**TEN YEARS AGO IN TIMMINS**  
 From data in the Porcupine Advance Files

In an editorial ten years ago The Advance took up the case of a settler who had been troubled by his neighbour's pigs and who had to call in the provincial police in the matter. He was charged five dollars for expenses for a trip of the police to his farm and The Advance objected to this apparent placing of a price on justice. The case was a peculiar one. The settler, after enduring considerable loss from the neighbour's wandering pigs, took the matter

to court and was awarded damages. He was no further ahead, however, as he could not collect from the neighbour. At the same time the pigs kept on destroying stuff, so in despair the settler sent for the provincial police, who asked for \$5 for expenses before they would move in the matter. The Advance commented on the unfairness of the procedure and the next thing the question was taken up by the government. The provincial officers, who had acted

only on instructions from headquarters, were ordered to return the five dollars, and the government laid it down as a principle that hereafter the provincial police service should be available to all without fee or expenses in all cases like this.

Ten years ago, at Kapuskasing, Ont., the cornerstone of the new 550-ton paper mill erected by the Spruce Falls Pulp and Paper Co., was duly laid by Hon. G. Howard Ferguson, Premier of the Province of Ontario. Literally hundreds gathered for the noteworthy ceremony, those present including many representatives of the company as well as leading men and women of the town itself and of the district.

The event in the United Church ten years ago, under the auspices of the Ladies' Aid, drew a good audience, but not so large as the outstanding merits of the two artists warranted. Mr. Walter Bates, tenor and concert artist, delighted the audience with the strength and richness of his voice, the range of his selections and the trained musical talent shown throughout. Miss Cross, who played the accompaniments on the piano and also favoured the audience with solo work on the piano, made a very decided hit by her artistry and talent.

On Sunday morning, September 25th, 1927, just before three o'clock, Deputy Chief of Police W. Orr was called from his home by a woman who said she had shot her husband. Officer Orr sent to the police office for further officers and also phoned for a doctor's services then hurried with the woman to Bannerman avenue, where the shooting had taken place. Officer Orr found Geo.

Findlay suffering from a bullet wound, the bullet apparently having entered at the right breast and travelled through both lungs and out through the back. Mrs. Findlay told the police that she had shot her husband because he was showing improper attentions to a younger woman in the house, a woman named Mrs. Colquhoun, whom Mrs. Findlay said was their adopted daughter. Mrs. Colquhoun also said that Mrs. Findlay had done the shooting. The police hurried the injured man to the hospital, while Mrs. Findlay was placed under arrest and Mrs. Colquhoun also detained in the jail here as a material witness. From the beginning there was no hope for the recovery of Findlay, and after lingering until Tuesday evening about 1.30 he passed away. Previous to his death he made a statement to the police.

The first fall of snow ten years ago was on Saturday, September 24, 1927, and it did not amount to much, nor could it tarry long, though the weather did turn a little colder.

On Friday, Sept. 23rd, 1927, the marriage took place at the United Church manse, Timmins, of Miss Mary Crawford Maxwell, daughter of Mr. James C. Maxwell, Yoker, Renfrewshire, Scotland, and Mrs. Albert Foy, formerly of Lancashire, England, but then residing at Paymaster Mine. Rev. J. D. Parks, B.A., was the officiating clergyman.

Ten years ago Mr. E. M. Legault, of 57 1/2 Fifth avenue, passed away suddenly, death being due to acute indigestion. The late Mr. Legault conducted a confectionery store on Fifth avenue, and was well known and had many friends who deeply regretted his sudden death.

At 2:05 Monday morning, September 26th, 1927, there was an alarm of fire sent in from Box 14, and the firemen made their usual speedy response. When they arrived at the alarm box, however, there was no one there that could tell them where the fire might be and there was no fire visible. It looked like a false alarm, but Chief Borland and his men were taking no chances, and made a hurried examination of every place in the neighbourhood. In the meantime Constable Parcher had located the caretaker of the Goldfields theatre block who said he had turned in the alarm. He had been alarmed by smoke in the basement of the building and had run out in his night attire. A crowd had collected, and the janitor accordingly had fled before the crowd, with the intention of getting into his boots and trousers before the brigade arrived. The cause of the alarm was the pipes of the furnace and the chimney being on fire. There was no damage, however, the pipes and chimney being of the fire-proof variety.

A very enjoyable evening was spent ten years ago at the home of Mr. and Mrs. A. Caron, 168 Maple street, north, when a large gathering of the friends of the hostess were present to honour her birthday. Mrs. A. Caron was the recipient of a beautiful silver tea set, the gift of her many friends and after the presentation made a brief reply.

**92 Years Old—And Fit As a Fiddle**

**Takes Kruschen Every Morning**

"I feel in duty bound," writes Mrs. A. J. W. "to express my gratitude for the marvelous results my father has obtained from Kruschen Salts. He is ninety-two years old, and is as fit as a fiddle. He can get around easily, and even run up and down stairs. His friends marvel why it is he is always alert, and never feels listless. He always tells them the reason: 'my regular daily dose of Kruschen Salts in my first cup of tea every morning.'—(Mrs.) A.J.W.

Most people grow old long before their time because they neglect one vital need of health—the need for internal cleanliness.

Eventually they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid every day of all waste matter from the system. Instead of being clogged the intestines are clean and clear. Instead of liver and kidneys being sluggish they are active and efficient. New health blood goes coursing through the veins—carrying health and strength and energy to every part of the body.

Redden, 34 Columbus avenue—a son (Guy Blanchard Redden)." "Mr. and Mrs. Gordon Loach, of Silver Centre, were the guests of Mrs. Loach's brother, Mr. S. H. Pirie, on Saturday and Sunday, returning by motor on Monday to Silver Centre." "Mr. W. S. Turner, of Liverpool, England, was a visitor to the camp last week, on his way to the West for a visit there." "The many friends of Miss Edith Garvey will be pleased to hear that she has successfully undergone an operation for appendicitis at the Champlain Valley hospital, Plattsburgh, N.Y."

"Physical culture classes are to be held this season at the Hollinger Recreation hall under the auspices of the Hollinger Recreation Club." "Mr. and Mrs. Oscar Rochford of Astorville and Mr. and Mrs. R. Gauthier of North Bay motored over the Ferguson highway to visit friends and relatives here." "While walking on street in Kirkland Lake recently carrying his young son in his arms, Fire Chief Wilkes of that town tripped and fell. In trying to save the youngster, he took the force of the fall and sustained some severe wounds about the head that will take some time to heal. The youngster, however, was held up and escaped all harm."
