Accidental Death Given as Verdict in North Bay

Last week The Advance made reference to the death and funeral of Michael Kenney, son of Mr. and Mrs. E. Kenney, of North Bay, formerly of Timmins.

"Michael Kenney came to his death from injuries caused accidentally by striking a truck driven by Kenneth Gardiner on July 17," was the verdict released Tuesday of last week at North Bay by Dr. D. A. Campbell, following the inquest into the death.

The inquest was conducted in the city hall by Dr. Campbell and E. A. Tilley, Crown attorney.

Kenneth Gardiner, driver of the truck which Michael Kenney struck,

was called as the first witness.

He said that while driving into North Bay from Trout Lake about noon on July 17, the accident occurred. Near the intersection of King street, a bicycle driven by the deceased youth swung out from behind a truck coming the other way and hit his truck. He said he did not see the boy until he struck the truck, hitting the edge of the rack. He did not know what sort of machine the other truck was because it didn't stop.

Dr. W. G. Smith, who attended the youth after he was injured, said the boy died as a result of the injuries received in the accident.

Mesa Giroux, North Bay, who had been driving from Trout Lake, had seen part of the accident but could add little to the evidence already given.

Inspector William Gartschore and Constable L. Ryan, who investigated

the accident, both said the brakes and steering gear were in good condition on the truck. On the left hand corner of the stake body of the vehicle they found a mark where the youth had struck it. The truck had stopped in a short distance after the brakes had been applied and had moved only a short distance from the point of impact.

Retires After 22 Years of Service to the National

Completing more than 22 years' service with the Canadian National Railways on the Cochrane division, Frederick A. Wilson has been retired from the post of conductor. Much of his service has been on passenger trains and he is well known among the travelling public from Quebec to Armstrong.

A former resident of North Bay, Mr. Wilson started his railway career on the Canadian Pacific Railway and worked on the Ottawa and Chapleau divisions. He left their service in 1911 and was for some time in business in North Bay before coming to Cochrane. His service with the Canadian National Railways started in 1915 and since then he was employed as conductor on the Cochrane division.

Despite a serious illness about five years ago, Mr. Wilson is now in good health. His many travelling friends wish him well in his retirement.

Timmins Man Intends Hitch-Hiking to Brazil

The Rouyn-Noranda Press last week says: "Milton (Happy) Kearns, 25 years of age, of Timmins, who served his apprenticeship as machinist at the Hollinger Mine shop, and afterwards followed mechanical construction, was in Rouyn-Noranda Monday seeking support for a hitch-hiking jaunt to South America, where he plans to gain new ideas in construction work, particularly as applied to mining. He will spend some time at Kirkland Lake, North Bay and Toronto, and then follow the C.P.R. line to Vancouver, proceeding down the Pacific coast and on to Brazil, where he expects to spend a few years at work which will give him new knowledge and experience."

TWISTING LION'S TAIL

(From Glob eand Mail) At the Pittsburg Zoo a youth thought it would be fun to twist a lion's tail. Doctors looked after his lacerated hand. There is a moral in this for all lion-tail twisters.
