Funeral Services at South Porcupine

Lindsay McQuarrie Laid to Rest at South Porcupine Yesterday.

South Porcupine, Feb. 17th. Special to The Advance.

The funeral of Lindsay McQuarrie, who died in the sanitarium in Halleybury on Saturday last, took place on Wednesday afternoon from St. Paul's Anglican church in South Porcupine cemetery with Archdeacon Woodall conducting the service.

A number of sympathizers and friends filled the church and followed in the cortege to the cemetery.

Archdeacon Woodall in his address to the mourners spoke of the new life after death and the surcease of suffering.

The hymns, "Just as I Am" and "Bless be the Tie That Binds," were sung by the congregation.

The body was borne from the church by Messrs. Carl Carruthers, Wm. Bat-trick, E. Syvret, Paul Gruber, W. Sutherland, and E. Mansfield.

The late Lindsay McQuarrie was 35 years of age, and the son of the late James and Mrs. J. McQuarrie. Born in Goldboro, Nova Scotia, he came with his family to Porcupine years ago, and lived first in Timmins then for some years at the Davidson Mine and finally in South Porcupine. Ten years ago he became ill and was treated in a sanitarium and never properly regained his health.

On Feb. 8th he was taken to Halleybury sanitarium but died there after five days.

He leaves a wife (Bessie Mansfield) and two small boys of five and three years of age. Mrs. McQuarrie, his mother, is living in South Porcupine, and three brothers, George, James and Stanley. One brother Edward lives at Goodfish and attended the funeral, and another brother Leonard is in Goldboro. Two sisters—Mrs. Sheridan Miller of town and Mrs. E. W. Beaven of Massachusetts—survive him.

The many floral tributes at his funeral testified to the esteem in which the family is held. Send by:—Mother Stan, Eddie and George, (pillow); Dome Mill Employees, (wreath); Jim and Aileen, (basket); Wife and Kiddies; Sheridan, Florence and kiddies; Dad Mansfield; Mr. and Mrs. Ron. Mansfield; Mr. and Mrs. A. Landry; Mr. and Mrs. J. Cattarello; Mrs. Ross Hansen; Mr. and Mrs. Hector McQuarrie; Mr. and Mrs. Henry McQuarrie; Mr. and Mrs. LaForest and family; Mac McCaw; Mr. and Mrs. J. C. Brown; Mr. and Mrs. Ed. Hansen; Mr. and Mrs. Mack and family; Mr. and Mrs. W. W. Wilson; Ladies' Guild of the United Church; Porcupine Chapter Order of Eastern Star.

Exchanging with Teacher in Northern Ireland

New Liskeard, Feb. 18 (Special to The Advance)—Miss Grace Irving, whose home is in Kerns township and who has been a member of the staff of the public schools at Cobalt for the past few years, has been given a year's leave of absence from the board there in order that she may participate in an exchange of positions with a teacher from Portadown, County Armagh, Northern Ireland. Miss Irving will leave Canada during the summer and will remain in the Old Land for the term which commences later this year. This will be the first time such an arrangement has been effected in Cobalt under the Imperial Exchange scheme for teachers, although teachers from other parts of the Temiskaming and Cochrane districts previously had taken advantage of the provisions of the scheme.

FIRST DOME GIRL GUIDES

The First Dome Mine Girl Guide Company held their usual weekly meeting on Tuesday. Patrol drill with roll call by leaders was followed by horse-shoe. The flag break was in charge of Louise Kellow, Clarice Curtis, and Thelma Edwards, Captain Letterman spoke to the Guides on the second Guide Law, "A Guide is loyal," stressing the idea of loyalty to their Guide Company.

A lively jumble relay was taken by Margaret Foster of the Honesty Patrol. A short time was spent in marching.

During Patrol corner time, the Guides working for first class, drew sketch maps showing roads in the locality and explanatory markings. Morse drill was practised by the tenderfoot Guides. A Morse competition followed and points counted in Inter-Patrol competition.

Rose Patrol and Honesty were awarded five points each for Patrol wall charts.

A short practice was held on the songs and dances which will form part of the "Variety Programme" to be presented next month, to earn money for camping equipment.

The Ambulance Proficiency badge was awarded to Company Leader Marjorie Costain, Jean Stringer, Doris Mc-Ginn, Violet Hedges, Helen Munro, Mary Curtis. Marjorie Costain also qualified for the Naturalist badge.

Final lecture on child nursing course will be given on Thursday.

February Meeting of Timmins W.M.S.

Interesting Part of Programme Urged Support for Missions.

An interesting part of the programme at the February meeting of the Timmins Auxiliary of the United Church Women's Missionary Society was the review of some of the most frequently used excuses for not being active in work for missions. These were met by Scriptural answers. Fifteen ladies gave fifteen excuses, among the most familiar being: "I am willing to give but not to work"; "I'm afraid I'll be asked to pray"; "I have already done my share"; "I have so many home cares"; "So few attend the meetings"; "There is so little I can do, I am so timid"; "I cannot help now but may some time"; "So many of the workers are not consistent Christians"; "I have no interest in missions"; "I believe in home missions but not in foreign missions"; "We should wait until the brethren at home are converted."

The meeting centred round the theme "Jesus the Pioneer of Life." Mrs. Bruce Millar read an excellent paper on this subject. Mrs. Alex Ramsay again delighted with her very fine exposition of the study book, "Men and Women of Far Horizons."

Mrs. Arch Gillies, 1st vice-president, was in the chair, Mrs. Traver and Mrs. Jackson, secretary and treasurer, gave their reports. Mrs. Jackson also dedicating the offering.

Letters of appreciation of literature furnished were read from Barbara Honey of the Golden Keys, and Christine Rose, of the Playmate Clubs.

Arrangements were made for the annual tea. W.M.S. offerings are voluntary but once a year an afternoon tea is held to raise funds for local work that this may be spent for supplies as the need arises and for materials for quilts and layettes. This year the tea will be held at the home of Mrs. George Drew, Maple street, south, on Saturday March 6th, and all who are interested in this work are asked to bear this date in mind.

Almonte Gazette: In the last issue of this newspaper the opinion was expressed that Almonte, having made a real attempt to collect municipal income tax would feel the loss of this source of revenue more than other towns of Lanark county. This is true, but it now appears that the blow to tax collections, brought about by the Provincial Government's policy of gobbling up one of the last remaining sources of revenue that had not been invaded by it, will be felt in varying degrees by all towns. In Perth, for instance, the government's action will result in an increase of a mill-and-a-half. What it will be in Carleton Place and Smiths Falls is not known but it will be something no doubt. Here in Almonte the increased burden will be two mills.

See End of Spanish War at Early Date

Belief in Europe that Present "Big Push" will End War One Way or Another.

The "big push" that is believed by United Press observers to be the beginning of the end in the Spanish Civil War is being made near Madrid today.

This week both the government forces and the rebels brought all their strength to bear on the Jarama river section near Madrid. Losses have been heavy on both sides and both generals claim to have taken ground from the other. The government admits that resistance to its offensive has been sustained but that slow progress is being made.

Rebels also claim to be on the offensive and say they have taken ground.

On the result of the Parama river fighting trained war observers believe the outcome of the Spanish struggle depends.

Described Trip to Hudson Bay Posts

Interesting Address at Iroquois Falls Y.P.S. Meeting

Iroquois Falls, Ont., Feb. 18th, 1937. Special to The Advance.

A very interesting description of the trip of P. Ashley Cooper, Governor of the Hudson Bay Co. to the posts on the steamer Nascopee in 1934 was given by Walter Black, formerly Merchandising Supervisor with the Company, now manager of the Abitibi Mercantile Department here, at the United Church Young People's Society meeting Monday evening. Following the address Mr. Black showed moving picture films of the trip. Governor Cooper, who was 30th Governor and the first to visit the posts, left Montreal in July, 1934, on the steamer Nascopee and visited all the posts. Mr. Black was a member of the party. After dropping the pilot at Rimouski they called at Cartright, Labrador, where the Grenfell Mission buildings had just been burned down. They laid the cornerstone of a new post and were entertained by natives, who put on a programme of games and races. Governor Cooper gave each of the chiefs a copy of his address and a present and was in return given a copy of each of the speeches of the chiefs, in the various dialects. At Port Burwell they saw kayak races. After spending several days locked in Hudson Straits by fog they crossed to a post on Bauffin Land and then back to Wostenholme, where only moss, on which the caribou feed, grows. The country in this district is mountainous and the post is named after the famous explorer who is buried there.

The party called at Charlton Island, Moose Factory, the largest post, founded in 1672 and to Ruperts House, founded in 1671. From Charlton Island they proceeded to Churchill, 500 miles away, which they expected to reach in four days. They were, however, stuck in the ice, and instead of being the first boat into Churchill that year they were the fifth; four grain boats travelling the northern passage encountered no ice. While caught in the ice one day they moved forward 16 miles, and were pushed back 24 the following day. The party left the ship at Churchill and flew to several posts in Manitoba ending at Lower Fort Garry and motoring to Winnipeg.

Mr. Black had one of the company hunting knives, similar to that presented to each Indian or Eskimo chief. The knives are engraved with the company flag, which incorporates the Union Jack in one corner. Each knife was marked with a motto in each dialect. Mr. Black also showed several interesting souvenirs such as caribou boards, carved from walrus and narwhal tusks. The talk was very interesting and educational and the films, loaned to Mr. Black by the company, were also very much appreciated.

1920 Balloon Wreck in the North Still Talked of

(Kapuskasung Tribune)—A story comes out of Cochrane last week that remnants of a United States naval balloon which had been blown far out of its course in December, 1920, and was lost track of for three weeks after it left its Long Island mooring post, have just been discovered near Moose Factory. The three occupants (American lieutenants) had been rescued by Indians at the time their balloon came down, and they made a very arduous trip down from Moose Factory to Mattice, following the trail at that time favoured. The story at that time made a front page sensation in the world's press, and it was kept keyed up for a time by quarrels that broke out between the three American aviators, which the papers played up. Mr. J. A. Clermont, of Cochrane, now master of titles there but who in 1920 was a newspaper correspondent made a great "scoop" by going to Mattice and getting first hand news of the return to civilization of the fliers given up for lost.

But the present story is in a different category. It concludes that the balloon remnants were caught in a tree, with the tattered silk bag tangled in the tree and the basket below it, "in a much travelled area just close to the trail, and it is remarkable that it escaped detection years ago."

It didn't escape detection at all according to our information. Fred Davey, of The Northern Tribune staff, who was born at Moose Factory and spends a vacation up there every year with his people, says that he heard about the location of the balloon wreckage years ago, and that it was a topic of talk among the Indians there. This seems to us to be authentic refutation; we need not add more.

So great has been the progress in aviation since 1920 that it would be practically impossible for any aircraft that crashed in the remotest parts of Canada to be lost track of for more than a few days at the outside—unless the probable course of the craft were a complete mystery. Even then, we think that the intensive combing of our untamed fliers would soon discover any wrecked machine.

Matheson Legion Stages Notable Amateur Night

(From Northern News)

Staged as a means of raising funds for the Boys' Band being sponsored at Matheson by the branch there of the Canadian Legion, an amateur night last Friday packed the Odd Fellows hall at Matheson and, along with selections from the boys' bandsmen to be benefited, and a dance made a most enjoyable social event.

Winners in the programme which included 25 numbers in all, counting the selections of the Legion Boys' Band, were (1) Jack Critchley, piano solo, "Fairy Wedding Waltz"; (2) Jean Mc-Christie, an acrobatic performance; (3) Deris Smylie and Margaret Monahan, in "Queen of Night," a vocal duet; (4) Peter Whitduck, in a violin solo.

Prizes were \$5 for first, \$3 for second, \$2 for third and \$1 for fourth, the last prize being an addition from the original list because the judges felt that some recognition should be given for the fourth spot.

Originally it was the intention to have the winners auditioned for radio appearances at Kirkland Lake but owing to the difficulty of travel over winter roads that was shelved for the cash prizes which were much appreciated.

Mayor G. Hodgson presented the prizes to the winners, making the occasion one in which to note the effect for good on the youth of the town the boys' band will be.

J. A. Critchley, immediate past president of the Matheson branch of Canadian Legion, replied for the veterans.

Judges for the contest, which was followed by a dance to the music of the Nicholson string quartet; were: Mrs. G. Hodgson and Mrs. H. Middaugh; C. Goslin and M. Viret.

Bob Hembruff was a fine chairman for the evening and Les Nicholson, secretary-treasurer of the branch, it was who explained the reason for giving up the radio auditions as prizes.

A. Anderson directed the band during the evening and other Legionnaires who had official duties were W. Green who looked after the refreshments for the dance in satisfying style and W. Holts who raffled off a fine piece of net work donated by M. Walker, a procedure which brought an addition \$6.35 to the band fund.

Those taking part in the amateur contest in addition to the winners were Walter Eckenwiller, Genevieve Arnott, Patricia and Percy Miller, Jimmy Godfrey, Mr. and Mrs. E. Nicholson with Ralph and Les Nicholson, Walter Godfrey, Harold Davidson, Clifford Leavoy, Barry Miller, Ronald Moore, Roy McNeill, Anita and Patricia Laronde, Eugene Longstreet.

Harry Ansara Out on Bail of \$15,000

Young Man Released at Kirkland Lake Charge on Property Bail.

(From Northern News)

Fifteen thousand dollars in property was the amount of surety required by the Crown before Harry Ansara, 30-year-old local salesman, was released on bail yesterday afternoon on charges of attempted murder and being in possession of a gun not registered in his name which will be heard at the Spring Assizes in Halleybury next month.

The bond was signed by his father, Kalli Ansara, two brothers, Syd and Eli Ansara, an uncle, Moses Ansara, and a friend of the family, Eddy Dabous.

Harry Ansara was at liberty on bail at about 4:30 p.m. yesterday following a trip by J. W. McBain, Justice of the Peace, to the Ansara home, where two of the bondsmen were confined with the cold prevalent in Kirkland Lake.

In the special trip to the Third street home the granting of bail duplicated in a sort of way the preliminary hearing of last Thursday, when the evidence of Helvi Mutka, victim of the shooting on January 29 with which Ansara is charged, was taken at her home because she had not sufficiently recovered to go out.

Pearlman Applied

Granting of bail yesterday followed a trip to Halleybury on Saturday and an appearance before Judge Hartman by Ed. Pearlman, counsel for Ansara, when \$15,000 was agreed to by Crown Attorney Jack Robinson, of New Liskeard.

The final order authorizing a local J.P. to sign the bail bond was granted yesterday afternoon when titles of sureties offered had been checked and legal details attended to.

It was a major evacuation when the accused man moved from the cell block

That Finished Her

It is recalled from evidence at last Thursday's preliminary hearing that it was to be a "last night" of sorts for Violet Juntilla, her girl friend, and Helvi Mutka, that night of January 23, which ended so badly for Helvi.

"We were going to quit drinking after that night," Violet Juntilla told Defence Counsel Ed Pearlman in magistrate's court.

To his suggestion that it was to be a big night, a final fling since they were not going to drink any more, she replied that neither she nor her girl friend Helvi, were drunk.

"You had done quite a lot of drinking before," suggested Ansara's lawyer.

"We did drink quite a bit," she replied, "but that night has finished me for drinking."

Death at Halleybury of Former Timmins Resident

(From The Northern News)

The death of the late Mrs. Henrietta Sullivan occurred on Tuesday evening at St. Mary's-on-the-Lake hospital, Halleybury, after an illness of about one week's duration. Although she had been in failing health for the last two years it has only been since Christmas that she has been bed-ridden.

Mrs. Sullivan, who is 81 years old was born at Isaac's Harbour, the daughter of Mr. and Mrs. Benjamin Hines. She was married to John Sullivan who predeceased her nineteen years ago. Five years after her husband's death she moved with her youngest daughter, Mrs. George Williamson, to Timmins

California Boy Makes Mark for Politeness

A United Press despatch this week from Burlingame, California, tells this story:—

Burlingame has a Freddie Bartholomew of its own, at least when it comes to screen politeness. The only trouble is that his name is not known.

Knocking at the door of Mrs. Elizabeth Turner, he said:

"Excuse me, madam, but could I make a suggestion?"

"Why certainly," replied Mrs. Turner.

"Well, the roof of your house is on fire. I suggest you call the fire department." The boy volunteered.

The department got there in time to limit the damage to \$250.
