Claimed Sold Beer to Provide for Children

(Continued from Page One)
for permitting drunkenness. At that time the accused had a considerable amount of liquor in his possession and eight persons were present in the house.

Benoit Decarie pleaded guilty to a charge of stealing a cutting torch from Mascio's gravel pit. He said that he had sold the torch, which was valued at \$50, for \$1.75 in order to secure money to pay his fare to a destination where he thought he might secure employment.

Provincial Constable Johnston stated that he had found pieces of copper in Caron's junk yard, similar to those reported stolen from the Paymaster Mine.

Mr. Bryce, an employee at the Paymaster, stated that some of the pieces of copper which were stolen were very unique in their structure, and that he did not know of any other mine in the North which used similar copper con-

nections. He said that the pieces found in Caron's yard were identical with those which were stolen, but could not swear that they were the same pieces.

Caron stated that he had bought the copper from Paul Jemima, who said he had picked it out of the dump at one of the surrounding mines.

Michael Reecosky pleaded guilty to a charge of obstructing traffic and was fined \$1 and costs.

Alexander Richards and George Jelly both pleaded guilty to charges of driving without an operator's license and were fined \$5 and costs.

Archie Yndu was assessed \$10 and costs for using insulting language.

Nine men and one woman pleaded guilty to charges of drunkenness and were fined \$10 and costs or thirty days.

John Gignac was charged with illegal possession of liquor and fined \$100 and costs.

John Ferguson appeared on a charge of being drunk in charge of an automobile. He pleaded guilty and was sentenced to thirty days' hard labour.

Paul Leduc was arraigned on a charge of stealing a dog and was bound over to keep the peace for two years.

North Bay Nugget.—Hon. Stanley Baldwin says he doesn't quite know how he'll put in the summer. Wouldn't be a bad idea to voyage across the Atlantic Canadawards.

Anglican Churches Not Ready Yet to Amalgamate

Halleybury, June 3.—(Special to The Advance)—Following the example set by the Cobalt parish of St. James a short time before, parishioners of St. Paul's Anglican Church here on Monday voted not to amalgamate the two congregations meantime. A delay until the end of the present year at least was proposed when members of the vestry met to consider a proposal to this effect and brought forward because of the departure of Rev. E. A. Irwin from Cobalt to his new charge at Wainfleet, in Niagara diocese.

"Bride" Didn't Know About the Wedding

Father Said Celebration was for Wedding, but Girl Had No Information About the Marriage.

"I didn't know I was to be married," the daughter of Dominic Nora is said to have told Constable Johnston when the latter raided Nora's home in Mountjoy township on the evening of May 21st.

This statement was made after Constable Johnston entered Nora's home and found nineteen men and three women drinking heavily. The officer asked Nora what was going on and he said that he was having a little party to celebrate the coming marriage of his youngest daughter. Johnston turned to the daughter and she made the above statement. Nora then said that they were celebrating the wedding anniversary of an older daughter but it was found that she had only been married a few months.

Constable Johnston was called and he stated that on the evening of May 21st, he and Constable Angelo Guallo, of the Timmins police, had entered the home of Nora on a blanket authority and had found one man drunk and the others in a milder form of intoxication. After Nora had explained that it was a party, Johnston asked if he had any more beer. Nora replied that it was all gone, that he had purchased six cases at the warehouse that afternoon but it had all been consumed.

Constable Johnston explained to the Magistrate that there were many nationalities represented at the house that evening and Nora admitted that they were "rather mixed-up."

Notice of appeal has been entered by Mr. Nora.

Big Difference Between Robins and Robbings?

(Windsor Star)
Members of the Sons of Italy Tennis Club at Sault Ste. Marie are reported to have delayed the opening of their playing season because of pair of robins built a nest at the gate entering the club courts and the mother is now engaged in hatching her young.

Such consideration is admirable. It deserves high praise. One wishes that some small measure of it might have been displayed by another son of Italy in connection with Ethiopia.

Kincardine Review-Reporter:—Happiness is one of the few stocks that can be "watered" and still pay full dividends.

LAUNCH FIGHT AGAINST C. I. O.

Representatives of 102 unions affiliated with the American Federation of Labour met in Cincinnati to plan a campaign against the C.I.O. headed by John L. Lewis.

Changed Her Shoes Five Times a Day

Suffered for 20 Years With Rheumatism

Try and picture the life this woman led for twenty years—changing her shoes several times a day in a vain endeavour to attain some relief from the rheumatic pains that were constantly troubling her.

"I have been using Kruschen Salts for four years. For twenty years previously I had suffered with my feet, sometimes changing my shoes five times a day, and frequently sitting without any as the pain was so great. Now I can wear the same pair of shoes all day with comfort. I cannot speak too highly of Kruschen Salts. Only those who had been in constant pain with their feet for years can realize what it is to be free"—(Mrs. E. A.)

It is deposits of excess uric acid, lodging between the joints, which are frequently the cause of rheumatism. Kruschen Salts contain two ingredients—Sodium and potassium—which are effective solvents of uric acid.

Objection to Use of Alias in Court Case

Interesting Points in Second Trial of Alleged High-Grade Fraud Case.

Halleybury, June 3.—(Special to The Advance)—Two objections of a nature unusual in the court history of this district were made before Judge Hartman at Temiskaming General Sessions here on Tuesday, when E. E. Pearlman, counsel defending two men charged with conspiracy to defraud, took exception, first to having one of his clients referred to by his name plus an alias, and later to the proposal of Crown Attorney J. B. Robinson to add to his list of witnesses two men whose names had not been written on the back of the indictment and so had not been before the grand jury.

The case was that in which Henry Platrowick, Kirkland Lake miner, and Stanley Bolcev, whose home is in the Hamilton area, went on their second trial for their alleged effort to sell to Provincial Constable Alex S. Wilson, of Toronto, a comparatively worthless composition, claiming it to be gold and offering it at \$15 per ounce. Bolcev had the alternative appellation of Steve Bolcev, and his lawyer claimed he should not be prejudiced by having an alias tacked on to his name. The Crown argued there were proper grounds for the alias being included, Mr. Robinson saying it would not be fair to accused to disclose the reason meantime. His Honour allowed the objection.

Relief departments all through the province have been notified by Premier Hepburn that starting June 1st all single unemployed physically fit for work must be cut off relief rolls. Instructions have also been issued in regard to the opening of a farm employment campaign. Farmers of the province are urged to advise the provincial employment bureau of their labour requirements.

absence. This evidence was ruled admissible by the court over Mr. Pearlman's objection. Platrowick and Bolcev were tried at the previous sittings of this court six months ago, when a jury disagreed after deliberating five and a half hours.

The case proceeded Tuesday afternoon and continued into yesterday. The only other criminal business of the court was that provided by charges of theft preferred against Sweeney Maki and Harold Campbell, of Cobalt, who are alleged to have stolen some coal there last winter, the complaining party being Robert Herbert, brother-in-law of Maki. It is alleged the two men, apparently while drunk, took fifteen bags of steam coal to the home of J. H. Sutherland, on the La Rose property depositing the contents there and receiving from Sutherland a cheque for ten dollars in payment. Subsequently after police made enquiries, payment on the cheque was stopped. The grand jury returned a true bill in this case.

Civil actions before the court, starting with seven, dwindled to three during the first afternoon. Three were settled out of court, including the only jury case, that of Sam Delbasick vs. H. Atkins, of Kirkland Lake, and arising out of an automobile crash. Settlement was for \$250, it was stated. In the other cases left on the list, none was ready to proceed for sundry reasons, and his honour, remarking that he had been too lenient in this respect in the past, said he was giving "fair warning" to the lawyers he would not be so tolerant regarding barristers not ready to proceed when the cases were called.

May a Dry Month in the Temiskaming District

Halleybury, June 3.—(Special to The Advance)—But for two heavy downpours of rain in the last ten hours of the month, May would have ranked as the third driest May since weather records first were kept in 1894, the official figures of James Reavell disclosed this week. Total precipitation for May was 1.63 inches, but up to Monday afternoon it had been only .59 inches, but two thundershowers occurred before midnight. The driest May on record is that of 1905, with only .46 inches of precipitation, closely followed by 1920 May, with .47; next two are the month in 1935, with .61 and that of 1914 with .74. The average for the month over 43 years is 2.78 inches; last year May recorded 4.4 inches. Average temperature reached 66.1 degrees at one end and 41.2 at the other, against figures of 62 degrees and 43.1 degrees over the long period. The thermometer touched 87.6 degrees last month and did not go below 25.2 degrees. The wind miles were 5287, against 6787 last year and there were 34 calm hours, compared with only 18 a year ago. Farmers have reported their seeding is from ten days to two weeks earlier than usual, due to the dry spell.

Single Unemployed Off Relief Starting June 1st

Relief departments all through the province have been notified by Premier Hepburn that starting June 1st all single unemployed physically fit for work must be cut off relief rolls. Instructions have also been issued in regard to the opening of a farm employment campaign. Farmers of the province are urged to advise the provincial employment bureau of their labour requirements.
