

DYNAMITERS WIN 5-4 FROM CONIAURUM

Name Committees of T. & N. O. Bonspiel

Event to be Held at Kirkland Lake, Feb. 7 to 12.

The committees for the T. and N. O. Curling Association Bonspiel, which will be held in the Kirkland Lake Curling Rink from February 7 to 12, have been announced by the Kirkland Curling Club.

Cas Caswell has been chosen president of the meet and will be assisted by G. F. Doggett, bonspiel manager, and A. E. Riddell, bonspiel secretary.

The committees selected are as follows: Decoration Committee: F. G. Browne, R. M. Watson, chairman, H. B. Hawley, D. McChesney, R. L. Healey, H. A. Hosking, W. T. Robson, W. S. Donnelly, C. W. Coulter, W. R. Spellman.

Transportation Committee: A. E. Sackrider, chairman; T. R. Rowe, F. H. Hyckie, A. T. Brooks, J. Page, G. Martin.

Publicity and Advertising: G. A. Sutherland, chairman; J. R. Garhart, Geo. McKenzie, W. A. Howes.

Prize Committee: Nels Loney, chairman; T. Roydon, W. T. Sampson, T. C. Algar, H. H. Boyd, H. O. Barrett, A. C. Fulton, R. Hoggarth, E. K. Neil, E. B. Sherwood, G. A. Hawes, M. W. Hotchkiss, J. Collins, A. E. Mitchell.

Draw Committee: O. L. Archer, chairman; J. C. Tuck, J. R. Kilgour, C. W. Ames, A. E. Riddell.

Finance Committee: E. W. Todd, chairman.

Entertainment Committee: Dr. E. C. McKee, chairman; J. R. Davis, W. H. Gawley, Roy Thompson, F. J. Murray, C. E. Chase, T. M. White, J. C. Adamson, A. F. Mitchell, M. W. Hotchkiss.

Ice Committee: P. J. Burns, chairman; T. E. Bolton, Jim Petrn, A. R. MacDonald, Dr. R. W. McBain.

Housing Committee: H. W. Wright, chairman; C. Whitman, P. J. Burns, E. K. Neil, J. W. McBain.

Refreshment Committee: H. S. Norton, chairman; Tom Houston, S. W. Brown, M. J. Bulger, J. A. Quenneville, Mr. White, M. W. Hotchkiss, H. M. Valentine, Ted Miron, H. W. Doggett, G. W. Sayles.

(By F.J.H.)

Boxing

In answer to queries of many fans the fight between Farr and Braddock takes place one week from tomorrow, January 21st, and that of Schmeling and Ford on January 30 in Hamburg, Germany.

It is reported that Mr. Geo. Godfrey, the well known fighter, has been fighting for his life since last Sunday. Godfrey was so recovered last night, that he said that he could go 13 rounds with Joe Louis.

Tony, the saloon baron, who had a band to play him back after his fight last week, is matched to fight Thomas on February 18th. Thomas asked that the fight be postponed to a later date, so that his hand would be in shape. Thomas hurt his hand in the bout with Schmeling.

The fight between Fred Apostoli and Lee will take place on February 4th, and Young Corbett, on Feb. 22 or 28.

The fight at Madison Square Gardens last night between Henry Armstrong and Enrico Venturi finished in the sixth round, with the round being 2 minutes and 29 seconds old, when Armstrong fouled Venturi. The Italian was counted out while he was on his back. This was the second time Venturi was fouled.

There seems to be an aftermath of the fight last night, for Venturi could not make the weight. He weighed in at 137 1/2 lbs. while Armstrong made 134 1/2.

Another point at issue is: Donovan is supposed according to rules to give so much time for a fouled man to get back in the ring, but in Venturi's case, he just simply counted him out.

Pouls are not recognized in New York rules to win a fight for the man fouled. The victim only wins the rounds. What a way to win a fight! Foul a man to insensibility, and then "knock him out" and win the fight.

The sooner they move the fight game from New York, the better for the art of self defence.

Football

There are quite a few football fans in town who can't understand the

Porkies Lose to Toburn Team 5-3

South End Seniors Lost N. O. H. A. Game After Tying Score on Two Occasions.

Kirkland Lake, Jan. 13.—(Special to The Advance)—South Porcupine went down fighting before the inspired Toburn Hockey Club last night by a score of 5-3. It was the first win for the Toburn Club in six games.

Getting away to an early lead half way through the first period when Goalie Esseltine was penalized for fighting, the Kirkland team was never headed. The Porkies tied it up in the first period and again in the last but could not stand the pace set by the Beavers. Blond Bill Maki scored all the visitors' goals.

Coleman got the first goal, lobbing a long shot that Taylor, subbing in nets, tried to stop with his hands. Toburn scored two more in the second period. Two goals, within a minute in the final session, with both teams a man short, nearly brought the game around to the Porkies side but Toburn was not to be denied. The first one came on a three man play with Huggins and Raybould making the passes. The second was due to sloppy clearing by Toburn defence, allowing Maki, Nevin and MacArthur for Porkies. Esseltine stopped many which were close in as Beavers broke away from four and five man rushes. For Toburn, Bartz, Duff, Nichols, Swayze were standouts while McPhail, Giannini mowed them down on defence as well as doing some smart rushing.

Now is the time for the good amateurs to get down to business. Clint Benedict coach of the Wembley Lions and Monarchs, leaves tomorrow (Friday) for Canada, to scout the amateur ranks for material, according to reports.

The Timmins High School will be minus one of its stars, who will be helping another team at the Falls in hockey circles.

There will be two hockey games at the Falls tomorrow night when the Cubs clash with the Tuxis in a Junior B game, and the Juniors will play the Falls Intermediates in an exhibition game. There will be a special train leave at about 6 p.m.

In one of the Canada's well known weeklies there was a paragraph this week. Jack Kilrain is ailing in Boston.

In the Indiana motor car races to be held this year, competitors will be allowed to use more powerful engines.

Benny Goodman, the golf champion, received news yesterday that his father was killed yesterday in an automobile accident.

Mr. Goodman, Sr., was struck by one automobile and while lying injured he was finally killed by another car.

The only Senior N.O.H.A. entry from the Porcupine Camp is that of South Porcupine which team is group with Noranda, Lake Shore, Wright-Hargreaves and Toburn. The winner of this group will play off with the winner of the southern N.O.H.A. Senior group.

Probably some of the confusion arises from the fact that all these teams have been playing some "exhibition" games and they have not always been advertised as such. Requests have been sent to the secretaries of all the clubs in the camp asking them in future to advertise Porcupine Mines League games as such but also to specify the N.O.H.A. classification of the playing teams; and in the case of "exhibition" games to advertise them as such and to specify the N.O.H.A. classification of the playing teams.

For your information there is attached hereto a copy of the letter sent to each of the clubs.

Hoping that this will explain the situation and thanking you, I am Yours very truly, Dean Kester.

Vice-President, Northern Ontario Hockey Association.

Power and Advance Take 3 Points Each

The second half of the Commercial bowling league got under way last Tuesday and finished with a double tie, the Power and the Advance on top with three points each and Gambles and T. & N. O. with one each.

The electricians and fruiters were running neck and neck all their games, with the fruiters taking the first with 42 pins, the next two going to the electricians on a close margin.

The games between the railroaders and the printers were almost disastrous to the latter in the last game when the lead-off man did everything but knock pins down. The handicap against the printers was a big factor to overcome for the railroaders had 219 pins of a handicap, but the printers were able to hold their own until the last game.

Nicolson, Webb and Salomaa were right on, and rolled up good scores of 697, 689 and 661 respectively. Nicolson with tops of 311 and his teammate Henry Horrester with 304 in the first game and a total of 621, and E. Fleming and C. Armstrong, 637 and 602 and A. Guidice 613, were others to decorate the honour list.

Towards the end of the period the "heat" started. Ruffer was chased for boarding Kaufman and was followed by Richer and Baker when they started to bump each other around in the corner. The Macs were two men short and the Ankerite one. The

period finished with the three men still in the box.

On the first play of the last period Carlson Miller was given a penalty for boarding Malone. McIntyre put on the pressure and Mayowski saved almost impossible shot from every angle. On the first play after Miller returned he was chased again and it was the set-up that Macs had been waiting for. The power play rolled in with Malone carrying the puck. Instead of shooting it in he passed to Vall and the cottening shot drilled it. The puck would have missed the net but it caromed off McTaggart's skate and went in.

The goal sent the McIntyre team into a frenzy and they tore in for the equalizer. Just after Miller got back they got the goal that was long overdue. Baker plugged the twine on a pass from Jack Darraugh.

After that goal the McIntyre players went "loco" and a couple of them broke their sticks in the excitement. Kennedy and Calhoun took advantage of the situation to square their grievances and inside of three or four seconds practically every player on the ice was in the mix-up.

After little more than three minutes of the overtime Fasano put the Bisons up again and it seemed as though the goal was the winner. McIntyre threw on five forwards and in the power play McTaggart grabbed the puck with his hands. Referee Lauder awarded McIntyre a penalty shot and Baker took the shot. He missed. On the next play the same thing happened and this time Vall took the penalty shot. He also missed.

McTaggart broke away alone and Price was sensational in stopping him. On the return play Malone went in, flanked by his wings and as the defence took out the two wing men he took the shot himself. It was a clean shot that Mayowski never saw and after bulging the twine it bounced straight back in front. Vall hammered in the rebound to make sure.

The line-ups: McIntyre: Goal, Price; defence, J. Calhoun, R. Calhoun; centre, Auger; forwards, Malone, Darraugh; subs, Vall, Baker, Ruffer, MacDonald, Hooley.

Ankerite: Goal, Mayowski; defence, Miller, McTaggart; centre, McKinnon; forwards, Laflamme, Kaufman; subs, Fasano, Morgan, Kennedy, Kerr, Richer, Lejambe.

Referees: Marty Lauder, Bill Burnes.

Summary—First Period 1. Ankerite, Fasano (Morgan) 15-40 Penalties: Darraugh, Laflamme.

Second Period 2. Ankerite, McKinnon (Laflamme) 17-09 Penalties: Baker (2), Richer, Ruffer.

Third Period 3. McIntyre, Vall (Malone) 6-37 4. McIntyre, Baker (Darraugh) 8-50 Penalties: Miller (3).

Overtime 5. Ankerite, Fasano (Morgan Miller) 3-20 6. McIntyre, Malone 9-10

Porkies Lose to Toburn Team 5-3

South End Seniors Lost N. O. H. A. Game After Tying Score on Two Occasions.

Kirkland Lake, Jan. 13.—(Special to The Advance)—South Porcupine went down fighting before the inspired Toburn Hockey Club last night by a score of 5-3. It was the first win for the Toburn Club in six games.

Bisons and Macs Play to Tie in Mines' League Tilt Monday

The sparkling, four-star performance of Don Price, McIntyre's ace net custodian coupled with Carlson Miller's three timely penalties enabled the McIntyre hockey team to pull out a tie in their scheduled Mines League game with Ankerite at the local arena last Monday night. It was McIntyre's second game in the Mines League and also their second tie game. Twice the battling crew of Schumacher had to fight from behind and the last time they tied the score there was but fifty seconds of play left.

The largest crowd of the season so far turned out to see the two bottom teams of the league battle for positions in what might have been the best game of the year. The dazzling glow of the first two periods was somewhat dimmed in the last canto when tempers flared and a free-for-all broke out so fast that the referees didn't know who started it. Apart from that little affair the game produced more genuine entertainment than any game has so far.

The flare-up in the last period was started by Kennedy and Jimmy Calhoun who had been bumping each other considerably all night. In the first period Kennedy was slapped across the nose with Calhoun's stick and had to leave the ice. The affair was accidental but it didn't help things any. In the last period after the second McIntyre goal was scored the ice was littered with gloves and sticks as almost every player on the ice picked himself an opponent. When the affair cooled down no penalties were handed out because the referees were uncertain as to who had started it.

Shortly after the start of the game Darraugh was chased when McKinnon faked a trip on him and Don Price was really given a test. McKinnon, Laflamme and Kaufman pelted rubber at Price for almost the whole two minutes without the puck being cleared, and he stood up well.

When Darraugh returned the game got more systematic and the Calhoun brothers on the Mac defence turned in a magnificent performance as they bounced all and sundry that came near them. Fasano and Morgan broke through and Morgan took his shot. The puck passed in front of the net and as it was streaking toward the corner Fasano took a backhand slap at it. It dribbled through Price's pads for the first score.

McKinnon's goal in the second frame came on a power play while Baker was cooling his heels in the box. The "kids" had been slapping rubber at Price for about half of the penalty time when Laflamme gave the "Spider" a perfect pass in front of the net.

Towards the end of the period the "heat" started. Ruffer was chased for boarding Kaufman and was followed by Richer and Baker when they started to bump each other around in the corner. The Macs were two men short and the Ankerite one. The

period finished with the three men still in the box.

On the first play of the last period Carlson Miller was given a penalty for boarding Malone. McIntyre put on the pressure and Mayowski saved almost impossible shot from every angle. On the first play after Miller returned he was chased again and it was the set-up that Macs had been waiting for. The power play rolled in with Malone carrying the puck. Instead of shooting it in he passed to Vall and the cottening shot drilled it. The puck would have missed the net but it caromed off McTaggart's skate and went in.

The goal sent the McIntyre team into a frenzy and they tore in for the equalizer. Just after Miller got back they got the goal that was long overdue. Baker plugged the twine on a pass from Jack Darraugh.

After that goal the McIntyre players went "loco" and a couple of them broke their sticks in the excitement. Kennedy and Calhoun took advantage of the situation to square their grievances and inside of three or four seconds practically every player on the ice was in the mix-up.

After little more than three minutes of the overtime Fasano put the Bisons up again and it seemed as though the goal was the winner. McIntyre threw on five forwards and in the power play McTaggart grabbed the puck with his hands. Referee Lauder awarded McIntyre a penalty shot and Baker took the shot. He missed. On the next play the same thing happened and this time Vall took the penalty shot. He also missed.

McTaggart broke away alone and Price was sensational in stopping him. On the return play Malone went in, flanked by his wings and as the defence took out the two wing men he took the shot himself. It was a clean shot that Mayowski never saw and after bulging the twine it bounced straight back in front. Vall hammered in the rebound to make sure.

Flyers' Last Minute Rally Falls Short By One Last Night

Pamour Holds Off Desperate Rush by Coniaurum in Last Period to Eke Out Five to Four Win. Dynamiters Now Lead the League by Single Point. Flyers Score Three Goals in Thirty-Three Seconds.

Staving off a desperate last minute rally, Pamour Dynamiters won their scheduled Mines League game with Coniaurum Flyers last night to again take over the leadership of the league. The final count was 5-4.

Pamour led by a score of 5-1 with only six minutes left when the Flyers opened up and blasted in three goals inside of thirty-three seconds to give the Dynamiters the worst scare they have had this year.

The white-haired boy of the Pamour crew was Les White who counted three of his team's five goals for his debut in the league. The best of the Flyers was Jack Young whose spark started the last minute rush that almost turned the defeat into victory.

The game was only nineteen seconds old when Jack Young streaked down the centre and fired his shot from outside the blue line and got it past Bentley for the first score.

"Bud" Mayes drew the game's first penalty for elbowing Thompson and while he was off the Dynamiters scored the equalizer. Tracy took Haneberry's pass and drilled the shot past Paradis when the two men broke away fast from a Coniaurum power play.

White started his goal scoring streak in the second frame when he drilled Haneberry's pass high in the left corner of the net and sent his team out in front.

Coniaurum pressed hard for the tying counter but hit everything but the twine in the net. McNulty, Dundas and Young were outstanding in the second canto but couldn't get any goals.

Ab Kerr tried a penalty shot that had been given to the Flyers when Myers tripped McNulty in front of the net, but his attempt was weak, the puck sailing away over the net.

Kerr was given a penalty in the last period and while he was away White got his second counter. He checked Dundas as a power play was starting and coasted in to have Paradis at his mercy.

Three minutes later White tallied his last goal on a pass from McCoomb. He took the pass at the blue line and planted the disc in the upper left hand corner.

A couple of minutes later Pamour forged still farther ahead and it looked as though Coniaurum were going to be swamped. Woods did the scoring with assists going to Myers and Mayes.

At the fourteen minute mark the Coniaurum rush started and continued till the final bell. McNulty started it when he sank Young's pass. Dundas scored the third Coniaurum goal on a shot from the corner that caromed off Bentley's skate and Jack Young finished the night with a blast from the corner that almost carried Bentley through the net.

As the game finished Coniaurum were plugging with five forwards and Bentley turned a bit sensational in stopping some of the shots. On one of the shots with an empty net Young hit the post for the toughest break of the night.

The line-ups: Coniaurum: Goal, Paradis; defence, Neddow, McNulty; centre, Thompson; forwards, Young, Dixon; subs, Birkett, Kerr, Dundas, Devine, Numella.

Pamour: Goal, Bentley; defence, McCoomb, Mayes; centre, White; forwards, Haneberry, Tracy; subs, Myers, Woods, Harman, Marshall, Allen.

Referees: Marty Lauder and Harry Chevrier.

The Summary—First Period 1. Coniaurum, Young 19

2. Pamour, Tracy (Haneberry) 7-13 Penalties: Mayes, Neddow.

Second Period 3. Pamour, White (Haneberry) 3-37 Penalties: Neddow, Young, Myers.
