## International LONGER LIFE TRUCKS

IN THE LOW PRICED FIELD

Specially Built for Northern Conditions

### MODEL D-35

This quality truck in the low priced field is an outstanding value. In this sturdy six-cylinder truck as in all other International Models, there is no compromise with passenger car construction or parts. Economy in fuel and oil and freedom from excessive repairs and replacements, are thoroughly proved in this model. Replaceable cylinders, hardened exhaust valve seat inserts, downdraft carburetion, replaceable shell main and connecting-rod bearings. Full pressure lubrication and oil bath air cleaner are a few of the desirable engine features of this outstanding truck.
