

Timmins Curling Cup Competition to Start To-Night

Play Double-Header to Open N.O.H.A. Junior "B" Schedule

Tuxis Defeated Schumacher 6-4 in Opening Tilt While the T.P.A.A.A. Kids Trounce Canadiens 7-3. Teams All Require Considerable Coaching to Improve Class of Hockey. Crowd Small.

The local N.O.H.A. Junior "B" group made its bow to the public at Timmins arena Thursday night with a double-header, Tuxis defeating Schumacher by a score of 6-4 and T.P.A.A.A. taking Canadiens into camp to the tune of 7-3.

The crowd was sparse but the kids went at it with everything they had. Greats and near greats of to-morrow, the kids deserve the support of fans and no doubt before the season ends more than a few outstanding players will be developed.

The four squads that performed on Thursday night need a lot of grooming but as soon as they can be taught to play their positions and get a little more dash around the nets, the games may be better from an orthodox hockey standpoint. The kids haven't yet gotten over the habit of ganging the puck and many good chances were missed by too many players being in the same place at the same time.

While Tuxis defeated Schumacher in the first game 6-4, the losers looked like the more finished team. Dunn in the Tuxis nets stopped a number of shots that looked lucky and saved his team from being tied or beaten. Fraser, of Hollinger Junior "A" team, was on defence for Tuxis and was head and shoulders above the youngsters for style. He was given quite a razzing by the crowd and was chased to the penalty box six times for minor offences.

T.P.A.A.A. defeated Canadiens quite handily in the second game 7-3 and were full value for the win. The Police outfit have some smart kids on the roster and while they like the rest, need considerable coaching, they have the material for a well-balanced club.

WHEN STRICKLAND BEAT DELANEY

Maurice Strickland at the right, New Zealand heavyweight, has his arm raised in token of victory as he stands next to Al Delaney, the Canadian whom he defeated on points in their fight at the Harringay Arena, London, England. The fight was an elimination match for the British Emu's heavyweight title, now held by Tommy Farr.

Boy Fractures Leg While Skiing Behind Automobile

The only way people can learn things is by experience. The wise ones learn from the experience of others. Boys and girls especially do well to adopt this plan of profiting by the experience of others. For instance there is the dangerous practice of skiing behind an automobile. Robert Pomeroy of Haileybury is in the hospital suffering from a broken leg as the result of this procedure. He was being pulled on his skis behind an automobile on the West Road near Haileybury when he had one of the falls common to skiing. Had he been travelling only under his own power, the fall would likely have been only a "spill" with no serious results. The extra speed and the lack of control consequent to using motor power, however, threw him with such force that his leg was broken in the fall. Wise lads now will take no chances on this sort of sport, but will profit by the unfortunate experience of the Haileybury lad.

BOY SCOUTS IN TIMMINS

Happy New Year to you all! If you are at all like I am, then you will have made resolutions to do this and that, or not to do something, and will have planned a programme for yourself to keep for the next twelve months. It's programmes about which I'd like to tell you. For the last four months your Scout and Cub leaders have received programme suggestions, your troops and packs monthly calendars with the district programme on them, and the patrol leaders, through the Patrol Leaders' Training Course, were assisted in planning programmes for their individual patrols. Now before you have completely filled in the details of the programme of your troop, pack or patrol, I have three things for you to consider. All of these three will take place within the next month. Here they are:

First—Leaders' and Committee men's conference, January 14th-16th. This conference is for all Scoutmasters, Cubmasters, A.S.M.'s and A.C.M.'s, and committee men of the Temiskaming-Cochrane district, and is to be held in the Scout room of the Hollinger hall. The conference-dinner will be held on Saturday evening at which it is hoped that Mr. J. P. Johnson, of North Bay, will be the guest speaker.

Tickets for the dinner will be forwarded to one of the group leaders for himself and the rest of his group. There will be additional tickets for guests. Items of programmes will be forwarded to one or two of the groups with the tickets in plenty of time to prepare them. It is expected that the leaders and committee men from outside centres will arrive on the late train on the 14th and the conference proper will start on Saturday morning. A Scouts' Own will be held Sunday morning before the candidates return home. Travelling expenses will be pooled with all attending the conference as is the regular custom.

Second—The Boy Scout campfire and

display of hobbies, February 3rd and 4th. As you have been already told prizes of \$10 and \$5 will be offered to the best troop and pack displays of hobbies. Items for the programme will go to your leaders this week, as well as tickets for sale by members of all troops and packs.

Third—Hockey. Arrangements have been made with the T.P.A.A.A. for the use of a rink and a dressing room for Scouts and Cubs who wish to take part in a hockey programme of their own. Any wishing to take part in inter-troop, inter-pack or inter-patrol hockey, must apply to me within the next week so that a schedule might be drawn up and entries made in various play-offs with other leagues, provided, of course, our league is successful. Games and practices will be scheduled so that they will not interfere with other troop or pack activities.

Your Part in the Patrol:

Scout No. 8. Woodsman (and Instructor). The woodsman is responsible for the wood supply. He is the Patrol naturalist. He is an expert woodcrafter and axeman and should be able to instruct other members of the patrol in these. He knows the trees about camp, and collects leaves and bark for instruction work. He becomes familiar with wild foods, herbs, and roots. He knows the medicinal plants, poisonous ones, useful ones, and the importance of the common trees and shrubs of the locality.

He replenishes the woodpile in camp, digs the garbage pit under Number 2's supervision, and keeps the kitchen area cleaned up.

In his knapsack he carries the flavouring, the greases, soaps and liquid foods. He carries a woodsman's axe, and guard ropes. In addition his pack consists of mess kits Nos. 7 and 8, ground cloth and light tarp, knife, fork and spoons, 3 baking pans, 2 griddles and his personal items.

Group Briefs

8th (St. Charles) Timmins Group—At present there is only a troop in this group but leaders feel that there is the foundation for a Rover Crew in older and graduated members. The Troop has sensed the value of the Patrol System as it meets in the St. Charles school and the advantage of patrol meetings where they have much more freedom for certain activities, has become apparent. This they are successfully developing. The troop was organized in 1935 as 4th Timmins Troop A but in early 1937 became an independent group. Mr. Gerrard Pelletier has been its Scoutmaster from organization and at present is ably assisted by A.S.M. Hubert Gilbault. The 8th is one of the largest troops in town and could stand very little expansion to contribute toward our 650 membership goal. Up until now the committee has had as its chairman Mr. F. Gauthier. Organization of the committee is under way as Mr. Gauthier has accepted a vice-chairmanship on the Timmins Boy Scout Association Executive.

And with the slogan "300 more members in a year and a half," I'll close and wish you the best of luck in your new ventures. Good Scouting.

Ehr, District Leader.
(Note: Applications for a place on the hockey schedule stating times desired, ages of members of the teams, name of leader in charge, the referees available, and the time and days of troop activities, and suggestions as to new departments to take the place of the two departments which have completed with this issue, namely, "Your Part in the Patrol" and "Group Briefs," which have apparently proven popular, should be addressed to E. B. Rowe, District Scoutmaster, Box 1428, Timmins.)

South Porcupine Impressive in Drubbing Noranda by 7-0

Al. Huggins is Star Performer for Winners, Figuring in Five of Seven Goals Scored. Copper Kings Definitely Weaker Than Other Teams of Past Few Years in Northern Hockey.

Noranda Copper Kings paid a visit to South Porcupine last Saturday evening and were sent back home with their backs stinging from a 7-0 defeat. Led by their coach, Al Huggins, who is developing into one of the best men on the team, the Forkies steadily piled up their impressive total against a Noranda team that is definitely weaker than any they have had in the past few years.

Dome's forward line of McArthur, Raybould and Al Huggins were the pick of the players and shared the spotlight with their chunky captain, Hobie Esselene, who made no mistakes with a few shots that he had to handle.

With the first period a little over half gone Joe Raybould sent Dome into the lead with a smart counter after picking up the loose puck that Al Huggins left at centre. Joe brilliantly stick-handled his way through the defense and blasted his shot from in front. A minute later "Butts" Dunn gave Forkies their only other goal of the period.

Dome from Maki was the sent-up for the game's third goal shortly after the second period started, with Bean getting the goal.

"Red" McArthur put his team four up when he scored at a time when Noranda were a man short and Forkies were two short. Bean and Genois were in the box for bumping each other and they were followed by Frank Huggins for slashing. The flashy torchhead took Al Huggins' flip at centre and broke away with nobody to stop him.

Just before the period ended Joe Raybould slapped in Al Huggins' pass to make the count 5-0.

Al Huggins started the third period with a play with Joe Raybould and knocked in Raybould's pass at the five minute mark. Frank Huggins wound up the night's activities when he scored on brother Al's rebound at fourteen minutes.

Just before the game finished Bill Maki and Paul Corneau started to fight but before any damage was done the boys were separated and sent to their dressing rooms.

The teams: Dome—Goal, Esselene; defence, Dunn, Bean; centre, Maki; forwards, F. Huggins, Nevins; alternates, Raybould, McArthur, Al Huggins, Woon, Taylor.

Noranda—Goal, M. Corneau; defence, Joy, Fortin; centre, Genois; forwards, Jajoie, Couglin; alternates, Bradshaw, Waite, Paul Corneau, Taylor.

Referees—Jack Wilder, South Porcupine; Jerry Legrave, Kirkland Lake.

The Summary—First Period

1. Dome, Raybould (Al Huggins) 11.45

2. Dome, Dunn 12.45

Penalties—Raybould, Bean.

Second Period

3. Dome, Bean (Maki) 3.50

4. Dome, McArthur (Al Huggins) 14.25

5. Dome, Raybould (Al Huggins) 18.03

Penalties—Joy, Maki, Frank Huggins, Bean, Genois (2).
