## Westinghouse Cushioned Action WASHER

Every Westinghouse Cushioned Action Washer is precision built by Westinghouse... to the finest standards ever employed by any washing machine manufacturer in Canada. The motor especially designed for the purpose is built by Westinghouse. The complete mechanism is built by Westinghouse... over a million dollars' worth of equipment devoted to its manufacture. The Special Armo steel tub is porcelain-enamelled in the Westinghouse electric enamelling ovens... the finest in Canada. The entire frame is built and finished by Westinghouse. The Westinghouse Washer is built throughout by Westinghouse except only for specialized parts not made by washer manufacturers.

Quality-controlled in every detail... inspected at every point AND—more than that... every individual Westinghouse Washer is given a final run-in test for fifteen hours under load. It's better because Westinghouse builds it.

Exactly as Illustrated **\$150.**

Any of the above may be purchased singly or in groups on our Budget Plan spread over 18 Months.
