Martin-Bird Encounters High Grade in Drifting

The drift on the main orebody at Martin-Bird Gold Mines at the second level has been extended approximate- Cast of Characters and ly 100 feet east and 100 feet west of Other Data About Show average recovery of \$13.36 per ton. the shaft crosscut, S. J. Bird, president, informs The Northern Miner Both faces are continuing in ore, the president states, with the east race showing a grade of \$13 over a width of six feet. Test holes put out from this face showed to the north six feet running \$12.60 and to the south two feet carrying no values, two feet assaying \$75 and two feet assaying \$85. A slash was taken from the south wall of the drift and a grab sample is stated to have returned \$163. No visible gold is evident and the values are all apparently contained in the sulphides, the president reports.

On the first level the west drift has been advanced far enough that crosscutting has been started now to the wide section of ore grade previously reported as being out in the No. 8 hole.

Picture Urges All to Careful Driving

Interesting and Effective Film to be Shown at Palace on April 14th and 15th.

A ploture titled, "We Drivers," is to be shown at the Palace Theatre on Wednesday and Thursday, April 14th and 15th. It is the General Motors film illustrating in gripping way the battle between the careful and the careless driver. Throughout the theatres of the Dominion there is being staged the ever-present, continuous and vital battle between "Reckless Rudolph" and "Sensible Sam." Rudolph is the villain of the plot, who mutters "Step on it! Who cares?" Sam is the modest here who pleads: "Take your time! Be careful!" In technicolour and in the brief space of fifteen minutes the film clearly points out the causes of automobile common sense, courtesy and respect for traffic laws can avoid them. The picture takes the audience through city streets and along country highways, in the daytime and at night, in fair weather and foul, pointing out the dangers of the craving for speed, and wootgathering behind the wheel, endanger ing life and property. Every feature of 22; Friday, April 9, max. 29, min. 20; poor driving and careful driving is given due emphasis in most interesting | Sunday, April 11, max. 51, min. 27; last way All should see this picture on April 14th and 15th at the Palace.

made in not having jigsaw puzzles and sit-down strikes come along simultaneously.

No One Should Miss Seeing "Trusty Jim"

on April 12th and 13th.

The Young People's Society of the Timmins United Church has presented number of plays that have proved unusually popular and well presented, but the event in the Harmony hall (formerly the Moose hall), Fourth avenue, is expected to be the very best yet. The dates are Monday and Tuesday, April 12th and 13th, and the event starts at 8.15 p.m.

morrow night is "Trusty Jim," a clever Mortimer being the author. The play is Sam Vatcher.

The following is the cast of characters in order of appearance:-Stella Drajancii.

"Reeta," a two-faced friend, Miss

"Lora," a lively housemaid, Miss

"Clark," a busy butler, Robert Trow "Judge Barry," Gailya's foster-

father, Mansel Napper. "Royal Manton," Burt's rival, Don Moving Picture Films of

"Jim Rankin," the manacled man Fernando Balestreri.

Generally Warmer; Fair and Moderate

ook very promising for future warm weather and absence of snow and ice. ern waters will be shown at the meeting. The miximum temperature for the last . All members and those interested in iew days rose to 51 on Sunday and the fish and game in this district are urged weatherman says that it will likely go to attend the annual meeting and help 0.50 or higher to-day.

There was a little snew on the 9th and 10th of this month, but it didn't amount to a great deal, being very little over one-half an inch at most.

The temperatures for the week-end were: Thursday, April 8, max. 38, min Saturday, April 10, max. 38, min. 18 night's minimum 28; eight o'clock this morning, 33.

On Friday, the 9th, from 7 a.m. to 9 a.m., a few flakes of snow, very light Trey, N.Y., Record:-A mistake was On Saturday, 10th, 1 a.m. to 9 a.m., half an inch of snow.

The forecast says "generally warmer and fair to moderately fair."

MANY KILLED AND INJURED IN PARIS RIOTS

Many people were killed and injured when Communists and members of the Parti Social Francais clashed in Paris recently. Our picture shows police examining a cafe in Clichy which Communists converted into a miniature stronghold and fired on police through broken windows.

Deepening Shaft at Porcupine Lake Gold

Development of Adjacent Properties Indicate Good Prospects.

Materials for the deepening of the main shaft are now on the property of Porcupine Lake Gold Mining Co. Limited, according to an official statement and sinking to deeper levels will commence at once. While sinking operations are being carried out diamond drilling and development work on the 280-foot level will be suspended with the exception of one drill to be used to explore around the porphyry intrusion where under similar conditions rich gold depositions have been found near or at the contact of the porphyry Softening of the carbonate schists to the west is a favourable geological condition lately found to exist. It is also interesting to note that development of adjacent producing companies are converging toward the property from the east and west.

Production at the Dome was \$639,753 for March

Dome Mine reports production for he month of March, including premium at \$639,753 as compared with \$617,483 in February and \$614,522 in January. Recovery in March was from the treatment of 48,700 tons of ore representing an average recovery of \$13.13 per ton. In February tonnage treated was 43,900 tons and average recovery was \$14.07 per ton, while in January 48,200 tons of ore were treated for an

Production for the first quarter of the current year amounted to \$1,901,613 from the treatment of 140,800 tons of ore for an average recovery of \$13.50 per ton. In was last quarter of 1936 recovery was \$2,016,583 from the treatment of 138,800 tons of ore.

Event on Saturday Largely Presdor Attended and Much Enjoyed.

Very appropriately, the first Cordaation event of the season was the most successful tea held under the auspices of the Timmins Golden Chapter Imperial Daughters of the Empire at the lovely apartment of Mrs. J. Dalton on

Saturday afternoon. As it was also the birthday of the hostess, I.O.D.E. Member Mrs. Dalton, many of her friends attended the tea making it a very delightful event. The hostess was assisted by Mrs

The tea room was under the capable convenership of Mrs. John Gurnell, assisted by Mrs. Lowe. Mrs. G. Morin.

Mrs. Tomkinson, and Mrs. Bowie. A Coronation bouquet of lovely red tulips, white poeticas, and blue Oris adorned the tea table where Mrs. L. E Dorway, first Vice-Regent, and Mrs. J Keene, second Vice-Regent, later assisted by Mrs. Cuthbertson, poured tea. The draw prize was an attractive General Motors Strike work linen luncheon set. The holder of the winning ticket was Mrs. Shaheen Mrs. J. Geils and Mrs. P. Therriault had charge of the home baking table.

The Chapter wishes to thank Mrs Dalton for her kindness, and also thank its many friends who, by attending made the event a wonderful success. A large sum was added to the Chap

The next meeting of the Golden Chapter I.O.D.E. will be held in the St John Ambulance hall, Birch street south, on April 19th at 8 p.m. It is hoped the members will attend to assist in the programme for Coronation Day, concluding with the I.O.D.E. Coronation Ball at the Riverside pavilion.

Cincinnatti Enquirer:-Most of us don't want to hear anything more about strikes until the umpire starts calling them from behind the plate.

Replica of the Coronation Anointing Spoon

As a souvenir of the Coronation you'll want a set, or at least one, heavily gold plated anointing spoon. This important part of the Coronation Regalia exhibited in the Tower of London, fashioned in the 12th Century and remade for the Coronation of King Charles II will be used at the Coronation of Their Majesties, King George VI and Queen Elizabeth.

These useful, yet historical English made spoons range in size from "coffee" to "dessert." Boxed in Coronation Red with suitable inscription. Just \$1.15 to \$4.50.
