

Expect to Start Work Soon on the New Town Hall

Account Not Authorized Held up by Town Council

Councillor Laporte Objects to \$75 Bill for Advt. Not Passed by Council or Committee. Mayor Refuses to Sign Cheque for Gravel Bought from Leo Mascioli. Other Items of Council Business.

A town of Timmins full page advertisement in the Coronation issue of the Timmins Press was disputed at the regular meeting of council yesterday afternoon by Councillor Laporte. The chairman of the Finance Committee protested the \$75 advertisement on the grounds that it had not been authorized by the council.

The matter was brought up when resolutions authorizing the payment of accounts were forwarded. "I have taken out an account for \$75 for a full page Coronation advertisement in the Timmins Press," said Councillor Laporte. "I know nothing of this. I do not remember it coming up before the council or the Finance Committee for authorization."

Mayor Bartleman suggested that the account not be taken out but that the resolution be amended. Finally after much discussion, the whole bill of the Timmins Press, for \$147 was left out of the accounts. It will be considered again by the council.

"I would like an explanation of this," said the mayor. "I remember a representative of the Press coming to me the day before Coronation," replied Councillor Laporte. "He apparently had seen all of the members of council. He asked me what I thought of a full page Coronation advertisement. I said I thought it was ridiculous. I also told him that I did not see how he would be able to authority for an ad of any size as there was not time to call a meeting of council."

Nineteenth Anniversary of Army Here

Week-end Services to be Taken by Adjutant Clague who Opened the Corps Here Nineteen Years Ago.

The nineteenth anniversary services of the Timmins Salvation Army Corps will be conducted in the S.A. Citadel, 10 Birch street, south, during the week-end. The services will be conducted by Adjutant Clague, who, as Captain Clague opened the Timmins branch of the Army nineteen years ago. Captain Clague was very highly regarded during her stay in Timmins and many old friends will give her warm welcome back to the camp. Adjutant Clague is an excellent speaker and no doubt there will be large attendances at all the anniversary services. A welcome meeting will be held Saturday evening at 8 p.m. There will be services Sunday morning at 11 o'clock and Sunday night at 7 o'clock. All are welcome to Salvation Army meetings at any time but there will be special welcome and special interest for the anniversary services at the week-end.

General Meeting of the Legion on Monday Night

There will be a general meeting of the Canadian Legion, Timmins branch, in the Legion hall on Monday evening, July 19th, at 8 o'clock. This is a very important meeting and it is hoped that all members will attend. The chief item of business will be the selection of delegates for the Ontario Command convention Aug. 23rd to 26th. There will also, however, be other matters of interest and importance to the members of the branch.

Hung Ti Sells House but Not to Return to China

Preliminary Steps in Sale Taken. Final Arrangements Not Possible as House Not Completed. May be Sept 1st When Home Finished. "Not So Much Money," Says Hung Ti.

Hung Ti, the lucky laundryman who won a model home in the Lions Club draw, which climaxed the Timmins Silver Jubilee and Porcupine Old Home Week celebration, has completed preliminary arrangements to sell the house to Leo Mascioli for a sum between \$7,000 and \$7,500.

The house is not completed as yet and final arrangements for the sale will not be concluded until it is.

Asked if he would go back to China if he received \$7,000, Hung Ti said, "No. It is not so much money. I stay here. I like Timmins."

Would he use the money to go in business for himself?

"Oh, I don't know. Maybe not," said Hung Ti.

Tenders for Paving Close To-day

Council Plans to Spend \$50,000. One of Three Types of Paving to be Chosen Depending on Cost.

Today was the last day for the reception of tenders for the contract to pave Timmins streets, which has been under consideration for some time since the Ontario Municipal Board approved the plan. J. D. MacLean, town engineer, said yesterday that several Timmins contractors were going to tender for the job.

The council plans to spend around \$50,000 on the project. Streets to be paved are: Pine street from Fourth avenue to Fifth; Pine street from Second avenue to Kirby; Spruce street from Fourth avenue to Fifth; Fourth avenue from Cedar street to Balsam; Second avenue from Spruce street to Balsam; Balsam street from Second avenue to Fourth and Fifth avenue from Pine street to Cedar.

Bids have been asked for three types of paving, concrete, concrete with asphalt sheet, and black base. What choice the council will make of the three is largely dependent on the amounts of the contractors' tenders.

Still Search for Man Who Shot Sudbury Constable

The search for Victor Gray, 52, of Kirkland Lake, who with a companion is believed to have seven times wounded Police Sergeant Fred Davidson, of Sudbury, when he surprised them in the act of stealing the markers off of an automobile, pushed forward to-day with increased energy.

Police have descriptions of both men and a picture of Gray. Police officers in the district have been supplied with these. Davidson is in the hospital with seven wounds, the most serious of which is abdominal. Physicians believe that if he survives to-day he has a chance to recover.

Gray is wanted in Toronto on a wounding charge.

Monteith to be Only Flag Stop on Railway

Closing of Academy Has Reduced the Importance of Monteith

Word from Englehart is to the effect that at the end of this month, Monteith will cease to be a regular railway agency point and will be demoted to the standing of a flag station. The present agent at Monteith is scheduled to go to North Bay as first truck operator at the yard office. The explanation given for the change is that the business of the T. & N. O. at Monteith at present does not warrant any higher grade of service. The closing of Monteith Academy has materially reduced the standing of Monteith. While the Academy was in operation, there were scores of youngsters from different parts of the North attending the school. This meant business for the T. & N. O. not only the pupils using the railways but relatives also used the line to visit the Academy.

Official Visit of Kiwanis Governor

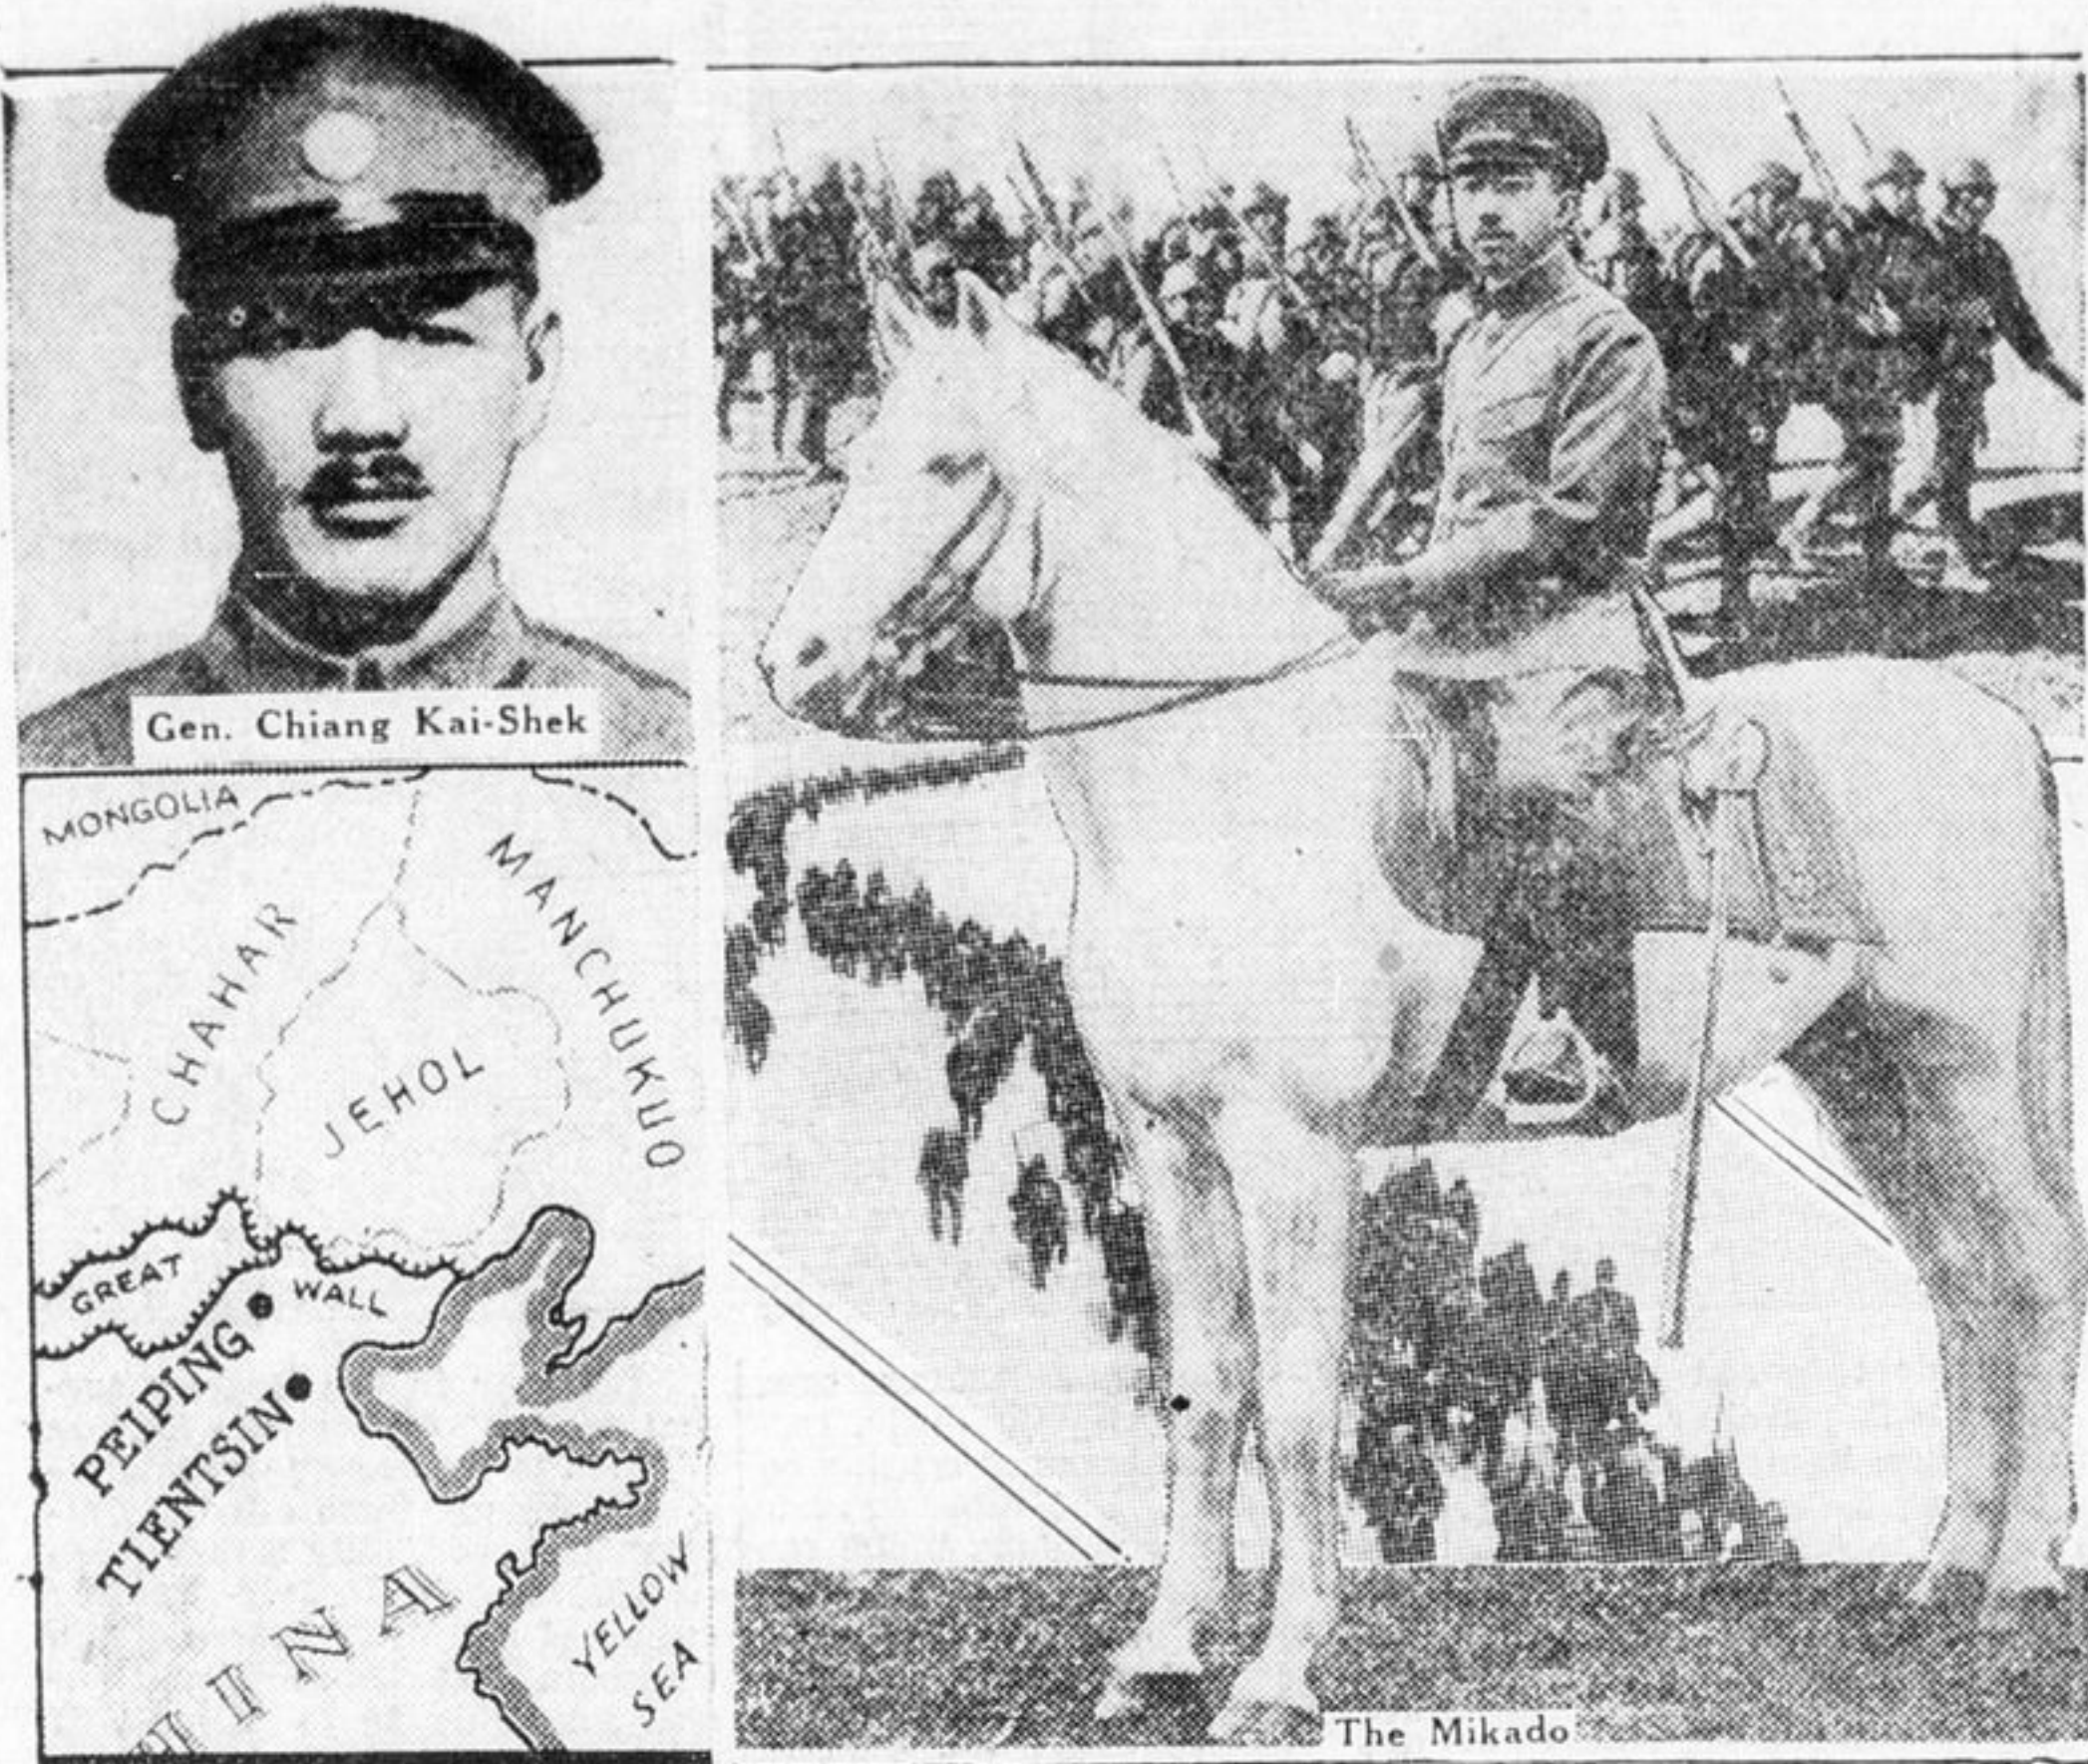

Timmins Kiwanis Club to Have Distinguished Visitor on Monday, July 19th.

The meeting of the Timmins Kiwanis Club on Monday next, July 19th, will be a special occasion, this being the date of the official visit of District Governor Gerald Martineau, of Quebec, to the Timmins club. Members of the local club are expected to turn out in full to enjoy the inspiring address he will present.

The town held a judgment from Mr. Justice J. C. Makins for five years' taxes, amounting to approximately \$1,150. This was confirmed on appeal by the judge, but subsequently leave was granted to reopen the case.

H. B. Hatch, geologist, is on a business trip to Detroit, Mich.

WAR THREATENS AS JAPAN AND CHINA CLASH

Reports from the Far East state that Japan has rushed an army through Great Wall passes near Peiping in order to bolster up Japanese forces now fighting Chinese troops along the Yungting River. The outbreak has intensified the critical situation and observers believe that Japan will fight for the domination of North China. Above are pictures of General Kai-Shek of China, the Emperor of Japan, and a map showing the area where troops of the two nations are fighting.

Dr. Moore Leaves After 25 Years' Service Here

Medical Health Officer of Timmins for Twenty-five Years. Previously at Pottsville and New Liskeard. Valuable Citizen of the North. Prominent in Many Activities of the Community.

Dr. H. H. Moore left Timmins yesterday for the South, his plans being to take a post graduate course at New York with famous heart specialists, and return to Canada to take up practice again as a heart specialist.

In the departure of Dr. Moore, Timmins loses one of its most valued and popular citizens. For twenty-five years Dr. Moore has been Medical Health Officer of the town of Timmins and the fact that Timmins has escaped the epidemics and scourges so common to mining towns, is due in large measure to the unusual talent of Dr. Moore as a medical man and his unselfish devotion to the public interests. Successful in his own practice as a doctor, Dr. Moore built up an unusually large practice. At the same time, Dr. Moore always made occasion to guard the public health in his duties as M. O. H.

For over thirty years Dr. Moore has faithfully served the North. He came to New Liskeard in 1902 and in 1909 went to the new Porcupine camp of Pottsville. Later he moved to the new town of Timmins, being doctor for the Hollinger Mine and for other mining and lumber concerns for many years. In addition to the notable service he gave as medical man, Dr. Moore made time to serve the community in other ways. On the hospital board, the Kiwanis Club, in curling, golf and other community, social and sport circles he took a prominent and useful part. He was president of the Timmins Kiwanis Club

some years ago and always has taken an interest in the club's efforts for community service. His services to St. Mary's hospital have been invaluable. For five years he served ably as a town councillor.

DR. H. H. MOORE

Dr. Moore's practice in Timmins and district has been taken over by Drs. Mackenzie and Kelly who have been with him here for some years.

Cobalt Settles Tax Dispute with Judge

Long-Drawn-Out Case Between Judge Latchford and Town of Cobalt Concluded.

According to word from Cobalt this week the series of law court cases between the town of Cobalt and Hon. F. R. Latchford, Chief Justice of Ontario, are at an end.

The town council of Cobalt on Monday night in regular session ended the dispute by accepting the offer of Judge Latchford for \$500 to settle the claim in full.

The case is of three years' standing in the court. Council sought taxes on two lots owned by Judge Latchford since the early days of the Cobalt camp.

Decision to accept the \$500 came after council heard J. Legris, who has acted for the town in legal proceedings started in 1934. Recently, the \$500 offer was turned down and Mr. Legris instructed to continue proceedings.

The town held a judgment from Mr. Justice J. C. Makins for five years' taxes, amounting to approximately \$1,150. This was confirmed on appeal by the judge, but subsequently leave was granted to reopen the case.

H. B. Hatch, geologist, is on a business trip to Detroit, Mich.

Ottawa Trade Board To Visit Timmins

Tour Planned of the North in Second Week in September

Present indications are that the Ottawa Board of Trade will pay a visit to the North in a couple of months. Last year the Ottawa Board of Trade toured the Northwest part of Quebec. This year it is planned to make similar visit to the mining centres of Northern Ontario. The question was before the Ottawa Board of Trade at its regular luncheon on Tuesday and the plans seemed to meet with very general enthusiasm. In addition to the president, Fred H. Honeywell, K.C., there were seventeen of the directors of the board at the luncheon.

Plans formulated so far in the matter of the visit to this part of the North provide for the party leaving Ottawa on Friday, Sept. 10th, by special train of compartment cars. The first port of call will be Sudbury, where the mines in that city and the neighbourhood, Creighton, Copper Cliff, etc., will be visited.

Timmins will be the second big centre to be visited, according to the reports from Ottawa. It is understood that the group will not stop—at least on the way up—at Kirkland Lake, as a visit was paid that camp last year when the Ottawa Board of Trade party visited Noranda and other centres in Northwestern Quebec. It is expected that the party will spend Monday and Tuesday, Sept. 13th and 14th, at Timmins and visiting the mines and other centres of interest in the Porcupine.

Present indications suggest that there will be 60 in the Ottawa Board of Trade party to visit the North. Last year there were close to 50 in the group going to Northwestern Quebec. It is expected that the trip to Northern Ontario will attract a larger group than the Quebec tour did.

Details of the arrangements for the tour of the North this year are in the hands of Hector K. Carruthers, secretary of the Ottawa Board of Trade.

While Ottawa is not as closely allied in business way as the City of Toronto, the visitors from the Capital City may be assured of a friendly and cordial welcome at every centre in the North that they may visit. The recent Goodwill Tour of the Toronto Board of Trade suggested the value to the North and South of such visits, the result being a better understanding and a greater measure of co-operation for mutual welfare.

Rev. Mr. Mustard to be Here at the End of the Month

Rev. Wm. Mustard, M.A., B.D., formerly pastor of the United Church at Scarborough Bluffs, Toronto, and who succeeds Rev. Bruce Millar as minister of the United Church at Timmins, will arrive here some time during the last week of this month, and will conduct the services here on August 1st. The services in the meantime are being taken by S. Vatcher.

The bowling tournament that was to have been played at St. Matthew's Club last evening was called off on account of rain. It will be played tomorrow evening.

Town Hall to be Wrecked by Town on Day Labour

Decision to This Effect Reached at Yesterday's Council Meeting. Town May Buy Book-keeping Machine. Resignation of Dr. Moore, M.O.H., Received With Great Regret. Other Council Business.

Weather at Week-end Will be Fine

Rainfall Last Night from 7.30 to 11.30 amounted to .10 inches.

The weather this week has been quite ordinary. Average maximum temperature for the first three days of the week, Monday, Tuesday and Wednesday, was 73.33 and the average minimum temperature for the same days 52.66.

On Monday maximum temperature was 74 degrees. Minimum was 47. The maximum on Tuesday was 68 and the minimum, 51. Yesterday was a little warmer. Maximum was 78 and minimum was 60. Last evening the temperature was 62 and this morning at eight o'clock the thermometer registered 66.

There was a light rainfall from 7.30 until 11.30 last evening. Rain amounted to .10 inches.

The forecast is generally cold, a little cloudy with probably the odd thunder shower. Fine weather is forecasted or the week-end.

Arrested Here for the Sudbury Police

Local Young Man Taken in Charge. Officer Here Today to Take Him to Sudbury.

Following request from the provincial police at Sudbury who have been looking for the young man for some months, Jerry McNulty, 25 years old and a native of Timmins, was arrested at the outskirts of Timmins yesterday and held for the Sudbury officers. The arrest was made by Chief R. Paul, accompanied by Detective-Sergt. Leo Gagnon and Sergt. Desroches. Sudbury police allege that McNulty was in the company of two other men who on May 14th assaulted a taxi driver, stole \$18 and a gold watch from him and then took his auto. The other two men have been convicted.

Provincial Constable J. T. Truash, Sudbury, arrived in Timmins this morning to take the accused to Sudbury for trial.

Legion Zone Meeting Matheson Saturday

Donkey Baseball Games Will Be Played Here on July 30 and 31, and August 2.

A meeting of Zone 21 of the Canadian Legion will be held in Matheson on Saturday evening. The presidents, vice-presidents and secretaries of the various Legion branches in the zone are expected to be present at the meeting. Part of the discussion will be about the arrangement of plans for the Ontario convention to be held here next month.

The Legion will stage a donkey baseball game here on July 30 and 31 and August 2. The game will be played in the ball park and will be something entirely new in the way of sport for Timmins people. Donkey baseball is just what the phrase implies—baseball played on donkeys. The players, in this game, have to take into consideration all the well known eccentricities and characteristics of the donkey. The results are laughable.

Tenders for Paving Being Considered Here To-day

Tenders Opened at Noon To-day by Committee Were Referred to Engineers for Report. Meeting to be Held at 4 p.m. Today to Decide on Matter.

A meeting of public works committee of town council was held at noon to-day to consider the tenders for the paving to be done in town this year. The streets to be paved are given elsewhere in this issue. The tenders were opened by the committee after noon to-day, and then referred to the town engineer for a report. A meeting of the committee will be held at 4 o'clock this afternoon to decide the matter and the contracts for the work will likely be awarded then.

The present Timmins town hall will be wrecked, not by contract, as was originally contemplated but by Timmins labour under the direction of the town engineer. That decision was arrived at yesterday at the regular meeting of the council.

The engineer, J. D. MacLean, said that he thought he could do the work in two weeks. Work will be begun soon. It was the mayor's suggestion that relief labour be used. It would create employment, he pointed out, for the many men in need of work.

Asked his opinion, Mr. MacLean said that he believed the idea good. There was a good deal of equipment in the building that the town would be in need of in the temporary hall and the new one to be erected. If the work was done by contract the wrecker would get all of that. The hardest part of the work, namely the removal of the concrete and vault, was going to be done by the town in any event so it might as well do the whole job. Council approved of Mr. MacLean's suggestion that part of the equipment, of no use to the town, such as the furnace, be sold on the spot immediately it was brought out of the building.

The moving of the fire chief's house was left to the clerk and the engineer.

Councillor Laporte, Pat Murphy, accountant, George Ross, auditor, and H. E. Montgomery, town clerk, were appointed a special committee to investigate the matter.

(Continued on Page Eight)

Only Two Fire Calls This Week

Pile of Black Muck Takes Fire, but Extinguished by Chemical.

Only two fires necessitated the calling of the fire department during the past three days and both calls came in on Tuesday.

At 1:02 p.m., the brigade was called to 259 Pine street south where over-heated chimney and pipes caused a small blaze.

The last call came at 10:20 p.m. and it took the firemen to 82 Third avenue where a pile of black muck had caught fire. Six gallons of chemicals were used to extinguish the flames and no damage was done.

6 Months Output of Hollinger \$7,285,486

Nearly 850,000 Tons Milled in Six-month Period.

Hollinger Consolidated Gold Mines, Limited announces dividend cheques payable to-day with a preliminary operating statement (estimated) for the six months ending June 30th, 1937.

In that period, 849,844 tons were milled, with a recovery of \$8.57 per ton. The value of gold and silver produced was \$7,285,486.45. Operating expenditures, including all charges and allowance for other taxes, \$4,723,870.69.

Estimated operating profit, \$2,561,615.76. Interest on investments, dividends, etc., and other profit, \$144,713.71. Estimated net profit before surplus adjustment, \$2,706,329.47. The operating expenditures are detailed as follows:—Mining charges, \$2,996,797.45; milling charges, \$576,376.19; general charges, \$432,500.55; Workmen's Compensation, \$67,626.00; Silicosis assessment, \$98,200.48; taxes, \$552,370.02.

It will be noted that taxes make an important item, being exceeded only by the two items, "mining" and "milling" charges.

First from Timmins Centre to Take A.T.C.M. Honours

There will be general interest in learning that Miss Mary Margaret McIntosh, has obtained her A.T.C.M. with honours. So far as can be learned Miss McIntosh is the first to take an A.T.C.M. degree in the Timmins centre, and to do this with honours is an added record. This talented young lady is only eighteen years of age.
