

Vimy Banquet on Saturday by Legion

(Continued from Page One) Mr. Neame proposed the toast to Vimy Ridge and also expressed the congratulations of Thomas Wilson, president of the South Porcupine branch, which also held a Vimy dinner Saturday night.

Walter Devine responded to the toast and drew attention to the fine work the Legion has accomplished in the re-opening of claims for pensions that had been commuted at the end of the war and of the establishment of service bureaus to fight the individual cases of Legion members. The war veterans' allowance, which was achieved through the efforts of the Legion, has counteracted relief and charity and it is hoped at an early date that a war veterans' assistance plan will be approved to look after unmarried veterans.

Mayor J. P. Bartleman, who made a brief address, expressed the appreciation of the council for the fine work done by the Legion and told the veterans that he and the council are ever Comrade Joe Goode, who is confined to assist the organization in any way possible. He also referred to the happy relationship existing between the Legion and the council.

"Best wishes on your Vimy anniversary," was the text of a telegram from Comrade Joe Goode, who is confined to Queen Alexandra sanitarium in London, Ontario. The wire was read during the dinner by President Greaves. The toast to the Imperials was proposed by Comrade G. Nippers and responded to by Comrade A. G. Bellamy, while the toast to the Ladies' Auxiliary was proposed by Comrade Dr. McClin-ton, with Comrade Scarth making the response.

The after-dinner musical program in the canteen, was a brilliant success. Songs, humorous yarns and instrumental numbers provided an evening of rare hilarity, with Scotty Wilson and Walter Devine acting as accompanists for the occasion. Those taking part in the programme included G. Bridgeman, Gino and his piano accordion, Comrade G. Drew, P. Harris, A. Campbell, President W. Greaves, Bill Aston, Louis L. Pare, C. Watkins, Walter Avery, Joe Ormiston, Comrade Jenkins, Comrade Cowan, Alf Bellamy and Timmy Johnson. Many other impromptu numbers were also given.

One of the season's ideas in novelty flower prints is floral packets into squares.

Heimonen, who conducted this first public service of worship in Timmins in the Finnish language at the home of Mr. and Mrs. Peter Kyllonen.

Mrs. Kyllonen, who was honoured on the occasion of the party last week, is now the only surviving mother of these Timmins Finnish pioneers of 1911. Matt. Kinnari, Sr., died in 1924; his wife died in 1934. Mr. Peter Kyllonen died in 1931.

The next oldest Finnish-speaking citizen of Timmins, Mrs. Mary Suomi, arrived in Timmins on Aug. 22nd, 1912. She was present at the gathering on Thursday night. Other old-timers who were present were—Mrs. Kuusisto, who arrived March 4th, 1919; Mrs. Lehtinen, who came here in 1924; and Mrs. F. Vuori, who reached here in 1926. Among the children of the old-timers present were—Hilda and Ann Kinnari (now Mrs. Towers and Mrs. Hoister); Salmi Kyllonen (now Mrs. Nashlund); and Miss Senja Kyllonen, with her brothers, Jalmar and William

Mrs. Kyllonen, who came to Canada in 1899, has been an esteemed resident of Timmins for over twenty-six years and all old-timers of the camp and all who know her will join in the congratulations and good wishes given her on the occasion of the birthday surprise party.

New Canadians Give Fine Concert

Carrick, Helen Moroz, Mary Kilmovitch, Helen Kremy, and Olga Habitsky, accompanying themselves on the mandolin, sang a beautiful Ukrainian song.

A gypsy dance, by Helen Kremy and Mary Kilmovitch, with both young ladies attired in native costume, was a great favourite with the audience. Another special feature was the duet by Nora Carrick and Nick Carrick, the young lady playing the guitar, and singing a western song, while her brother accompanied on the mouthorgan. This was so well done, that several people who profess to greatly dislike "yodeling" changed their mind after hearing this presentation. Andy Medved, John Petrenko, John Nigrini, and Dan Pollok made up the gypsy orchestra, which with its delightful arrangement of selections, was very pleasing to hear.

Youth of Porcupine Has Accepted the Challenge

The following note was received this morning by The Advance:—

What a Difference a Few Short Years Seem to Make

(From Toronto Telegram)
Hamilton.—Scarred legs were considered much more serious injury today than in the Victorian Age. Mr. Justice J. M. Godfrey told a jury, which a few minutes later awarded a 3-year-old girl \$5,000 for injuries suffered in an accident Sept. 23 last. Her father was awarded \$1,496.
The change in wearing apparel was given by Mr. Justice Godfrey as the reason why scarred legs were considered a much more serious injury than in the days when legs were hidden by clothes.

In days when Victoria sat on the throne.
The state of a young lady's legs was unknown.
A Girl on the street might be heavy or lean.
But no one could tell, with Victoria queen.
Her limbs could be scarred by contusions and hurts.
And marks which offended were hidden by skirts.
The flapper was always as smart as could be.
So long as her ankles were pleasing to see.
To-day, when so many go walking in shorts,
The girl who gets by must have perfect supports.
A blemish, unseen when Victoria reigned.
Now leaves all observers distracted and pained.

Heart Trouble Takes Iroquois Falls Man

Thos. Irwin Resident of the Falls for Twenty-two Years Passes Suddenly.

Iroquois Falls, Ontario, April 8, 1938.—(Special to The Advance)—It came as a great shock to learn of the death of Thomas Irwin, aged 50, who died on Wednesday, April 6th, at his residence, 133 Devonshire avenue. For the past 22 years Mr. Irwin has been an employee of the Abitibi Power and Paper Co., and resident of Iroquois Falls.
Being foreman of the boiler room, Mr. Irwin was to relieve his mate at 4 in the afternoon, as was customary, and when he did not appear his lodging mate, Mr. Simpson, believed that he had overslept. On arriving home after his day's work, Mr. Simpson attempted to awaken Mr. Irwin, only to find him dead. Medical assistance was summoned, and it was believed that he had died during the early part of the morning from heart failure. Mr. Irwin was in the habit of taking a short walk in the morning while on this shift, and as usual had done so on Wednesday. In talking to friends Wednesday morning he had stated that he felt well, and when returning to his lodgings, where the two men were "baching," he was stricken with this dreaded disease.

Born in Aylwin, Quebec, in June, 1888, he was the son of the late Mr. and Mrs. Robert Erwin. He was married to Miss Margaret E. MacDonald in Ottawa in 1916, and at the time of his death Mrs. Erwin was residing in Oxbridge. The deceased will be forwarded to Oxbridge for burial.
Living most of his life in Aylwin, he came to Iroquois Falls to take a position in the steam plant in 1916, and while residing here, had become well acquainted with his many associates. He was a member of the Independent Order of Oddfellows, Lodge No. 468. For the past three years he and Mr. Simpson have roomed together, and during this time had been the best of friends.

He leaves to mourn, his wife, Mrs. Margaret E. Erwin; one daughter, Alma, aged 7; two sisters, Mrs. McGregor, Ottawa, and Mrs. G. Armstrong, Aylwin, also one brother, James Erwin, of Aylwin, Quebec.

Little Explosives Made in Canada for War Purposes

Sudbury, April 6.—Less than the one-thousandth part of the explosives produced in Canada by the Canadian Industries, Limited, is used in warfare. G. C. Grubb, of Montreal, declared during an address before Sudbury Rotary Club, at its weekly meeting, in the Nickel Range Hotel, Monday night.

Countries which used large quantities of dynamite and other explosives, such as Canada, Britain, and the United States, Mr. Grubb said, were invariably further advanced along the path of civilization and culture than countries such as China and Japan, which produced and used relatively small quantities of explosives.

Nobel, the discoverer of nitro glycerine, he said, was the same Nobel who donated funds which made available Nobel peace prizes, annually awarded to the greatest benefactors of humanity. Nobel, Ont., site of one of the Canadian division's factories, was named for him. Nobel is about 80 miles south of Sudbury.

The company exercises great care to safeguard its employees' lives, as well as the lives and properties of others, Mr. Grubb said. They build factories as far as possible from thickly-populated districts, and always within enclosures of from 1,000 to 5,000 acres.
