

South Porcupine Man Chosen to Place Wreath

Honour From South Porcupine to A. Mansfield, Who Lost Two Sons in the War. Another Concert by Consumers' Co-operative Society. Other News From South Porcupine and the Dome

South Porcupine, Nov. 10th.—(Special to The Advance)—The following letter has been received by the captain of the Girl Guides in South Porcupine:—

"Dear Madam:—I am pleased to inform you that Mr. Charles V. Gallagher, M.P.P., has named you to take charge of the Memorial wreath which is being presented by the Ontario Government at the Remembrance Day service to be held in Porcupine on Thursday, Nov. 11.

I have arranged to have the wreath shipped direct to you, and would appreciate it if you will select a war widow or the mother of a soldier killed overseas to make the presentation at the service on behalf of the government.

Thanking you for your co-operation and assistance, I remain,

Sincerely yours,

Eric Cross,
Minister of Public Welfare."

After communicating with A. Neame, of the Canadian Legion in the Porcupine, it has been decided that as no living widow or mother can be found now residing in South Porcupine, Mr. Arthur Mansfield, who had two sons killed overseas, is the logical person to represent our town at the memorial service held at Timmins to-morrow.

The wreath—a very beautiful one—has been received and will be taken to the cenotaph to-morrow by Mr. Mansfield.

The Girl Guides and Boy Scouts are holding a joint party on Saturday in the parish hall.

Born—to Mr. and Mrs. Osborne Bowers (nee Irene Helmer) on Tuesday November 9th—a daughter.

We are sorry to report that Mrs. Wm. Brooks, who has been ill for some weeks, was taken to Tisdale hospital on Saturday.

Mr. W. Allen, of Dome Extension, is home from hospital after tonsil operation.

A reception was held on Saturday evening at the home of Mr. and Mrs. Arthur Ewing on Bruce avenue to welcome home to South Porcupine their son, Mr. Kenneth Myers, and his bride, the former Miss Marie St. Paul. A very large number of friends of all ages were present and came and went during the evening to wish the newly-married pair all happiness in their wedded life. Many lovely gifts were presented to the happy couple on this occasion.

The bride looked very charming in her wedding dress of spruce green velvet and wore a corsage bouquet of red roses, as she received the honours of the evening.

Mrs. Ewing, the hostess, received the guests in a gown of green coloured crepe and wore a shoulder bouquet of red roses. She presided at a very lovely buffet lunch served during the evening.

Mr. and Mrs. Myers, to whom we extend heartfelt wishes for health, wealth and happiness in the years to come, will take up residence on Front street for a time.

Mr. Nick Bodovic, who has been a patient in Tisdale hospital suffering from an obscure illness, is being sent to-day to the Toronto General hospital for diagnosis and treatment.

A branch of the "Northern Flowers" florists, is being opened up this week in the building on Bruce avenue next to Sims, Hooker and Drew.

Miss Maureen Sweet, of the Porcupine Lake Mine, was the guest of Mary Elizabeth Pearce over the week-end.

Mrs. Ship, with her two little daughters and baby son, arrived back in town on Friday from the parental home at Loring.

Mrs. Mineta Pierce and son, Keith, are spending the winter in Pakenham and points south, visiting relatives. They left last week.

Mrs. Kaplin (nee Lily Slotnick) left on Tuesday for Kirkland Lake where she will assist for a time in preparations for the opening of the "Silk Shop," a new venture which Miss Dora Slotnick is sponsoring there.

The Educational Branch of the Consumers' Co-operative held another very nice evening on Monday in the Masonic hall under the leadership of Mr. Roy Clifton. Whist occupied the first half of the evening, followed by new folk dances taught by Mr. Clifton, and community singing. At whist Miss K. Perich won first prize, and Mrs. L. Pyke consolation. Gentlemen's first prize went to Mr. B. Patser, and the consolation to Mr. A. D. Walker. Next Monday will see a similar programme. These evenings are well attended by good citizens of the community and provide fun and entertainment (and are, too, of educational value) and are quite free to customers of the Co-operative Society sponsoring them. We are asked to particularly state that commencing on Monday next the whist will start at 7.30 p.m. instead of at 8 o'clock.

We are sorry to report that Miss Paolini of the Public School staff, is in St. Mary's hospital suffering from influenza and threatened pneumonia. Mrs. Ellis is supplying for her at school. A meeting is to be held at the curling rink on Friday night at 8 p.m. to make arrangements for the curling season which is on the way, judging by to-day's weather.

Prospective members will be welcomed at this meeting as well as old members, and applications for membership will be dealt with at the meeting.

Milverton Sun:—Most women's complexions better them more than their complexes.

MOTHER HELPED BY KELLOGG'S ALL-BRAN

"I have suffered from terrible constipation since the birth of my first child. I tried everything. Very reluctantly, I tried your ALL-BRAN with no faith in it at all.

"Much to my surprise, I have not had to take any medicine since starting to use ALL-BRAN."—Mrs. Doris Eyre King (address on request).

Common constipation is usually due to meals low in "bulk." Kellogg's ALL-BRAN supplies this needed "bulk."

Within the body, this cereal absorbs twice its weight in water, forms a soft mass, gently sponges out the system. ALL-BRAN also furnishes vitamin B to tone up the intestines, and iron for the blood.

Enjoy this food instead of taking weakening pills and drugs. Serve as a cereal, with milk or fruits, or cook into recipes.

ALL-BRAN is sold by your grocer. Made and guaranteed by Kellogg in London.

Snappy Repartee at Meeting of Council

(Continued from Page One)

The Board granted only a certain number of licenses to Timmins annually, said Mr. Leonard. In order to cope with the opening of new hotels it did not renew the licenses of all of the hotels. As it was now with new hotels opening all the time a proprietor was afraid to make additions and improvements to his building for fear that he might be one of the ones who next year would not have his license renewed.

Mayor Bartleman added his little criticism of the government's policy although it was not relevant to what Mr. Leonard was saying. It was very unsatisfactory, he said, the government's policy of granting licenses only for the period of a year.

Councillors Wren and Laporte each said that he was in favour of a move to influence the government not to increase the number of beer licenses in Timmins.

The matter will be discussed this afternoon at a meeting of the police committee. The committee will report to the council on the present situation in Timmins.

Will Discuss Canine Problem

A letter from L. H. Durkin, who wanted the town's co-operation in establishing a small dog hospital brought up the topic of dog taxes. It was decided to discuss the matter at a private meeting.

"This dog business is important," said the mayor.

Someone asked who collected the dog tax and the reply was that the police were supposed to do it.

Said Councillor Cousins, Chairman of the Police Department: "The police can't collect the poll tax, business tax and dog tax too. You are sure piling it on the police force. You soon will have the police collecting all taxes."

Councillor Cousins objected to this leading everything on the police. He should not take it so seriously, said the mayor.

A motion that was approved by the municipal bodies of Kapuskasing, Cochrane, Haileybury, Kirkland Lake and New Liskeard was forwarded to the Timmins council. The clerk was ordered to prepare a similar motion to be passed at the next meeting.

The motion pointed out that although Southern Ontario had been allotted several sittings of the appointed Royal Commission on Transport, Northern and Northwestern Ontario had not had one. It asked that a sitting be held in Northern Ontario. A copy of the motion will be forwarded to Mitchell F. Hepburn, Prime Minister.

Mr. O'Gorman, the architect who designed the new municipal building, informed the members of council that they soon would have to begin thinking about fixtures. Main things to be considered were the seating accommodations for the council chamber and the cells for the jail. It was decided to take up the matter of cells with the Police Committee at a meeting of that body today. The architect and Chief of Police will sit in at the meeting.

The Mayor pointed out that the Library Board had requested a separate entrance into the library for the children. The Board had discussed the question of lighting and floor covering. All these questions will be discussed by the council at a future meeting.

Want More Street Lights

A resident of Balsam street, south, wrote to the council asking that more street lights be placed in that section of the town. Councillors decided that the problem of street lights was a big one and that also was left over for another meeting.

It cost \$216 last year to publish the town's financial statement in the newspapers. That amount was considered too much by the council and ways and means of getting the same results for less money were considered.

"Run off 500 copies on the town's duplicating machine," suggested the mayor, and let people who wanted one come and get it. He agreed however with Councillor Laporte that the rate-payers were entitled to the information no matter how much it cost to give it to them.

"Hire a Town Crier," suggested Councillor Wren.

"Councillor Wren, for example," said the mayor.

"Councillor Wren has the best voice for that sort of thing," Councillor Laporte said.

"Yes but perhaps the people are tired of it," said the mayor.

The question will be decided at a meeting to be held on the 17th of this month.

Kirkland Lake Man is Found Guilty

(Continued from Page One)

garding the facts of the matter. In his charge to the jury, his Lordship said that "there was no doubt but that there had been very excessive drinking" at the party in the Raine house given in honour of the celebration of the Orthodox Easter Monday. The jury was out 75 minutes.

The Crown had charged that Mrs. Romanchuk was kicked with fatal results after her request to her husband to go home from the party had been rejected and she had attacked him with the bottle.

Dr. M. A. Shipley, who was called to the house expecting to find some one ill there and who said he was "horrified" to find a woman's body dead on a bed, told the court of the injuries the victim had sustained. The doctor's story disclosed that all ribs but two had been broken, twelve of them more than once each, the breast bone had been broken in two places, the chest crushed, the internal organs injured and there were bruises on head, neck, face and body. He said death was due to shock "from the tremendous amount of damage that had been done to her." C. L. Snyder was Crown counsel.

The Crown's case in the Romanchuk murder trial had been completed when court rose for lunch yesterday at Kirkland Lake, nine witnesses having testified. None of them was cross examined at length by C. W. Bell, K.C., defence counsel, and the eight who testified during the morning—Dr. M. A. Shipley had given medical evidence the previous day—occupied less than two hours and a quarter in presenting their stories as the Crown pieced together its case against the former Cebalt pool room proprietor who later went to Rouyn and Kirkland Lake after quitting business in the silver town some years ago.

Witnesses examined included other members of the party at the Raine home, Mr. and Mrs. Raine, Steve Stadyk and Mrs. Nellie Towtrivski, and it was generally agreed that there had been considerable drinking of beer and whiskey by the various members of the company, including both accused and his late wife, some of it having been done at Romanchuk's place before the party adjourned to the Raine house on Taylor avenue. Witnesses also agreed that, prior to the tragedy there had been singing and dancing to the music of a gramophone, and Raine, who said "everybody was happy and singing," declared Mr. and Mrs. Romanchuk had been dancing together during the afternoon.

Trouble arose, it was sworn, when Mrs. Romanchuk asked her husband to go home, and accused, according to Raine and others, refused, saying he would go "after a while." His wife then struck accused on the head with a beer bottle, Raine, Mrs. Towtrivski, Mrs. Raine and Stadyk all swearing to this. Romanchuk, it was agreed, with his nose bleeding, knocked his wife down, and when the two men tried to interfere, said, according to Raine, "Well, I'm the boss of my wife." He had kicked his wife witnesses said, Raine describing it as "beating her with the feet," and Stadyk declaring the kicks were "mostly in the chest, I guess." Raine several times told the crown counsel he was "pretty drunk" that day.

The alleged attack took place in the kitchen of the Raine home and afterwards Mrs. Towtrivski and Mrs. Raine carried the injured woman into a front room, laying her on a bed there, according to the first-named witness. Mrs. Towtrivski told the court she ran into her own room—she was a roomer at the Raine house—during the dispute between husband and wife. This witness said the victim was still alive when carried into the bedroom, as she asked for a drink of water, and Mrs. Nick Romanchuk, sister-in-law of accused, who said she had gone to Raine's place after the trouble, found Mrs. Romanchuk still alive, as "she was yelling and asking for water." They gave her water, witness said.

Meantime, Stadyk and Raine had pushed accused out of the house, the first-named swore, and Romanchuk later in the evening was arrested at his own home by Deputy Chief Pinger, of the Teek police force. The officer told the court of having been summoned to the Raine house and of noticing there that the floor of the kitchen had been washed, while the body of Mrs. Romanchuk lay on a bed in another room. Romanchuk had made no reply to him when arrested on a charge of wife murder, the deputy chief said, and was then under the influence of liquor, he testified. Witnesses attending the party all were hazy regarding the time, and Raine, who said he went out for a doctor after the trouble and who declared the woman had been removed from the kitchen when he returned, swore he did not know where he had stayed at that time or how long he was away.

According to Mrs. Towtrivski, she and Mrs. Raine and Mrs. Nick Romanchuk had been "pretty blue" when in the house alone with the victim, and witness told Crown counsel they were crying because they saw a person dying. William Romanchuk, nephew of the accused, and son of Mrs. Nick Romanchuk, told of going to the Raine house when his curiosity had been excited by the sight of his mother crying when he went home after school, he subsequently going out in search of a doctor, whom he and his mother brought to the house, only to find Dr. Shipley already had reached the place.

Theodore Lacasse was hired as a draughtsman in the engineer's office at a salary of \$125 a month to replace an employee who left. The account of the Election Board for the District of Cochrane for \$500 was ordered paid.

BELANGER STOVES

THE Most Economical STOVE You Can Buy

COAL and WOOD WITH ELECTRIC ATTACHMENTS

The Ideal Stove where you want a maximum of heat, the most part of the year, and to be able to use Electric attachments during the warmer weather. Practically designed, with either shelf or a two compartment warming closet at a small additional cost. Has also minute timer and small shelf for household needs. This stove will give a lifetime of lasting satisfaction. Priced as low as

\$84.75

Complete Price Including Finance Charges Terms extended 24 months to property owners if desired.

YOUR GUARANTEE

If at any time during the life of the stove should breakage occur in the enamelled parts of your stove or become chipped in any way, we will fix the parts affected at no cost whatsoever to you. Padlocked Paper in Montreal to Fight Quebec Courts to be Asked for Injunction Against Ban.

It is expected to-day that the Civil Liberties League of Montreal will bring before the courts at Montreal application for an injunction restricting Premier and Attorney-General Marois Duplessis from maintaining the padlock on the Leftist newspaper, La Clarite. The premier had this journal "padlocked" under the law passed this year in Quebec for controlling and curbing communist and other objectionable propaganda. After the raid on La Clarite, the premier said this was only the start—that other destructive and evil propaganda centres would also be padlocked and put out of business. Premier Duplessis this week made an appeal to labour unions and leaders to co-operate with him in stamping out the communist propaganda. The premier told the union men that the Reds had gotten into a lot of the unions and were using them for their own evil purposes, to the detriment of all concerned except the communists.

The Civil Liberties League is applying for an injunction against the seizure of the plant, equipment, etc., of La Clarite hold that Quebec's padlock law is ultra vires—beyond the power of the province. Although there is a procedure under the padlock law to provide for the dealing with such cases, the Civil Liberties League refuses to take action under the padlock law, claiming that they can not afford to use or recognize the padlock law in any way, as they assert the whole legislation to this effect is invalid.

He Suffered Agony in Wet Weather

Rheumatism Attacked Limbs and Body

He had been bothered with rheumatism for years. The pain in wet weather—to use his own expression—was "Indescribable." But all that is gone now—thanks to Kruschen. Read this letter:—

"I suffered with rheumatism for years. I dreaded wet weather, for during such periods the pain was continuous and indescribable. To begin with it was confined to my limbs but in time I began to suffer as much agony in my body as I did in my limbs. What I began to take Kruschen Salts. I found it did me more good than all the other medicine I had taken put together. Today, I have peace and freedom from pain even during wet weather, and can heartily recommend Kruschen Salts to anyone who suffers from rheumatism."

—N.M.

Rheumatic conditions are often the result of an excess of uric acid in the body. Two of the ingredients in Kruschen Salts have the power of dissolving uric acid crystals. Other ingredients in these Salts assist Nature to expel the dissolved crystals through the natural channels.
