**Saved H. E. Cawley
of Haileybury**

\$224.87

In One Year

"We are well satisfied with Iron Fireman automatic coal firing," says H. E. Cawley. "Our yearly saving in heating cost over hand firing is \$224.87 or 60%. We have steady room temperature regardless of weather conditions. The machine has operated perfectly."

75 TIMMINS HOMES SAVE MONEY WITH IRON FIREMAN HEATING

EACH SAVES 25% OR MORE ON FUEL COSTS. ALL MORE THAN SATISFIED. NAMES of USERS GIVEN on REQUEST.

Seventy-five Timmins houses are proving the efficiency of Iron Fireman Automatic heating, every day of the heating season. Actually these people are letting Iron Fireman pay for itself with the fuel it saves. At the same time they are enjoying comfortable even room temperatures even in the severest weather without going near the furnace. They simply fill the hopper once a day and the Iron Fireman does the rest. Iron Fireman Coal-blow models feed the furnace direct from the coal-bin without you even filling the hopper. It stokes the furnace when it needs it and doesn't waste one piece of coal. No other firing can give you equal results. By "results" we mean lower fuel costs, steady temperatures, automatically maintained and dependable, safe uninterrupted service. We claim that Iron Fireman automatic coal firing is better and cheaper for you than any other firing method. It is our desire to have every home in Timmins and the district benefit by the economy, convenience and healthful comfort of Iron Fireman Automatic firing.

NO DOWN PAYMENT—TWO YEARS TO PAY UNDER THE "HOME IMPROVEMENT PLAN"

You can install an Iron Fireman in your present furnace and have it financed at an amazingly low rate on the Home Improvement Plan. No down payment, small monthly installments spread over two years. This actually means that it is paying for itself on the fuel it saves with no cash outlay on your part.

Have Smith & Elston show you exactly what Iron Fireman will do for you; how much it will cut your fuel costs to install. There is an Iron Fireman for every type of home and commercial heating plant. Now is the time to have your heating system checked, while the fire is out, so Phone or Call us NOW!

LUXURIOUS
COMFORT

WITH TROUBLE-FREE

OIL HEATING

Make your home a haven of comfort and ease! You'll find that automatic oil heat will do just that . . . it will heat your home perfectly without any effort on your part. All that you do is set the thermostat at the temperature you desire and the oil burner does the rest . . . keeping a uniform temperature day after day regardless of the weather outside. If you wish you may use the Chroma-therm an electric clock device that automatically lowers the temperature of your home after bed-time and increases the heat just before you get up in the morning, without attention from you.

You can equip your home with an Imperial Oil Burner for \$25.00 down and just \$6.30 a month for five years. Call or write Smith & Elston for more information.

Give Your Home A Southern Atmosphere With Air Conditioning

Stale, dry, stuffy air makes you feel tired, spiritless, drowsy. Your doctor will tell you it goes hand in hand with colds. A McClary Warm-Air Heating and Air-Conditioning System combined in one handsome unit not only heats the air in winter but adds the proper amount of moisture, purifies it and by filtration cleanses it of all impurities before it circulates through your home under gentle pressure. Every room receives this "conditioned air"

On sweltering hot summer days or nights the air-conditioner keeps pure, fresh, cleansed air gentle moving all through the house. You can thoroughly enjoy summer

days and always have restful sleep at nights.

No longer need we snuffle with colds and put up with dry, unhealthy conditions in offices and houses in winter. No longer need we perspire and pant with discomfort in the wearying heat spells of summer. When considering Air Conditioning be sure it is GENUINE AIR CONDITIONING such as SMITH & ELSTON installs not merely a forced ventilating system with no real "Conditioning" qualities. Smith & Elston will show you efficient real air conditioning systems for use with either hot air or hot water heating. Call in to-day.
