South Porcupine Guides Entertain Boy Scouts

Pleasant Event on Saturday Night. Surprise Party and Presentation for Mrs. W. Uren at Dome Extension. Other News from South Porcupine and Dome and District.

South Porcupine, Jan. 20th, 1937. Special to The Advance.

We were very sorry to learn of the death yesterday (Tuesday) of the father of Miss Lucas, of the High School staff here. Miss Lucas received word on Saturday that her father was seriously ill with pneumonia at his home in Wyoming, Ont., and left on Sunday to go home. The late Mr. Lucas was quite an elderly man and leaves a wife and other children besides Miss Lucas to mourn his loss. Our sympathies are extended to the family in their sad bereavement.

The T. & N. O. Challenge Trophy (Lee Cup) will stay at the Dome, at least a little while longer. Lifted on Saturday from the Timmins Club by two rinks of Dome curlers it was challenged by the South Porcupine club on Tuesday night. By the bare margin of one point, it earns the right to stay at the Dome. Two teams from South End skipped by W. D. Pearce and F. C. Evans lost to the Dome rink. Skip, A. C. Simard; vice skip, C. M. Longworth; second, J. J. Davis; lead B. M. Humphries. The running up team was Skip, A. Basso; vice-skip, H. Richmond; second, P. Murphy; lead, J. Whyte.

Born—On Saturday, Jan. 16th, to Mr. and Mrs. E. Woon, of O'Brien avenue, South Porcupine—a son.

Mrs. Earl Nidderly and family, of Niagara Falls, came up on Saturday to join Mr. Nidderly who is at the Pamour Mine. They have taken up residence in Lakeview.

We are sorry to hear that Miss B. Sinclair is suffering from an attack of laryngitis.

The Junior Bridge Club met at the

Not Qualified Judge Decides

(Continued from Page One)

is Section 78, Sub-section 2, of the Public Schools Act, R.S.O. 1937, Chapter 323. Sub-section 2 referred to was added to the act in 1933.

Judge Caron's judgment in full follows:—

"In the District Court of the District of Cochrane.

"The King, Upon the relation of Wilfred Roy Dunbar and William Robert Rinn against Wellington Armstrong.

"Reasons for Judgment:

"This was a motion made the 5th day of January, 1937, for an order declaring that Mr. Wellington Armstrong of the Town of Timmins, miner, has not been duly elected a trustee of the Timmins Public School Board under the pretense of an election held on the 7th day of December, 1936, because the said Wellington Armstrong, who was declared elected by the Returning Officer as a trustee of the Public School Board, is not qualified to be elected a trustee in that he is not a ratepayer according to the definition given in the Public Schools Act. It was agreed that there had been an election held and the said Wellington Armstrong was declared elected, and that the two relators, Wilfred Roy Dunbar and William Robert Rinn, were both duly qualified ratepayers under the Public Schools Act. Recognition has been duly filed and allowed.

"There was no other objection taken to the election and so the only point to be decided is as to whether the said Wellington Armstrong was qualified to be elected as a trustee of the Public School Board of the Town of Timmins. The qualification of a trustee is that he should be a ratepayer for the Public School Section according to the last revised assessment roll.

"In the Town of Timmins the assessment is made during the Summer and is completed after the month of October. At the time of the election the assessment which had been made in 1936 for the year 1937 was not revised as the Court of Revision had not held all their sittings and so the qualification would only be found under the assessment that was made in 1935 for the year 1936 and which assessment has been duly revised. Under that assessment Wellington Armstrong was not assessed as a supporter of a Public School but he was a ratepayer and assessed for the Separate School. So that Mr. Armstrong was not duly qualified to be elected as a trustee for the Board of the Public School Trustees for the Town of Timmins. Mr. Armstrong had done all that he could—as it was proven—to find out if he was properly qualified and there is no doubt that he was misled by the officials of the Corporation as to whether he was qualified or not. But that could not change his position as a qualified ratepayer and I find that he did not have

Yesterday First Anniversary of Death of King George V

Yesterday was the first anniversary of the death of King George V. The late King passed away at 7:02 p.m., Eastern Standard time, Jan. 20th, or 12:02 a.m. Jan. 21st, Greenwich time. The death occurred on a Monday evening a year ago, a few hours after the regular issue of The Advance, and a special was issued shortly after the news of the death reached here to give the news of the death and some particulars about the new monarch who would take the place on the throne.

In Britain the anniversary of the death of King George V is being specially observed by particular effort and attention to the plans for a memorial to the late King. The memorial is to take the form of a plan to provide playgrounds for children. All holders of bank accounts have been asked to instruct their banks to transfer the odd shillings and pence standing to the credit of their accounts on the anniversary date to the Memorial Fund. This will mean small contributions from all who hold bank accounts and in very few cases will it amount to any sum of any moment. In the aggregate, however, it is believed that the plan if it is generally accepted will mean a large total for the Memorial Fund. Bankers say that such a total will aggregate five hundred thousand pounds, or two and a half million dollars. The Archbishop of York on Monday night broadcast an appeal for the Memorial Fund, referring to the exemplary life of the late King George V and the fact that the form of memorial planned was an appropriate one for a king who was so great a lover of children.

GENERAL MEETING OF THE Timmins Horticultural Society

to be held in the Town Hall
Tuesday, January 26
at 8.00 p.m.

The general public is cordially invited to attend.

Haileybury Mayor Not for Secession

Thinks it Would Result in Difficulties and Prove Costly.

Haileybury, Jan. 21.—(Special to The Advance)—Expressing a qualified sympathy with the movement to separate Northern Ontario from the older-settled portion of the province, Mayor S. J. Mason, in an interview here to-day, declared that, in his opinion, however, secession is not the solution to the problems which have been agitating this section of the country with regard to its relations with Queen's Park.

"While it is true that we would like to be craters of our destinies," said his Worship of Haileybury, "yet I feel that we have more to lose than to gain, and secession is not the means of securing a more equitable portion of the revenues of the province."

Mayor Mason pointed out that secession would involve much litigation with the Ontario government, which would certainly oppose any such movement, and that the form of administration of the affairs of the proposed new province would provide room for further dispute, he contended. To carry on under the usual system would mean there would be no saving in costs, while "the more desirable and economical" alternative of a Commission similar to that functioning in Newfoundland, would not be acceptable, the mayor thought, to the people here.

"While heartily with those who have made this suggestion at this time, for I think that we are all agreed that the present provincial government has shown little regard for our peculiar difficulties and the amount of revenue derived from this section of the province, I do feel that secession is a question requiring more thought than is given by those who suggest it. Consideration should be given to the reduction in the number of governments in Canada, not to increasing them," said his Worship.

The mayor saw further practical difficulties in the way of forming a new province, contending that the three chief industries of mining, agriculture and farming all were at the mercy of circumstances. He said of mining that it was "of doubtful longevity," that lumbering requires extensive reforestation schemes for its perpetuation and agriculture was handicapped by the climate. The cost of taxation in any new province, Mayor Mason thought, would be on a higher scale than at present, if the existing standard of living was to be continued or bettered.

Hope to Interview Cabinet at Toronto

Kirkland Lake View of Effort in Behalf of the North.

The following is a front-page article from Tuesday's issue of The Northern News of Kirkland Lake:—

"Ontario's Associated Boards of Trade hope to get an interview with cabinet ministers of the Heppburn Government within the next two weeks on the matter of northern needs, expressed by the request for a Royal Commission to investigate such needs made from the Board of Trade convention at Oshawa last November, according to a letter received here yesterday by C. L. Grisdale, president of the Kirkland District Board of Trade.

"Fairer apportionment of the mines income tax now paid, improvement to roads and the latest 'sore point' in T. & N. O. country, the sequestration by the province of the municipality's share of provincial income tax, will be among the points discussed if the conference is arranged.

"T. Marshall, secretary-treasurer of the Ontario Associated Boards of Trade, who made application to Hon. H. C. Nixon, provincial secretary and acting premier, for the appointment to discuss the matters has told F. D. Tolchard, general manager of Toronto Board of Trade, who wrote here, that he thinks the interview will be before the end of the month.

"Mr. Marshall has asked for a few days' notice on the time of the appointment, that he may give you people in the North a chance to send down representatives," the Tolchard letter reads.

"If such notice is received, G. D. O'Meara, who sponsored the resolution at Oshawa asking for a Royal Commission to consider northern rights, will go as Kirkland District's representative with the Northern Ontario Associated Boards of Trade, it is felt here.

"It certainly looks as if progress is being made," the local president said yesterday, pointing out that the Toronto Board of Trade was acting as a sort of intermediary to send notice here of all moves by the Northern Ontario and
