Fatal Accident at the Paymaster Mine
Percy Archambault Killed Yesterday When Piece of Steel in Skip Catches in Timber of Shaft.
Percy Archambault, 25-year-old Paymaster mine employee, was killed yesterday morning at that mine when a piece of steel in a skip the miner was riding caught in the timber of the shaft. Although the skip was stopped immediately when the accident occurred, Archambault had died instantly from injuries received about the head.
A complete investigation is being carried on into the cause of the accident and a coroner's inquest is to be held later. Archambault had been employed

at the Paymaster for the past three years and lived at the mine property. He was not married.

Pleasant St. Patrick's Dance at Badminton Club

The St. Patrick's dance, held last night at the Porcupine Badminton club in Schumacher was a successful affair in which green decorations played a large part. Huge shamrocks decked the walls and the colour scheme was carried through even to the icing of the cakes served at suppertime.
Lucky number prizes were won by Mr. O'Donnell and Mrs. S. A. Caldwell. Al Pierini's orchestra provided exceptionally good dance music.

Huntingdon Gleaner:—Patent papers have been granted for a combination table bathtub and stove invented by Alfred Castanien, Columbus, O. The stove is built into one end and may be used for cooking as well as heating the water for the bathtub. The cover over the bathtub serves as a table top. Castanien says his invention will be found especially useful in farm houses lacking hot and cold running water, also in house trailers.

LOCALS

Mrs. William Wren left this week for a holiday trip to Southern Ontario.

Mrs. C. W. Price has returned home to Giroux Lake, after visiting her son, Ray Price, and daughter, Mrs. Norman Johns, Timmins.

Born—to Mr. and Mrs. Herve Maisonneuve, 159 Maple street, rear, on March 12th—a son.

Born—to Mr. and Mrs. C. D. Clothier 222 Rea street north, on March 15th—a daughter.

David Abramowitz, of the Canadian Jewish Chronicle, Montreal, is in town this week in connection with the annual Passover number issued by that journal.
Miss Jewel Twolan, 25 Fourth avenue has returned after being called suddenly to Calabogie on Tuesday last, owing to the serious illness of her mother.

Mr. and Mrs. Wm. Bannerman wish to announce the marriage of their daughter, Minerva K., to Norris S. Leith. The wedding will take place early in April.
An indoor flower show is to be held at the Noranda hotel, Noranda, on Tuesday, March 23rd, under the auspices of the Noranda Horticultural Society. An item about an event like this in this North Land seems worthy of a few lines at least.

St. Patrick's Party at South Porcupine

Pleasant Event Under Auspices of Past Grands of Rebekahs.
South Porcupine, March 17th, 1937. Special To The Advance.
A very nice "St. Patrick's Party" was held on Wednesday evening at the home of Mrs. Gibbons, Bloor avenue, under the auspices of the Past Grands of the Rebekah Lodge. Seven tables of bridge were accommodated and the motif of the affair was the acknowledged emblems of Ireland and St. Patrick. Favours of shamrocks were given to each guest and the lunch served carried out as nearly as possible the Irish idea. Everyone present had a thoroughly good time. Prizes were won by:—1. Mrs. George Helmer (card table); and 2. Mrs. Henry Miller (blanket). The third prize (a cake plate) was won by Mrs. Bentley Webb.
Many old-timers in the camp will remember Herman Cropsey who lived here in the early days—was one of our town firemen, and married Lily, the eldest daughter of Mr. and Mrs. Frisby. We learned to-day that he dropped dead very suddenly in Pasadena, California, where he had been living for some years past. Very few details can be obtained as yet.
The Young People of the United Church held a social evening in the church on Wednesday, having a good time at a real St. Patrick's party.

Police Court News
One drunk paid the usual fine at Tuesday's court here.
For crossing an intersection in a car at more than 30 miles per hour, a man pleaded guilty. He asked to pay his fine next week so his case will be heard again next Tuesday.
For having beer in his possession not purchased according to the L.C.A. a man who pleaded guilty was fined \$25 and costs.
A case of assault occupied the rest of the morning's time.
Last week an Italian living on Golden avenue brought a case of assault against another which was dismissed. This time it was the defendant of the previous case who brought a charge against a relative of the plaintiff.
He contended that upon leaving the court last week he had had trouble with this man who had threatened him.

Later on he was pushed to the sidewalk, hurt on falling and kicked by the same man.
He had been picked up and taken in a taxi to the doctor's office and a witness stated that he appeared to be in a unconscious condition.
According to the defendant's lawyer this man appears to have what he called a "martyr complex"—a point of view which was evidently not shared by the magistrate.
His worship said in summing up the evidence that assault (common) was proved. According to an independent witness the plaintiff did not want to fight, and the accused man had no business in the row at all.
"I shall fine him \$100 and costs and he must be bond over in \$100 to keep the peace," said his worship—"This thing must be stopped somehow."

Dunville (Virginia) Newspaper:—"Wanted—A live barber. Quality Barber Shop, 10 S. Vermillion St."

Home Improvement Plan to be Featured
(Continued from Page One)
The National Employment Commission's Home Improvement Plan is based on solid fact and sound finance, reduced to their simplest and most workable terms. It faces a condition—unemployment—and meets it constructively, with a practical programme that will gather momentum from itself. It contains nothing nebulous nor visionary. It is not a panacea nor is it an artificial relief measure.
Vast Co-operative Effort
The double purpose of the plan is improvement to Canadian homes and employment for Canadian workers. Every community has in it thousands of homes on which little or no maintenance and improvement expenditures have been made in the past six years. The National Employment Commission has set itself the task of mobilizing across Canada a vast co-operative effort of home owners, workers, building contractors, building supplies firms, business and service organizations, and of public spirited citizens generally to restore and improve the homes of Canada and to draw the unemployment into remunerative and constructive employment.
How the Plan Works
There are thousands of home owners whose homes need repairs and improvements and who have the savings to finance them. But, for those who have incomes but inadequate savings, the plan provides machinery whereby they can finance home improvements and additions, both interior and exterior, on most favourable terms. The plan enables the property owner to improve his property and increase its value without financial strain. He can go to his bank with every assurance of a sympathetic and helpful hearing. The bank will arrange for him a very cheap instalment plan. There is no red tape—the case is stated; assuming the applicant can satisfy the very fair and reasonable requirements, the loan is made. Decks are then cleared for the work to go forward at once.
Work is Created
Every home improvement started puts men to work—not only on the job itself but in manufacturing plants and dealers' stores throughout the country. Retail stores and the plants that supply them will directly benefit. Transportation companies will have more freight to haul. The farm, the mine and the forest will all react to the stimulated demand for the raw materials they supply.
The appeal of the plan is manifold. It appeals both to self-interest and to the community spirit. It appeals as a commonsense method of getting things done. It appeals as an economically sound stimulant to industry. It appeals as an immediate way of taking men off relief rolls and putting them on pay-rolls.
Works in Other Countries
Wherever this plan has been tried, it has met with notable success. Homes have been brightened and made more livable, the unemployed have been put to legitimate work and the community has found itself lifted out of depression to a saner atmosphere of activity and contentment. In the city of Philadelphia, for instance, where \$21,000,000 were spent, over \$14,000,000 went to labour.
The National Employment Commission places this plan before the people of Canada. It confidently calls for their co-operation in a determined effort to improve homes throughout the Dominion and to provide work of employment. The interest of every Canadian citizen, as well as the national interest, dictates support of the Home Improvement Plan.

Huntsville Forester:—The University of California has a collection of 300,000 specimens of beneficial insects. Husband bands are not included in the collection.
Toronto Telegram:—Winner of Irish sweep prize died as a result of the excitement attending his win. However, most ticket holders are in no danger

 - (9) Mining Claim P.8182 Situate in the Township of Thomas.
 - (10) Mining Claim P.8183 Situate in the Township of Thomas.

Dated at Cochrane this 4th day of January A.D. 1937.
JOHN D. MACKAY,
Sheriff District of Cochrane.
-20-21-22-23.

Will Protest Game Played Last Night
McKay Claims Had 4-3 Lead Over Tuxis Grads When Game Called.
Playing a sudden death game for the championship of their T.P.A.A.A. league last night at the Timmins skating rink, McKay Claims had four goals to Tuxis Grads' three a few minutes before the end of the 60 minutes. But the game was never finished.
Referee Joe Delmonte gave a penalty to JoJo Tremblay of the McKay Claims team just a few minutes before the end of the third period. Tremblay refused to leave the ice.
Grads' manager, Ernie Martin, will enter a protest to the league.
