions have been aroused that the bovines were destroyed by poison.

Interesting Evening at the Abitibi Lodge

Addresses of Unusual Interest at Masonic Gathering at Iroquois Falls.

Iroquois Falls, Ont., Nov. 24th, 1936. Special to The Advance.

Features of the regular meeting of Abitibi Lodge No. 540, A.F. & A.M., Friday evening, were addresses by Rev. J. Blackburn, Monteith, and H. E. Salisbury, Iroquois Falls, both illustrated with slides.

Mr. Blackburn showed slides of pictures taken at Moose Factory, where for some years he was superintendent and rector of the Anglican Mission School.

Among the many interesting pictures was one of an Indian widow who, according to Indian custom, having attained the age of alleged uselessness, was taken out from the camp, supplied with only scanty provisions, to die. This enterprising widow, instead of dying, made a fish hook from the jaw of the fish she was given as food, a fishing line of material from her skirt and using a piece cut out of her own leg as bait caught fish with which she sustained herself while making her way to Moose Factory.

H. E. Salisbury, captain of a mine sweeper during the Great War, had very interesting slides of his boat and crew and mines captured.

Refreshments were served at the close of the evening.

Tenants Claims Abitibi Was Not to Collect Rents

Claiming that under the terms of an agreement made with the Abitibi Power and Paper Company, Ltd., they were not required to pay rent in company houses at Espanola while unemployed, Thomas Menzies and Carl Withers are contesting the action of the company to collect alleged rent arrears at the sittings of district court, which opened in Sudbury this week under Judge Edmunde Praulx.

G. E. Buchanan, K.C., is the solicitor for the defendant, and George J. Valin, K.C., solicitor for the plaintiff, in the action against Thomas Menzies, in which the company claims arrears amounting to $1411.41, as well as interest at five per cent. and the court costs.

The statement of defence, outlining the periods of time the defendant worked and the periods of time when the defendant was unemployed, also states that it was understood and agreed that during the time the defendant was unemployed no charge would be made for rent, and that the defendant would continue to live in the company's houses without charge during such time of unemployment. Regarding the collection of light rates the defendant says that no meter readings were taken for light.

In the case of Carl Withers, J. J. O'Connor is appearing for the defence. The amount involved in the action is $492.60, with interest at five per cent. and court costs. In the statement of defence it is claimed that the plaintiffs did not at any time attempt to collect from the relief department at Espanola for rent, water or light, supplied to the defendant while he was on relief.

FIRST DOME GIRL GUIDES

Cadet Rangers

A Cadet Ranger Patrol has been formed in conjunction with the First Dome Girl Guide Company. The Cadet Patrol will be in charge of the Guide Captain (Mrs. D. M. Leiterman) and will meet on Thursday of each week at 7.30 in the Ranger den.

All Ranger work is based on wider service and "Cadet rangering is especially organized to train its members for service and leadership in the Guide organization.

A study will be made of the aims and organization of the Guide movement, the teaching and examining of test and badge work in Brownie Packs and Guide Companies.

Brownies

The Dome Brownies held their Pack meeting in the Community hall on Tuesday at 6 p.m.

Magic chain and Fairy ring opened the meeting. Health songs were sung with action, to show how a Brownie keeps "healthy, happy and helpful."

Pack Leader Joyce Hughes marked the chart with stars for each Brownie who had clean hands and nails and well-brushed teeth.

In corner homes, Sixers marked their roll books, and collected fairy gold.

The Brownies then danced the Danish "Greeting" and learned to dance the "Kinderpolka."

A direction test game was played and Semaphore Signalling practised.

Pow-wow circle was formed. The Brownies bid goodbye and best wishes to the Brown Owl, who was leaving them, and then gave the Grand Howl to welcome their new Brown Owl Leader. Mrs. Leiterman, who formed the Pack and has been its Brown Owl for the past two years, leaves the Pack to take over the Guide Company.

Mrs. W. Actor, will have charge of the Brownie Pack.

Mrs. Leiterman thanked the Brownies for their kind wishes and for the happy times she had enjoyed with them, and expressed a hope, that she would some day welcome them as Guides into the Company.

Next week, Elaine Leiterman, Jean Munro, Mamie Richmond and Gladys Kellow will "fly-up" into the Guides.

Child Dies from Fire in Home of Settler

Mother and Father in Hospital with Serious Burns.

Another fire at a settler's home has been responsible for a death. This time the fire was at the home of Mr. and Mrs. Andrew Buglow, settlers in Cock township, some 35 miles north of Kirkland Lake. Andrew, aged two years, the oldest child in the family, died from burns received in the fire which destroyed the Buglow home. Two other children, Richard, 14 months old, and an infant girl, were rescued from the burning house without injury. These small children were taken and cared for by neighbours as soon as they were rescued from the home. Both the father and mother were so seriously burned in the attempts to rescue their children that they were hurried to Kirkland Lake hospital. The fire is said to have occurred when the children were in bed and Mr. Buglow is quoted as saying that he believes the fire was caused by a gas explosion in the living room stove which was filled with tamarack wood.

Sudbury Flying Club Now Away to a Flying Start

Michael Valeriote was named president of the Sudbury Flying Club at the organization meeting held on Sunday afternoon and attended by representatives of the Ottawa Flying Club. The meeting drew about 25 flying enthusiasts and indicated that the organization would get away to a good start in the city, as a subsidiary of the Ottawa Club.

From the Ottawa club, W. Davidson, director; C. K. Swerdfoger, secretary-treasurer and J. C. Charleson, instructor, were present and gave the Sudbury enthusiasts helpful advice with respect to the formation of an organization, according to The Sudbury Star.

It was indicated following the remarks of the Ottawa visitors that the first business before the club was the membership drive and it is expected that memberships will be offered under the following categories: Honorary, associate and active.

The main objective will be to raise funds for the construction of a hangar on Lake Ramsay, following the construction of which the Ottawa club will provide the plane and instructor. This arrangement will carry the club through the winter. In the meantime it is expected that negotiations will be undertaken to have the city put the municipal landing field in repair so that the club can undertake independent operations in the summer. The plane to be placed at the disposal of the Sudbury flyers will be an Armstrong Sidley Avion.
