 ADMISSION 50c

Porcupine Likely to be in New Provincial Riding

Report from Haileybury Suggests That New Riding Will Include Timmins, Iroquois Falls, and Other Centres. This Part of North to Have Four Instead of Three Ridings is the Report.

Haileybury, June 7.—(Special to The Advance)—Redrafting of constituency boundaries of the present provincial ridings of Temiskaming and of North and South Cochrane to give the territory they cover another member in the Ontario Legislature is expected to be included in the Redistribution Bill when that measure is introduced, as promised, by the Hepburn Government before the life of the administration expires, according to information obtained at the week-end from a source in close touch with political matters. This probability, it was held, precludes the likelihood of any early election, as no appeal to the voters is contemplated until the bill can be passed through the Legislature.

Expansion of the mining industry, with its consequent increases in the population of the North Country, especially in the Larder, Kirkland and Porcupine areas, is cited as the reason for asking for a fourth member from the district stretching north from Temagami to James Bay and westward from the Quebec boundary to the Hearst section. Men who keep their cars to the ground in the political sense claim there are many more voters in South Cochrane riding, for instance, than in some of the older settled constituencies in Southern Ontario, and it is reported that the projected carving up of the district would be featured by changes chiefly in that riding.

While naturally nothing definite has yet been announced, the source already quoted considered it likely that the mining camps of Porcupine and the Kirkland Lake area—the latter in its wider sense east to the line—and which at present are grouped largely under the same member, will be divided up, with a new constituency being sandwiched between this section and the country which now it included in North Cochrane. Basis for this belief is that population now settled in the Porcupine camp alone warrants the allocation of a member for that mining area who would not, in addition, have to look after the interests of the electorate nearly a hundred miles away at this end.

One suggested plan, assuming there are to be four members instead of the three now elected from this part of the province, would cut off Temiskaming some distance south of its present northern boundary beyond Dan, thereby placing both Larder Lake and Matachewan camps in the next riding, centring in Kirkland and making this projected constituency largely a mining

district. This riding would comprise a large part of the existing South Cochrane and would go to somewhere in the Matheson section. Beyond that to the north end again Porcupine and Iroquois Falls districts would be combined into one riding, leaving the territory now served by North Cochrane substantially unchanged.

Review of Work by Board of Trade

(Continued from Page One)
 2. The endeavours of the Board to have necessary road construction was not confined to the highways but also embraced requests to proper governing parties for roads into other mining parts, particularly into the Kamiscotia field.
 3. The Board, through its executive, also considered and dealt with the question of whether such frequent railway excursions were fair to the merchants of the North. This matter was circulated amongst the various Boards of Trade comprising the Northern Ontario Associated Boards of Trade and there being a divergence of opinion the matter was allowed to stand without further action being taken.

4. The Executive, during the past year, dealt with the matter of heavy tax burden upon the business life of the camp and forwarded resolution to the Corporation of the Town of Timmins and to the Corporation of the Township of Tisdale asking for an increase in license fees to hawkers and peddlers and transient traders.
 5. Another matter dealt with during the year was the necessity for placing of mail boxes throughout the town and for street delivery with partial results being obtained.

6. In the month of May, 1936, it was the privilege of the Board of Trade to entertain Mr. Russell Kelley, the president of the Ontario Associated Boards of Trade, and to listen to a most interesting address delivered by Mr. Kelley during the dinner held on the evening of his visit.
 7. The Board also had the honour of being host to the Dominion Minister of Mines the Honorable Mr. Cramer, whose address at the banquet was the outstanding event of the Board's year, illustrating all, if possible, with greater optimism.

8. All correspondence received during the year had been dealt with and answered. It was duly moved and seconded that the annual report as submitted by the president be adopted. Unanimously carried.
 The financial statement was then submitted to the meeting which showed a credit balance on hand of \$15.33. The statement was adopted as read on motion and duly seconded.

The meeting then dealt with the matter of entertaining the goodwill tour of the Toronto Board of Trade and their visit to Timmins and stay throughout the whole of Wednesday, June 9th. The Board has agreed to provide transportation facilities for the party while in Timmins and with a tour and inspection of the Porcupine camp and of the various mines. Further, the Board will be host at a dinner to be held in the Empire hotel commencing at 7:30 o'clock on the evening of the 9th. The various mines are co-operating in every way and also other organizations and everything points to success.
 The Executive requests the business and professional men of the camp to co-operate by having at least thirty cars at the disposal of the visitors for the day.
 The tentative programme calls for assembling at the Depot at nine o'clock in the morning. A short tour of the town will be made by motor car and the party to arrive at the Hollinger Consolidated Gold Mines office by ten o'clock. The forenoon to be spent in a tour over the Hollinger. In the afternoon the party will meet at two o'clock and start a tour of the camp, returning to the station by six o'clock. Porcupine District Pipe Band will parade in honour of the visitors sometime between 6:15 and 6:45. The Timmins band will hold an open air concert commencing at 7:30 p.m. at the bandstand and the dinner is called for 7:30 at the hotel. At the dinner the High School orchestra will render music and pupils of Mrs. Burt will give a few selections during the evening. The mayor will formally welcome the visitors and it is hoped that Mr. Knox, General Manager of the Hollinger Consolidated Gold Mines, and also Mr. Ennis, General Manager of the McIntyre Porcupine Mines Limited, will address the visitors. Reference to the history of the town during its short twenty-five years of life is to be delivered by G. A. Macdonald.

Real Fish Story Comes From South Porcupine

Fish Caught on Boy's Line Drags Him Into the Water. Moving House in South Porcupine. News of the Anglican Young People's Society. Other South Porcupine and Dome News

South Porcupine, June 5th.—(Special to The Advance)—Mr. Wm. Millions and Mr. Jason Cunningham left this week to spend a few days' holiday at the latter's home in Shawville.

The Young People's Society of the United Church had planned a weiner roast for their final wind-up of the season on Wednesday night. Owing to the rain it was not practical to have an outdoor picnic so the whole group, some twenty-five in all, went by car to the Canusa Mine where they had a wonderful time at the bunkhouse, holding the weiner roast there where Mr. Blinch, one of their members, is in charge.

Mr. and Mrs. Chas. Kemsley, of the Dome, who went to England for the Coronation, returned home on the S.S. Antonia and arrived here on Monday night.

We hear that the Dome Mines Co. is putting cement foundations and basements with furnaces into the houses at the Dome opposite the hospital.

Mrs. Lightbody, who has been ill, is we are glad to hear, improving. Mr. Lightbody, who has been on a holiday in England, is expected to arrive in New York to-day (Saturday).

Dr. Fraser and Mr. J. Evans leave on Monday to attend the Toronto United Church conference which meets this week in Toronto. Mr. Evans is the lay representative from South Porcupine Church.

Several of our townspeople went out to Timmins on Friday night to attend Miss Margaret Easton's dancing class recital. They say they spent a thoroughly enjoyable evening and complimented Margaret (who is, originally, a South Porcupine product) on the splendid way in which she has trained the children.

Mrs. Mueller, who has been visiting her sister, Mrs. Tom Strain, and her niece, Mrs. W. Honer, of the Dome, left on Friday for her home in Newark, N.J. While at the Dome she was entertained by some of the ladies, Mrs. P. H. Hall holding a delightful tea in her honour on Thursday afternoon.

"Teddie" Mahon, whose parents live at the power sub-station, was taken to hospital for emergency appendix operation on Thursday. This makes three public school boys in hospital, in quick succession. First Wilmer Pymant, then Paul LaMothe, and now this boy. All are doing nicely.

These of us who live on the side streets and avenues are grateful for the oiled surface these days. The dust menace out of town is bad.

The Dominion Stores have taken over the Feldman building on Bruce avenue and are opening for business on Friday next.

Verdun Thompson and Roy Flewellyn, of New Liskeard, are staying at the home of Mrs. Jack Wilder.

Born to Mr. and Mrs. Amos Miller, of 74 Commercial avenue, South Porcupine, on Tuesday, June 1st—a daughter.

We know that it is not news to state that a small boy caught a big fish. But we believe it is news when a big fish catches a small boy. On Thursday, a little chap of pre-school age, whose parents live on Railroad street, hunted up a fish hook, tied some string to a willow branch, and after baiting the hook sallied forth for adventure. He went and sat on the edge of the dock opposite the airport, with his baited hook in the water. Now, as a rule, there are no fish to be caught at the dock. Rumor has it that cyanide has exterminated all fish in Porcupine Lake. But at this season of the year, "grass" pike come up the little creeks to spawn (so they say). At any rate along came a pike, swallowed the bait, tugged at the line—and the inevitable happened—splash went the youngster into the water. A man who had been noticing the boy got him out immediately. He was none the worse for the wetting, only it was just too bad, the fish had got away, but the young man was still holding on to the rod. We call that tough luck!

Mr. Tom Waddell, of Toronto, who has come north to play on the Hollinger football team, is staying with Mr. and Mrs. Woodley of Lakeview.

Little Georgina Turner has a birthday to-day. She is four years old and is celebrating with a number of little friends who are all coming to tea, and helping her eat a lovely birthday cake.

Dr. MacDougall, well known as a former inspector of public schools, and still with the Dept. of Education, was in town to-day visiting old acquaintances.

A strange sight was witnessed to-day—that of a two-storey house being moved by motor truck from "Little Italy" to Connaught Hill. The front part of the house rested on the body part of the truck, the hinder part being supported by a trailer truck. It made the journey quite successfully and is now resting on Leighton street.

Doughnut Day for the Girl Guides appears to be quite successful. Latest figures give us 247 dozen sold already to-day. This is made possible by the co-operation of Mr. Fairhurst who makes the doughnuts and lets the girls sell them with no profit to himself. The Guides have quite a big expense to meet in their monthly rent, and by buying doughnuts you are helping them.

Mr. and Mrs. Ulric Hodgins left by car on Friday for their honeymoon in the Ottawa Valley.

Mr. Henry Fast, of Saskatoon University, is arriving in town again to-day.

Mrs. Allan Wiper, of the Dome, and baby, are leaving this week for a three-

The Guides have quite a big expense to meet in their monthly rent, and by buying doughnuts you are helping them.

Mr. and Mrs. Ulric Hodgins left by car on Friday for their honeymoon in the Ottawa Valley.

Mr. Henry Fast, of Saskatoon University, is arriving in town again to-day.

Mrs. Allan Wiper, of the Dome, and baby, are leaving this week for a three-

month holiday with Mrs. Wiper's parents in Scotland.

We hear that Doug Webster, of Dome Extension, is improving nicely in the Toronto General hospital where his crushed foot is being treated.

Mr. and Mrs. Lewis Pyke leave for Toronto on Monday where both attend the convention in the Royal York hotel. Mrs. Pyke will represent the local Rebekah Lodge at the annual assembly and Mr. Pyke will attend the I.O.O.F. convention.

The Woman's Auxiliary for the Diocese of Moosonee meets for its annual convention next week at Iroquois Falls. Wednesday will be taken up with diocesan matters and part of Thursday. Those leaving from here will be Mrs. W. H. Johns (Pres.), Mrs. W. Lemmon, Mrs. Wm. Fairhurst and Mrs. Woodall.

The Past Grand's Club of the Rebekahs held its final party on Thursday evening for the season. The members met for a chicken supper at the Dutch Door Tea room, afterwards adjourning to the home of Mrs. W. Freeman for a social evening. Bridge was played and a happy time spent, the honours of the evening going to (1) Mrs. W. H. Wilson (Timmins); (2) Mrs. Wm. Thomas and (3) Mrs. A. Ewing.

Mrs. Richard Foster, of Toronto, is a guest of her brother, Dr. H. B. Harper. Miss Muriel Miller is improving nicely after tonsil operation.

Mrs. Birch of New Liskeard is visiting her sons in town.

Mrs. H. Disher left on Wednesday to spend a few days with Mrs. S. Graham in Toronto.

Mr. George Sweeney is recovering nicely from a nasty accident which might have had serious consequences. He ran a nail into his foot and swelling and pain followed. He was taken to hospital and lockjaw serum was used with good effect. He came out of hospital on Saturday.

The Sewing Circle of St. Paul's is holding a card party with lunch on Tuesday evening in the Parish hall.

Mrs. Hean, of Gravenhurst, is taking up residence in town at the Sander apartments.

All W.A. members attended morning service on Sunday in St. Paul's Church. On the altar, in memory of Miss Mary Wenger, hospital matron, and W. A. member, who died a year ago, were flowers in the W.A. colours placed there in her memory.

A pleasing and touching little ceremony took place on Wednesday evening before the Guide meeting in the parish hall, when two Brownies "flew up" into the Guide ranks.

The little Brownies were all there in uniform with their leaders. The fairy ring was formed around the toadstool, and Brown Owl made a little speech to the two who were about to leave the ranks. She bade them remember all they did as Brownies, and all the promises. They were now going out of fairyland to do higher things. Each Brownie shook hands with them, and their leaders saluted them. Then the ring opened up and the Brownies "flew" out of the ring into the Guide Horseshoe.

Captain Naish came forward and welcomed them, and the Oriole Patrol made a space for Evelyn Disher, while the Forget-Me-Not Patrol did the same for Audrey McCaw. Then while the Guides sang the Welcoming Song, the Brownies silently disappeared, as Brownies do.

Juvenile Fish and Game Assn. Formed

(Continued from Page One)
 fish must be caught in the Porcupine district.

One year's subscription to a leading Canadian sports magazine will be given to the members of the juvenile club who, in the opinion of the judges who will be picked from the senior club, writes the best essay on "The Conservation of Wild Life."

C. A. Remus addressed the meeting and spoke chiefly on the competition which is now under way during the trout season. A beautiful silver cup will be presented the fisherman who catches the largest speckled trout in Ontario waters during the legal season. This cup was presented to William Lang, past president of the Toronto Anglers' Association, by Mary Pickford, the noted actress, following her visit to Toronto two years ago.

When Miss Pickford arrived in Toronto she had the desire to go fishing and the City of Toronto asked Mr. Lang if he would see that the celebrated lady received her wish. Mr. Lang agreed to do this and was successful in securing a beautiful catch, which he presented to Miss Pickford. When she dressed for the news photographers she wore silver slippers, a pale blue dress, a dab of rouge and powder, and of course, her beautiful golden hair stood out against the background. Mr. Lang was so impressed by this ensemble that he decided to use all these colours in the formation of a trout fly. He did this and named the fly "The Mary Pickford Fly" in honour of his guest.

Later Mr. Lang went to California on a trip and Miss Pickford presented him with a beautiful silver cup in order to show her appreciation for the honour Mr. Lang had bestowed upon her. On presenting this cup, Miss Pickford told Mr. Lang that he could use it any way he liked and that is the manner in which the cherished cup came into the contest.

Mr. and Mrs. Ulric Hodgins left by car on Friday for their honeymoon in the Ottawa Valley.

Mr. Henry Fast, of Saskatoon University, is arriving in town again to-day.

Mrs. Allan Wiper, of the Dome, and baby, are leaving this week for a three-

YOU'LL be amazed how fast you can cook on a Hotpoint Range with its exclusive Hi-Speed, Calrod Elements. You'll find, too, that Hotpoint cookery is delightfully clean and cool—that it saves money—and that it makes every meal taste better. See the new models—prices and terms to suit your purse.

Northern Ontario Power Co., Ltd.

Corner Pine and Second, Timmins Phone 15
 Bruce Ave., South Porcupine Phone 158

A picture of Miss Pickford presenting the cup to Mr. Lang may be seen in the window of Mr. Remus' store, along with a sample of the Mary Pickford fly and other trout flies designed by Mr. Lang.

An attempt is being made to get Mr. Lang to come North and address the Fish and Game Association and similar societies on his many fishing escapades. Mr. Lang takes pictures wherever he goes and he is said to have a wonderful collection.

Mr. Remus, who is a personal acquaintance of Mr. Lang's, said that the latter was quite anxious to come North and that he was certain that he would have valuable information for the Northern fishermen.

The association endorsed the application of Fred Coman as deputy game warden.

Body of Gwyne Jones Recovered Thursday

Funeral Service Held at Timmins on Saturday.

Funeral service was conducted in the United Church Saturday afternoon at 4:30 p.m. for Gwyne Jones, aged eight, son of Mr. and Mrs. Byrnie Jones, 212 Birch street, north.

Gwyne was a pupil at the new Birch Street School and a member of the Sixth Timmins Wolf Cub Pack. Cubs

from the Second and Sixth Packs attended the funeral and formed a guard of honour around their former member. The pallbearers were Scouts Mahew, Hodgins, Dicker, Evans, Roy and Clatworthy. Scout Bellamy and others of the Sixth Troop assisted as guards. Interment was made in the Timmins cemetery. There were many beautiful floral tributes.

Gwyne was the second victim of a drowning accident which occurred at Wawa on Sunday, May 30th, when a play-mate Irma Treff also lost her life. Irma's body was recovered shortly after the accident but Gwyne was not discovered until late Thursday afternoon. Provincial Police Constables White and Strickland supervised the dragging for the body and they were aided by members of the Forestry Branch and many individuals. The body was finally discovered about 1,000 yards from where the accident occurred. Gwyne is survived by his mother and father, one sister, Ena, aged six, and an older brother Kenneth, 15 years of age.

Death of Leo. Snow Last Friday at the Hospital

Mr. Leo. Snow passed away at St. Mary's Hospital on Friday, June 7th.

Mr. Snow was thirty-five years of age and resided at 6 Tisdale Avenue. He is survived by his wife and two children. The funeral took place this morning, interment being in the Timmins cemetery.

SUPER POWER

MEANS Super Value

Westinghouse

The reserve power that is built right into a Westinghouse is of very real importance in comparing refrigerator values. For Westinghouse Super Power means dependable food protection no matter how hot the weather may get. It means greater operating economy too, because its percentage of operating time is reduced by the extra power. And, most important, it means extra years of service, since the mechanism is never operating under a strain to keep up with the refrigeration requirements. Let us prove these facts to you by actual demonstration.
