Build or Re-model Your Home Now!

It isn't the cost of a house that makes it Home. It's the appearance of friendly comfort! But a house can't be comfortable and friendly if it has a neglected, run-down look. Now, for just a few dollars a month you can make alterations, do repairing and modernize your house under the government Home Improvement Plan.

No need to put up with shabbiness or inconvenience any longer. Call Fogg's and let them explain how you can build a glassed-in verandah, put a cement foundation under your house, insulate for warmth, brighten your rooms with hardwood flooring and gyproc walls, add a new room or completely renovate your whole house on this "no money down, monthly instalment plan."

Fogg's will be glad to give you helpful advice, gained through years of building experience, and prepare estimates on all your building and remodelling needs. You can rely on Fogg quality.
