### Billets Required for the Legion Convention Here Delightful Day Enjoyed by

Anyone Who Can Help Accommodate the 500 to Visit Here for Convention Should Get in Touch with President Neame. Distinguished Visitors to be Here. Notable Programme Prepared for Event.

All arrangements are practically completed for the holding of the Canadian Legion provincial convention here Aug. 22nd to 25th. Word has been received that practically every branch in the province are sending delegates. This will mean that the population of Timmins will be boosted by close to 500 persons. As will be noted on page four of the first section of this issue of The Advance 200 rooms are desired to house this influx. The president of the Timmins branch, A. Neame, says that any comfortable place will suit the majority of the visitors and full rates will be paid. Anyone who can put one or two of the delegates up are asked to send in their application as soon as possible.

So far billeting has been the biggest problem to tackle, but it is hoped by convention time that this will be overcome and everyone comfortably quar-

tered. One of the biggest attractions for the citizens of the district will be the March Past of the Legionaires. This will follow the Mcmorial Service at 6.30 p.m. on Monday, August 23rd Large contingents of Legion members and ex-servicemen are coming from the other branches in Northern Ontario to attend this service which will be conducted by Archdeacon F. G. Scott (known to every Canadian trooper as "The Canon". Rev. Sidney Lambert, Padre of Christie Street Hospital, and other notable ministers of the days of the Great War, will also assist, along with local clergy.

The finder was Mrs. Jollie, 98 Wilson avenue. Mrs. Jollie was out picking berries when she saw the register in the brush. She got a car and brought it in to town. Police identi fied it as the one stolen from the hotel

There were no clues as to who stole the expensive machine. All prints had been destroyed by the weather. The thieves had evidently broken through the bottom of the cash drawer to get at the money inside. They got but little The register was not beyond repair.

The cash register, of an expensive make, was pretty well battered but not beyond repair. Its seven weeks' sojourn in the bush, had damaged the more vulnerable parts but the metal sections were in good condition.

About one hundred members and their families were present at the Ladies' Auxiliary of the Canadian Legion picnic held at Golden City on Wedand Warmer nesday. The sun shone down on the merry picnickers all day, so that it was no wonder every one had an especially lovely time.

Mrs. George set an example for other members by bringing three children Weatherman Has a Lilt in from the Children's Shelter and two other youngsters to the picnic. It is thought that perhaps next year, many if, not all, the members will join in this kindly method of bringing sunshine into the lives of those who are less fortunate than others.

Mrs. Harris kindly loaned her camp at the beach for the occasion, and assisted in other ways in making the picnic a success. Several sporting events made up part of the programme, prizes being awarded to the lucky winners. The baseball game was won by Iroquois Falls, who proudly carried off the prize cup.

A hot supper of beans and hot dogs, followed by ice cream and soft drinks, was served, and was thoroughly enjoyed, being a very special treat for day in Bush by Mrs. Jollie, those who had spent a great deal of the day swimming at this delightful northern beach. All in all, the day was very well enjoyed by everyone who attended, and these lucky people will be eagerly looking forward to th next district picnic.

In view of the fact that there was not sufficient advertisement of the meeting, many of the regular members of the party did not know of the meeting and consequently it was not representative. It was dominated by employees and associates of a supposed aspirant for the party nomination to such an extent that effort is being made now to have a regular meeting of the association with due notification to all members and to unite the party for the coming election.

It is a principle of our demoing bright spots, though conditions in cratic system that, within certain fixed Ontario generally are good.

In a remarkable address given to the Riverside Kiwanis Club, Toronto, on Tuesday of this week, J. L. Prentice, K.C., gave new and unusual light on the question of the secession of Northern Ontario from the South. Mr. Prentice, who spent some years in the North and knows whereof he speaks, scouted the idea that secession was an idle opinion. Indeed, he went so far as to suggest that it was not only a live issue, but might prove of general advantage. His address is of much in-Should the North Secede?

From time to time, rumors of secession drift down from Northern and given much prominence in Toronto, because, I presume, that Toronto does not care to admit or advertise any dissension within the province.

I learn from various sources that this secession sentiment is much more widespread than most people down here suspect. It appears to be growing instead of diminishing. It is the smoke of a smouldering fire which may eventually break out and sweep the whole North country.

There is a reason for it. And that reason is discontent-political and economic discontent-a feeling among the people in the disaffected districts that they have not been getting a square

After considerable study of the situation, and knowing the North as few citizens of Toronto are privileged to know it, I am convinced that the advocates of secession have justification Colonel S. B.
