## New Style Auto Wins Soapbox Auto Derby Here Last Friday

Big Crowd Out to See Happy Event in Connection With Silver Jubilee Celebration. Race Had to be Run in Two Groups Because of Large Number of Entries.

The Soapbox Derby which was scheduled to take place on Tuesday as part of the Old Home Week celebration but was postponed on account of the weather, took place on Friday afternoon. A large crowd of people lined the streets to see the first race of its kind to be ever run in the Porcupine camp. The race began in front of the station on Third avenue, and ended up near the Palace theatre, and because of the numerous entries, the race was first run in two groups, from which the first four of each group entered into the third race that determined the winners. The race was not only for the spectators, but provided plenty of fun for the partakers as well. There were plenty of spills but always those who had unceremoniously taken the spill, came up smiling.

These new autos were designed in several different styles, some resembling wagons and some cars, while the "auto" which won the race looked very much like a baby carriage. In winning this race, the owner must have attained a record for speeding in running a baby carriage. The "autos" were so made as to require one boy to sit in the vehicle, while the other pushed it along from behind. Those people who missed the race certainly missed a lot of good, clean fun.

The winners (first three) were as follows:—

- 1st, Pusher—Murray Stanley, 44 Tuke street, 12 years of age; Driver—Clifford Cretney, 176 Spruce street north, 12 years of age.
  - 2nd, Pusher—Pat Bastien, 103 Maple street south, 13 years of age; Driver—Russell Fortin, 106 Maple street south, 13 years of age.
  - 3rd, Pusher—Don Pirie, 83 Kirby avenue, 13 years of age; Driver—Jack Moisiey, 17 Bannerman avenue, 13 years of age.
- The prizes are awarded by the Lions Club, and "Uncle Dan" of the Beehive Corn Syrup would also promise that each youngster would receive a five-pound pail of Beehive corn syrup as an additional prize.

### Gets Back Nickel Lost Six Years Ago

Five-cent Piece Lost on Kirby Avenue, Timmins, Returns in Change at North Bay.

An interesting and amusing story came from North Bay last week. In 1931 at Timmins a little girl was born to Mr. and Mrs. Bert Smith and shortly after the youngster's birth the father in honour of his baby girl took a new five-cent piece, drilled a hole through it, and by use of a piece of narrow ribbon hung it around the child's neck as a charm or souvenir. In September of the same year the nickel was lost from the baby's neck, the loss being likely confined to Kirby avenue, Timmins. The sequel to this little story took place last week at North Bay where Mr. and Mrs. Smith were spending a vacation. In the Empire hotel on Monday afternoon among the change given Mr. Smith he noted a five-cent piece that looked familiar. On examination he was satisfied it was the coin lost on Kirby avenue, six years ago. It was the same date, had the same drill hole, and also other private marks that made it certain that this was the lost coin. As the Empire hotel is owned by Timmins people the coincidence is all the more interesting, while Pete and Leo may expect some humorous kidding as to whether they picked up any nickels in September of 1931 on Kirby avenue, and if so, will they please return the ribbon also.

P.S.—So far as can be learned, there isn't a Scotsman in this story anywhere—which, somehow, doesn't seem right.

### World's Sport Events

#### Tennis

There is an old saying that a fair exchange is no robbery, and this goes for the All-England tennis tournament which has just closed, when the exchanges were made between England and the United States.

Budge, the young American Davis Cup player, took the men's singles championship from England by defeating Gottfried von Cramm on Friday.

The doubles also went to America when Budge and Mako paired against G. P. Hughes and C. D. R. Tuckey of England in the finals Saturday and won.

In the ladies' singles there was a great upset: when Miss Dorothy Round of England beat the great Jadwiga Jedzejowska of Poland in the finals Saturday after a great battle in three sets, 6-2, 2-6, 7-5.

Miss Round has had a hard struggle this year to get into her stride and has only won one tournament up to going into the above tournament and she was not expected to go very far in the preliminary rounds. But she surprised the best of critics and knocked off the defending champion from the throne and went on to win it.

Mme. Simone Mathieu, France, and Miss Adeline Yorke, of England, won the women's doubles Saturday by defeating Mrs. P. Muddford King and Miss Joan Pittman.

The U.S.A. also took the mixed doubles, Don Budge and Miss Marble doing the trick; so altogether America had a great day.

There will be the odd tournament from now on until the Davis Cup inter-zone matches start on July 17, 19 and 20, with the finals on July 24, 26 and 27. Don Budge says his ambition is to take back the Davis Cup. At the rate he is going there is every likelihood he will do it.

The British have selected the following players to defend the Davis Cup: H. W. Austin, Chas. Hare, G. P. Hughes and C. D. R. Tuckey.

#### Henley Regatta

Canada lost the Diamond Sculls final Saturday when J. Hasenohrl of Austria beat Johnny Coulson, Canada.

The last time Canada won the crown was in 1931 when Bobby Pearce brought it back.

The Grand Challenge cup went to Germany who defeated Oxford rowing club in the finals. In the four's, Cambridge won from Oxford in the finals; Leicester Rowing Club took the Silver Goblets.

The Thames Cup was retained by the U.S.A. Rowing Club.

#### Golf

The British open golf starts to-day in Scotland. The U.S.A. have entered their Ryder Cup players. Cotton of Britain is favourite to win with Schute as second best.

The Scotch and English players went over the course Saturday. The Scots took the foursome and the English the single matches.

#### Cricket

New Zealand won an easy victory over the Summerset cricket club by winning out with seven wickets to go. They are now playing Gloucestershire, New Zealand 362 runs; Gloucester 48 runs for no wickets.

The Australian girls look like having an easy win over the West of England girls. The close of play scores Saturday were West of England first innings 218 runs, Australia 216 runs for 3 wickets.

#### Boxing

Mike Jacobs seems to have his hands full trying to promote the next fight for Louis. First he is going to take him to Europe, then it's with Doyle in the States, and then he thinks it better to stage it in London with the winner of the Schmeling-Farr bout.

It is understood at the present time that the fight between Schmeling and Farr is all off. No doubt Farr is seriously thinking of coming to America to challenge Louis, and Jacobs may make this his next fight in September.

At the same time Doyle says he has only a few points to iron out and he will fight Louis. He claims that a million and a half dollar gate could be had if the fight came off in London. Not with Doyle wearing the gloves in the ring.

Small Montana is going to have a chance at Lou Ambers' title in the near future.

Peter Kane, who won a decisive victory last Monday over Petit Biquet in a charity affair, has now challenged the French bantamweight champion for his title.

#### Tit-Bits

The local fairs were treated to a new kind of a race last Friday when three heats and a final had to be run to pick the winner as there were so many entries. Yes it was the soapbox derby put on by the Lions Club.

Scotty Wilson (not the local "Scotty") was K.O'd while refereeing a fight at St. Catharines. It is reported that he tried to part the two fighters when he stopped a wild swing that laid him out and he was taken to hospital for treatment.

### Japan May Not be Able to Prepare for Olympic Games

Since Japan won the honor of playing host to the next Olympic Games, nearly a year ago, virtually no progress has been made by those in charge of preparations for the event. Some authorities say that it is very doubtful whether Japan can make the necessary preparations in time.

### LOST IN DIAMOND SCULLS FINAL

John Coulson, Toronto Argonauts clever sculler, made a fine showing by getting into the finals. He was finally beaten by J. Hasenohrl, of Austria.

### BOY SCOUTS IN TIMMINS

Continuing from last week's chat about camp programmes, the last but not least: Camp Fires.

Be sure your camp fires are well planned and executed. Doesn't that sound as if I were talking to only the Scoutmasters? Oh no, it's not only the Scoutmaster's job but yours too. You may be called on as a Patrol or a Six to conduct the programme for an evening. Remember that it is to the memories of camp fires you fellows will turn to most in the years to come.

Develop a regular ceremony for your camp fires, one with a real meaning to your brother Scouts. And when the flames soar, upward break into songs that will fit the mood, put on stunts and dramatics, get the fellows who have specialties such as solo singing, or musical abilities to do their stuff, get the "editor" to "edit" the single copy of the camp's not too serious newspaper, have a couple of appropriate camp fire games, such as Indian Hand wrestling, leg wrestling, or Buzzing the Bee. Then a story or two, and finally the good night song and the traditional closing.

But don't stick to the same programme night after night. "Variety is the spice of life," they say. Well, that holds true for camp fires also.

So why not one night a Tall Story Camp Fire, with the telling of Paul Bunyon or John Henry or even taller stories, the crown teller of the tallest story the Champion Tall Story Teller of your gang.

Or try an Indian Camp Fire. The boys will arrive at Camp Fire in Indian file, stripped to the waist but covered with a blanket, and made up with war paint and feathers to take part in a programme of Indian ceremonies, songs, and dances, and stories.

A surprise camp fire which is certain to be a hit can be staged on the lake. Construct a raft of empty oil cans (and board). Cover it with a two inch layer of dirt and build your fire on it. Anchor the raft well out in the lake and gather around it in boats or on rafts for a programme of sea chantees.

And finally as you come to your last Council fire, be sure to lift out some of its ashes with proper ceremony. They will take their place in the Patrol's museum of tradition as a appropriate souvenir of a successful camp.

And that is another part of my cure for campitis. The last part of my prescription will come next week in a chat about the sun.

How are the representations of troops and packs building up for the jamboree? Its only fifty-three more days off.

Of interest to several Scouters here will be the Rover Moot to be held at Bald Lake near Peterborough July 31st, August 1st and 2nd, and the Rover Leaders' Training Course which follows it. Perhaps some will find themselves quite handy to it while holidaying in the south. If you think you might be, get your application in soon to Provincial Headquarters as already I have mine accepted and have received a small pamphlet about it. The cost of the course will be figured on a pooled expense system (less transportation) and should not prove very expensive, if any are interested in taking it.

Colin Charron, of the 8th Troop, won himself more footlight fame at the Amateur Contest during Old Home Week. Colin recently earned his Entertainer's Proficiency Badge at a concert given by the 4th and 8th Troops. Best of luck, Colin.

And left out of last week's column was mention of the Flying Up Ceremony of the Timmins Girl Guides Association. This ceremony is the equivalent of the Going-up Ceremony from the Cub Pack to the Scout Troop only it is from the Brownie Pack to the Guide Company. Representing the Scout Association were Mr. McLean, our president, Mr. Morris, former Akela of the 2nd Wolf Cub Pack and Scout Bob Morin and Bill Dawson who acted as "stage hands", and myself.

The only camp dates I have heard of

### Regatta at River Yesterday

Event Scheduled as Part of the Old Home Week Programme.

Boats of all descriptions, ranging from small skiffs with outboard motors attached to the more powerful bouncing sea-fleas, took part in the noisy races on the Mattamagi river yesterday afternoon. The races were run under the direction of the Timmins Barge Club and the event was a feature of the Old Home Week celebration. Primarily it was to be run last Wednesday but due to the continual rain of the past few days it had to be postponed until yesterday. Fair weather favoured the club and a large crowd gathered on the river banks to witness the interesting events.

The course was about three-fourths of a mile in length and the boats had to make two turns to complete a lap. The starting-point was just to the north of the bridge and the boats raced from there to the south of the Riverside pavilion, circled a buoy and then returned to the starting point. Due to the narrowness of the river, the turns had to be very abrupt and most of the action seen during the various races took place at these points.

The events and winners were as follows:—

The skiff race (boats using seven horsepower motors): 1. J. St. Cyr; 2. E. Ash; 3. J. Sequin; 4. S. Haas.

The open race (motors not to be in excess of 16 horsepower): 1. Dr. A. H. Hudson; 2. E. Buntin. A third entrant, racing under the colours of H. Marshall, was forced out of the race when the engine gave trouble.

The open sea-flea race was won by H. Boyd with S. Haas a close second.

Medals were presented to those placing first in the various events. The official starter was George Richardson.

### McIntyre and Lake Shore on Wednesday

First Time the Two Teams Have Met This Year.
