Employment Bureau Pass Applications for Dam Work

Word from Mr. Murphy of the Employment Bureau is to the effect that six men left here Tuesday to begin work on the construction of the new road which is to run from the highway to Frederickhouse Dam. According to Mr. Murphy a considerable number of men from this district have gone to the construction company in search of employment but have been unsuccessful, because all applications have to go through the local office.

There is a considerable demand for house-maids and cook-generals for day planer, an experienced bread baker, planer, chief-electrician, mine-chestman or tailor, may also find work at the employment office.

Schumacher C. W. L. Held Pleasant Party

Couple Motor from New Brunswick to Schumacher for Visit. Other Schumacher News.

S. Schumacher, April 28th, 1937. Special to The Advance.

Miss Evelyn Hazelwood left on Tuesday to visit her aunt, Mrs. Mag-nan, in Toronto.

Miss Marion Laine, left Wednesday to sail for the Coronation, having been chosen to represent the Schumacher high school.

Mrs. H. Waddell spent a few days last week visiting her sister in Detroit.

Mr. and Mrs. E. Sayers have moved to Timmins to reside.

Mr. and Mrs. Little, of New Brunswick, are visiting at the home of their daughter, Mr. and Mrs. McGowan, Third avenue. Mr. and Mrs. Little motored up last week.

Douglas Sullivan arrived in town Monday from Kingston, where he has been attending Queen's University.

The many friends of Mr. F. Chalmers will regret to hear of his serious accident last week. Mr. Chalmers is a noted athlete, employed at the McIntyre mine.

Mr. N. Ryan is in Cochrane this week on business.

Miss P. Smith, of Iroquois Falls, spent the week-end visiting at the home of Mrs. G. Shippam.

Mr. and Mrs. J. M. Carton left on Saturday to spend a vacation in Bermuda and points in the South.

Miss B. Baird and Miss Edgerton, of the Halseybury school staff, spent the week-end at the home of Mrs. J. M. Woods.

Mr. and Mrs. W. Olton have built a new home at Pottsville and expect to move there this week.

Mr. N. Williams, of Queen's, is home for the summer months.

Mr. R. Jennings had the misfortune to have his arm fractured while at his work, at the mine last week.

Mr. Jack Martin, of the Acme Mine, Ramore, is visiting friends in town.

The C.W.L. ladies held a very successful card party for ladies only, in the Parish hall, on Tuesday evening. Several tables of whist and five hundred were played. The prizes in whist were awarded to—first, Miss Scully; second, Mrs. T. Johnston; consolation, Mrs. R. Jennings; and in five hundred, first, Mrs. A. Murray; second, Mrs. E. Monaghan; Mrs. J. O'Donnell was the winner of the lucky door prize. After cards refreshments were served by the ladies.

William Keeley, of Houghton College, Michigan, is home for the summer vacation.

Mr. P. B. Cameron left Saturday for Tashota to do further development on the Edgelake mining property.

Mrs. John Ward left Wednesday to sail for England to visit relatives and attend the Coronation.

Miss Blanche Staples left Tuesday for Listowel, where she will take a course in beauty culture.

Mr. D. Craig, accompanied by his daughter, Mrs. C. Johnston, left Tuesday for a vacation in Toronto and points in the United States.

In Bed For Weeks With Backache

Quick Relief With Kruschen
It was advice from her mother that led this woman to take Kruschen Salts for her backache, and before she had finished the first bottle she was feeling better. This is the letter she writes:—
"About this time last year I had severe pains in my back and was prostrate for three weeks. I could not even rise in bed. I tried several well-known remedies, but to no avail. Then I wrote to my mother telling her of my trouble. She wrote to me by return of post urging me to try Kruschen Salts. I immediately bought a bottle and I can truthfully say before I had taken the fifth dose I could sit up. I kept on taking them and in less than two weeks I was about again. I am never without Kruschen now."—(Mrs.) A.G.

Unless the kidneys function properly certain acid wastes instead of being expelled are allowed to pollute the blood-stream and produce troublesome symptoms: backache, rheumatism, and excessive fatigue. Kruschen Salts is an excellent diuretic or kidney aperient, valuable in assisting the kidneys to excrete acid impurities.

Iroquois Falls Plans for Coronation Day

The Coronation committee acting with G. L. Whiting as chairman has been working faithfully to assure the success of the event on May 12th. At present the programme is not complete in every detail but the executive has been assured the co-operation of many local organizations.

The pupils of the public, separate and high schools of the town and those of Ansonville will unite to form a grand procession, 1400 strong, and will be presented with Coronation medals. The Boy Scouts and Canadian Legion will parade with their colours, accompanied by the Wolf Cubs, Guides, Junior L.O. E.A., and several other organizations.

The ceremony is to take place at 1 p.m. in front of the bank with Mayor Hogg acting as chairman. The speaker will be Dr. R. S. Laidlaw, Rev. E. Hayes and Fr. Pelchier. The town band will supply the music for the parade and accompany the singing of various suitable anthems. The council is going to considerable trouble to suitably decorate the town for the event. Boy Scouts will be in charge of a huge beacon fire and at dusk the fireworks will be touched off by fire chief Herb Wilkes. This is something special for the occasion and will provide as unprecedented display after which the coronation dance will be held in the town hall.

Ansonville Schools Joining in Big Parade. Coronation Medals for Children.

Child Killed in Traffic On Val d'Or Main Street

Main street traffic claimed its second victim on Friday afternoon when 5-year-old Peter Misiura, only child of Mr. and Mrs. John Misiura, Eastwest was struck down and almost instantly killed by a car driven by Maurice Dube of Lamaque.

Rushed to the Lamaque hospital immediately after the accident medical care failed to overcome the terrible head injury, and shortly after being admitted to the hospital the unfortunate child was dead.

Maurice Dube, driver of the car, was taken into custody by the police and is now awaiting the decision of the coroner's jury, that will be held on Saturday with Coroner Dion of Amos presiding. Sergeant Charnaud of the Provincial Police investigated the accident and several witnesses to the tragedy will be called for testimony.

The little victim was playing on the south side of the street, next to the T. A. apartments, which is quite a distance from his home. The car, apparently travelling slowly, was unable to stop, and knocked down the child, the wheel passing over his head and causing a crown fracture that proved fatal.

This is the second tragic result of conditions which force children to play on the street. Due to the terrible condition of the road, it has been noted

Working for Safety From Accidents in Traffic

(Kirkland Lake Northern News)

In a timely interview, Chief of Police William Shane appeals for another year's record of safe driving in Kirkland Lake.

He points out that the only two fatalities of last year were purely accidents, and that accidents of this nature, involving children, could be avoided by parental care and careful education of small children.

The chief, who himself has done a great deal to teach accident prevention by continuous propaganda, a task in which we have been glad to help him, believes that education is a stronger influence than penalties. We agree with him to this extent, that the infliction of penalty means that an accident has already actually occurred.

And his argument is further borne out by last year's municipal record.

The other day Chief Draper of the Terco force predicted before a safety convention in the Queen City that 15,000 persons in Ontario would be killed or injured by autos every year for the next 20 years at the present accident rate.

Similarly, if Kirkland Lake holds to last year's record, the local accident rate can be made negligible for the next 20 years.

Child Killed in Traffic On Val d'Or Main Street

Main street traffic claimed its second victim on Friday afternoon when 5-year-old Peter Misiura, only child of Mr. and Mrs. John Misiura, Eastwest was struck down and almost instantly killed by a car driven by Maurice Dube of Lamaque.

Rushed to the Lamaque hospital immediately after the accident medical care failed to overcome the terrible head injury, and shortly after being admitted to the hospital the unfortunate child was dead.

FRANK FELDMAN

110-112 Pine Street South Phone 130

that traffic has had to crawl along. But the fact that hundreds of kiddies play all along the street makes it apparent that something should be done to provide them with a safe place for games and recreation. Two deaths in a little more than two weeks, with two homes stricken of childish gaiety, must make it apparent that something must be done. Not only is it the responsibility of our citizens to give consideration to improvement plans but there should be some thought given to correcting conditions which have made our main street dangerous and fraught with tragedy.

Mr. T. Bevan who has a tenor of perfect quality sang "The Garden of My Heart," and upon encore gave "The Open Road."

The last choruses, "Tell Me Not of a Lovely Lass" and "In the Sweet Bye-and-Bye," were splendid.

At the end of the concert Archdeacon Woodall thanked the choir for coming over.

Mr. Hale, who conducted the choir, is to be congratulated on the excellence of the concert.

Welsh Choir Event at South Porcupine

South Porcupine People Well Pleasured with Excellent Concert.

South Porcupine, Ont., April 29th, 1937. Special to The Advance.

A good number of people attended the concert given by the Welsh Choir in the Parish hall tonight (Wednesday), and all thoroughly enjoyed it.

The Welsh people certainly have the gift of song. These Welsh miners have Welsh voices and know how to use them.

The programme was sufficiently varied to bring out the characteristics of the singers but one could not help noticing that the chorus numbers had a plaintive quality that told of the homesickness of some for the lovely land of their birth.

This came out particularly in the last number the Welsh National Anthem which was lustily sung in Welsh.

The programme opened with a few words of welcome from Archdeacon Woodall, followed by two beautiful numbers by the choir, "I Passed By Your Window," and "Beautiful Isle."

Mr. T. Williams whose very sweet tenor voice was heard to perfection in "Old Fashioned Town" and as an encore "Believe Me if All These Endearing Young Charms" followed next.

A quartette composed of Messrs Ashton, Hopkins, Watkins and Bellamy, rendered "Long Long Ago" and upon encore "Stars of the Summer Night" and were well received.

Later the same quartette gave "Sweet and Low" with feeling and "Forsaken."

Mr. C. Hughes was scheduled to sing but on account of laryngitis did not do so.

The choruses which captivated the audience most were "The Sailor's Chorus" and "Come to the Fair." These were given perfectly with precision, lightness and jollity.

Mr. A. Bellamy delighted all with his encore "The Admiral's Broom." He has a feeling baritone.

The plaintive note came out strongly in the chorus "Home on the Range" and "In Absence."

To Feature Finnish Arts and Novelties

Sale of Work Event Tomorrow by Ladies' Aid Sewing Circle of Timmins United Finnish Church.

The great event of the year for the Ladies' Aid Sewing Circle of the Timmins Finnish United Church is their sale of work on Friday afternoon and evening from 2 p.m. to 10 p.m. at the church, corner of Elm street and Sixth avenue, Timmins.

Last spring some four hundred people attended the sale during the afternoon and evening. This year all former records will be surpassed in the variety and quality and quantity of all kinds of needlework, embroidery and other kinds of artistic handicraft made by the ladies during the past twelve months. It is confidently expected that some 600 or 800 people will visit the sale during the Friday afternoon and evening this year.

Home-made famous Finnish bread which during past years has had a great sale—in fact the ladies never had enough on sale to equal the demand—will again be on sale.

Ladies of the local congregation—dressed in Finnish national costumes—will serve Finnish United Church coffee all afternoon and evening.

A new feature will be the exhibition of "Ladies' Rural Home Industries of Finland," and it includes exhibits of home-made rugs, tapestry, linen cloth, made on looms or frames, also samples of Old Country needlework and samples of mending, etc. These articles have been made by local Finns.

Unique souvenirs carved out of Northern Ontario wood will be exhibited and sold by Mr. Otto Nenonen, a local Finnish artist in wood carving, who will also give a personal demonstration of carving work during the afternoon and evening.

A short concert, which is given at 7 p.m. includes instrumental selections and selections by the Finnish Choir, and, as an additional attraction, Miss Ivy Paice's class of five little girls will give a dance number.

The sale of work and the concert will be in aid of the local Finnish United Church.

Barrie Examiner.—Speaking of the Home Improvement Plan, the Stayner Sun wants to know if a wife could raise the price of having her hair "shingled" or if a reputable citizen could secure a loan to get "plastered."

CUSHIONS OF NEEDLEWORK TO MATCH AWNING CLOTH UPHOLSTERY ARE SMART

The embroidered cushion cover matches the awning cloth upholstery in colours and design but is softer in texture and to the touch.

Cushions made to match awning cloth upholstery are smart. Also they may be used for furniture which includes awning cloth in such simple ways that the word upholstery sounds too pretentious, as instanced in beach chairs. In these a single strip of awning cloth forms both seat and back, with perhaps another shaped piece for the style of the furniture, if awning is included in its construction, these novelty needlework cushions are the very last word in accompanying accessories for comfort.

Description
The cushions are made of coarse canvas through which heavy yarns are threaded, these yarns matching those in the awning cloth. If the matching is carried out to its fullest degree, the threading of the yarns follows the pattern of the awning in width, size, and colour arrangements. The more varied the colours in the awning, the hand-somer will be the cushions in their smart colours.

Several Styles
Another style is to continue the sequence of colours in stripes, but form them into diagonal lines across the surface of a cushion. Still a third arrangement is to have a square of the colour of the awning stripe worked in the centre of the surface of the cushion cover. Around this centre are ever widening bands of colours in the same sequence as in the awning cloth. These bands are narrow or wide in accordance with their width in the textile.

Sizes and Shapes
Some of these cushions are made in head pillow size, the same width as the awning on the beach chair. Cotton cord in twists of several coloured strands found in the awning and the cushion cover, or folded narrow stitched bands of the awning cloth, are sewed to opposite corners of the top of a cushion. These tie about the top rail of the chair so that the pillow is in the correct place for the head to rest on it when one is seated in the chair. Other cushions are square or oblong.

Working Directions
The work of making these gay cushions is trifling. The heavy yarn is threaded in a blunt needle or a bodkin, and is run under and over threads of the canvas, skipping 2, 3 or 4 squares on the top and going under but one strand. Without altering the length of stitches avoid going under the same canvas strand in adjoining rows.
