Some Pleasing Ways for Serving Cheese

Cheese Squares, Cheese Muffins, Cheese Sandwiches, Cheese Shortbread

Particularly appropriate for the beginning of the fall and winter party-giving season, the following recipes suggested by the Milk Utilization Service, Dairy and Cold Storage Branch, Dominion Department of Agriculture, may be found useful in serving cheese in the attractive ways described.

Cheese Squares

Cut fruit bread in squares (about 1 1/2 inches). Blend together grated cheddar cheese with sufficient butter to make a soft mixture. Sprinkle with paprika. Bake in a hot oven or under broiler until cheese begins to melt. Serve hot.

Cheese Muffins

2 cups flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 cup grated cheese
2 tablespoons butter, melted
1 egg
1 cup milk
Mix and sift together flour, baking powder and salt. Add grated cheese. Mix in milk and beaten egg, then add

butter. Fill tins with buttered muffin tins about one-third full of batter. On this drop a little marmalade or jelly. Cover with batter, filling tins about two-thirds full. Bake in a moderate oven (375 degrees F.) about 15 minutes. Serve hot.

Cheese Sandwiches

Cut bread three-quarters inch thick into small squares or rounds. Butter and pile with cream cheese mixed with salad dressing. Sprinkle with finely chopped nuts, olives, green pepper, pimento or watercress.

Combine one 3-ounce package cream cheese with 2 cups minced ham and 1/2 cup chopped watercress. Add salad dressing to moisten. Spread generously on whole wheat bread. Cut in fingers.

Cheese Shortbread

2 1/2 cups flour
1/2 teaspoon salt
1/2 cup butter
1 small bar cream cheese (yellow)
Sift together flour and salt. Cut in butter. Blend in soft cheese and work into a compact dough. Chill. Roll thin. Cut with cookie cutter. Bake in a moderate oven, 375 degrees F., from 5 to 10 minutes. When serving put together with marmalade or red currant jelly.

Blairmore Enterprise:—A road hog can easily be spotted in a theatre. Both arms of the seat are occupied by his elbows.

A representative party of 28 members of the Chamber of Mines of the Winnipeg Board of Trade visited Timmings ten years ago on their tour of the mining centres of the North Land. They reached Timmings by special train, and the next town they visited was Iroquois Falls. The party included many men prominent in mining, business and professional circles, and they were greatly impressed with Timmings and the Porcupine camp. The party was joined here by Hon. Chas. McCrea, at the time Minister of Mines for Ontario. While in town the visitors were the guests of the Kiwanis Club, the Board of Trade and the town council. They were shown the town and district, and were also taken through mines, being shown underground, as well as on surface and through the mills.

A very enthusiastic meeting of the board of directors of the Timmings Curling Club Limited was held ten years ago, when the officers for the year were elected, and the different committees appointed. The officers for 1927-28 were: Hon. President—John Knox; president—L. A. Solomon; vice-president—V. H. Emery; secretary-treasurer—C. G. Pirie. Golden Beaver Lodge No. 528, A.F. & A.M., held a Past Masters' Night in the Masenic Temple ten years ago. For the work of the lodge all the chairs were occupied by Past Masters of the Craft, members of the local Masonic Lodge. At the conclusion of the work

of the lodge, a "fourth degree" was held in the hall downstairs when the ladies joined the Masons for a dance. The music for this part of the programme was furnished by Tommy Stephens' orchestra. There was a good crowd present, and a very enjoyable evening was spent.

At a Kiwanis Club luncheon ten years ago an interesting ceremony took place when a portrait of King George was unveiled. The portrait was a beautiful painting of the King by a noted artist, and showed His Majesty in uniform as an army officer. The large picture was hung between the British and United States flags that decorated the Kiwanis room.

A splendid and successful meeting held under the auspices of the Timmings Post No. 88 of the Canadian Legion, B.E.S.L., was held ten years ago in the New Empire Theatre. There were approximately four hundred present at this meeting.

Ten years ago, the annual banquet of the Cornish Football Club which had always been a successful event, was held in the Empire hotel and turned out to be probably the most attractive up to that time. There were about forty members of the Cornish One-and-All Football Club and some special guests present and all had a delightful time.

At the home of Mr. and Mrs. H. Hatton, Hemlock Street, ten years ago, 22 friends gathered and spent a very enjoyable evening at bridge. At the conclusion of cards, and just preceding lunch, Mr. and Mrs. Gordon Thompson were greatly surprised when they were presented with a beautiful sitting room clock by those present to mark the anniversary of their wedding and to show the high esteem in which they were held by their many friends, who had arranged the party as a surprise for them.

The second of the Lyceum concerts, "The Musketeers," presented at the Goldfields theatre ten years ago under the auspices of the Kiwanis Club, was generally acknowledged to be the finest concert given in many years in Timmings. It had the highest merit in music and literary value and in variety. Not a number on the programme but was of special excellence, nor a minute of the evening that was not enjoyed.

A pretty wedding took place at St. Anthony's Roman Catholic Church ten years ago on Wednesday, October 26th, 1927, when Miss Aldora Richard and Mr. Fred Germain were united in the holy bonds of matrimony by Rev. Fr. LaForest. Miss Hilda Godin was bridesmaid, and Mr. Gerald Godin best man.

In the Advance ten years ago: "According to a correspondent at Cobalt, the Ontario Government has commenced its programme of diamond drill exploration in the chert and coal fields along the banks of the Matagamia river north of Island Falls. It was understood that the coal areas would come in for attention first, but instead the drill has been set up on the original McCarthy claims about Water Power No. 7 where it is evidently the purpose of the operators to apply further tests to the kaolin deposits on the McCarthy claims."

Leading their nearest rivals by two minutes and a half, McIntyre Athletic Club, of Schumacher, carried off the relay championship of Northern Ontario in the Northern News first annual tri-city relay race, held ten years ago. The race was over a course of eleven miles, from New Liskeard, through Halleybury, and finishing in front of the Y.M.C.A. in Cobalt.

Ten years ago the Porcupine Power and Telephone Co. started work on the erection of a modern new building on their property at the corner of Pine street and Second avenue. The new building was to be of brick and tile construction, three storeys in height, and modern in every particular. The telephone exchange was to be on the third storey while the central and main offices for the light and telephone were to be on the ground floor, with executive and other offices on the second storey.

Mention of the big relay race ten years ago was made in the Schumacher column of The Advance as follows: "The tri-city relay race from New Liskeard to Cobalt on Saturday last—one of the biggest sporting features ever held in the North—was won by the McIntyre relay team, viz.—Percy Aide, Jack Leng, Douglas Craig, Wm. Paice, H. Wallingford, M. Kannari. The distance of eleven miles was made in the noteworthy time of 1 hour, 59 seconds. This team has been trained by Mr. M. MacMillan and great credit must be extended to "Mac" for the time, skill and effort he gave in getting the team into such excellent shape. They won on their condition and from the knowledge and help given by Mr. MacMillan from his own experience. The boys were welcomed home on Saturday evening by the citizens turning out en masse, with the procession headed by the Schumacher Pipe Band and the fire truck." The death and funeral at Cannington, Ont., of Mrs. Mary Ann Dawson, mother of Mr. Chas. Dawson, of South Porcupine and Hoyle, was announced ten years ago. The late Mrs. Dawson, who had attained her 80th year, was in her usual health up to within an hour of her death.

Ten years ago Messrs. Joe O'Neill and J. Culham left to do some assessment work in Carleton township for O. Henderson, O'Neill, who as well as his companion was a resident of South Porcupine, and was always known by the nickname of "Smoky," was reported to have commenced acting queerly soon after their arrival and had hallucinations that someone out in the lake was wanting him, and was prevented attempting to go after him. After his companion saw him safely asleep, tired out with the day's strenuous exertions, he fell soundly asleep also, only to wake up an hour or so later and find O'Neill gone from the cabin. Search revealed the fact that his mackinaw sweater, his hat, and lead pencil and a piece of paper were left a short distance from the cabin but there was no writing whatever on the paper. When a diligent search did not reveal his whereabouts Culham came to town for help to find him.

half of the crown and the cases were dismissed.

"The citizens of Val d'Or had looked to the Provincial Police being established in this district with a great deal of anticipation. Their work throughout the early part of the year was a help to the community and the hectic explosions of a growing mining town were quickly brought under control. For this they are commended, but the apparent resentment that was disclosed at Saturday night's court indicates that serious consideration be given to the manner in which justice and the carrying out of the letter of the law is accomplished."

"The town of Val d'Or is now a duly incorporated community quite capable of supervising the people in its territory. Its police force is adequate to cope with any normal breaches of the laws and by-laws. These same police have co-operated with the provincial officers when the occasion required such work. It is surely better that the citizens of this lusty town respect the officers of the law rather than fear them."

"There are six Justices of the Peace in Val d'Or. They can be reached without any trouble. The court records held here show that the guilty have been punished or fined; and those not guilty have cleared their name, without going to the preposterous expense of fighting a case in Amos. Val d'Or citizens are satisfied to see that those who are breaking the laws are summarily dealt with, but from the picture presented at Saturday night's court session, they fear that the forces of law and order are overemphasizing the power with which they are endowed by the authorities."

"For three years the money gathered in fines and costs have been grabbed out of circulation in Val d'Or and passed to Amos and Quebec City. As a thriving and prosperous community the citizens and city fathers of this town resent that and are now taking steps to see that this situation is remedied. It is hoped that the Saturday night incident marks a termination of this state of affairs and that law and order continues its normal justifiable path."

Blairmore Enterprise: Hubby: "We've simply got to cut down expenses, Ethel. Couldn't you make a permanent wave last a week or two longer?"

Huntington Gleam:—Still only 19, Robert Wadlow, of Alton, Ill., is now the world's tallest human being and the tallest ever known in medical history. He is eight feet nine inches tall and weighs 450 pounds stripped. He wears specially made shoes, No. 36. Also, all his clothes must be made to order. A suit calls for nine yards of cloth. He will enter college this fall as freshman. What a basketball centre and goal thrower he should make.
