

SIXTH DEATH BY DROWNING IN DISTRICT

Four Convicted Tuesday in 'Inciting to Riot' Case

Three Remanded for Sentence Next Week. Another Given Suspended Sentence. Two Others have Charges Dismissed. Magistrate Emphasized Fact that Law-abiding Citizens are Entitled to Protection.

In police court on Tuesday six men appeared before Magistrate S. Atkinson on charges of inciting a riot. The charges were made following the disturbance in front of the town hall early Friday morning when a large number of windows were broken in the building by several hoodlums who came among the hundreds of people who gathered some of them demanding the release of the prisoners. Those who faced the magistrate were—Mark Richer, William Gulka, Joseph Roy, Ian Fraser, Leo Cecchini and Phillip Creighton. The first three mentioned were convicted and remanded for sentence until Tuesday, July 13. Ian Fraser and Leo Cecchini were both acquitted. Phillip Creighton was on a suspended sentence for two years and his mother signed a bond for \$200 as a guarantee that he will keep the peace.

More Flowers for Station Park

T. & N. O. Railway Gives Plants to Horticultural Society.

Last night the Timmins Horticultural Society received four boxes of plants from the T. & N. O. Railway. According to H. S. Bayne, vice-president of the society, the plants will be looked after by the members of the society and planted around the cenotaph and in the flower-beds at the station park.

Draw on Model Home and Car on Saturday

Tickets on Sale up to Saturday Night when Draw to be Made.

Tickets on the Lions Club model home and on the Ford V-8 car and other prizes are still available and will be sold right up to Saturday night when the two big draws are to be held. It was learned from Lions Club officials this week. The carnival at the ball park, with all its rides, shows and games, will continue until midnight Saturday when Mayor J. P. Bartleman will draw the winners' tickets from a metal barrel. The place at which the drawing will take place is a platform in the middle of the grounds. The two free shows of the carnival—Captain Marchand's daring dive into a blazing tank and Miss Consuelo's graceful yet dangerous act on the high trapeze—continue to attract large crowds. These two appear at two, five, eight and eleven o'clock daily. Proceeds of the carnival are added to the Lions Club fund established for the purpose of building a community centre to serve the youth of the whole Porcupine district.

Thirty Days in Jail for Snatching Money Here

Young Fellow Grabbed Bills from Man's Hand on Street at Noon One Day. Several Disorderly Conduct Cases, Liquor Charges, Breaches of Traffic Rules at Police Court Here on Tuesday.

Walter Lee was sentenced to thirty days with hard labour when he appeared in police court Tuesday afternoon and was found guilty of a charge of theft. Lee was an employee of the carnival here last week. James Huddleston, the complainant, said that he had been standing on the street in broad day waiting for a bus when the accused came along and snatched \$9 out of his hand. Mr. Huddleston said that he had just received the money as change from a \$10 bill and was in the act of putting it in his wallet when the man came along. After grabbing the money the accused is said to have run into the Windsor hotel. Chased Man Who Snatched Money. David Dixon, who was standing near Huddleston waiting for the bus, saw the incident and ran after the thief. He said that he came across him standing in the hall in the hotel with the bills in his hand. Michael Sullivan, who was also standing with Huddleston, said that he saw the thief and heard the man say "Thanks old timer" and then run into the hotel. Sergeant DesRoches testified that he had searched the man and found the money in his pocket. "Banjo Players" Take Time. Charles Townsend and Desmond Townsend, the two "cowboys" whose arrest for blocking traffic was used by some as an excuse for starting of the riot last week, were each fined \$10 and costs or 15 days. The young men both pleaded guilty to the charges and smiled when the Magistrate called them "banjo players." They took the imprisonment as an alternative to the fine. L. Ranger, who was with the boys on the night of their arrest and who was taken to the station at the same time, appeared on a charge of vagrancy. He was dismissed when he told the court that he had a chance to secure a job. Reckless Driving Charge. Leon Mendelson was fined \$10 and (Continued on Page Five)

CHILD HEALTH CONFERENCE AT SCHUMACHER ON FRIDAY

The Child's Health Conference will be held in the basement of Schumacher public school on Friday, July 9th, from 3 to 5 p.m. All mothers and their babies are invited to attend.

Only Three Fires in Three Days

Fire in Mattress Causes \$5 Loss. Brakes on Auto Take Fire. Fire at Drug Store.

Although the readings of the thermometer during the past few days are generally associated with the outbreak of many fires, the department reports that it answered only three calls during the past three days.

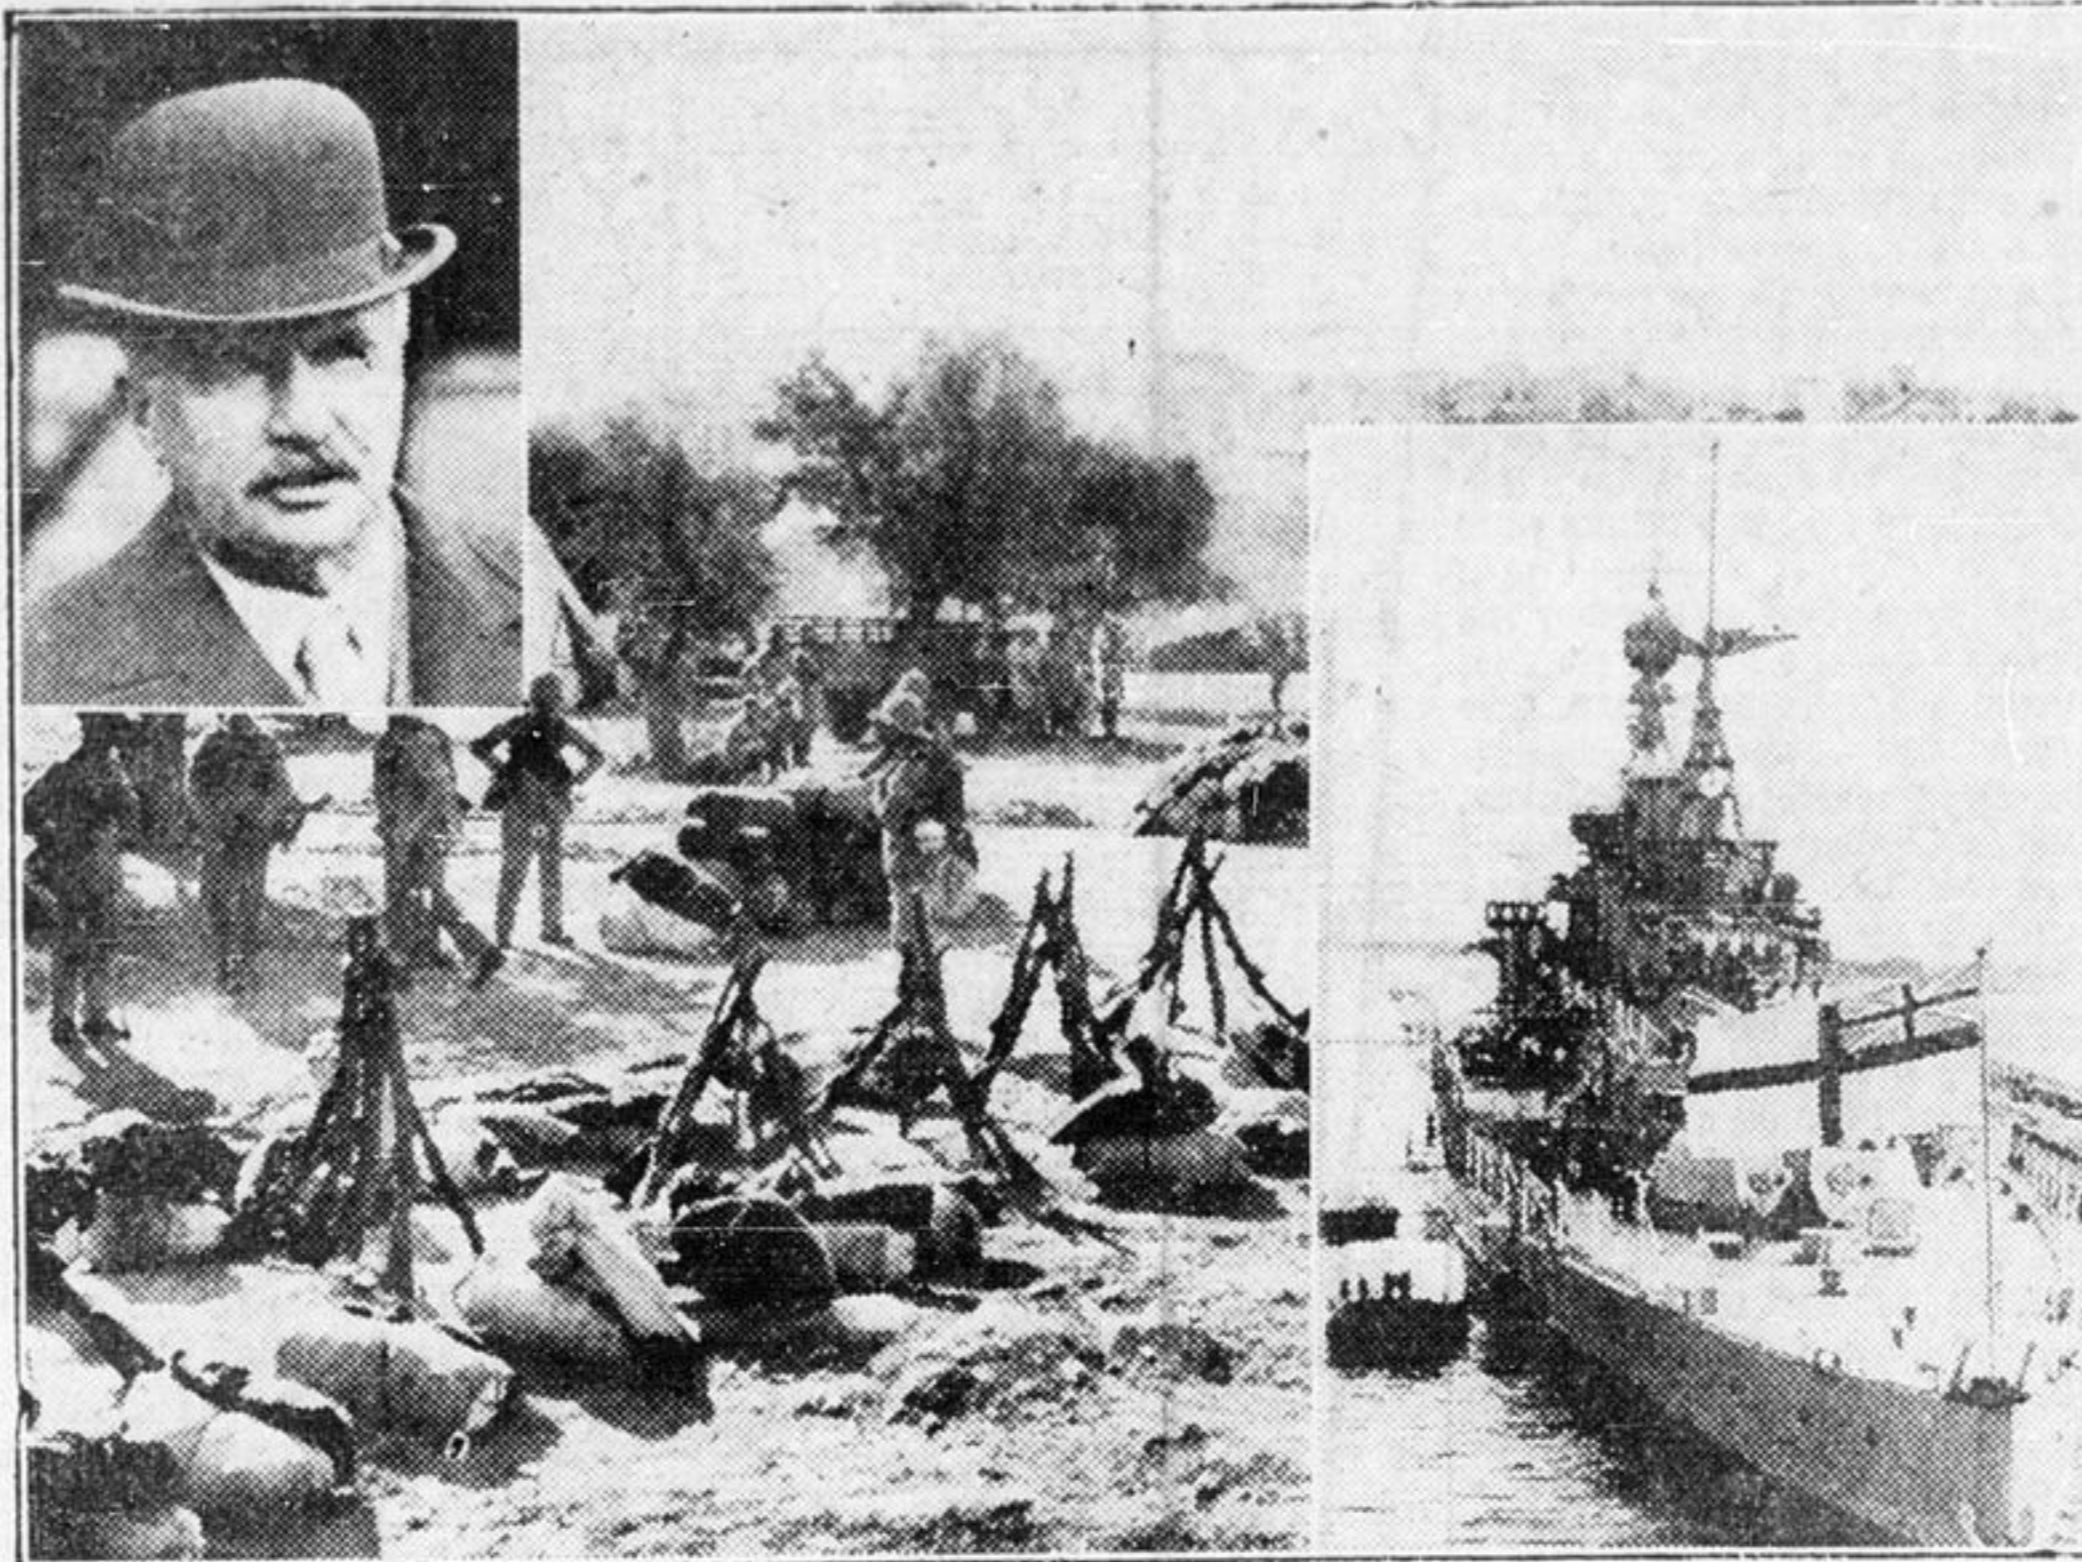

The first call came in at 4:19 a.m. Tuesday morning and the brigade were summoned to fight a blaze in Saya's drug store at the corner of Wilson and Mountjoy streets. A full account of this blaze appears in another column of this edition.

A mattress caught fire in a house at 33 Wilson avenue and the department was called at 4:36 p.m. yesterday afternoon to extinguish the blaze. The cause of the fire is not known but the damage amounted to only \$5.

The brigade was summoned to the corner of Pine street and Sixth avenue at 4:48 p.m. yesterday when the brakes on an automobile caught fire. The fire was caused by the driver running the car with the emergency brake pulled on.

BRITAIN SENDS REINFORCEMENTS TO PALESTINE

The special Royal Commission sent by the British Government to review the Palestine situation between the Jew and the Arab will shortly release its report on the delicate subject. It will probably be heralded by further outbreaks between the Jews and the discontented Arabs and the British Government has sent reinforcements in order to be prepared for emergencies. Above are pictures of British troops in Palestine, while inset is the giant warship Repulse, which has been sent to Haifa. At the top, inset, is Lord Peel, who is the chairman of the special Royal Palestine Commission.

Kiwanis Enjoy Talk on Music in Everyday Life

Reginald DeHaviland Tupper, of McGill Conservatory of Music, the Guest Speaker at Luncheon. Value of Music to Community Emphasized. Public Should Support Bands.

"Music in Everyday Life" was the title of the address of Reginald DeHaviland Tupper, who was the guest speaker at the regular Kiwanis luncheon on Monday. Mr. Tupper is conducting examinations in music for students all the way from Ottawa to Victoria, B.C.

Mr. Tupper first spoke on the value of the radio. He said that it could be turned on easily and frequently one could hear good music. During his travels, Mr. Tupper asserted, he found that music occupies a greater part in the life of the people of the West than it does in the larger towns of Ontario. "In former times a professional musician was expected to be eccentric either in dress or behavior," said Mr. Tupper. In furthering this statement, the speaker quoted so-called oddities usually associated with the character of the great musicians in the past. He said that Beethoven wore his hair very long. Wagner was fond of insulting people and borrowing money and never repaying it and Paganini was very eccentric in his actions.

In contrast, Mr. Tupper spoke of the modern type of musicians. He stated that they are sane, well-educated and much better businessmen than those of earlier times. This was largely due, he said, to the fact that present day people are not adverse to having their children learn music as was formerly the case. "Children who learn music have more acute minds than those who do not," he said. "Every child is entitled to be taught music as well as the other sciences."

Mr. Tupper was firm in his statements to the effect that all bands and orchestras must have a capable leader and he must have the full encouragement of his fellow townsmen.

Phil Kinkel made the reply to Mr. Tupper on behalf of the club and the members asked the speaker several questions regarding the facts of music. E. H. King, president of the club, acted as chairman and he received reports from the various committees on the work being done at the Kiwanis Boys' Camp and the sale of the tickets on the car.

Conservative Party Organizer to be Here

Dinner to be Tendered Recently Appointed Conservative Organizer at Timmins July 22nd.

Mr. Frost, of Lindsay, recently appointed organizer for the Conservative party in Ontario to fill the place left vacant by the resignation of Col. Geo. A. Drew, is to make a tour of the North in the near future. He will be at Kirkland Lake on July 22nd and will be tendered a lunch by the party at that town. In the evening he will be at Timmins and present plans are to hold a dinner in his honour, likely at the Empire hotel, on Thursday, July 22nd, at 7 p.m.

Anxious to Expedite Road Work in North

Toronto Board of Trade Helps in Dealing with Department.

Recently W. O. Langdon, president of the Timmins Board of Trade, heard complaints that work on Northern roads had been more or less discontinued in whole or in part. Investigation showed that there was some ground for the rumour, though it did not appear reasonable. There were actual cases, however, where work appeared to be at a standstill. Mr. Langdon at once got in touch with the Dept. of Highways, but on account of the illness of the Minister, there was nothing very definite obtainable in the way of information. Mr. Langdon then wrote F. D. Tolchard, general manager of the Toronto Board of Trade, and a tried and trusted friend of the North. This week he received a reply reading in part as follows:—"A reply to your letter in Northern Ontario has been delayed in the hope that I might have an opportunity of discussing the question with Hon. Mr. McQuesten, Minister of Highways. Mr. McQuesten, however, has been absent from his office for some time, and is still confined to his home through illness. I have therefore this morning talked with the Deputy Minister of Highways and find that there has been no change in connection with the road programme for the North, but some delay due to bad weather, and also the fact that frost was encountered. In some sections work had to be postponed a week or so on this account. The department has been very anxious to proceed and has urged the contractors to get on with the work. They, too, have been somewhat concerned with their inability to get on faster because of their equipment being on the ground and remaining idle. I am informed that in the area from North Bay through to Cochrane, including Timmins, there are already approved contracts of slightly under \$3,000,000. As already stated, it is the intention and desire of the Department to press this work as quickly as weather conditions will permit."

Both Legs One Arm Fractured

The condition of Lauri Sinisalo, who received painful injuries when struck by an automobile near the Pamour Mine Tuesday night, is reported as considerably improved.

Sinisalo, who had both legs and one arm broken in the accident, was walking along the road toward the mine when struck by a car driven by Fred Fell, Nighthawk Lake. Fell told the provincial police who investigated the accident that he had just turned a bend in the road and had come upon the man so suddenly that he was unable to stop or to swerve out of the way.

The injured man was treated by Dr. W. S. Paul of South Porcupine who ordered that the man be removed to St. Mary's hospital. Police authorities state that no charge has been laid as yet.

Explosion and Fire at Saya's Drug Store Here

Police on Beat Notice Smoke and Were Investigating when Explosion Occurred. Fire Alarm Given and Brigade Soon Have Blaze Under Control. Fire Marshall's Office Investigating.

Only 91 Above Yesterday

Average Temperature for the Past Three Days was 89 Degrees.

Yesterday the thermometer held sway around the 91-degree mark to establish a record for this year's humid atmospheric conditions. Tuesday, according to the weatherman, also had a maximum of 1 degrees but the minimum dropped to 62 degrees while yesterday it never went below the 68-degree line.

The average maximum temperature for the past three days was 89 degrees while the average minimum was 62.67 degrees. The individual temperatures were as follows: Monday, July 5th, max. 85, min. 58; Tuesday, July 6th, max. 91, min. 62; Wednesday, July 7th, max. 91, min. 68. During last night the mercury dropped to 63 degrees and at 8:00 a.m. this morning it read 67 degrees.

Precipitation—Rain yesterday from 3:15 p.m. until 6:00 p.m. to a depth of .04 inches. Forecast—Continuing very warm over the week-end with probable occasional showers.

If it is any comfort to those suffering from the heat it may be said that the heat is officially not so bad as it feels.

Lions Street Dance Enjoyable Success

Big Crowd Attends Last Event of Old Home Week Series.

The Street Dance sponsored by the Lions Club on Wednesday night between Second and Third avenue on Cedar street was a great success. The cooling rain in the afternoon had made the weather just right for dancing, and the smooth rhythm of Al Pierini and his orchestra soon drew a large crowd of both spectators and dancers. One difficulty was the roughness of the pavement which drew many complaints, but after all, pavement is only pavement. The street was adequately lighted, so that spectators as well as the dancers got plenty of enjoyment from the event. This dance, which had to be postponed because of the rain last week, was the general gathering place of the townsfolk last night and the Lions Club are to be congratulated on the success of this last event in the Old Home Week series.

Funeral To-day of Boy Drowned in Gillies Lake

Marcel Canie 10-year-old Son of Mr. and Mrs. Provin Canie Lost Life Tuesday. Firemen and St. John Ambulance and Doctors Make Gallant Efforts to Revive Lad, but Without Avail.

Sunday Special Day at the Finnish Church

Third Communicants' Class to be Received into Membership of the Church.

Next Sunday will be a special day in the life of the South Porcupine and Timmins Finnish United Church, as on that day the third Communicants' Class conducted since the induction of the present minister to the pastoral charge of South Porcupine and Timmins Finnish United Church, will be received to membership in full communion of the United Church of Canada.

The candidates will be publicly examined before the congregation at the morning service, 11 a.m., in both Finnish and English languages by the minister. At the evening service the rite of Confirmation will be administered and the reception of older candidates will also take place. The celebration of the Lord's Supper will follow.

The Communicants' Class has been conducted by the Rev. A. I. Heinonen during the past three months.

Among the visitors to Timmins during the Old Home Week were Miss K. Dwyer and Miss Loretta Bertrand, of Kirkland Lake.

Fire, of unknown origin, caused extensive damage to the contents and fixtures of Saya's Drug store at the corner of Wilson and Mountjoy streets early Tuesday morning.

Constables Garipey and Clemens of the local police force were patrolling the beat in the vicinity of the store when they thought they saw smoke issuing from the building. They started to walk towards it but before they had taken many steps a terrific explosion shook the entire store and the large plate glass window in the front came crashing out onto the sidewalk. Following the explosion, flames seemed to envelop the whole interior. In the meantime, however, the officers pulled the fire alarm.

When the fire department arrived at 4:19 a.m. the flames appeared to be centred in the ceiling. The brigade connected 1150 feet of hose to three hydrants and soon had the blaze under control.

The building and contents are fully covered by insurance, there being \$9000 on stock and \$2000 on fixtures.

The cause and extent of the blaze is being investigated by Carl W. Caskey, inspector in the Fire Marshall's office in Toronto.

Broken Bottle Cause of Badly Gashed Foot

Idiotic Trick at Bathing Dock Results in Serious Accident.

Three young men were playing with a bottle, one holding the bottle while the others attempted to break it by throwing rocks at it, at the Riverside pavilion dock on Tuesday afternoon. After a little of this foolish play, one of the men managed to hit the bottle and broke it into little pieces. A large crowd of bathers were assembled on the dock, and as one of them came quickly down from the opposite end, he stepped on the bottom half of the bottle which was lying on the wooden dock. The glass cut deeply into his foot and in a few minutes there was a large pool of blood. A large crowd of the bathers gathered around the young man who had received the cut, many trying to help him in various ways. However, the young men who had had so little sense in doing a thing like this, had disappeared, naturally not wishing to take any of the consequences. It seems that there should be a school for these half-witted people who are willing to go out of their way to cause trouble to others.

On account of so many recent thefts at Noranda, the authorities at the Twin towns have declared war on transients who appear to be questionable fellows.

Funeral service was held at the St. Anthony's Church at 9:00 a.m. this morning for Marcel Canie, 10-year-old son of Mr. and Mrs. Provin Canie, 82 Hemlock street, who was the victim of a drowning accident at the Gillies Lake beach Tuesday afternoon.

Rev. Father Theriault conducted the service at the church and there were a great many floral tributes.

Marcel had been playing in a boat with another little boy when he slipped into the water about 50 feet from the shore. Witnesses say that he came to the surface once and then went down again. The fire department was called at 2:55 p.m. and they began dragging operations from two boats. The body was found and pulled from the water by Deputy-Chief James Motion just 25 minutes after the accident occurred.

Members of the Fire department, assisted by representatives of the St. John Ambulance Corps applied artificial respiration until the arrival of Drs. C. E. Vaughan, P. Wenger, and H. L. Minthorn, who then took charge. Hot water bottles were supplied by neighbours and the St. Mary's Hospital to aid in the work. Resuscitation methods were continued for two hours but the boy did not revive.

Marcel, who was a pupil at the St. Anthony's school, is survived by his mother and father, three brothers and six sisters. He was the second oldest boy in the family.

Interment was made in the Timmins cemetery.
