Jewish People Hold Big District Picnic

B.Nai Brith Lodge Hosts at Culver Park.

The Kirkland Lake B'Nai Brith Lodge acted as hosts to representatives of the lodge from Cochrane, Noranda, Rouyn, Sudbury and Timmins, at a picnic held in Culver Park at Kirkland Lake on Sunday. A large number of the members were present to take part in the thoroughly enjoyable day that their hosts had so kindly planned.

Races made up a large portion of the programme for the day, being mostly won by Timmins representatives, who also won the baseball game, and carried home the cup which is the prize in this annual competition.

A delicious lunch and other refreshments were served, and at the end of the day there was not one who did not agree that the event had been a success from all points of view.

Game Warden Warns Against Firearms

Asks Co-operation Especially of Parents for Conservation and Safety.

In an interview yesterday with Phil Boudreau, game warden for the district, special reference was made to the danger from the 22 rifle. "Of various classes of firearms in use today," says Mr. Boudreau, "the 22 rifle presents the greatest problem to the game wardens in most parts of their districts. Its destructive power is not generally understood and because of this it is always a source of danger in the hands of the inexperienced, the young or the irresponsible. It is a serious menace to game conservation and it is the favorite weapon of the poacher."

"At the present time," continues the game warden, "we are about seven weeks before legal shooting can take place. At this time of the season there are always many young people who are out on summer holidays to the streams and lakes of the district. We welcome these young people to fishing, but their parents, who are responsible for these young folks, are earnestly asked to be very cautious in regard to possible dangers. During the summer vacation there are no fire-arms legally permitted in any parts of this area of the North. The help of parents and others is asked to assure that fire-arms will not cause needless or unnecessary loss of life or injury to property. For the protection of the young people themselves, no less than for the protection of wild life in this part of the North the co-operation of all is earnestly desired."

Mr. Boudreau added that when officers of the game warden's department on their patrols find anyone in possession of firearms, the weapons will be seized and court action will follow. Mr. Boudreau says that the game wardens do not like to bring people into court nor to seize weapons, but this has to be done in the line of duty. The laws are for the protection not only of the fish and game but also for the safety and benefit of the public. He asks the co-operation of all to have the law observed, fish and game protected and the public interests served to the benefit of all and the injury of none. That's fair enough!

Funeral on Monday of Late M. J. Kenney

Former Timmins Young Man Died as Result of Accident.

Friends in Timmins of the young man himself and of the family will learn with the deepest regret and sympathy of the sad death of Michael James Kenney, of North Bay. This bright young man, on the staff of the Liggett Drug Co., was going home from work on his bicycle at about 12:30 noon on July 17th, when he was struck by a truck and badly injured. He suffered a fractured skull, a fractured right shoulder and leg, and other injuries, and despite all that could be done to save his life he passed away on July 23rd. An inquiry is being conducted into the circumstances of the accident that caused his death, as the young man was well known at North Bay as a capable and careful cyclist.

The funeral service took place on Monday of last week, July 26th, at 9 o'clock at the Pro-Cathedral of the Assumption, North Bay. Rev. J. Buchheit celebrated requiem high mass and Rev. J. M. Leacey officiated at the graveside service. Interment was made in St. Mary's cemetery.

The late Michael James Kenney was one of the promising sons of the North. He was born in Cobalt in 1920, and was well known in recent years as an athlete showing interest in and talent in such sports as baseball and hockey. He was scheduled to play junior hockey with the North Bay Trappers team this coming winter. He was a member of North Bay's bicycle club and a popular member of the Liggett staff at North Bay. From 1921 to 1924 the family lived in Timmins and son and daughter were well known and highly esteemed here. The father, E. Kenney, has been on the T. & N. O. staff for many years and at present is on the Timmins train run. In addition to the bereaved parents, Mr. and Mrs. E. Kenney, the late Michael James Kenney is survived by three sisters, Loretta, Margaret and Mary, and two brothers, Arthur and Jack, all of North Bay.

Toronto Telegram:—Writer says dictators have no sense of humor. And yet, we are told, Stalin can be "simply killing."
