A skating club which would include members both young and older seems to us to be good thing for our community. When the idea was suggested several skaters hailed it with pleasure. a charge of obstructing an officer of the law in the performance of his duty. On Jan. 9th at 2 a.m. the police made raid on a house on Railroad street to search for liquor. This youth came to the door and was two minutes in responding to the call to enter. The police found several people inside, liquor which was seized, on the floor, and in a bedroom. The lad's excuse was that a younger boy came to the door first, and seeing the police went for his brother. This not being substantiated in the eyes of the law, was not accepted and the young man was fined \$100 and costs or two months. The three have a bad record. They acknowledged prison terms.

Goulet was charged at North Bay in March, 1935, with theft, and spent four months in Burwash. In August, 1935, he had six months for stealing a bicycle; in August, 1936 he was arrested at Rouyn for attempted hold-up, broke jail and was arrested again and subsequently spent one month in the district jail. On May 13th, 1937, he stole from the C.N.R. and was given three months. He is only 22 years old. He came from Sudbury to the Porcupine camp just before Christmas.

Bercier spent two months in jail in 1931 for robbery and one year for breaking and entering. He violated parole and is wanted now for this. He is 29 years old and came from Little Long Lac to this camp just recently.
