

Tea and Sale by South Porcupine Girl Guides

Houses at Dome Mines Changing Tenants. South End Glee Club Attend Timmins Club. Health Clinics Resumed at South Porcupine. Other Items from South Porcupine and Dome.

South Porcupine, Sept. 29.—(Special to The Advance)—Friends of Mrs. Bostrom, of Pottsville, will be sorry to learn that she has suffered a stroke and is at present at the home of her daughter, Mrs. Gerneck, in South Porcupine, recuperating.

Mrs. Cecil Cunningham and Miss Phyllis Nod, of Ottawa, are visiting at the home of Miss Pearl Kennedy, Crawford street.

The tea and sale of home baking sponsored by the Girl Guide Committee, held on Saturday in the Parish hall was not patronized as well as the ladies hoped it would be, but those who came enjoyed the social time and the tea which the girls in uniform served. The baking table was also quite depleted by the end of the afternoon. The committee appreciate the kindness of the patrons, but would like to have seen more parents show their interest in what the Association is trying to do for the girls of the town.

Mr. and Mrs. Nelson and Roy Nelson, their son, left this week for their home in Huntsville after spending the summer with their son, George, in Golden City. Mr. and Mrs. Nelson are old-timers in the camp having had a barber shop on Golden avenue. They left

on Monday from holiday in the Ottawa Valley.

Mrs. Stitt and son, Basil, left on Monday for Fort Coulonge. Mrs. Stitt has been visiting at the home of Mrs. J. Andrews.

Mrs. Harold Millions, of Broadway, who has been on the sick list in hospital returned home on Monday.

Two sisters of the Immaculate Conception Order, Sister Mary Philippe, and Sister Leon Joseph, are in town from Montreal doing missionary work, for the Order in China and Japan.

Some houses at the Dome Mines are changing tenants. Mr. Hall will occupy Mr. McCrae's house (he has left for Sigma); Mr. Percy Andrews will move in to Mr. Hall's as soon as possible; Mr. Burton will be occupying Mr. Andrew's house, and Mr. Rogers of Strachan avenue will be moving to the Dome in Mr. Burton's house.

Rebekahs of town are invited to a Mother and Daughter banquet at the Rebekah (I.O.O.F.) hall in Timmins on Thursday evening, and to a special banquet to meet the Oddfellows' Grand Master in Timmins on Friday night.

Miss Eva Robrich, who was in town to attend her brother's funeral returned this week to Chicago.

Mr. Wm. Andrews, of Connaught Hill, left this week for Montreal, to bring back his wife and baby daughter who have been visiting there.

Dr. Fraser will conduct service in Golden City on Sunday next, at 2:30 p.m. in the township hall. In South Porcupine United Church at the 7 p.m. service he will preach an election sermon.

Some of the members of the Glee Club attended the rehearsal of the Timmins club on Tuesday, thereby

augmenting the number to over fifty. Work with the Timmins members was most congenial and possibly may result in benefit to both societies.

Mrs. Harper, Sr., left on Monday for her home in Toronto.

Born—To Mr. and Mrs. Alf Young, on Sept. 26th, in Tisdale hospital—a son. Nurse Fowler has resumed the Wednesday health clinic in the township hall. She now has fifty-eight babies and pre-school-age children on her register. Her work is being appreciated as is shown by the increasing numbers taking advantage of the clinic, but she would like to add to the roll. The clinic is held every Wednesday afternoon at 2 p.m. till 5.

Born—At Pamour to Mr. and Mrs. Wm. Hughes on Sept. 18th—a daughter. Mr. Basil Doran has returned from three weeks' visit to Montreal and Ottawa. He is now getting into trim ready for the training availing him in three weeks when he joins once more with the Maple Leafs.

Mrs. Umpleby and Miss Muriel Umpleby are leaving on Friday morning for Montreal from whence they sail on the S.S. Montrose for their home in England. They have been visiting their daughter and sister, Mrs. H. M. Martin, for the past three months, and have been widely entertained by friends while in South Porcupine. They are sorry to leave our North Country which has proved so hospitable to them, and will carry away pleasant memories of South Porcupine and its people.

At a regular council meeting on Monday night at which all were present but Councillor Helmer routine business was enacted, a parking-by-law is to be drafted and a special meeting is to be held on Sept. 30th.

Last day for paying taxes with no penalty added is October 1st.

Congratulations to Mr. Walter A. Connolly of Pamour for securing an award in "Saturday Night's" Summer Photograph Competition. The very clear and familiar scene which he calls "When Fields Lie Fallow" is truly typical of Northern scenery. In the issue of Sept. 25th Mr. Connolly's photograph is shown with another and the comment is: "These two photographs which shared honours, gained their awards not only because of the technical excellence of the photography but mainly because the photographers succeeded in capturing so effectively the spirit of two typical Western and Eastern scenes respectively." To our minds Mr. Connolly's photograph is distinctly Northern.

Archdeacon Woodall is starting a Bible Class for Juniors on Sunday next (Oct. 3rd) at 2 p.m. in the vestry of St. Paul's Church.

Many here will be interested to know that Mr. Arthur Woodall, elder brother of our own Archdeacon, who was visiting here two years ago, met with a serious accident recently in Vancouver. He was riding a motorcycle and suffered severe shock and concussion when he was struck by a car. He is just out of hospital, but it will be some time before he regains his former health.

ed the death of Heikki Maki on the highway on Sept. 9th, who said he had gone over carefully the evidence given at the inquest on Maki and found it reasonable to suppose that accused was in control of the car, that the deceased had been drinking and was more to the centre of the road than on his proper side when he was struck. Magistrate Atkinson withdrew the charge of manslaughter against Pungari, due to insufficient evidence.

Four drunks paid \$10 and costs and five found guilty of "Sunday gaming" also paid fines.

For having no operator's license another paid \$10 and costs.

A man pleaded not guilty to having beer not on a proper permit. Evidence brought out that accused had been in his room in a private house, and said his landlord had given it to him. He had others in his room at the time helping him drink it. The landlord admitted the gift.—Case dismissed.

One speeder paid \$10 and costs.

An adjournment of one week in the case of one charged with being intoxicated in charge of a car, was granted.

Two vagrants pleaded guilty and will now work for the government for thirty days, and work hard.

Three lads appeared to answer the charge of a hotel keeper in Schumacher, that they had committed an indictable offence by making forcible entry into their former rooms at the hotel and taken therefrom trunks and clothing held by him in lieu of room rent. A radio also entered the picture, that having been kept also by the management. The boys pleaded not guilty and said the room was not locked, they had been admitted by the man's son, and had not been given proper notice, they having the right to use the room until a certain date. The landlord said he did not wish to press the charge, but brought it because these young people must be made to understand they have to pay rent for rooms used.—Case dismissed.

Two lawyers figured in a case of an Italian marital disagreement—one for the wife, the other for the husband. It was rather unusual, in that the parties had only been married five months, and the husband had taken away the furniture leaving the lady only two blankets a loaf of bread and some cheese! She was suing for support, and the lawyer said that the husband had been threatened by her with knives and poison—"They always talk that way," said the magistrate, "I take those things with a grain of salt, these silly things they say to each other!"

"I suggest that they have a week to talk things over, let their families get together, without them saying too much in public. My whole idea is peace."—Case adjourned till next week.

Brownie News

The Brownies held another of their enjoyable meetings on Tuesday in their hall. One Brownie—Jean Adamson—was invested with the "Golden Hand"—a coveted honour, and afterward the story of the Golden Hand was told by Brown Owl. Noreen White passed her flag test semaphore drill, and ball-throwing were taken, and their new game "The Poacher", which they enjoyed so much, was played. A letter from "Tawny Owl" in Toronto was read. She told them how much she had enjoyed their "party", and the good wishes which had been put under the toastdool for her.

At the birthday party last week as Tawny Owl could not be present, a box of "samples" including the centre portion of the birthday cake with its three candles on, were sent to her.

Brown Owl wishes it known that she will be waiting at her gate on Saturday afternoon at 2:30 to take all Brownies who are there for a country walk.

An apology is due Mrs. Letterman of the Dome Mines Girl Guide pack, who was referred to as "Brown Owl" of the Dome Mines Pack. She should have been called Capt. Letterman or Ex-Brown Owl, as the Brownie Pack at the Dome Mines is now under the excellent leadership of Brown Owl Aton.

Accidents Continue to Take Serious Toll

Statistics of Fatalities in Car Accidents Deplorable.

(From Ottawa Journal)

Statistic issued by the Ontario Department of Highways covering the first half of the present year make interesting, if melancholy, reading.

In that period of six months 290 persons were killed and 4,785 were injured in 5,604 accidents. In the first half of 1936 the dead were 172 and the injured 3,824.

Of these 290 killed 61 were drivers, 78 were passengers, 123 were pedestrians, 20 were bicyclists, six were drivers of motorcycles. Accidents in city, town and village increased by 21.1 per cent., and accidents in rural areas by 41.7 per cent.

Altogether 8,234 vehicles were involved in accident—many of them, of course, as innocent victims—and the Department's exhaustive survey of the circumstances attending each item in the casualty list deserves careful study.

Of the 5,604 accident, 3,865 occurred in clear weather, and 3,211 of them in daylight. And of the 8,234 cars involved 6,179 were going straight ahead, 227 were turning right, 737 were turning left, 436 were backing up, 370 skidded into trouble. Of this total 7,811 cars were "in apparent good condition," only 127 were found to have defective brakes. Ninety intoxicated drivers were found, and 70 drivers were suffering from extreme fatigue. Of the divers only 222 had driven a year or less, and 5,874 of them had at least five years' driving experience.

The only conclusion to be drawn from these figures is the conclusion The Journal has expressed many times—that the great majority of traffic accidents are the result of inexcusable carelessness. They occur because these hundreds and thousands of drivers will not take the trouble to drive with some re-
