Girl Guide Commissioner Visits South Porcupine

Supper Meeting Held by the Y.P.S. of the United Church. Another Emergency Mercy Flight by Pilot Smith, of South Porcupine. Other South Porcupine and Dome News.

South Porcupine, Oct. 6.—(Special to The Advance)—Mrs. Tomney, District Commissioner for the Temiskaming Girl Guides' Association, and Mrs. (Dr.) Smith, Secretary of Kirkland Lake, are on a tour of the district visiting the different Guide and Brownie Troops under their jurisdiction. They inspected the Dome Guide Troop on Monday night, the South Porcupine Brownie Pack on Tuesday, and the South Porcupine Guide Troop on Wednesday. While at the Dome they were the guests of Mrs. C. Kemsley and Mrs. R. E. Dye. On Tuesday they were entertained at luncheon by Mrs. H. M. Martin who is vice-president of the association committee in town, and the whole committee of ladies were invited to meet them at a very charming tea given by Mrs. F. C. Evans at her home on Connaught Hill in the afternoon.

The Y.P.S. of the United Church held a supper meeting on Tuesday evening in the United Church which was an unbounded success. Over fifty young people were present and thoroughly enjoyed the supper which had been prepared by the ladies of the society. After supper came music and singing, the piano being played by Misses Jean Andrew and Mary McIntosh, and then the Rev. Mustard, of Timmins, gave a talk, which by its charming simplicity appealed to every one present. The theme was "Adventuring With Christ," and was effective and convincing, enlivened by stories and illustrations, and was thoroughly appreciated. A vote of thanks was given to the speaker at the close of one of the finest evenings given by the Y.P.S.

Mr. and Mrs. E. Bowman returned to their home in Buffalo after spending two months with their son, Mr. H. Disher, going down with Mr. Stan Graham, who will bring back Mrs. Graham from Toronto when he returns. He will also visit the parental home in Pembroke.

Mr. Wm. Allen, of Dome Ex., was taken to Tisdale hospital on Tuesday for emergency appendix operation.

Mrs. Frost, of Hamilton, returned with her son Mr. Alex McMurray to spend some time at his home at Dome Extension.

Mr. Andy McGinn returned this week from holiday in the Ottawa Valley bringing his mother with him for a visit.

There is to be a rummage and white elephant sale on Thursday Oct. 14th, in the Parish hall, put on by St. Paul's W.A. ladies. This is to be an event, as many articles will be on sale that will appeal to all, and will be of varied values. Don't forget the date!

A "Fireside Hour," held after the church service on Sunday night in St. Paul's Parish hall was an inauguration that seems to have taken popular hold on Archdeacon Woodall's congregation. These may be made monthly affairs. On Sunday music by Mr. Hunkin who sang two songs, Joan Maxwell-Smith, who gave a piano selection, and Miss Wilkins' talk on John Oxenham's booklet, "The Cedar Chest," comprised a programme that appealed to all.

The Bible Class held on Sunday by the Archdeacon was quite a success and

will be a Sunday feature—held in St. Paul's Church at 10.15 Sunday morning. At a baptismal service in St. Paul's on Sunday the infant son of Mr. and Mrs. C. Long, of Hoyle, was baptized and given the names of James Charles. Another emergency mercy flight by Pilot Smith was made last week, when he flew to Rupert House on James Bay, to bring out Mr. Watt, the Hudson Bay Factor there, to Timmins hospital for medical treatment. Mr. Watt left today by train for Montreal for further treatment accompanied by his wife from North Bay. Mr. and Mrs. George Cassie left on Tuesday to spend Thanksgiving at the parental home in Dundalk. Miss Mary Harper entertained the whole of her fellow Brownie pack to a treasure hunt at her home on Bruce avenue on Sunday. Brownie Kathleen Pyke was the lucky finder of the treasure.

BROWNIE NEWS Last Saturday afternoon the full Brownie Pack went with Brown Owl to the woods for a hike. They played settlers and Indians and enjoyed themselves greatly, finally making a fire and toasting sandwiches. They cleaned up their picnic place and fire as good Brownies should, after three Brownies had passed their firelighting test—Peggy McLellan, Mary Harper and Joan Summerville. On Tuesday they met at the hall for their regular weekly meeting and were visited by the District Commissioner, Mrs. Tomney, of Cobalt.

The opening ceremony—the fairy ring—completed, they invited the Commissioner into the ring and welcomed her in Brownie fashion. They sang their Health Song for her, and then she visited them in their "homes". They played "little ships", the compass game, and gave a specimen of Swedish drill while playing "A Fire". Then they "went to the circus"—another game, and went to the "pow-wow ring".

Mrs. Tomney told them a lovely Brownie story to which they listened with rapt attention, and then they sang for her their "Goodnight song". She was presented with a small gift of Mary's own making by Mary Harper, before she left for Timmins.

Police Court At Tuesday's court here two drunks paid the usual fines—one paid \$25 and costs for second offence.

The case of negligence arising from a collision on the highway whereby the occupants of both cars suffered injury, and which the Magistrate had considered for a week before giving his verdict resulted in a fine of \$25 for the defendant, and his being bonded to keep the peace for two years, with his driver's permit turned in for a time.

The driver of the car at fault had pleaded being blinded by glaring lights but his car having been shown at the time of collision to be too far over on the wrong side, the magistrate after considering all points offered, and the Traffic Act, (parts of which were read at the hearing) made the fine the minimum consistent with the "crime."

The Italian marriage muddle came up again in closed court, but resulted in no decision being given until next week when the man's side of the case will be presented.

Meeting of Registered Nurses Next Tuesday The regular monthly meeting of the Porcupine Chapter of R.N.A.O. will be held Tuesday, Oct. 12th, at 8 p.m. in St. Mary's hospital. All nurses are invited to attend.

Meeting of C.W.L. to be Held To-night (Thursday) Meeting of Junior C.W.L. on Thursday night at 8 p.m. in basement of Church of Nativity. All interested are invited to attend.

Fire Loss Continues Its Annual Decrease The first nine months of 1937 show a continuance of the trend which has extended over a number of the recent years toward a lower fire loss. This reduction has slowed up, but nevertheless, the fire losses in Ontario have not followed the upward trend that has been experienced the last year or so in the United States. The reduction in the third quarter of over \$270,000 in the total loss was more than sufficient to overcome the slight increase experienced in the first half-year, as reported in the previous Quarterly. At the end of the nine months the decrease in the total fire loss was \$170,914. Very significant also is the fact that the insurance loss has decreased for the nine months period by \$515,903, which is approximately a 10 p.c. reduction in the insurance loss over the same period of last year. In the four leading classes of risks for the three-quarter period, barns were the only one to show a substantial increase in the loss, this amounting to \$169,000 with factories showing a substantial decrease, as did dwellings although the latter were slightly larger in the number of fires.

Arson investigation continues to play an important role in the work of the Fire Marshal's office and the number of convictions from arson and allied crimes in connection with fires for the nine months of 1937 exactly totals the number obtained in the entire year 1936. In addition, there a larger number of cases awaiting trial in which there have been preliminary hearings and the parties committed for trial by higher courts than have been on the list in recent years. In the first nine months of 1937, following investigations by the Ontario Fire Marshal's Office, there have been convictions in 33 cases out of 42 brought to trial, which is a distinctly high conviction ratio for arson and allied crimes.

Powassan News:—When some people drop a hint, it sounds like an explosion.

Miss Catharine MacDonald Receives Degree of B.A. Congratulations are being extended to Miss Catharine MacDonald of the Schumacher public school staff, who a few days ago received her degree of B.A. from Queen's University. The public school board at Schumacher is particularly proud of Miss MacDonald's success, as she has won the honour, while at the same time proving a most efficient and valued member of the teaching staff of Schumacher school.

Sherbrooke Telegraph:—Tell your troubles to yourself and your happiness to the world.

Kinardine News:—The Japanese seem to be busy apologizing for bombing non-belligerents, while, at the same time, dropping bombs on others.

Higher Quality BAGS

To satisfy the wishes of many Timmins women, who appreciate truly fine leather goods, we have imported from Germany and England a number of bags of unsurpassed quality.

At a glance you'll recognize their fineness... and when you examine the workmanship and careful attention to detail you'll know why we say "unsurpassed quality." Morocco, calf and shirred kid are among the featured leathers. Smoothly lined with carefully chosen soft leathers or satin.

The frames and fittings of many are of gold plate and chrome.

Styled in that distinguished European manner that bespeaks quality not by ostentation but by unmistakable good taste.

PRICED FROM \$5.00 to \$20.00

Progress Being Made on Local Buildings

Third Storey Been Added to Nurses Residence. Roof on Soon. Foundations Completed New Town Hall.

Rapid progress is being made on the two big construction jobs under way on Fourth avenue between Pine and Cedar streets.

The third storey had been added to new nurses' residence and workmen will be ready soon to put on the roof. Rapid progress has been made with the brickwork on this building in the last couple of weeks. The brick being used is the same colour as that of St. Mary's Hospital. When the nurses residence has weathered slightly the two buildings should harmonize nicely.

Foundations have been completed and everything is in readiness to begin building the walls on the new town hall. Truckers and workmen have been busy recently bringing supplies of brick and other material preparatory to fast work when the erection of the walls does start. Window sills for the first storey have been put in place.

SECOND PARALYSIS CASE REPORTED AT KIRKLAND

A second case of infantile paralysis has developed in Kirkland Lake. This time the victim is a young woman. As yet the Porcupine camp is free of the scourge. It is to be hoped that increasingly cold weather will check it in Kirkland Lake before it properly gets a foothold.

Alberta Legislation Held up by Lieut.-Governor

Lieutenant-Governor J. C. Brown, of Alberta, this week assented to eight bills passed by the Aberhart Social Credit party in the Alberta Legislature, but he reserved his assent on three other bills pending the Governor-General's pleasure. The three bills thus held up were respecting taxation of banks in Alberta, amending and consolidating the credit of Alberta and an act to muzzle the press. The two former acts were practically the same as the legislation passed recently by the Alberta government but later annulled by the Ottawa government. The bill regarding the encroachment on the liberty of the press was termed "an act to ensure the publication of accurate news and information". The legislation planned to throttle the banks when first passed the Alberta legislature was given the assent of the Lieutenant-Governor, but was disallowed by Hon. W. L. Mackenzie King at Ottawa. Premier Aberhart then said he would pass similar legislation against the banks and suggested that it would be put into force whether it met the approval of the Ottawa government or not. The Lieutenant-Governor, however, has reserved his assent until he can communicate with the Governor-General. In the meantime he has prorogued the Legislature.

St. Mary's Journal-Argus:—"No'm, said Aunt Mandy, 'I ain't lost my faith in human nature, but I can't he'p noticin' they is a lot mo' articles last than der is found."

TIRED FEET? USE OLYMPENE Cooling and soothing, it ends that tired feeling which comes after the day's activities. In addition it corrects that annoying, insidious and irritating disease known as Athlete's foot. Endorsed by leading athletes, Olympene, has a place in every medicine cabinet. Use it for sprains, bruises, stiff muscles, and as protection for cuts and bruises. Inhaling of vapors from Olympene aids in clearing head colds. OLYMPENE THE ANTISEPTIC LINIMENT 4 oz. - 50¢ 10 oz. - 1.00
