High School Rugby Team Guests of Kiwanis Club

Timmins Service Club Honoured Champion Rugby Team at Luncheon on Monday. Interesting and Inspiring Addresses by Coach, Members of Team and Others.

At the Timmins Kiwanis Club luncheon on Monday the Timmins High School rugby team were the guests of honour. President P. T. Moisey was in the chair.

Kiwanian W. W. Tanner, principal of the High and Vocational School, introduced Coach John E. Grabb and the members of the champion rugby team. Mr. Grabb gave a brief but very interesting account of the progress of the team leading up to the winning of the Poupore Cup in the final against North Bay Collegiate. He recounted a number of little incidents occurring during the season to illustrate the fine sporting spirit of the boys. Mr. Grabb said that he believed that Rugby was one of the best sports in which boys could take part because of the spirit it developed and the high qualities it encouraged. It had been said that the rocks of the Porcupine only yielded up their wonderful values after being subjected to a terrific pounding, and Mr. Grabb made this metaphor apply to rugby, pointing out the effect on the character of the boys through the "terrific pounding" met with in the rugby game. Rugby taught them to take hard knocks with a smile and brought out latent qualities that in later years would make them good citizens. Mr. Grabb mentioned the number of different nationalities represented on the team—English, Scottish, Irish, Polish, Italian, Syrian, and others. It was wonderful, he said, to see these boys of different national origins developing fine team work, and it was only reasonable to expect that in later life they would be co-operating for betterment of Canada and the Empire. He thanked the Kiwanis for their hospitality and interest in the boys. The boys appreciated very much the fact that so many prominent business men of the community were interested in them.

Vic Copps, captain of the team, voiced the appreciation felt by the team to the Kiwanis club for the honour conferred. If the community continued to show the interest they had given this year, the boys would be encouraged to cultivate still further the spirit of effort, and he felt that in such a case the Poupore Cup, emblematic of the rugby championship of the North was likely to stay in Timmins for a great many years.

There was the usual community singing during the meeting the guests joining heartily in this feature.

Two new members were introduced to the club on Monday—W. T. Montgomery, tailor, for many years a resident of the town, and G. A. Chambers, the manager of the United Cigar Stores business recently established in town.

The drawing of members' names for the annual Christmas party was held on Monday. Presents will be distributed next Monday at the luncheon. Each member draws a name of another member and is expected to provide a suitable present for the member drawn. There is one definite restriction—no present is to cost more than 15 cents. Also the donors of the gifts in each case remain anonymous. Under these restrictions the tendency of course is for the presents to take a humorous turn. Accordingly, the annual Christmas party with its gifts for all makes one of the happiest and jolliest meetings of the year.

As noted, next Monday, Dec. 21st, will be the annual Christmas party of the Kiwanis. The following Monday, Dec. 28th, will be the annual "Father and Son" banquet.

Boston Herald:—The Russian Government has just come out in favour of a stable family. Later on, of course, they might go in for garage families like ours.

Accused of Holdups at Sudbury as Well

Men Sentenced Here Tuesday Wanted at Sudbury

The two men, Moody and Boudreau, who were sentenced on theft charges, and whose long records of other court appearances were read at the police court on Tuesday at Timmins, are also reported as wanted at Sudbury. On the theft charges each of the two men was sentenced to six months in jail, while Boudreau was also given a term of two years at Kingston penitentiary on the charge of having burglary tools in his possession. In reference to the two men The Sudbury Star on Monday had the following:—

Suspected in Sudbury Crimes
"A cracking open of the 'crime wave' which has featured recent unsolved hold-ups, burglaries and thefts in Sudbury, is anticipated by city police with the arrest in Timmins of two men wanted in the latter city on similar charges. Police hope to link the pair with the attempted hold-up of the Regent Theatre on Halloween night; the assault and almost successful stickup of Chris Chacaroff, Durham street grocer; the successful burglary of the Fashion Craft Shops and the break-in at the Canadian Department Stores. Following the disposition of the charges in Timmins, the pair will be brought to Sudbury to face trial on at least two counts.

"The men being held in Timmins are Charles Boudreau, of Windsor, and Milan Moody, thought to be a former resident of Sault Ste. Marie.

"Boudreau and Moody will be arraigned in Timmins on Tuesday. Following the disposition of the charges at Timmins the two men will be brought to Sudbury.

"They will face charges in Sudbury of attempting to hold up the Regent Theatre on Halloween night, when they were put to rout through the plucky action of the cashier, Eva Calendino, who refused to give up the cash box containing the night's receipts. The other is in connection with an unsuccessful attempt to rob Chris. Chacaroff, Sudbury grocer, who received a fractured skull on the night of November 1, when he battled with the men in a desperate struggle which ended when the grocer attracted attention to his plight by hurling a can of olive oil through a plate glass window in the store. The two men made their escape.

"Sudbury police are of the opinion that the men may know something about the safe robbery at the Fashion Craft Store, as well as a theft at the Canadian Department Stores.

Nabbed in Timmins Store
"The arrest was made when Timmins police were called to S. Bucovetsky's departmental store and found members of the staff holding a man who later gave the name of Boudreau and said he came from Windsor. Boudreau had been caught by members of the staff in the act of taking goods from the store. He put up a battle before he was finally locked up. Twenty-four pairs of gloves and other articles identified as belonging to the Bucovetsky store are stated to have been found on his person. At about the same time Constable Guolla noticed a man wearing a new coat from which the tag had not been removed, and approached the man to ask him about the tag. He fled, but was finally caught. An electric clock found in his possession is alleged to have been identified as the property of the Taylor Hardware. The coat was identified as stolen from Bucovetsky's store. He gave

"Edward as Dictator"

Lady Houston (ABOVE), wealthy publisher of the Saturday Review of London, in an editorial over her signature, urged that "David Windsor become a political leader and do for England what Hitler had done for Germany and Mussolini for Italy."

Former North Cochrane Man in Alberta Election

The Northern Tribune, of Kapuskasing, last week says:—"J. H. Tremblay, runner-up in the 1929 provincial election in this riding, and Liberal candidate in the Grouard by-election in Alberta last Monday, was holding a slight lead over the Social Credit nominee, Dr. Willie Desrosiers, according to the latest tabulations received. However, there are still four more polls to be heard from and the final result may not be known for days. Latest figures showed a majority of 140 for Tremblay. The Liberal candidate is a brother of R. Tremblay, official of the Co-operative Dairy here. He ran as an Independent Conservative in a four-cornered fight in the 1929 elections here, losing out by some 500 votes to A. V. Waters, of Cochrane. The other two candidates in the 1929 elections were Fred Foster, Liberal, and Ed. Stephenson, Labour nominee. Mr. Tremblay was in charge of illustration stations in this district for the Federal Department of Agriculture and is now employed by the Department of Agriculture in Alberta."

Sudbury Gentleman Says Politeness May be Costly

The following is from "Mainly for Women," in The Sudbury Star:—
"There is such a thing as too much gallantry, thinks one Sudbury gentleman, who was rewarded for his gallantry the other day by being almost knocked off his feet in front a Durham street store as he held the door open for two ladies who were just leaving the store. He has always made it a practice to hold doors for ladies, he says, but in the future... well, he isn't so sure that it's always a wise practice, especially if they have dogs, and you happen to be taking home two pints of milk for the baby's night feedings. On this particular occasion the frisky half-grown police pup belonging to one of the ladies, dashed past the gentleman in his haste to leave the store, knocking the bag of groceries from his hand and smashing the milk bottles on the cement doorway.

Premier Rises at 4 a.m. to Correct His Message

Evidence of the meticulous care used in official documents was offered by the fact that Prime Minister Mackenzie King rose at 4 a.m. Saturday to "change two or three adjectives" in the message of loyalty and respect sent on behalf of the government and people of Canada to King George VI, says a despatch from Ottawa this week.

The Prime Minister had drafted the message about midnight Friday but was not completely satisfied with its phrasing. Although the anxious period of the past few weeks had caused the Prime Minister to lose much sleep, he nevertheless left his bed before dawn on the day of the accession to make sure the message was thoroughly satisfactory.

the name of Moody and said he was from Sault Ste. Marie. The men, who were apparently working together, were found to be in possession of putty, a glass cutter, wrench and other articles. "It is understood the two men are also wanted in Toronto and Hamilton on various charges."

Heavy-Laden Truck Crashes T.N.O. Train

Two Men Had Narrow Escape Near North Bay on Saturday.

On Saturday a crash between a T. & N. O. train and a heavily-laden truck narrowly escaped serious consequences for the occupants of the truck. The truck was driven by Wm. A. Serson, North Bay, and he had with him as a passenger in the truck Gilles Chaput, of Feronia. They were heading north on the Temiskaming road with a load of gravel when the accident occurred. At the time they were about eleven miles from North Bay and probably a mile and a half from Feronia. While coming round a bend in the road the driver attempted to stop before coming to the railway crossing, but the truck skidded down the icy road right on to the T. & N. O. track. The truck crashed into the train, or the train crashed into the truck. In any event they were both there, and the result was some crash. It is said that the truck was thrown back over a hundred feet by the force of the impact between train and truck. It is estimated that it will take fully \$400 to repair the damage caused by this accident. The truck was owned by Dufaire's taxi and transfer firm, North Bay.

Serson, the driver of the truck, escaped with a bad shaking up and a few minor bruises. Chaput was not so fortunate, suffering cuts on the face as well as a number of body bruises. He also received a bad shaking up. After the accident medical help was summoned from North Bay for the injured men, but it was found that they were not seriously injured. Dr. D. A. Campbell attended the two men.

Manitoulin Island Dog Collecting for Mink Coat

A dog that pays for its board is owned by George Guy, of Ice Lake, on Manitoulin Island. Hearing a commotion behind the barn Mr. Guy investigated and found the family collie putting the final touches to a mink that had apparently decided to take up comfortable winter quarters in the barn. Mink furs are worth approximately \$14 each.

May Be the Algoma Wolf in Some Sort of Disguise

Despatches from Little Current say that straying in from somewhere, an unusual bird for localities to conjecture about has been seen by bird lovers. About the size of a robin it has a brown crested head, the head and breast being almost scarlet; with the back and tail a russet colour and the wings tipped with red.

Heavy Travel Indicated for Christmas Week-end

Reports received from various agents of the Canadian National Railways throughout the Central Region indicate that Christmas travel this season will be exceptionally heavy and should break all existing records. H. C. Bourlier, general passenger agent, Toronto, stated that overseas Christmas travel has already reached new high levels and the bookings for the last boats, sailing next week have touched the capacity mark. In the West Indies services of the Canadian National Steamships, the Christmas and New Year cruises are most gratifyingly heavy and while a limited accommodation remains, there is no doubt but that these will be taken before the boats leave the docks.

Railway fares will show a great increase of sales. The longer-limit tickets in effect between Ontario and Western Canada and the Maritime provinces are heavily sold in advance and from the agents' reports there is every indication that special trains will be required to handle the Christmas passengers who will travel to Western Canada and the Pacific Coast. Extra equipment will be required to move the holiday visitors to the Maritimes. While it is yet too early to receive reports on the Christmas rush just before the holiday, experience has shown that the advanced sales of the long-haul and overseas traffic is an excellent barometer for the actual Christmas Day travel itself. The fact that Christmas this year falls upon a Friday and that numerous places of business will be closed on Saturday gives an extra incentive for travel and should be an important factor in stimulating heavy traffic.

VATICAN CITY WORRIED AS AGED PONTIFF'S HEALTH BREAKS ONCE MORE

Grave fears were expressed in Vatican City for the life of Pope Pius XI, now 80 years of age, after the supreme pontiff of the Roman Catholic church suffered partial paralysis of the legs in a sudden seizure. He also suffers from asthma and the ill of advancing age. His medical advisers were able to convince the pontiff that rest was imperative, and his condition was described as somewhat improved as a result. Prayers were offered in Vatican City for his recovery. These pictures show Pope Pius in three recent poses, the first as he addressed loyal Roman Catholics throughout the world through his private radio broadcasting station in the Vatican, the second a portrait study of the pontiff in his office, and the third upon his throne during celebration of his 80th birthday last May. The pope has been in ill health for many months.
