Hold-up Charges Given Adjournment For a Week

Charles Mullen Arraigned on Three Counts in Connection With Alleged Hold-up of Local Dance Pavilion Manager. Elects to Be Tried by Judge on Only Charge Read. Other Cases at Tuesday's Police Court.

At the request of Crown Attorney S. A. Caldbick, three charges against Charles Mullen, of Timmins, arising out of the attempted hold-up of Walter P. Wilson, manager of Riverside Pavilion, were adjourned for a week in police court here Tuesday afternoon by Magistrate Atkinson. Mullen is charged with assault with intent to commit the indictable offence of robbery, possession of an offensive weapon and being disguised by night. When the first charge was read he elected to be tried by judge and jury but at this point Mr. Caldbick requested a week's adjournment which was granted.

The alleged hold-up took place last Saturday night just after midnight as Wilson was about to enter his house with the receipts from his dance pavilion which is nearby. Wilson fired eight shots when the man took flight and ran, after poking a blackjack into his stomach and demanding money. A short time later Mullen was arrested on the other side of the river by Provincial Constable Marshall Hancock and it is alleged that a blackjack and a mask were found in his possession at the time.

Lena Kaustinen pleaded guilty to a drunk charge and was charged the usual \$10 and costs.

Charges of being drunk in charge of a car against two local men, were adjourned for one week.

Popular Musicians at Blackpool, Eng.

Former Timmins Family in High Regard as Entertainers at Noted English Town.

Friends in Timmins and district of Mrs. J. K. Moore and her brilliant family are always interested to learn of their success in their present home at Blackpool, England. The late James K. Moore and Mrs. Moore were among the first residents of Timmins and were prominent here in musical and other circles. They contributed their full share in the work of contributing music to the camp in its early days and their generous use of their talents here are still kept in appreciation. Although leaving Timmins several years ago, nearly all the children were born in Timmins and all here, and especially the old-timers are interested in the high standing taken by them all in the entertainment world in their present home. A recent issue of The West Lancashire Evening Gazette, published at Blackpool, England, has the following reference to the MacFarlane Moore family:

Her Seventh Broadcast
Anna MacFarlane Moore who is doing so well on the professional stage is to broadcast again on Friday, from the Manchester studio in the Children's hour and she is to play, by special request, the Slavonic Rhapsody on the siphone.

This is Anna's seventh broadcast now, and the committee of the Blackpool Children's Pantomime are feeling highly delighted that it comes during the week of production, for Anna is one of their former "stars" and appeared in the pantomime for 10 years.

Four Clever Youngsters
They are four clever children, the MacFarlane Moores. Junior MacFarlane Moore, who is 12 years old, conducted the Tiny Tots in the pantomime when he was five, and this is his fifth year as a principal. He is playing one of the ugly sisters this year.

Betteanne MacFarlane Moore made her debut on the stage exactly six years ago, at the last performance of Cinderella, when, at the age of 3½ years, she opened the ballet with a solo dance.

Little Comedienne
This is her third year in the pantomime as a speciality turn, and she is hailed by the audience at the age of 9½ as a grand little comedienne. Dressed in black velvet, she takes the part of a gangster's moll.

And the eldest of the MacFarlane Moore children, May MacFarlane Moore also a former children's pantomime artist, has designed and made the clothes for Betteanne and Junior.

May also goes touring with Anna, and on January 23rd they began on nine weeks of engagements starting at Southampton.

Sentence Former Clerk to Sixty Days' Hard Labor

Saul Miller Pleads Guilty to Theft of Merchandise Valued at \$363 From Bucovetsky Firm. Full Restitution Made. Four Others Sentenced for Shoplifting and Theft at Police Court Here on Tuesday.

Takes High Standing

A. W. PICKERING
District Representative of the Confederation Life Association in Timmins, who recently ranked first in the Timmins Division, first in the North, sixth in the province, seventh in Canada, and sixteenth in the entire world-wide organization of the Confederation Life.

Saul Miller, a former clerk on the staff of Sam Bucovetsky here, pleaded guilty to a charge of theft of merchandise to the value of \$363 from his employer and was sentenced to 60 days at hard labour by Magistrate Atkinson in police court here Tuesday afternoon. Full restitution was made for the stolen articles, which included three suits, ties, handkerchiefs, pyjamas and other male attire.

Herman Moscoe, counsel for Miller asked for a chance for his client in view of the fact that it was his first offence, pointing out that restitution had been made for everything. The magistrate was disinclined to accept a suggestion of suspended sentence, taking the view that the clothing involved in the theft had been taken over a considerable period rather than at one time from an uncontrolled impulse.

Through their counsel, Dean Kester, K.C., Felicien Ferguson and Gus Landry, of Timmins, pleaded guilty to charges of shoplifting from Bucovetsky's store. The police records of both men were read, which showed that Ferguson had been sentenced in the United States on two criminal charges, of which one was perjury. Landry's record showed no criminal convictions, being confined to liquor charges and gambling. In view of the circumstances the magistrate sentenced Ferguson to 60 days, dating back to the time of his arrest 11 days ago, while Landry was given a lesser dose of 30 days.

Youths Get 60 Days
Kenneth McInnis and Paul Emile Roy, who were jointly charged with theft of 14 rolls of roofing paper from Charles Pierce and Son Hardware, valued at \$50, pleaded guilty and were sentenced each to sixty days in jail. Asked by the bench why they had stolen the goods, they both admitted that it was foolishness on their own parts and the effect of bad company.

Remand Entering Charges
Jean Cantin and his brother, a juvenile, were remanded for another week on charges of breaking, entering and theft of three cases of butter from the warehouse of Abramson's store, Sixty avenue.

Unemployment and the General Health

Physical Fitness a Vital Issue in the Matter of Employability

More recent studies of national unemployment make a clear distinction between those who are employable and those who are not, and from statements made by Chairman Purvis of the Dominion's Commission and other authorities it is evident that too large a proportion of the unemployed are unemployable.

As there is a close relationship of physical fitness to employability, British Columbia's experiment in recreation work is of national interest. That work is in charge of Ian Eisenhardt, who contributes a most informative article on the subject to "Health," the publication of the Health League of Canada.

In the course of the article, the writer says: "Broadly, the scheme may be described as one to extend to all classes certain physical advantages that formerly were enjoyed by only the more favoured.

"The State is interested in the mental as well as the physical health of its people. You cannot have a healthy mind without a healthy body, but neither can you have a really healthy body without a healthy mind. "When the Government launched the British Columbia Physical Training Scheme, the women were not forgotten. Physical fitness of our young women is no less important than that of the boys. And the women have availed themselves of the opportunities afforded, and to-day outnumber the men members considerably.

"The work of the centres is to provide an inspiration, to give advice and to assist in organizing, and also to induce those who, for various reasons would be unable to take part in sports and games, to join in the wholesome activities which the centres provide. Although we here in British Columbia are leading the Dominion of Canada, through this scheme, it will take some years before we can really measure results. We have a long way to go yet, and we shall not be successful until all our citizens are convinced of the value of physical fitness."

Telling about Murray Munro playing hockey in England, the article carried on thus: Munro is starring on the forward line in a black coat with persian lamb trimmings, black hat and accessories to match.

Thirty-five Years Without a Single Common "Cold"

Never to have a cold in 35 years is something that belongs to the unusual. Yes! this is the case with Dr. J. C. Moore, well-known Huntingdon physician. And during this time the renowned flu epidemic of 1918 swept the country with a form of cold that was a cold. Despite driving distances of more than ten miles through rain after emerging from a warm room in which there were sick flu patients, Dr. Moore did not take this flu. Not even a common cold in 35 years. Dr. Moore is making rapid progress after his recent illness and is at his office frequently these days.

AUTO VICTOR IN JOUST WITH TRAIN

New Year's Eve travellers Montreal-bound narrowly escaped serious injury when a Montreal and Southern Counties Railway train was derailed following a collision with an automobile. The crash occurred at 10:10 p.m. at the Devonshire Road intersection at Greenfield Park, when the car, driven by R. M. Stevens, of Montgomery, Vt., hit the third coach of the train. Conductor Legare was cut by flying glass and three passengers suffering bruises and slight injuries were treated on the spot. The photograph shows the train immediately after the collision with the first car derailed and the second piled up against it. The engineer declared he had blown his whistle as he approached the intersection.
