

# N.O.H.A. MEETING APPROVES MINE LEAGUE

## Nova Scotia Leads in Bank Bowling

Highest Average by Tom Bruce. Highest Total Score by Johnston.

Highest average this week in the bankers' bowling league was made by Tom Bruce, with an average score for three games of 227. King has an average of 194 and Robinson one of 193. Reitzel's was 191, Corrigan's 183 and Traynor's 182.

Weekly prizes were won by Johnston, with a total of 732, and Bruce with a total of 648.

Standing of teams after the games this week was: Nova Scotia 13 points; Montreal-Dominion 12; Commerce, Schumacher, 10; Imperial 9; Commerce, Timmins, 4.

Nova Scotia won four points from Commerce Schumacher, and Montreal-Dominion and Imperial divided four points equally. Results were as follows:

Nova Scotia			
Moody	166	135	164-465
McCann	175	193	239-607
Johnston	274	240	218-732
Grant	118	159	145-422
Traynor	152	171	143-466
Totals	885	898	909-2692

Commerce (Schumacher)			
Robinson	154	125	209-488
Zedon	116	109	87-312
Jackson	175	132	161-468
Rowlandson	145	167	132-444
Bruce	224	191	269-684
Totals	814	724	858-2396

Montreal-Dominion			
Watson	155	184	143-482
Lancaster	185	213	126-524
Mayhew	193	209	143-545
Corrigan	175	174	180-529
Lang	156	184	174-514
Totals	864	964	766-2594

Imperial			
McGuire	176	178	160-514
Burgess	171	121	208-500
Hanna	115	240	175-530
McDonnell	164	234	144-542
Ritzel	212	187	180-579
Totals	838	960	867-2665

## World's Sport Events

(By F.H.H.)

**Tennis**  
Don Budge is to remain an amateur for another season at least in spite of rumours that he was turning pro. Don leaves this week for Australia where he will take part in several amateur matches.

In the International matches between England and Czechoslovakia played last Friday, England won five out of six matches. W. H. (Bunny) Austin won his match against Cejnar, Czech's ace. Mr. Wilde also won his match 6-3, 6-3.

Mr. Lee was the only one to lose a match 6-3, 6-3.

On Saturday England won nine matches to Czechoslovakia's three.

The semi-finals of the British Army Squash rackets championships were played on Friday last. Capt. Jamieson won from Capt. Craig; Burnett won from Bokley.

On Saturday Burnett won the finals from Jamieson 9-2, 9-6, 10-8. Both men belong to the Royal Engineers.

**Rugby**

The Australian touring team lost their second test match against England Saturday, 13 points to three.

**Boxing**

Ben Ford, of South Africa, is starting out again after the British titles. His first fight will take place on the 30th of this month, with a second bout in December. If Ford can win these two bouts he will fight Max Schmeling at Hamburg, Germany, on January 30. Ben will likely challenge Farr for the Empire title after these bouts.

Max Schmeling, who is back again in the U.S.A., wants his fight with Thomas changed from ten rounds to fifteen. His reason is that there is no telling what a rugged chap can do in ten rounds but with a fifteen round bout he could win.

A bombshell was dropped last Saturday by the British Boxing board, when they suspended the managers of both Maurice Strickland and Walter Neusel. The reason was contained in an incident which took place after the bout between these two fighters recently.

## Hockey

With the annual meeting of the N.O.H.A. brought to a close, the youngsters of the North will be pleased to know that the body has endorsed the franchise of the Junior B hockey and will assist in every way.

The question of play-offs with Junior A, at the end of the season brought the Sudbury delegate to his feet. He said if the teams were of Class "A" calibre, let them play in "A" division. It was decided that there would not be play-offs with the "A" clubs, but a play-off with all "B" groups, and Mr. Thompson promised to find a cup to be played for. There is also the Hepburn cup donated to this group.

So, with the kiddies under organized hockey there should be some keen competitions.

Bummer Doran came into his own last night, when he scored two of the four goals for Syracuse.

The Maple Leafs are on a goal-scoring rampage again. They started this way last season, but injuries soon stopped their career.

The Canadiens sure turned on the steam to turn back Detroit in the last period to win out 5-2, with the score 2-1 for the Red Wings at the end of the second period.

## Bowl Along

Someone in the rear end of the print shop suggested that the boys turn out in their sweaters. What! To dazzle the power boys! "Ask another," the old cap chimed in, and added "Sweaters or no sweaters, get out and bowl!"

On arriving at the alleys, "Sunshine" asked the printers to turn on 50,000 volts.

Well, the boys wore their sweaters; they turned on the 50,000 volts, but forgot the ohms; the electricians had the ohms, and plenty of them; so "Sunshine" you had better have the ohms and not voltage a week from to-morrow.

The Sunday school boy of the fruitiers forgot himself when he picked a couple of headpins, and a complaint came up from a billiard table in the room below, by a man who had missed his shot when the plaster fell on the table. Yes, headpins are sure trying on one's nerves.

Jack was not the only one who was getting them that night. Hornby, of the printers, picked out five of them, and followed up by taking out the two-pin, and three blows in the last game.

Peter gave the boys the biggest surprise when he was low man for the first time since the league started eight years ago. Better luck tomorrow Peter!

Why don't you be sociable like your team-mates, yes, you guessed it—Bert and Teddy! You! captain won't mind.

Better be careful, Henry, you're slipping.

There is an old saying "Truth will out." And Army admitted he had a good team (good for nothing) including himself.

Never mind, Army, your old skipper is expected back in the New Year. Yes, he is disgusted, but not discouraged. The second half will be different. The boys hope so.

Last Tuesday's game started a feud in the Fourth avenue shop when the single man challenged the married men for a match. Surely the man who suggested the sweater wearing doesn't blame the two married men on the team for the loss of the four points to the electricians.

To-morrow starts the third quarter, with T. & N. O. and Power, Gambles vs. Advance.

## WEEK-END HOCKEY SCORES

N.H.L.—Saturday	
Toronto 7	Chicago 3.
Canadiens 5	Detroit 2.
Sunday	
American 2	Maroons 0.
Chicago 3	Toronto 3.
Detroit 2	Canadiens 1.
Boston 2	Rangers 3.
International League—Saturday	
Syracuse 5	Pittsburg 3.
Sunday	
Pittsburg 1	Syracuse 4.
x—Overtime.	

Not a Bay Nugget:—A professional glass-eater is laid up in the infirmary of a Texas jail. Any diagnosis is difficult while he keeps swallowing the thermometers.

## BOY SCOUTS IN TIMMINS

### Scouting and Militarism

This little chat was prompted by an incident which happened on Remembrance Day. It happens that I was walking down the street wearing my Scout uniform when I heard someone call, "They hardly get one war over before they prepare for another." I knew it was I whom they were talking about for I was the only uniformed person on the street and the remark was purposely made loud enough that I might hear it.

Purposely we did not take part in the actual parade on Thursday because we were afraid of such a connection. The job we did, that of reserving a place for participants in the parade and keeping back the crowd until these had taken up their positions was a Good Turn.

A few extracts from the Chief Scout's own writings will best serve to militarism, and the hope we have that in the Scout Movement we are moving towards a better world, where good will and trust will replace fear and suspicion.

There is no military meaning attached to Scouting. Peace Scouting comprises the attributes of colorful frontiersmen in the way of resourcefulness and self-reliance and the many other qualities which make them men among men. There is no intention of making the lads into soldiers or of teaching them bloodthirstiness.

"Every man who has any heart is anti-war. The Boy Scouts' training is definitely for peace."

A more tangible proof of our policy is the fact that the Wateler Peace Prize for 1937 has been awarded by the Board of the Carnegie Institute to the Chief Scout for services to World Peace and promoting international goodwill through the Boy Scout Movement.

And so we continue in principle to promote peace and in practice to mould good citizens of Canadian boys by a programme of woodcraft and friendship that is both local and international.

### Friday, Dec. 3rd

Now here is some news I have been having a hard time to keep to myself. On Friday evening, December 3rd, in Church of Nativity basement, 730, Scout Henry Murray, of Kirkland Lake, will be in Timmins to tell us the Story of the Washington Jamboree. At the same meeting the certificates for the Patrol Leaders' Training Course will be presented. I hope that you will be able to bring your parents along with you as this meet is for Cubs, Scouts, Scouters, Committeemen, parents and any other interested persons.

An interesting note came from Provincial headquarters the other day to say that Timmins was one of, if not the first, local associations to have completed their census. In addition, our district can boast that we are completely registered and fully paid up until the end of October, 1938.

### Your Part in the Patrol

The Scoutmaster is the Scoutmaster. He is naturally responsible to the Patrol Leader and to the Scoutmaster for the four Scouts (including himself) who have to do with the kitchen, the food supply and preparation, and with the water when on camping trips. He is the patrol's commissary and arranges with Scoutmaster for the food supply. He is responsible for feeding the patrol. He should be an expert cook and is assisted by No. 4. He carries the mess and cooking gear and is responsible for its condition.

He understands the P.L. and is second in charge, being ready at any time to take complete charge.

Personally he is responsible for a guard rope and an axe at his belt.

His knapsack contains the nested equipment for cooking and feeding ten Scouts (allowing for extras). This is padded by the folds of a tarpaulin, about 10 x 10 feet of light weight duck that will pack compactly. This small tarp is used for spreading either under or over kitchen ware, or part under and part to cover for the night.

In brief the Second is responsible for Scouts 4-6-8, these four handle the food end for the trip. He is the Chief Cook as well as general supervisor of the four. His pack should consist of: 1 ax, mess kits No. 1 and No. 2, ground cloth, 2 wash basins, 2 fry pans and of course his own and personal items.

### Group Briefs

2nd Timmins Group, St. Matthew's. In 1934 some time after the 1st Group had become a community group an attempt was made to organize the 2nd Timmins Group. The troop and pack were organized but soon the troop became disbanded and only the pack remained. In February of '35 when the Timmins Boy Scout Association was formed I had the opportunity to re-organize the Troop, soon to be relieved of the leadership by Mr. Webb who is the present Scoutmaster. At about the same time Mr. Morris took charge of the pack from Canon Cushing. At present this group is a family of about forty-five Cubs, Scouts, and leaders. In this group, four Scouts are lending considerable aid as instructors in the Pack. The Troop held the "Best Appearing Troop Award" of the Jamboree of 1936 and made one of Timmins' most creditable showings in Jamboree of '37. The Troop, too, held the only camp of a trekking nature in the history of our Association. Its effort was commendable and worthy of imitation.

With the urge that you all try to fill up the gaps in your troop and bring

## SMYBOL OF FRIENDSHIP

A statue of Britannia, the work of Felix Desruelles, a Parisian sculptor, is to be set up at the port of Boulogne-Sur-Mer as a symbol of Anglo-French friendship. It was at this town that the first British troops landed on August 12, 1914. This picture shows Mr. Desruelles with his statue at his Paris studio.

your troop up to four full patrols, I'll close for the week.

Scouting yours,

Ebr. District Leader.

P.S.—Last session of the P.L.'s Training Course on Tuesday at seven in the Hollinger Hall, Scouters, and Committeemen, and the Executive are invited as spectators.

## B. V. Harrison Still on the Curling Club Executive

The Halleyburian last week has the following item of interest:—"Our attention has been called to the fact that in a report of the annual meeting of the Halleybur Curling Club, given in these columns a couple of weeks ago, the name of B. V. Harrison was not included in the list of the members of the executive elected, or rather re-elected, for the coming season. This was an error on our part, as there was no change made in the personnel. Mr. Harrison, an enthusiastic curler and executive worker, will continue to take a part in the administration of the club's affairs and he and all the other curlers are eagerly looking forward to the time when play will start."

Plairmore Enterprise:—"The christening of the baby was nearing its conclusion, when the uneasy uncle, a ship-builder, stepped forward, drawing a bottle of champagne from a wrapper. "I say," he cried, "when do you break this thing over its head?"

## THE DUKE'S HANDICAP

(Winnipeg Tribune)

One can sympathize with the Duke's desire to lead a useful life. One who has been accustomed all his days to a busy, active life, busy and active far beyond normal, and to a place of prominence and influence, must find his voluntary exile and retirement irksome beyond words. But the Duke is no ordinary man. He was King of England. Whatever he does or tries to do in the future must be conditioned by that fact. . . . Wherever he goes whatever he does, he will be surrounded by a blazing light of publicity and subjected to mob curiosity which may at any time develop awkward and dangerous situations.

## WILL MAKE AN EFFORT TO STOP FALSE ALARMS

A determined effort will be made by members of the Fire Department and police officers to check the ringing of false fire alarms. Several have been received over the last few weeks. It is pointed out that the ringing of a false alarm causes needless expense as well as inconvenience to the firemen. Offenders who are caught in future will be severely dealt with.

Portland, Maine, Express:—"If there had been drunken driving in the days of the Ten Commandments, there would have been eleven."

## DUKE AND DUCHESS IN WALES

The Duke of Kent, as Prior of the Venerable Order of the Hospital of St. John of Jerusalem (prior for Wales) and the Duchess of Kent, as Lady Superintendent-in-Chief for Wales, held an investiture at the city hall on the occasion of a two-day visit to Cardiff. Their Royal Highnesses are shown in the robes of the Grand Order.

## N. O. H. A. Sanction Given Mines League Saturday

Approve of Motion to Set Up Junior B. League in Camp. Nickel Belt Arrangement Was Contentious Point. W. H. Johns, South End, Taken on Executive.

## Timmins Man Third Vice-Pres. O. A. B.

W. O. Langdon Honoured by Ont. Associated Boards of Trade at Annual Meeting.

At the annual meeting of the Ontario Associated Boards of Trade and Chamber of Commerce, held at Toronto on Friday last, W. O. Langdon, president of the Timmins Board of Trade, and president of the Northern Ontario Associated Boards of Trade, was elected third vice-president of the association. Russell T. Kelley, of Hamilton, president for the past year, was made honorary president, being succeeded in the presidency by V. Evan Gray, K.C., Toronto.

The Ontario Government was urged by the Ontario Associated Boards of Trade to appoint a board of qualified engineers and other competent persons to investigate the possibilities of putting into effect a constructive and long-term policy of reforestation, conservation and flood control.

## NOTED SCREEN ARTISTS PLAN FOR THEIR RETIREMENT

Three movie screen veterans, Mary Pickford, Douglas Fairbanks, Sr. and Charles Chaplin will each dispose of their holdings in United Corporation under an agreement. The trio will retire. It is estimated that each of their holdings is worth approximately \$2,000,000.

## FASHION NOTE

(New York Post)  
Admiring but bewildered, we receive the information that coiffures will have the new upsweep shape this year; that coloured powder will be sprayed on the hair; that false hair will again be used for puffs, buns and curls, and that the ostrich feather is coming back. Who dare deny now that Roosevelt has saved capitalism?

## BRITAIN'S PROTECTION

(Chicago News)  
To-day Britain is building the greatest navy—and air fleet—in her history. What are these but ships of water and air to be manned by figures holding the traditions of Drake and Blake and Nelson? Let them stick to that, and Britain need have no worry about losing an isolation which she never in fact possessed. In very truth the roaring tempests have always worn the shape of roaring sea dogs.

## LAYS ASSAULT CHARGES MAN SAYS WAS BEATEN UP

Charges of aggravated assault have been preferred against Walter Calapaca and Mary Demchuk by William Szylovnky. The charges are the result of an alleged brawl in the Radio Hotel last week-end, when it was alleged, Szylovnky was badly beaten. The fracas was believed to be the sequel to a recent court case. Charges will be heard tomorrow.

Globe and Mail:—Lowered by a rope from the roof of a burning building, a New York fireman broke into a seventh-story dwelling where a man and his wife were trapped, took one under each arm and was lowered again to safety. It is difficult to imagine any situation or action calling for more courage than this, and the man's name should be recorded in the world's ever-lengthening list of heroes.

The Mines league set up as outlined here a short time ago, when representatives met with Bill Thompson, N. O. H. A. secretary, was adopted and given the approval of the N.O.H.A. at the annual meeting of that body on Saturday at Halleybur.

Under the existing arrangements the mines league will include intermediate teams from Buffalo-Ankerite, Pamour, Comiaurum, McIntyre. Dome will play a senior team and South Porcupine and the Hollinger will play Juniors A. All teams will play together in the mines league.

At the end of the season the Dome senior outfit which receives a bye during the season, plays off with the winner of Kirkland district and then goes on to the O.H.A. for the Ontario play-downs.

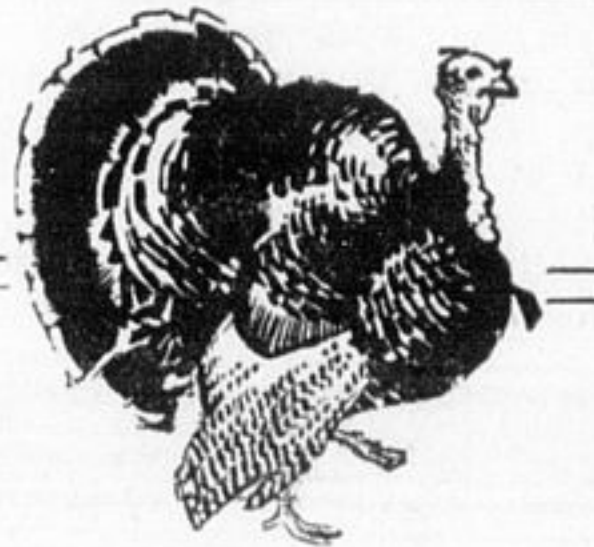

Hollinger and South Porcupine will play off for the junior A title in the camp and the winner will play off in the N.O.H.A. title before going into the Ontario play-downs.

The intermediate teams play off for a title and go into the N.O.H.A. play-downs but not outside the Northern group.

The meeting accepted the motion of W. B. Sparks the schumacher representative, that a junior B league be formed. However, there will be no play-off with the junior A. The play-offs in Junior B, will include only the district taken in by the N.O.H.A. and the winner will not go south.

After a good deal of discussion the Nickel Belt league set-up was adopted by the meeting. The plan submitted by the Nickel Belt League, which again is under the N. O. H. A. wing, was the most contentious point of argument brought up at the meeting.

Two new members were added to the executive committee. One of them was W. H. Johns, of South Porcupine.

## LIONS CLUB TURKEY DRAW

WIN A TURKEY

and \$100<sup>00</sup> in Cash or More for 25c

A Turkey given to the holder of the lucky ticket in every book. Tickets drawn every night and announced by radio and in the papers. Grand Prize to be given at

## LIONS DANCE DEC. 15

Tickets and full details from any member of the Timmins Lions Club.

This Christmas Go HOME!
