

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

Many friends in town and district, learnt with deep regret of the death ten years ago at the hospital here of Mr. Auguste Biscornet, for many years a popular resident of Timmins. He had been ill for several months, and for some time little hope could be held for his recovery. The late August Biscornet was 35 years of age at the time of death, and had been a resident of Timmins for many years, being one of the old-timers here.

with the floods at South Porcupine. Around the station the water was very high, the mails being actually carried to and from the station by the use of a boat. The water at spots came up to the steps of the cars and at several places along the line there were a couple of feet of water. In the lower-lying sections of South Porcupine the floods were bad—the situation being the worst in years.

The event given in the High School auditorium ten years ago under the auspices of the Timmins Board of Trade and the Home and School Association drew an unusually large audience, the big auditorium being crowded and some being unable to find seats. The address by Mr. Doolittle, president of the Canadian Automobile Association, was one of unusual interest and very valuable, while the pictures shown were most instructive and illuminating. Mr. W. O. Langdon, president of the Timmins Board of Trade, occupied the chair for the evening, and in introducing Mr. Doolittle took occasion to refer to the value of a board of trade to a town. Mr. Langdon explained that the evening's event was under the joint auspices of the Board of Trade and the Home and School Association. The evening was also the

regular monthly meeting of the Home and School Association. Dr. Doolittle, said the chairman, had been engaged for many years in the good work of advocating good roads and emphasizing the natural beauty of Canadian scenery.

The annual May Day parade at Timmins ten years ago saw the usual large turnout of men, women and children, especially of the labour societies of the Ukrainians, Finns and Russians. That year only the one banner was carried, but there was the addition of a small brass band to furnish music for the march. There were over 600 in the parade which walked from Timmins to Schumacher, returning just at noon. Many watched the parade with great interest, the prosperous and healthful appearance of the marchers in general being especially noted.

The annual meeting of the Timmins Golf Club was held in the town hall ten years ago, with the president, Mr. A. F. Brigham, in the chair. Reports of the officers for the season were received and found very satisfactory, while a still more successful season was expected. The same directors as in the season 1927 were re-elected for the ensuing year of 1928—Messrs. A. F. Brigham, R. J. Ennis, J. Knox, C. G. Williams, and Dr. H. H. Moore.

The speaker for the day at the Kiwanis Club luncheon ten years ago was Dr. Doolittle, president of the Canadian Automobile Association. The address was one of unusual interest and carried a large volume of information. The gathering was specially pleased with Dr. Doolittle's able address and the talk he gave was much appreciated. Dr. Doolittle was introduced by Mr. W. O. Langdon, president of the Timmins Board of Trade. Much of the address by Dr. Doolittle to the Kiwanis Club was devoted to the Trans Canada highway, upon which Dr. Doolittle spoke in Timmins once before. Since his first visit to Timmins the greater portion of the cross-Canada highway has been completed.

In the Advance ten years ago (in part):—"The wild geese are here again at Timmins on their annual migration to the far North. They arrived here on Tuesday morning at ten minutes after nine and at once took up their place on Gillies Lake where they camped last year. Evidently they have not forgotten the way they were treated last year. The geese have been

Free From Sciatica for 35 Years

In Perfect Health at 73—Thanks to Kruschen

Thirty-five years ago this septuagenarian was helpless with sciatica. Then he heard of Kruschen. Since that day, he has enjoyed perfect health. Here is his remarkable story:—

"Thirty-five years ago, I had a severe attack of sciatica, and could scarcely move for about six weeks. Then I started taking Kruschen—about half-a-teaspoonful every morning in hot water. In a few weeks, I got rid of the awful pain in my hips. I have never had to consult a doctor since, and am still in perfect health at 73 years of age, which I can only attribute to taking Kruschen Salts every morning."—T. A.

Most people grow old long before their time because they neglect one vital need of health—the need of internal cleanliness. Eventually, they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid, every day, of all waste matter from the system. The result is renewed health and vigour. Allments due to clogged systems vanish, youth returns, and life becomes really worth living.

spending the winter down in the Mississippi Valley, but they came straight back here on their trip north and seemed to be in no doubt as to where to make their camping place on the way back north. Last year they were protected and well supplied with food, the idea being to have a sort of bird sanctuary here. This year they are receiving equally good treatment. Mr. J. D. Brady and others of the Porcupine Rod and Gun Club have been thoughtful and tireless in efforts for the birds. Liberal quantities of rice have been provided each day for them and this will be continued as long as they are here."

Ten years ago Hearst was the scene of some excitement and annoyance, the cause being the discovery one evening after eleven o'clock of a burning cross near a religious statue in front of the Roman Catholic Church. The cross was made of small poles and then evidently soaked in coal oil and ignited. As soon as the burning cross was noted by persons in the street, it was extinguished before any damage was done. A note was found on the church door. This note was addressed to Bishop Halle and was signed with the letters K.K.K. The note said little except that the burning of the cross was the final warning.

There was little interest manifested in the by-law submitted ten years ago to the vote of the ratepayers to grant a franchise to the Temiskaming Telephone Co. for Timmins. The total vote cast was only 121, of these 95 voting for the granting of the franchise and 26 against. The smallness of the vote was apparent when it was remembered that there were over 400 eligible to vote in town.

The annual meeting of the Timmins Horticultural Society was held in the town hall ten years ago. Many matters of interest came before the meeting. After the reports for the year had been received and found satisfactory, the election of officers took place for the ensuing year. The following were the officers elected—John Knox, D. E. Keeley, Mayor E. L. Longmore, C. G. Williams, L. H. Pocock, Mrs. V. H. Emery, T. A. Skelly.

Ten years ago Mr. John Jones purchased the complete plant, buildings and equipment of the famous Croesus Mine near Methuen, from Montreal interests. Mr. Jones also was negotiating for the purchase of the Croesus property itself.

Operations were resumed on the Porcupine Grande property in the Porcupine area ten years ago. The property included 629 acres in the Three Nations Lake area, near Three Nations station on the Porcupine branch of the T. & N. O. Some of the Porcupine Grande claims were formerly held by the Three Nations Mining Co. and some by the Allied Porcupine Mines Ltd.

In the Schumacher news ten years ago: "Our whole community was overcast with the dark shadow of grief on Monday morning when a message was received announcing the sudden death of Miss Maisie Muskett from pneumonia and heart failure at the Western Hospital, Toronto. The deceased was a recent visitor in the camp, having left on Friday for the South, accompanied by Nurse McCleary. The late Miss Muskett was in her 18th year, and was the only daughter of Mr. and Mrs. John Muskett, of Schumacher, who passed away about two years ago. A host of youthful friends and associates in C.G.I.T. and school work were grief-stricken to hear the sad tidings. The nearest surviving relatives were one brother, Robert, and an aunt, Mrs. Wilson, both of Toronto. The remains will be brought here, and interred in the Timmins cemetery beside the father and mother."

Ten years ago N. McDougall ran away with the championship for the Ostrosser Bowling Cup league averages, knocking over 7540 pins in 32 games, for an average of 235. Angelo, bowling better as the season advanced, came second with 206. Sauve was only two pins behind Angelo, taking third place in the averages, while Roberts and Reid were close followers.

The regular meeting of the Medical Society of the Porcupine District was held in the Empire hotel ten years ago. The main speaker of the evening was Dr. F. W. Ralph, of Toronto, and he gave an expert lecture on "gastro-intestinal disorders" to the local doctors. The week previously the same address was presented at the Mayo clinic to the leading gastro-intestinal specialists of America. Dr. Ralph spoke in a free and conversational style, using only brief notes to supplement his very good memory, and

bringing very clearly the most interesting facts to his audience. During the business session of the meeting a unanimous vote was passed in favour of a scheduled regular physical examination of school children, to commence under the local Board of Health, in conjunction with the local Medical Society, and with the approval of the public school board."

In the South Porcupine news ten years ago:—"Those of the old-timers who remember Rev. W. Morrison as the first minister of Golden City, then the main centre of the Porcupine camp, will regret to hear of his untimely death at Gravenhurst on Tuesday, April 17th. He was buried there on April 19th, five of his brother ministers of the United Church assisting in the funeral services. Rev. W. Morrison was born at Shawville, Quebec. When he entered the ministry he was five years in Southern Ontario, then he came to the mining country, where he spent several years before going overseas for service in the World War. He was last stationed at Windermere, where he took sick and was superannuated. He never properly recovered and a widow and young son mourn his loss. He did a great work in Porcupine in 1911 and there are many here who still remember his earnest, conscientious endeavours."

The annual meeting of the Aconda Mines was held at Ottawa ten years ago. A large number of shareholders were present and according to the despatches the reports and other proceedings were considered as very satisfactory. Mr. D. B. Rochester, the president, gave a comprehensive statement of the activities of the company from the time of its incorporation and presented reports, including the balance sheets and financial statements, which were unanimously accepted. These showed that the company had on hand on the 31st of March, 1928, \$19,270.56 and that with the stock unsold in the treasury the company was in a strong financial position.

Considerable surface work was carried on at the Kirkland Lake property No. 1 of the Inverness Mines, Ltd., ten years ago. This property consisted of 240 acres and at the close of the year the total amount of trenching and stripping amounted to about 10,000 feet. Test pits were sunk and also a shaft to depth of 25 feet, where values were obtained running in gold from twenty cents to \$11.40 per ton. The official report on the mining accidents in Ontario during 1927, as issued by the Provincial Department of Mines, was to hand ten years ago and showed that the percentage of fatal accidents for the year 1927 was the lowest, in proportion to the number of men employed, that had obtained since the year 1918. In that year the percentage was .21, and same as in 1921.

In the South Porcupine news ten years ago:—"The flood situation has been the main topic here this week. "Seeing Venice" seemed to be the idea not only of everyone in town but of nearly all in camp who had their motor cars out on Sunday when the waters commenced to show a rapid rise. Scoutmaster Vernon Andrew called out his men, and these lads, staff in hand, gave very valuable assistance on Sunday and Monday. They worked in three-hour shifts patrolling Railroad street and giving assistance wherever needed. A car would get swamped out in the water. No one on the side walk could get to it but the quick-eyed Scouts would soon have their punt propelled to the side of the motor in trouble, bringing the help required. The township's gang were given much assistance in the raising of the sidewalk by these same active lads. On Monday children who had missed the regular conveyance sent to bring them through the water were patrolled safely over Railroad street by the alert Scouts."

The tea at the home of Mrs. D. Mackie, 13 1/2 Wilson avenue, ten years ago, in aid of the fund for the United Church bazaar, proved a very pleasant and successful event. There was a large attendance and the event was a pleasing one in every way. The bazaar fund was augmented in very satisfactory way by the returns from the tea.

The funeral of the late Richard Worrill, one of the pioneer residents of the district, whose death was chronicled in the Advance ten years ago, was held on Friday, April 27, 1928, from the Roy Dew funeral parlours. Rev. J. D. Parks conducted the services.

The Life Underwriters' Association of Timmins held their monthly meeting at the Kopper Kettle Inn ten years ago. Luncheon was served at one o'clock, after which Mr. W. O. Langdon, well-known local solicitor, gave a very interesting address, his subject being "The Law of Contract."

Ten years ago Messrs. J. P. Bickell and Geo. A. Morow were appointed directors of the Bank of Commerce, to fill the vacancies caused by the death of Messrs. W. A. Dood and G. F. Galt.

The concert given by the Birrell Bell Concert Party at the Goldfields ten years ago was well attended and the programme was enjoyed. The numbers by the orchestra included:—overture, "Victory;" selection, "Colonial Days;" selection, "Flying Ace;" and selection, "Ole South." All the numbers by the orchestra were well given and received generous applause. "Ole South" was a special favourite and had to be played twice to meet the insistent demand.

Among the local news items in the Advance ten years ago were:—"Mr. A. J. Shrage returned last night from Winnipeg where he has been called through the serious illness of his father." "Master Lester Hill, oldest son of Mr. and Mrs. E. H. Hill, has been very ill with pneumonia, but is now making good progress to recovery." "Mrs. Clark, of Halleybury, is the guest of Mr. and Mrs. E. H. Hill this week." "Mr. C. M. Auer, of Hanover,

Every Man Needs "ALL DAY FEET!"

Wear Style With Comfort Wear NEILL'S

NEILL'S Have Style Newness and Old Fashioned Comfort

When the business day keeps you "stepping" from 9 until 5 or 6, and then about 8.30 you're on your way "out for the evening," you need strong, healthy feet. R. NEILL LTD.

9 PINE STREET NORTH • TIMMINS

New Hampshire, is one of his periodical visits to town and is being gladly greeted by hosts of old friends. Mr. Auer was one of the pioneers of the district and one of those who did much for the opening up and progress of this area." "Wednesday of this week was the first weekly half-holiday for the stores in general for the season. Some of the stores have been observing the half-holiday all through the year, and it would appear to be a good plan for all stores to carry such a plan through. By simply continuing the early closing after the summer ends the plan would be adopted without any inconvenience." "Mr. S. Atkinson, police magistrate, who has been away for a couple of months on leave of absence to attend the marriage of his son at Buenos Aires, South America, is expected home in the course of the next few days. It is likely that he will be here to preside at the police court next week." "Friends of Mr. and Mrs. A. Goselin (formerly Miss Ernestine Tremblay) will extend sincere sympathy in the death of their baby girl on April 24th at the North Bay hospital. The baby died at birth. Mrs. Goselin is making good recovery and is expected to visit her home at Timmins very shortly." "Mrs. Geo. Mitchell, of Cobalt, who attended the annual meeting of the Provincial Chapter Order Daughters of the Empire in Hamilton recently, being the only representative from the Northern Ontario Chapters, was elected as one of the National Councillors of the Order."

- Bean Sausages**
- 2 cupsful bean pulp
 - 2 tablespoons butter
 - 1 egg
 - 1/2 teaspoons salt
 - 2 tablespoons tomato catsup
 - 1/2 cup soft bread crumbs
- Soak beans overnight; drain and cook until tender; press through sieve to make pulp. Add the beaten egg, crumbs, catsup, butter and seasoning. There must be enough crumbs added to make the mixture stiff enough to handle. Shape like small sausages, roll in fine crumbs, then in a beaten egg, and finally in the crumbs again. Saute in bacon fat.
- 4 cups shredded cabbage**
- Cabbage with Tomato**
- 1/2 cup water
 - 1/2 teaspoon salt
 - 1 cup tomato juice
- Cook until cabbage is tender and the water and the juice has been absorbed. Add one tablespoon of butter and serve at once. Serves six persons.
- Carrots au Gratin**
- 2 cups cooked diced carrots
 - 1 tablespoon minced onion
 - 1/2 cup grated cheese
 - 1/4 teaspoon paprika
 - Cream sauce.
- Make a cream sauce by using 1 1/2 cups milk, 2 tablespoons butter, and 2 tablespoons flour. Cook until thick. To this add the cheese, onion and paprika and finally the diced carrots. Mix well place in a buttered baking dish and cover with buttered crumbs. Bake in a moderate oven for 25 minutes.
- Baked Stuffed Onions**
- Select large onions. Peel and remove core with apple corer. Fill the cavity with seasoned bread crumbs. Bake until tender.

Canadian Vegetables for Menu Every Day

Some Interesting Recipes, Tested and Tried.

Vegetables, raw, freshly cooked, or canned should be included in each day's menu states the publication "Canadian Vegetables for Every Day" issued by the Dominion Department of Agriculture. Vegetables supply the required tonics for building up the body and keeping it in repair. The publication, which contains the recipes given below, may be obtained free on application to the Publicity Division of the Department in Ottawa.

Kirkland Lake Market to Open Saturday Morning

Kirkland Lake farmers' market is to open in the curling rink at Kirkland on Saturday morning of this week for the summer months. This fact may be thought going as to the market for Timmins district farmers.
