

Warns of Floods if a Sudden Thaw

(Continued from Page One)

and the sky cloudless or nearly so. At the beginning of March the sun rises at 6.45 a.m. and sets at 5.45 p.m. The days will gradually continue to lengthen at an increasing rate towards the end of the month. There will be a new moon on the 2nd of March at 2.45

a.m. which will be full on the 16th at midnight approximately.

Precipitation

There was no recorded rainfall during the month excepting a very slight trace of sleet on the 8th from 10.30 to 11.30 p.m. Snow fell on 11 days during the month the heaviest falls occurring on the 14th and 23rd each with a snow-fall of 4". On the 23rd during the night 2" of snow fell. Total snowfall during the month was exactly 20 inches.

Minimum Temperatures

The lowest temperature recorded over the past month was on the 1st of the month with a temperature of 26 below, and as the maximum failed to climb over zero this was the coldest day of the month, with a mean for the day of 13 below zero. Other cold days during the month were the 2nd at 24 below, the 10th at 20 below and the 11th and 15th at 18 below. There were 3 days with the minimum temperatures above zero, the 6th and 18th at 14 above, the

23rd at 3 above, and 2 days at zero the 19th and 9th.

The mean minimum temperature over the month was 8 degrees below zero. Last year the mean was 10 1/2 degrees below, so this year is a little warmer on the minimum thermometer.

The mean temperature over the month was 4 1/2 degrees, a little warmer than is usual.

The Weather for February 1936
Maximum Temperatures:—The highest temperature recorded during the

past month was on the 8th with temperature of 34 degrees. There was 1 day only with the maximum temperature below zero, viz the 10th, at 1 degree below. There were two more days, the 1st and the 14th, with the maximum at zero exactly.

The warmest day of the month was on the 8th with a mean temperature of 24 degrees.

The mean maximum temperatures over the month was 17 degrees, a little warmer than the average.

Comprehensive Report of Dominion Convention

Austin Neame Reviews in Detail and in Most Interesting and Effective Way the Proceedings and Resolutions at Dominion Convention of the Canadian Legion at Fort William. Timmins Branch Express Appreciation of Report.

In opening his address to the large number of Legion members at the meeting of the Legion on Monday evening, Austin Neame stated that it was one of the biggest honours he has yet had in being privileged to attend the recent Dominion Convention of the Canadian Legion held at Fort William, Ont. If any member, he said, could have seen for himself the spirit which prevailed during the entire session he would be more than proud to say he was a member of the Canadian Legion, B.E.S.L.

Opening Ceremonies

Mr. Neame then went on to give a graphic description of the opening ceremonies at the spacious auditorium of the Fort William Vocational Training School with over 800 people present.

Allan Beddoe's striking picture, "Flanders' Fields," its cross and poppy strewn ground and the ruins of a farmhouse making a telling background.

The same colours that were at the Vimy Pilgrimage were led in by Serg-Major J. A. Silver. These came into the hall in slow march and the picture became alive as the "Last Post" and "Reveille" were sounded and the picture faded away.

Address by Major Powers

Major Powers, Minister of Pensions, then delivered a very stirring address speaking for the most part on the new legislation that will be the outcome of the convention.

Mr. Neame then gave a few details of the royalty from the cigarettes, bearing the Legion name, and it was shown that this will be a good source of revenue and will do much to assist the Legion as a whole.

Reference to Resolutions

Mr. Neame then touched upon various resolutions all of which were for the bettering of conditions among the ex-servicemen and their dependents. The Tubercular Veterans had a very stirring report and this section of the Canadian Legion is doing a great work among this type of disabled veteran.

Resolutions From Timmins Branch

In connection with two resolutions from the Timmins branch, Mr. Neame said that both received consideration. One, in regard to the initiation ceremony, was adopted and will be included in the ritual. The other pertaining to the building, the branch was advised to carry on as now constituted under a building committee or trustees. The later plan, however, was not advised, the speaker stated, illustrating his remarks by showing how these trustees might cease to function through the removal or death of some of them.

Dealing with the Legion stand, re the Reunion in Toronto, the delegates felt that the Legion should not cooperate as the time at present was not proper for such an event. In this time of economic adjustment it was felt that better use could be made of the money necessary to successfully carry out such a re-union and the fact was also stressed that as there are at present plans for the relief of unemployed veterans, it was not fit and proper that this re-union should be held. Mr. Neame also gave some illustrative sidelights upon other reunions in the past in which considerable harm had been done to the veteran movement.

Veterans Assistance Report

The Veterans Assistance report came in for a very lengthy part of the address, and as most of the points of this commission are now before the House of Parliament, it is enough to state here that the report was adopted at the convention without much change. The report is a very lengthy one, and space does not permit of giving data in detail, but anyone interested can find the complete Veterans Assistance Commission report in the library at the Legion Club. It is worthy of perusal by any interested in seeking a solution to the "unemployables" of the Great War, of whom there are at the lowest figure 12,000 in Canada to-day.

Resolution on B.C. Situation

One very interesting part of Mr. Neame's address was in regard to the situation in B.C. The whole of the branches of British Columbia brought in a resolution asking for a census to be taken of the Japanese and Chinese in that province. It was stated there are over 40,000 Japs in B.C. and they have control of practically every industry—fishing, lumbering, fruit growing, etc. In talking with men from B.C. he learned that there were thousands of Japanese in Canada illegally and it was felt that if a census was started many would flee the country, thus leaving openings for Canadians.

Unity of Veterans Essential

In closing Mr. Neame spoke very feelingly of his regard for the Legion, and how the time of the convention was very opportune. Several of the matters discussed had already been taken up in Parliament. There was a bright side coming for the unfortunates, and it showed that the Canadian Legion was the only recognized body of returned soldiers recognized by the government. Unity was essential, however, and there were high hopes that Haig's ideal would soon be in the making—every veteran a member of the British Empire Service League, of which the Canadian Legion is a part.

Resolutions Adopted

The following are the resolutions adopted at the Dominion convention, as outlined by Mr. Neame in his comprehensive report:—
That the Canadian Pension Commission continue to give liberal interpretation to Section 73 of the Pension Act.
That widows' pension be paid for one year after husband's death and, where

less than the War Veterans Allowance, the pension be brought up to that rate.
That all existing legislation relating to widows and dependents be reviewed with a view to a permanent solution of their problems.
That the Pension Appeal Court be abolished.
That the Returned Soldiers' Insurance Act be resurrected for new applications.
That recipients of W.V. allowance be hospitalized under the department.
That income exemptions under the W.V.A. be increased to \$300 per annum for married men and \$200 per annum for single men.
That a suitable ceremony be conducted in connection with naturalization of foreigners.
That bilingual qualifications be not considered in relation to jobs as government cleaners, caretakers or similar positions.
That seamen, stokers and stewards employed on government ships be accorded the same shore leave privileges as are granted to officers.
That war service be taken into account in computing government superannuation.
That patronage in the civil service be abolished.
That there be no dismissals for alleged partnership without the accused being given proper opportunity to have the matter impartially and adequately investigated.
That in the event of war all the resources of the nation, and not manpower alone, be conscripted.
That Remembrance Day be properly observed as a day of national consecration.

That physical training and first aid be made compulsory in the curriculum of public schools.
That investigation should be conducted into complaints by ex-servicemen of unfair treatment in employment in the National Parks.
That the \$1 for \$1 bounties be continued to soldier settlers and that all soldier settlers carefully examine the provisions of the Farmers' Creditors Arrangement Act.
That in any projected national flag for Canada the Union Jack be the predominating feature.

Report Appreciated

A hearty vote of thanks was tendered Mr. Austin Neame, who had spoken for close to an hour and who was listened to most attentively by all present.

Young People Give "Girl-Shy" Here

(Continued from Page One)

her car in an accident. Birdie is a movie aspirant, and learning this, Bars arranges a movie test for her, and takes her place at the apartment. Prior to this, it has been common knowledge around the college that Miss Babs Sanford intends to make the "girl-shy" Tom fall in love with her. When Tom and Oke find Babs cleaning their apartment, they hit upon the plan to pretend that she is Tom's fiancée. She does not tell them who she really is, and is introduced to Tom's family as Birdie Laverne. Tom and Oke arrange to have Alfred Tennyson Murgatroyd (Cecil Hawes) the college poet, to pay attention to Sylvia. When Birdie's ex-fiance, Chuck Mayo (Lloyd Black) meets Tom's father and tells him that Birdie is a "nobody", the elder Mr. Arsdale helps him to kidnap "Babs" who he thinks is Birdie. Babs and Sylvia exchange costumes, and Chuck kidnaps Sylvia but soon brings her back. The curtain comes down on a happy gathering, with all disagreements smoothed out, and Tom and Babs engaged.

During the intermission the Misses Longmore presented two very pleasing dances, a ballot and a tap dance. Mrs. Gladys Kennedy accompanied them at the piano, and played several other entertaining selections.

Cast of Characters

Tom Arsdale—who is girl shy—Doug Bethune.
Oke Stimson—who isn't—Fernando Balestreri.
Caroline—Tom's aunt—Miss Dorothy Taylor.
Anthony Arsdale—Tom's father—H. MacIntosh.
