

South Porcupine Man Killed by Fall in Mine

Harry Greene Drops 850 feet in Shaft. Badly Smashed up. Rumours Regarding Highway Not Correct. More Mercy Work by South End Pilot. Other South Porcupine and Dame News.

South Porcupine, Ont., Sept. 22.—(Special to The Advance)—An accident which caused the death of Harry Greene, occurred at the Dome Mines on Tuesday between 3.30 and 4 p.m.

Nobody was present at the time the accident occurred so it is not possible to find out what happened, but Mr. Green, who was a skip-tender, fell down an 850 ft. shaft, and was picked up at the bottom, badly smashed up. The body in falling had struck the timbers of the shaft, and death must have been instantaneous. The remains are resting at Hunkins' Undertaking Parlours until Friday when the funeral will take place from the Anglican Church here at 4 p.m. The deceased will not be seen by anyone as the injuries were of a terrible nature. Much sympathy is being felt for the widow and small eight-year-old son, Vernon, who live on Connaught Hill, and have been residents in South Porcupine for some fourteen years, coming from England to Canada at that time. He was 42 years old. The date for the inquest is not yet set.

A tea is to be held on Saturday (25th) in the Parish hall, sponsored by the Committee of Girl Guides. It is hoped that it will be well patronized as funds are needed for this organization, which with its sister association, the Brownies, is doing good work among our young girls in town.

Mr. A. S. Fuller, of Toronto, is a visitor in town today.

We have been asked to publicly repute rumours afloat concerning the highway question. It is definite that the road is coming through South Porcupine, and not a publicity scheme of Mr. Gallagher for election purposes. The men who have been seen working on the land cleared for the former proposed cut-off, are not employed by the Northern Development, but are removing the timber, etc., already cut.

Mr. Ted Gallagher, of Toronto, is visiting his brother, Mr. C. V. Gallagher of Connaught Hill. This is his first visit to the North Country.

Born—On Sept. 12th, a daughter to Mr. and Mrs. P. Adamo.

Born—On Monday, Sept. 20th, to Mr. and Mrs. Alfred Salter (nee Margaret Gooding) of Bloor avenue—a son.

We regret to hear of the sudden death of Mr. Herbert Croteau, of Geraldton, brother of Messrs E. and P. Croteau, and Mrs. Geo. Rich, of town. Word was received by the family on Monday that he had dropped dead at that place. He was 58 years of age and unmarried. His body is to be brought to South Porcupine for burial in Timmins cemetery which will take place on Saturday from St. Joachim's Church.

Mr. and Mrs. Fickes, of Ottawa, are guests at the home of Mr. and Mrs. Gallinger, of Lakeview.

Our air-pilot, Mr. H. C. Smith, has added another mercy flight to his increasing list. On Monday he was called to go, taking a doctor to a mine at Oba. The call was immediately responded to at 6.20 p.m. Mr. Smith flew to Cochrane, picked up Dr. Empey and

was at the Hiawatha Mine on Kabina-kagami Lake by half-past eight, flying in the dark and through rain. An accident to three miners resulting from a dynamite blast was the reason for the hurry call. Dr. Empey attended the men, one of whom had a broken arm, another severe cuts in the leg, and the third badly cut about the face, and next morning all were brought to Cochrane hospital by Pilot Smith. Had the men had to wait for a doctor it would have been next morning before the nearest—at Hornepayne—could have got in to the mine, and the resulting discomfort to the wounded men would have been serious.

Sewer and water connections are being installed on Crawford and Bruce avenues preparatory for the new concrete surface of the highway. The storm sewers being laid on Moore across Bruce will probably dispose of the surface water which causes floods in this area in the spring and after heavy rains.

SWEET CREAM

Anytime, Anywhere

Ask your grocer for delicious, fresh-flavored COW & GATE PURE CREAM—made in CANADA. COWELL "MILK IN A MOMENT", Inc. So convenient—They keep sweet indefinitely.

COW & GATE (CANADA) LTD.

GANANOQUE, ONT.—TORONTO OFFICE 19 MELINDA ST.

A political meeting in the Conservative interests was held in the Finn hall on Tuesday evening. Mr. F. C. Evans was elected chairman. Mr. Wes. Gordon, of Halleybury, was the speaker—and was introduced by Mr. Milton. Dr. McClinton introduced Mr. Bartleman. The meeting was orderly and well attended.

Mr. and Mrs. Cyril Pierce are on holiday in Shawville and the Ottawa Valley.

Mr. and Mrs. Percy Barber, of Owen Sound, are visitors at the home of Mr. C. Jamieson.

Mr. and Mrs. W. H. Johns, of Dome Mines, returned from holiday in Halifax and Montreal on Saturday.

A rummage sale is being planned by the W.A. of St. Paul's Church, is to be held on October 14th.

A social afternoon and tea in the Parish hall marked the beginning of the fall session for the W.A. of the Anglican Church on Monday afternoon.

A chimney fire in the Gibson house on Golden avenue called the firemen out on Monday afternoon. Little damage was done.

The Sewing Circle of the Anglican Church is again intending to hold social evening every other Tuesday evening, commencing on Tuesday next. Card games will be a feature, and those who wish to improve their bridge will find opportunity at these social evenings to do so.

Mrs. Lindsay McQuarrie left on Sunday to attend the Eastern Star Grand Chapter at Ottawa, as representative of the Porcupine Chapter.

Mr. and Mrs. Ralph Hurrell, of Broadway, have moved to a house of Mr. Helmer's on William street.

Miss Cecilia Spitz has returned after spending two weeks at Bradford, Toronto, and points south.

A surprise party was held on Monday evening at the home of Mr. and Mrs. John Purnis to celebrate the birthday of Mr. Ted Purnis who received some nice gifts. A pleasant evening was spent with music and singing and a nice lunch being served by the hostesses.

Who will have to spend a dollar to turn his woodshed into a garage turned on his heel and walked out.

Wants Lights on Columbus Ave.

A man who said that he and his neighbour, who was with him, had paid over \$1,000 in taxes in nine years, protested the absence of sidewalk and proper street lighting on Columbus avenue between Mountjoy and Wilcox streets. There were six houses and nine lots on the street he said and at night it was impossible to see your hand, or anyone else's for that matter, in front of your face.

The Public Works Committee will look into the matter and consider the advisability of laying some kind of a temporary walk. The Fire and Light Committee will investigate to see if a man really is unable to see his hand in front of his face.

Bridge on Commercial Ave.

The Feldman Timber Company and A. E. Wicks and Company wrote to the council regarding a bridge which crosses the Mattagami near the boundary of Timmins and Mountjoy township on Commercial avenue. The firms thought the bridge was becoming dangerous and wanted the town to do the work on one side if they would do it on the other. They offered to supply the material for a sixteen-foot bridge with a walk for pedestrians, built on stone filled cribs. The matter was referred to the Public Works Committee.

\$1,000 to Victorian Order

The Victorian Order of Nurses applied for the usual grant from the town of \$1,000. President in Timmins, Arch Gillies, was present. He explained that the nurses made visits and collected where the means of the family called on warranted it. Where they did not no collection was made. The money was granted by motion.

More Money for Garbage Men

Councillor DesRoches moved that Mr. Leblanc who collects and disposes of Timmins' refuse, be paid an extra \$250 a month on condition that he paid his men a minimum wage of \$3.50 a day. Councillor Wren asked if the \$3.50 a day was stipulated in the agreement with Leblanc. Assured that it was voted affirmatively with the rest of the council.

The third quarterly payment of \$500 to the volunteer firemen was ordered paid, and Leo Mascioli, contractor, who paved Timmins streets, was ordered paid over \$32,000 on account.

About Annexation Plans

The council agreed to send G. H. Gauthier to Toronto to confer with the government regarding annexation plans. Tisdale Township and Timmins will split on his expenses.

Progress on Town Hall

E. J. O'Gorman, architect, reported progress on the construction of the new town hall. The excavation had been completed and foundation concrete laid. Forms for concrete walks had been laid and brick tile and structural steel was ordered and would soon be here. Mr. O'Gorman believed the roof would be on the building by October 31 as scheduled.

Forest Draper the First Mayor of Geraldton, Ont.

Geraldton, the mining camp northeast of Port Arthur, and recently elevated to the dignity of an incorporated town, held its first municipal election this week, and Forest Draper has the honour of being the new town's first mayor. He was elected by a majority of 184 over Major Bruce McConnell, the other candidate for the position. The councillors elected were—Jerry Reeves, E. B. Corvell, G. Kemp, Leon Scher, D. B. Wells and F. Burns. Jerry Reeves headed the polls and the others were elected in the order given. It will surprise most people to know that over 2,000 voters exercised their franchise, which is a remarkable showing for so new a town. After the results had been announced the town turned out to celebrate. A big parade was formed and this jolly parade marched up and down the main street of Geraldton. The whole town was in gala mood and again in this the number interested and participating was certainly surprisingly large for a town as new, and small as Geraldton.

"SUFFERED SIX YEARS WITH CONSTIPATION"

"For six years I suffered with constipation, and I decided to try ALL-BRAN. I have been eating it once a day for about four years, and it has certainly done the work!" —Mrs. Herman Futrell (address on request).

Tests prove that Kellogg's ALL-BRAN is safe and effective for correcting common constipation.

Within the body, ALL-BRAN absorbs twice its weight in water, and gently exercises and cleanses the intestines. It also furnishes vitamin B to tone the intestines, and iron for the blood.

Just eat two tablespoons daily, either as a cereal with milk or cream, or in cooked dishes. Three times daily in severe cases. You'll find this food far better than habit-forming pills and drugs. ALL-BRAN is sold by all grocers. Made by Kellogg in London.
