South Porcupine Public School Pupils Do Well

Presentation of "Pioneering in Canada" as Part of New School, Clever and Interesting, Ladies' Curling at South Porcupine. Other South Porcupine and Dome News

South Porcupine, March 19.—(Special to The Advance)—A number of interested friends and parents went on Friday afternoon by invitation to the auditorium of the High School, where Miss Cumming's public school pupils presented another phase of the new school curriculum in a social project called "Pioneering in Canada."

These projects are the pupils' own efforts of realism and by the new idea which is to educate and encourage thought and research, teach, not only the main theme but also English, Geography, History, Art and General Knowledge.

Programmes designed by the pupils and made by them were sent out (ours was given by Edith Visentin and has a splendidly drawn and painted spinning wheel as a front design) and the visitors took their seats in the hall before a stage.

Miss Cummings, dressed as a grandmother of pioneer days (authentic clothing) sitting at a genuine spinning wheel, was being asked by her little granddaughter (Jean Carruthers) to tell her stories of the early days. In graphic story she told of the church life of her childhood (background of children's voices singing hymn tunes in the distance).

Then Robert Bowes, as grandfather, told stories of his Canadian early childhood, of his uphill work against the forces of nature, and reading a clipping (authentic) over a hundred years old of an early settler's wife who had a tough experience with a bear.

Then early settlers' pleasures were enacted—quilting bees for women—and square dancing with the "calling off" being done by George Yorke and Alden Paasanen.

In the classroom we were shown large maps of Ontario made by one or groups of two or three, where the early settlements were indicated and coloured, and by means of which both history and geography were taught.

Drawings of log cabins, snake fences, oxen ploughing, and the primitive tools of the pioneer were on the blackboards and in the portfolios—with other articles of pioneer life drawn by the pupils.

The thing which pleased us most was the creative English effort in the childish poetry on this subject. These were very good.

Fred Ostrom's blank verse starting "Gratitude—yes, that's the word, The word for a pioneer— Those hardy men who made The maple bush into a wheatfield"—shows true poetic insight.

Gertrude Virtanen wrote: "The women did all the baking, spinning, milking, butter-making. They had no gown of satin. Nor needed to know Latin"— And the following gem is an extract from the poem of Keith Anderson:—"You had few tools And they were crude You owned no jewels And earned your food."

These efforts are from Senior Third children—all well under twelve years old.

Keith also acted as master of ceremonies and paid a nice tribute to our librarian, Mrs. Brinton, by thanking her for her interest and pains in finding books for the pupils relating to the pioneers of Canada.

Lunch was served with tea, by the pupils, and a happy afternoon for both visitors and children ended.

Students' Night at the High School on Friday was a most interesting one. A good attendance of pupils had a very good time. Two basketball games—one for boys and one for girls—were played, and Mrs. Blake, who was present, supervised the mending of clothes gathered for needy children in Saskatchewan—a most worthy project.

After the basketball games were over a debate was staged—"Pedestrians, not motorists, are more to blame for accidents," the affirmative, taken by Nora Waaromaki and Elaine Dogue, winning, and the negative, taken by Jean Springer and Mary McNevin.

Songs were sung by Second Form, and Terry Wilson read the Form newspaper, much of which was composed in rhyme.

Second Form also gave a short play which was well received.

No Ice Carnival

The children of the Buffalo-Ankerite school were deprived of their ice carnival on St. Patrick's Day as the ice was so poor, but they came to school in costume and had a jolly party in school instead.

Personals

The Misses Rose and Marion Gibson, of New Liskeard, are in town visiting friends.

Miss G. Fowler left on Friday night to spend the week-end with her parents in London.

Miss G. Ebeler was visiting friends in town this week-end, from Iroquois Falls.

The "Monarchs" hockey team did not leave on Friday as scheduled, to play at New Liskeard, upon hearing that there was no ice fit to play on.

Entertained Friends

Mrs. J. Johnston of Main street entertained a number of her friends to an enjoyable evening of euchre at her home on Friday night. Mrs. R. J. Dickson won first honours for ladies with Mrs. R. S. Sheppard coming second. Mr. Donald McKay won first prize for men, with Mr. McGregor second. The hostess served a lovely lunch to her guests at the conclusion of cards.

Hard Walking

Walking on the streets yesterday was a hazardous and slushy job. Last night the snowplough with a gang of men was out clearing the soft slush off the main streets and grading and clearing round the gratings of the storm sewers all night. This will assist in great measure to avoid flooded streets and cellars in the near future. The engineering department tells us that the new storm sewer installed last year at the town square is already proving a success.

Mr. C. E. Chapman, who has been visiting his sister, Mrs. Harper, left on Saturday for Toronto.

The rain to-day would appear to upset the ladies' curling schedule, two games only of which are left for Monday to be played off.

Three strenuous games on Friday

Are you doing as much for your eyes as they do for you?

We all realize the importance of eyesight in our lives. Yet how many of us neglect our eyes, year after year, until it is too late. A little attention now, may save YOU from the handicap of poor sight in later years. Don't take a chance. Have your eyes examined regularly by a reliable eye sight specialist.

Let us explain our system of breakage insurance for glasses prescribed by us.

have left some of the players with aching arms and backs. The ice was slippery and the stones required more "push" than most of the players have yet acquired. But in spite of this the games went on amid much merriment.

If the Northern Lights seen on Friday have their usual portent we may look for the weather and the ice to soften up a bit and Monday's decisive games be played as per schedule.

Results to date are:

Moore won 4 out of 5 games with 1 to play.

Raymer won 4 out of 6 games with 0 to play.

Longworth won 3 out of 5 games with 1 to play.

Smith won 3 out of 6 games with 0 to play.

Turner won 3 out of 6 games with 0 to play.

Fairhurst won 1 out of 5 games with 1 to play.

Rayner won 1 out of 5 games with 1 to play.

Mrs. Ellis Wright of Connaught Hill is spending some weeks in Gananouque, visiting her mother, with her two small sons.

Mr. and Mrs. J. Hean have moved to Connaught Hill to live in Mr. Hughes' house.

Dr. B. H. Harper returned on Friday to South Porcupine from his trip to the South Seas and we are glad to note his improvement in health therefrom.

Captain Wilkins, of South Porcupine

Girl Guide Company, wishes all Guides to know that next Wednesday, in the new Scout hall, Guides will meet and resume regular meetings, with which her recent illness has interfered.

Mrs. Mayes has taken over the tuition and leadership of the Girls' Town Basketball team.

The St. Patrick's Day tea, given by the Eastern Star ladies on Thursday afternoon in the Masonic hall was quite a success. Many ladies patronized the affair in the afternoon, and enjoyed a most dainty and delicious tea from the small tables decorated in the Irish colours with Shamrock motifs in the centre, and daffodils for decoration. Lovely cakes and other baking for sale sold very quickly, and dainty aprons for sale and other handiwork also proved a successful venture. Mrs. Phillips and Mrs. D. McInnis, of Timmins, were present assisting, also Mrs. McCaffrey, Mrs. T. Gibbons, Mrs. Ostrom, Mrs. Kerr, Mrs. Cameron and others.

The Workers' Co-operative store held a social evening in the Masonic hall on Wednesday evening. Whist was played with Mrs. A. Hawes, gaining first prize; Mr. H. Montrose first for men; and Mrs. Montrose, consolation.

Mrs. Butler gained a prize for "Musical Arms" and Mr. and Mrs. Perrissini won the "spotlight" dance prize. A good orchestra (four pieces) under the command of George Stallman, played during the evening for round and square dancing. Next Wednesday a big whist drive planned by the same society in the Masonic hall.

Charlie Giavonelli is home from St. Mary's hospital, still suffering from the effects of an accident to his eye. He has been two or three weeks in hospital where operations on the eye to remove glass were necessary. While the lad was delivering a case of soft drinks during the cold weather one of the bottles exploded, the glass splinters entering his eye. It is hoped that the sight may return to the eye in time.

We regret that Mrs. Syvret (senior) has been removed to the Porcupine General hospital, suffering from heart trouble. Her condition is reported as grave.

Born—to Mr. and Mrs. Milburn Horner (nee Hazel Mahon) of Huot street, on Friday, March 18th,—a daughter.

Black Wolf Reported as Caught by Algoma Trapper

A trapper from Mileage 122 on the Algoma Central Railway last week took into Sault Ste. Marie the pelt of what is described as a black wolf. This black wolf had a black head, even the ears being black. On its chest was a small light gray patch and a small streak of gray appeared down the centre of the back. Its tail was half black and half gray, and much wider than the usual wolf brush. The black wolf was a particularly large specimen.

St. Patrick's Dance Held at Riverside
Crowds Enjoy Charity Ball Last Week.

One of the happiest dances of the season was held on St. Patrick's Day, March 17th, at the Riverside Pavilion. It was the first annual St. Patrick's Day Charity Ball. Crowds of merry people gathered there to honour the famous St. Patrick and to have a rollicking good time into the bargain. Entire proceeds of the dance were to be donated to charitable purposes. Naturally, knowing that they might swing to the music of Andy Cangiano and his band, many people had planned to spend a quiet evening at home, changed their minds, phoned a taxi, and in spite of the wet weather, and the rough condition of the roads, were present in order not to miss a bit of the fun.

Novelties and paper hats were distributed and each lady received a souvenir box of candies. The honorary committee was made up of D. J. Mascioli, chairman, Dr. Ray Hughes, Dr. M. J. Kelly, Gene Colombo, Bill Wren and "Chip" Ball, while the reception committee was as follows: Mr. and Mrs. Anthony Mascioli, Mr. and Mrs. Frank Trench, Mr. and Mrs. Karl Eyre, Mr. and Mrs. John Carnovale.

The lucky prize winners at the dance were: 1st prize, a radio, won by Rane Cantin; 2nd prize, tailored suit, won by M. Banning; 3rd prize, topcoat, won by ticket number 158; 4th prize, toilet set, won by Keith Stirling; and 5th prize, 97-piece dinner set, won by Geo. Roy. The ladies' prizes, which were especially attractive, and which each lady present hoped to win, were awarded as follows: 1st, a tailored suit, won by Betty McNeill, and 2nd, permanent wave, won by Mrs. L. DeVillano.

New Bottling Works Opened in Timmins

George Varteniuk Has Up-to-the-Minute Plant in Operation.

A new bottling works for the manufacture of soft drinks has been formally opened at the corner of Sixth avenue and Balsam street by George Varteniuk.

Mr. Varteniuk, who is well known here as the proprietor of The G. V. Hotel, will manufacture three popular types of drinks that have proven big favourites with the public elsewhere.

His plant, which is now completely installed, is of the most modern design and embodies the latest work in sanitation. Elsewhere in this issue will be found an advertisement in which the new business is formally announced.

Three-Year Term Given For Robbing Poor Box

Rouyn, March 19.—There must have been a bad hangover from pay day this month as the Rouyn court has been cluttered with drunk and disorderly cases—some paying their fine of \$1 and costs and some taking the eight or fifteen days' jail term.

More serious cases which came up before Judge Boly were that of Ouil Neiderer, convicted on a charge of participating in a hold-up—when he and a companion attempted to rob Albert Isenberg in his store on Perreault street, and a later charge of robbing the poor box in St. Michael's church. He was given a three-year penitentiary term on both charges, the two to run concurrently.

Jim Johnston got one month in jail for the theft of a fur cap belonging to Rev. Father Louis Roberge of Montebellard.

Ernest Bouchard is serving two months in jail for having, at about 10 o'clock on the night of March 11, terrified Mrs. Lorenzo Gauthier, on Noranda street, by pointing at her what she believed to be a gun. The weapon turned out to be a child's toy, but Bouchard paid a price for his "joke."

Adelard Girard and Jean Morin, arrested outside the Paradise cafe on Friday last by Constable Larose for disorderly conduct, pleaded not guilty and were remanded until last Monday. This time they pleaded guilty and have landed in jail for two weeks.

Alphonse Nadeau, aged 24, from Lorrainville, was arrested for begging and fined \$5 and costs or the option of fifteen days. He took the latter.

Fred Maroussset, aged 60, is also spending a week in jail as a result of trying to force his way into the house of Lucien Grenier, Noranda street.

Simonne Lepage pleading guilty to a charge of vagrancy was given a three months' suspended sentence on condition that she leave town immediately.

Stole Two Cars and Laughed at Sentence of One Year

Kirkland Lake, March 19.—For theft of two cars, and of clothes and other apparel, Albert Schultz, Matheson, was sentenced to one year in jail by Magistrate Atkinson in police court yesterday.

The young man seemed highly pleased with the term and was laughing and joking with the policemen as he was led from the courtroom. He received a year for each of the car thefts and three months for stealing the clothes. All sentences are to run concurrently. Schultz is the man who tore his clothes up when landed in a cell.

Drum Major:—If what you did yesterday still looks big to you to-day you haven't done much to-day.
