

Opening Game of T. B. L. In South Porcupine June 1

Entry From Sudbury Pirates Is Accepted By Nickel Belt

Team Will Have First Call on Players from Falconbridge and Refinery Living in Sudbury, League Executive Agrees at Meeting Held Last Week. League Will Have Five Teams.

Armed with constitutional backing which gives them the right to Falconbridge and Refinery players living in Sudbury, the Sudbury Pirates made the Nickel Belt Baseball Association a five-team league with their entry at an executive meeting last Thursday night.

Bernie Paul manager of the Nickel Belt club, made an entry with no strings attached, after President Tom Birney quoted territorial rights of the constitution to show Pirates have first call on Sudbury residents who are working at the two district spots not in ball this year.

Wanted by Others: In discussion prior to the Sudbury entry, delegates from Coniston and Copper Cliff stated three Falconbridge and Refinery players wanted to line up with the Smelter teams this year. It was suggested that inclusion surrounding the Sudbury entry till now had contributed to that intention and the players would line up with Pirates no wit is certain they will operate.

Tom Strong, Copper Cliff manager, believed Harry Haddock, Pirate second-sacker, is ready to play with Copper Cliff, and suggested that Elmer Baird, Sudbury outfielder, would also line up with the smelter squad. Both Baird and Haddock work at the refinery. Fred Discher, Coniston maestro, claimed Gordie Smith, Pirate first baseman, who works at Falconbridge, is ready to line up with Coniston. The Sudbury manager said he had not been able to give a definite answer to any of these players on an entry before.

The discussion revolving around territorial rights brought out that George Muirhead, ace Sudbury hurler last year, is the property of Copper Cliff, and "Brad" Bradley, Pirate catcher, and Jimmy Pett, Copper Cliff utility, are legally the property of Coniston. Muirhead works at Copper Cliff and must play for the place he works, while Bradley and Pett, living at Falconbridge and Garson, are closer to Coniston than to any other N.B.B.A. centre.

Don Budge, the American Ace, is out to gain another championship, that is the French hardcourt championship to make a five championships, which only one other man has achieved, and that is Fred Perry. The match will commence on June 5th.

Baseball
On Wednesday it will be known whether the famous Mr. Dizzy Dean will be able to pitch again or not, for he will be in uniform, but not on the mound. He is slated to do a little workout on the sideline.

Another Napanee ball player arrived in town last week-end, by the name of Art Scarlett. He is an outfielder.

GIRL GUIDES IN TIMMINS

Guides of the 51st I.O.D.E. Company opened the meeting with inspection. Horseshoe was then formed and the flag raised.

Guides then practised marching, after which Patrol Corners were held. After this, Jean Cowan led the Guides in a game.

On the preceding Saturday the following Guides completed their Service Badge by each taking two other Guides on a half-day hike: Gladys Roy, Eileen Dicker, Myrtle Kpell, Gladys Langman and Helen Smith. The following passed fire-fighting: Norma Monahan, Beulah McMinn, Marion Johnson and Barbara Cassidy.

Plans for a marshmallow roast were then made and Guides were dismissed. Guides of the 51st I.O.D.E. Company enjoyed two outings during the past week. First was a half-day hike on the Government road. Guides went in threes, each group being led by a Guide who wished to pass her Service Badge. Each group made its own campfire and cooked lunch. Then the leaders planned the activities for the afternoon. Some went exploring, some collected flowers, others practised signaling and others played tracking and stalking games.

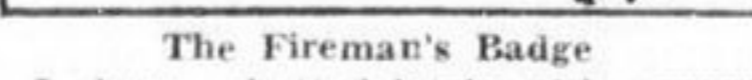

The afternoon was such a success that another expedition was planned for the next Friday. This was a marshmallow roast, held out beyond Birch street school. There were games, stunts and singing, and a great deal of attention given to the roasting of marshmallows. A full moon for campfire and no flies. What more could Girl Guides ask!

Guides are warned against drinking from taps or streams during their hikes. Drinking water should be carried, if necessary, from home.

Choir Concert at Finnish United Church, June 10th.

There will be a choir concert by the Timmins United Church Choir in aid of the Finnish United Church on Friday, June 10th, at the Finnish United Church, corner of Elm street and Sixth avenue, Timmins. The event will commence at 8 p.m. and is sure to prove of very special interest, the Timmins United Church Choir on recent occasions showing particular talent and effectiveness. Last year the Timmins United Church Choir presented a concert in aid of the Finnish United Church and the event was much enjoyed by music lovers. The event on June 10th is expected to be even more interesting and successful. Tickets will be on sale this week for the choir concert and those who enjoy a good evening of music should buy one or more tickets for this occasion.

BOY SCOUTS IN TIMMINS

The Fireman's Badge
I have chatted lately with several fellows who soon will be King Scouts and they told me that they had found the Fireman's badge a very easy one to get. Another fellow pointed out that he thought it wasn't much use getting the badge, anyway. He said that although it was exciting enough, he could not see that he could put the knowledge gained to any practical use.

If ever a fellow was talking through his hat, it was he.

Admittedly, if you live in large centres where they have highly efficient fire brigades, your chances of doing actual fire-fighting are pretty remote, but who said that you were going to live in a big city all your life? Your work in the future may take you into towns and villages which depend entirely on voluntary fire brigades or you may be in some part of the country where you will be everything from the mayor to the garbage man, including the fire brigade.

There are increasing numbers of Scout village fire brigades or parts of brigades. Some have had very exciting times.

To look at the fireman's badge from the actual fire-fighting point of view is looking at it from the wrong angle. It is much more helpful to prevent than to be able to put one out, and if you remember, the requirements of the Fireman's Badge sum up your knowing the dangers of the fire and how fire can be prevented. This is useful knowledge to you in your home, school, office, or wherever you may be.

Then there are, of course, all sorts of emergencies which can arise in the biggest city with the most efficient fire brigade, in which you yourself may be called upon to act.

A child's dress may catch fire, a pretty alarming thing to happen, but it would be no use to run out and pull the fire alarm because, however speedy a fire brigade may be, all the damage would be done by the time they arrived. It has to be put out on the spot.

You may be out on a lonely road and your car catch fire; the curtains may catch slight in the house; you may be in camp when the grass may catch alight, or you may be the first to notice the beginnings of a fire in a city or town, and although your first job will be to notify the fire brigade, it is quite possible that you might have a chance to help some persons or animals trapped by smoke and flames, and then, when the brigade did arrive, I don't expect they would say "no" to any help you could give in keeping the crowd back, or attending to the injured while they get on with the job of tackling the flames.

I think that you will agree with me that even with the most efficient fire brigade in the world there will be work to do for anybody who has knowledge of fire fighting, and particularly fire prevention. It is one of the most useful badges you can tackle, so I hope that when you consider your own King Scout Badge you will include the Fireman's Badge in the list.

Packs 2 (St. Matt's) and 6 (Matagami) held a joint meeting in the Hollinger hall last Thursday. The meeting was in charge of Akela Lacey of the 6th. More groups are finding that such meetings add up to the fun and good fellowship that means such a lot to us all. While we shouldn't have visitors all the time, for then we would accomplish little in our work, the occasional visit from or to another unit gives us new ideas from what the other fellows are doing.

Hear ye! Hear ye! The Timmins Camporee is to be held on July 29th and 30th. At the Camporee patrols and sixes will compete against others to see who will have the privilege of representing not only the district but their troop or pack at the Jamboree. The Jamboree this year will be held in Kapuskasing on August 26th-27th-28th. Will your patrol or six be the one representing your troop or pack or one of the eight patrols and seven sixes representing Timmins at Kapuskasing? You can if you work for it.

Here's sumpin! The 6th Troop, who are not unfortunat enough to have money to buy everything they want, are having the fun of making their own shelters—as I haven't seen them yet, I'd better not call them tents. I've been told that they are using sugar bags, sewing them together, and then water-proofing them. They threaten to look something like tepees when they are finished. That's independence and practical economy. What's worth having is worth working for. Won't they be proud to point out distinctive things they have made! Others will have the very ordinary things they have bought.

Here are two new rulings, recently made by the local executive, which apply to members of Troops or Packs: 1. No Scout or Cub may transfer from one unit to another without the written permission of the committee governing that group and his leader. 2. No Scout may take part as a junior leader or instructor in a Cub pack of a group other than the one in which he is registered if his duties are conflicting.

Have you heard this story? First Class Scout to Tenderfoot: "So you're not a Second Class Scout yet?" Almost S.C.S.: "No, I'm having trouble with a board." F.C.S.: "A board, what has it to trouble with a board." Almost S.C.S.: "Well, it happens to be the examining board."

Ehr., District Leader.

BOTH AIM TO BEAT THE ADMIRAL

The horse is Seabiscuit and the man is Johnny "Red" Pollard. "Red" will be up on Seabiscuit on May 30, when the "race of the century against War Admiral takes place." The photographer caught him about to bestow a kiss upon the equine brow after a satisfying morning workout.

N. O. H. A. Secretary Clarifies the Rule

W. A. Thompson Explains Regulation About Imports

North Bay, May 14—Hockey clubs in N.O.H.A. and O.H.A. ranks will not be permitted to "bring in" as many players as they wish from outside the branch. W. A. (Bill) Thompson, secretary-treasurer of the northern association, said here today in clarifying the new "import rule."

Correcting an announcement made Monday, Mr. Thompson stated clubs will not be allowed an unlimited number of "imports" coming into the N. O. H. A. or O. H. A. from other branches of the C.A.H.A.

"The four and two rule will still apply in regards to players moving in from outside branches," Mr. Thompson explained. The official said that senior clubs will still be permitted to bring in only four players from other C. A. H. A. branches and junior clubs two players.

Applies to North
The four and two rule has been discarded only as far as the O.H.A. is concerned, Mr. Thompson continued. And as the N.O.H.A. is affiliated with the O.H.A., actually only a "club" in the O.H.A., the same ruling will apply to the northern association.

There will be no restriction to the number of players lining up with an O. H. A. club coming from other O.H.A. teams. In order to prevent teams from "packing-to-the-roof," however, a three quarters vote of the executive will be necessary on all cards above the four and two number.

In Mr. Thompson's opinion, a senior club will be playing safe by "importing" seven or eight players and a junior club won't be taking chances if it does not "import" more than four or five performers.

St. Vincent an Attractive Isle in the Caribbean Sea

Many people who try to emulate the late Ponce de Leon and go off to the West Indies in search of the Fountain of Youth take a "Lady" liner of the Canadian National Steamships at Boston and see St. Vincent, one of the Windward Islands. The staunchly British citizens of this isle claim a possible world record in climatic salubrity, and back their claim by statistics.

In St. Vincent, the 1931 census shows that of a total population of 47,961

people, 25 had reached the century mark; 32 were 95 years of age, and 155 were over 90 years old.

It was not far from St. Vincent that Robinson Crusoe was supposed to have spent his 25 years of healthful isolation on the island of Tobago near Trinidad. Across the Caribbean from St. Vincent, on the route of the Canadian National Steamships to Jamaica, lie the Bahamas group, where Ponce de Leon sought the Fountain of Youth on L. half of the Queen of Spain and where Christopher Columbus first landed in the New World.

Expect to Have 4,000 Playing Bingo Here

Monster Event at St. Anthony's Church Bazaar and Bingo.

With only a week to go before the opening of the St. Anthony's Church bazaar and bingo, the committee in charge report advance ticket sales indicate that over 4000 people will play bingo at the one time, the night of May 24th.

The rink surface of the Timmins arena, where the bazaar will be held, will be covered with chairs to handle the capacity crowd. As each player enters the rink, he or she will be provided with a lapboard and bingo cards. No two bingo cards are the same, thus assuring only one winner in each game.

The bingo game May 24th will be the first time that a monster bingo has been held in Northern Ontario. Giant bingos have become very popular in the United States and in some parts of the Dominion. The larger the crowds, the more valuable are the prizes.

Such prizes as a radio, living room suites, 87-piece sets of Wedgwood china, will be awarded in the games May 24th. Five special games with cash prizes of \$100 for each game have been added to the list. All in all, over \$2500 in merchandise and cash will be given away to the players on the one night. Consolation prizes and door prizes have also been arranged for.

Rev. Father Theriault's bazaars have always attracted large crowds in the past and have become an annual entertainment feature eagerly looked forward to. The bazaar will start the day after the bingo game and will last until June 1, the night the Nash-Lafayette car will be drawn.

Several local merchants are taking

McIntyre and South End Will Meet In First Game of 1938

Opening Dates for North and South Sections Arranged at Meeting of League Executive in Kirkland Lake on Saturday. Entries of Four Junior Teams from this District Approved.

Napanee Outfielder to Play in Timmins

Art Scarlett, of Napanee, Will Line Up with Hollinger Seniors in T.B.L.

While the personnel of the Hollinger senior entry in the Temiskaming Baseball League is rapidly taking shape, a number of new faces to Timmins fans will be seen in the line-up when the team makes its 1938 debut.

Word comes from Napanee that Art Scarlett, stellar outfielder with the Gibbard Athletics in that town has accepted a position here and will play with the Hollinger team this year. Scarlett was one of the most valuable members of the Gibbard team and comes here well recommended.

Merchants to Decide Upon Day to Observe Holiday

A misunderstanding of the resolution approved at council last week may have left the impression that the council asked that Monday be observed as the May 24th holiday this year. What the council decided was that in future years the observance of holidays on Monday be favoured. Council felt that it was, however, too late to do anything about it this year. Accordingly the matter rests with the merchants, though the fact that Tuesday will be observed by banks, stock exchange and other large concerns makes it difficult to observe the holiday otherwise than on Tuesday the Dominion day.

C. W. L. To Hold Card Party Thursday Evening, May 19

The C.W.L. are holding a card party, bridge, five hundred and euchre in the basement of the Church of the Nativity, Timmins, on Thursday evening, May 19th, commencing at 8 p.m. A hearty welcome is extended to all who enjoy a game of cards and a pleasant evening to attend.

Events Announced This Week by Ladies' Auxiliary

This evening (Monday) the Ladies' Auxiliary of the Legion are holding another of their partner whist drives in the Legion hall.

To-morrow (Tuesday) the Ladies' Auxiliary is holding a sale of work, home cooking and candy, with afternoon tea served. During the past few months the ladies of the Auxiliary have been doing considerable sewing and fancy work, and the articles thus made will be offered for sale at the event to-morrow afternoon.

COMMITTED ON MANSLAUGHTER CHARGE AT KIRKLAND LAKE

Last week William McDonald, miner, of Kirkland Lake, was committed to stand trial on a charge of manslaughter following the death of Charles L. Munroe, 45 years old. McDonald was released on \$2000 bail to await his trial. The charge of manslaughter resulted from the death of Munroe at a house in Otto township, seven miles from Kirkland Lake. It is alleged that a quarrel took place between Munroe and McDonald over a bottle of wine that McDonald claimed had been taken from his car. McDonald is said to have struck Munroe who fell to the ground and never regained consciousness.

boths in the arena for the week to display their merchandise.

McIntyre and South Porcupine will play the opening game of the Temiskaming Senior Baseball League in South Porcupine on Wednesday, June 1. It was decided at a meeting of the league executive in Kirkland Lake on Saturday. A tentative schedule was drawn at the meeting but the dates are subject to the approval of the different clubs in the league. Games will also be played in Noranda and Kirkland Lake on this date.

As in the past the league is divided into north and south groups. The northern section includes McIntyre, Hollinger and South Porcupine, with Noranda, Wright-Hargreaves, Lake Shore and Teburn making up the southern portion. First and second teams in each group will play a two-out-of-three series and the two sectional winners will decide the championship in a five-game play-off.

Entries were approved from four junior teams from Iroquois Falls, Timmins, Schumacher and South Porcupine. The schedule for the league will be announced shortly.

Ennis Cup Games

Five of the seven teams in the league will play for the Ennis Cup, Hollinger, McIntyre, Teburn, Wright Hargreaves and Lake Shore, having entered the competition.

Charge Two Drivers Struck Police Car

Three Charges of Reckless Driving Laid by Timmins Police Over Week-end.

Two Timmins men, Placide Roy, 12 Commercial avenue, and Roma Thibodeau, 6 Wilson avenue, are charged with reckless driving as the result of two separate incidents over the week-end in which they are alleged to have struck the police patrol car. Roy is alleged to have hit the rear fender of the police car and left the scene without stopping while Thibodeau, a taxi driver, is claimed to have hit the same vehicle on Bannerman avenue early Saturday morning. Both will appear in police court on Tuesday.

Alleged to have been speeding on Mountjoy street, Thomas Bailey, 14 Carling avenue, will also face a reckless driving count.

EARLY PINE BATH TUB

An ancestor of American modern plumbing, an 8-foot long wooden bathtub hand-hewn from a single pine log, has been given to the Fleming Museum of the University of Vermont.

Weighing several hundred pounds, the tub was made by Elias Lyman, III, of Hartford, Vt., in 1796.

OLDEST WOODEN CLOCK

A wooden clock, 446 years old, bearing the head of Christopher Columbus, is owned by A. H. Wagner, of St. Boniface, Manitoba. The clock has three metal wheels, and has been in the possession of Mr. Wagner for this past 40 years.

North Bay Nugget—Recent lake tragedies should induce parents to keep a close watch over their children as summer weather prompts swimming and boating.

World's Sport Events

(By F.J.H.)

Boxing
It looks as though Tony Galento is going to show all the heavies what it is about.

Last Friday the beer baron put Nathan Mann to sleep in the second round—one round less than it took Louis to do it.

In the first round Mann pasted Tony all round the ring, but Tony could take it, but lost the round. In the second Mann hit the resin for the count of nine and came up. At the two-minute mark Tony let a right go that knocked Nattie out of the ring, and the towel was thrown in.

Tony's next fight will likely be in July and his opponent will be Max Baer.

His home town boy, Len Wadsworth, will defend his Canadian middleweight crown next Friday in Ottawa, against Ray McIntyre.

Tennis
As reported in this column recently, Von Cramm, the German ace, will not play on the Davis Cup team for the fatherland this year as he is in wrong with the government.

If he plays any tennis for the next year it will be behind prison bars, for he was sentenced to a year in jail last week.

Miss Wills-Moody is making a great comeback in England by defeating Miss Sheila Paterson in the semi-finals in the North London tournament, 6-2, 6-2.

This was just a warm-up in preparation for the Wimbledon tournament.
