Celebration Here of Silver Wedding

Many Beautiful Gifts and Congratulations to Mr. and Mrs. J. Higginbotham

A pleasing event took place at the home of Mr. and Mrs. J. Higginbotham, 114 Main avenue, on February 24th, when a number of friends gathered to celebrate the twenty-fifth anniversary of their wedding.

Mr. and Mrs. Higginbotham came to Timmins ten years ago from Nottinghamshire, England, where they were devoted and highly esteemed members of the Mansfield Wesleyan Church.

for his memory, cancelled a social function planned for this evening. He wore a veteran's jewel. "His wife survives and there are three sons and four daughters—Clarence of Renfrew, Harold of Temiskaming, Earl of Timmins; Ada of New York, Nettie of Toronto, Mrs. Bert Lamb of Toronto, Ellis of Renfrew. There is one brother, Lewis Moore of Badjeros, who is now in Renfrew.

The late Wm. A. Moore was very highly regarded in Renfrew and district, and was on many occasions honored by the confidence of the people. He served with satisfaction to the public and credit to himself in the town council at Renfrew from 1910 to 1913, and he was mayor of Renfrew in 1914.

H. S. Parents' Night at South Porcupine

Successful Interesting and Successful Event Held at the South Porcupine High School.

South Porcupine, Ont., Feb. 27th, 1937. A most encouraging number of parents and friends met on Thursday night in our High School for the first "Parents' Night" given here.

Not only were specimens of the work done in our High School on show, but the atmosphere of the school, the unobtrusive capability of each member of the staff, and the intelligent, well-mannered co-operation of the pupils were on show too.

And the result in the minds of those present is summed up in the thought that what the staff is doing for our children is not to be measured in terms of currency. That the well thought out athletic and sportsman-like gymnasium work is excellent for our young adolescents.

Outstanding in its originality and usefulness was the exhibition of Conversational French. Miss Wilkins is taking a modern and original (to say nothing of a practical) way of teaching French to her pupils.

In first form, French is spoken as well as read. Consequently when pupils reach fourth form they have a knowledge of workable French which will be of infinite value in a bi-lingual country.

The exhibition of calisthenics given under the direction of Mr. Mulcahey was as fine a piece of work as we have seen done anywhere. Mr. Mulcahey is distinctly in his element with this branch of education and his seemingly casual and effortless supervision, and command was wonderful.

The boys were really excellent. And our girls looked very smart in their new gymnasium uniforms of yellow blouses and blue shorts as they gave nice exhibitions of basketball playing.

Mr. Blake, principal, in his opening remarks to the audience welcomed them to the school, and told them that they would see, not a planned display or concert, but the actual everyday work of the school.

The Tisdale Township High School orchestra provided music, and the trio of wind instruments which played a selection later was deserving of much praise.

Then followed: French Songs—from Students of Form I High School String Quartette. French Song—Ona Normandie—Students of Form II. Recitation of Memory Work (French)—Form II. Conversational French (a hostess greeting afternoon callers and the conversation on simple everyday affairs)—by students of Form III.

Basketball—Junior Girls. Calisthenics—High School Boys. Tumbling—High School Boys. Basketball—Senior Girls.

Business Men of South Working to Help North

Messages Received Here from South by President of Northern Ontario Associated Boards of Trade. Hamilton Chamber of Commerce Tells of Its Sincere Desire to See That Justice is Done to the North.

A more active campaign is being conducted by business men of Southern Ontario to force upon the government the recognition of Northern Ontario's needs than at any time in the history of the province. W. O. Langdon, president of the Northern Ontario Associated Boards of Trade, believes.

Not only were the associated boards of trade and chambers of commerce of Southern Ontario most cordial to Northerners at the all-Ontario conference last summer, but since that time Mr. Langdon has received messages from organizations and prominent men of the South.

The following letter, from F. P. Healey, managing secretary of the Hamilton Chamber of Commerce, is just one of the encouraging messages: Mr. W. O. Langdon, President, Northern Ontario Associated Boards of Trade.

Dear Sir: The presentation of the resolutions to the Acting Premier and some of the members of the Ontario Cabinet on the 28th of January was reported to our Board of directors at a meeting which followed and during the discussion which took place regarding the resolution from the Northern Ontario Associated Boards of Trade, it was felt that we should not let the matter pass

without again assuring you of our sincere desire to see that justice is done to your section of the province, not only along the paths outlined in the resolution but in connection with any other problems which may arise.

I was directed to advise you that if at any time there is any way in which we can be of assistance we hope that you will advise us. Naturally we are all more or less interested in our own local problems and for that reason are inclined to overlook the problems in other sections of the country; nevertheless we fully realize that matters in question are of equal interest to all of us, not only on account of the splendid business connections, but because the welfare of the Northern portion of the province is in a degree just as important to the citizens of other portions as it is to your good selves.

I do not think there is any necessity of going into greater detail—we simply want you to feel that we are all one and that matters affecting the province of Ontario should be of interest to all of us.

We hope that at some suitable occasion you will be good enough to mention our communication to the members of the Northern Ontario Associated Boards.

Yours faithfully, F. P. Healey, Managing Secretary.

IS GAMBLER RIVAL OF DUKE? Is Nicolas Zographos, famous Greek gambling magnate, a rival of the Duke of Windsor for the hand of Mrs. Simpson? That is the question being asked in the United States after the rich gambler and Mrs. Simpson had attended similar functions and danced together. This photograph of Zographos was taken as he appeared at a Cannes resort.
