Oiled. Other Schumacher
News.

Schumacher, June 1st, 1938.—(Special to The Advance)—Mrs. Moore, of the Alyssa Shop, was in Toronto last week.

Ernest Webber, son of Mr. and Mrs. Fred Webber, is a patient in St. Mary's hospital suffering from pneumonia.

Bernie Kelly and N. Anderson of Elston, Saskatchewan, were guests of Mr. W. and Miss Nora Dillon last week.

Born—Thursday, May 26th, in the Tisdale hospital, South Porcupine, to Mr. and Mrs. Wesley McLaren, fourth avenue—a daughter.

Mr. Jim Young left on Saturday for Western Ontario, in the interests of the Young-Howard Syndicate.

Rev. and Mrs. Tait left on Sunday for Toronto, where Mr. Tait will attend the United Church conference.

Mr. Joe McGarrie, of North Bay, was the guest of his sister, Mrs. James Dillon, over the week-end.

The C.W.L. ladies intend holding their annual bazaar and tombola on Thursday, Friday and Saturday, June 9th, 10th and 11th, in St. Alphonsus parish hall. On Thursday evening, a turkey supper will be served and during the entire bazaar many attractive prizes will be drawn for.

Mrs. Penny, of Cochrane, was the guest of Mrs. A. H. Cooke last week, while paying her official visit to the Eastern Star Chapter in the district.

Mrs. Clarence McCalpine, of Kirkland Lake, visited friends in town over the week-end.

Mr. J. Besley left Sunday for Toronto, being a delegate from Trinity United Church to the United Church conference.

Mr. and Mrs. McGill, of Detroit, were guests of Mrs. James Dillon last week. Mr. Hann was a visitor to Toronto last week.

Mr. Joe Villeneuve, of Glasgow, while visiting friends in town was stricken with pneumonia and is a patient in St. Mary's hospital.

The Newcombe beauty parlours, under new ownership, Mrs. W. Smoak, have moved from the Korson block to 35 First avenue.

Much work is being done on the streets in town, especially Second, Third and Fourth avenues. Gravel has been put on and now the grader is

busy grading and oiling the streets and it is expected to be a good finish, eliminating the dust annoyance.

Death came very suddenly to Mrs. Walter Barkel, Gold Centre, on Tuesday afternoon. Deceased had not been in the best of health for some time, but had for the past two weeks been feeling much better. She had been in her garden in the morning, and at noon she complained of a pain in her head. A doctor was called and at three o'clock she passed away. Death was due to heart condition. Mrs. Barkel was born in Bristol, England, 45 years ago. She lived in Cobalt for 25 years where she was a valued member and a Past Noble Grand of Silver Rebekah Lodge. About four years ago she and her husband and family came to town to reside, living in Gold Centre where they made their home and where she had many friends. She leaves her husband, two daughters, Mrs. R. Fairbrother, in Gold Centre, and Gladys at home, her mother and several brothers and sisters in England. Mrs. Barkel was a member of the United Church. Gold Nugget Rebekah Lodge held their funeral service for their departed member at the home on Wednesday evening, the funeral being held from her late home Thursday afternoon (to-day) at two-thirty to Trinity United Church, where Mr. R. T. Scott, in the absence of Rev. Tait, will conduct the service. Burial in South Porcupine cemetery. A list of the floral tributes was not available at the time of going to press.

The many friends of Jack Huxley will be pleased to hear he is making good recovery at his home, where he has been suffering from pneumonia.

Mr. J. Chatsworth spent the week-end visiting his wife in Toronto.

The firemen's annual dance in the Croatian hall on Friday evening was a real success. Many couples old and young attended this popular event.

Mr. Gregulski is a patient in St. Mary's hospital this week receiving medical treatment.

Mr. John Gray, who has been ill for some time, left to recuperate at his home in Toronto.

Mr. J. Chatsworth spent the week-end visiting his wife in Toronto.

TEN YEARS AGO
IN TIMMINS

From data in the Porcupine Advance Files

The statistics prepared by the assessment department in connection with the assessor's work on the 1928 roll gave many interesting facts ten years ago. The total assessment for 1928 for land was \$1,640,421. The previous year of 1927 it had been \$1,602,936, making an increase for 1928 of \$37,485. For buildings the assessment figures for 1928 were \$4,816,803, an increase of \$364,020, over 1927. The population of Timmins in 1928 was 11,855, an increase of 233 over the population in 1927.

Empire Day, May 23rd, observed in all the schools of the province was given a special touch of interest at the Central public school ten years ago, when the afternoon was given over to a field day of athletics and sports. The event was conducted by Mr. Wightman, Mr. Horton, and others of the teachers, with assistance from others interested in youngsters and sports. There were all sorts of athletics and sports and the youngsters had a big time. The programme was so extended that all the events could not be carried through that afternoon and some of them were postponed to the next week.

A young man claiming to be G. Stevens went into the Bank of Commerce branch here ten years ago, and attempted to cash a cheque for \$50.00, supposed to be made out to "G. Stevens" and signed Geo. S. Drew. The teller was somewhat suspicious of the cheque, the body of the form being written in a different hand to the signature. While the signature might pass in a hurry for that of Mr. Drew, the body of the cheque was written in a way that made the teller think that it was not the work of Mr. Drew. The teller took the cheque to the manager, who questioned the man closely, but received quite plausible explanations. Mr. J. E. Grasset, the manager, was inclined to consider the cheque a forgery. While Mr. Grasset was busy attempting to get Mr. Drew on the phone, the young man apparently took alarm and left the bank. The police were phoned for then, and immediately began to work on the case.

The Timmins Amateur Athletic Association (usually known as the Grounds Committee, because the athletic field came under the jurisdiction of the association) held a meeting ten years ago, one of the chief items of business being to elect a secretary to take the place of the late W. A. Field, who for some years was the able and untiring secretary-treasurer of the association. Mr. A. Borland, Sr. occupied the chair and conducted business with his usual efficiency.

He voiced the general regret at the death of the late Mr. Field and said that it was largely because of the interest and effort given by Mr. Field that he had consented to remain as president. He then asked to be relieved of the duties, promising however, that he would give any interest or effort that he could to assist the association. The meeting finding that Chief Borland was firm in his desire to retire, elected him honorary president by acclamation. Mr. W. G. Smith was elected president and Mr. James Cown, secretary-treasurer.

The Kiwanees levelled the grounds at the C.A.S. Shelter and seeded the large front down to grass, with flower beds along the front and side of the residence, ten years ago. The lawn promised to be one of the finest in town, and a credit to the enterprise and public spirit of the Kiwanees.

The team picked from the Dome and McIntyre won the benefit match with the Timmins team, played ten years ago under P.D.F.L. auspices, the proceeds to go to the Children's Aid Shelter. It was a clean, fast game and very closely contested and was enjoyed by the crowd gathered for the occasion. The attendance was not as large as expected but those present felt they had seen a good match.

Only two fires were reported for a week ten years ago, and neither of them caused any particular damage. On May 24th, 1928, there was a call to 39 Third avenue, the premises of Mr. Jos. Ellies. A sky rocket had gone in through a window and set fire to some papers. Fortunately the fire was noticed before it had secured any headway. The second call was to 167 Spruce street, south, owned by S. Romina, and occupied by Alphonse Poissano. There was considerable smoke but no particular fire.

In The Advance ten years ago (in part): "Hollinger officials positively deny that there was any cave-in at the mine this week as reported in Toronto newspapers. In this the mine inspectors support the account given by the officials, while men working at the mine are agreed that the official account covers the facts of the case. The Toronto story, sent no doubt from Timmins, pictured a cave-in at the mine, with the cracking of the earth being felt all over the mine, and some men having narrow escapes from death. All this is so exaggerated as to be almost unrecognizable as originating from the incident apparently referred to. The actual incident was strictly a local one. A piece of rock in the hanging wall leaned down on the timbering, squeezing the sides of the stulls, the breaking of the timber making a noise that could be heard for some distance on that level. There was lots of room left for passageway alongside the leaning rock, and no one was endangered by the incident."

Mr. H. Buzza formerly a member of the Timmins Citizens' Band was appointed band leader of the Kirkland Lake band to succeed Mr. T. J. C.

Smith ten years ago. Mr. Buzza took over his new duties in the last week of May, 1928, there being a big attendance at the first practice to greet the new band leader.

Ten years ago there was a regular flurry in prospecting areas in the Sudbury mining division. Prospectors from Sudbury and also from the Cobalt and other camps had been going in to the area and there was considerable staking done.

A special general meeting of the N.O.F.A. was held ten years ago in the town hall, Timmins, with a full quota of members present. Past President H. G. Laidlaw occupied the chair and in opening the meeting he referred very feelingly to the late W. A. Field, president and O.F.A. representative of the N.O.F.A. who passed away ten years ago. The services of the late Mr. Field to football and other amateur sports, and his outstanding qualities as a citizen and a man were referred to, and at the conclusion of Mr. Laidlaw's remarks an expression of condolence was passed by the meeting to be sent to the bereaved family. The election of president to fill the place left vacant by the death of Mr. W. A. Field, resulted in W. H. Morgan being elected by acclamation as president.

"Moles do not thrive in this North Land, at least, they haven't as yet," said The Advance of ten years ago. "And a good thing, too, as the average Old Country man will say, for in the Old Land these rodents do considerable damage. So far as The Advance knows there have been no moles found in Timmins district until last week. Jackie Welsh found one by the railroad track at Fulham Creek on May 24th. He brought it to The Advance office on Friday, later taking it away to show to his teacher at school. The mole was about six inches long; with long round body; muzzle long and pointed; eyes very small; forefeet broad; hindfeet long and narrow; fur black, soft and velvety."

What was considered as the most serious loss of life for several years, so far as the Abitibi river was concerned, took place ten years ago. No less than seven lives were lost in two days. Three men were drowned one day, and the next day four more met a watery grave. Both accidents occurred several miles down the river from Iroquois Falls. The accident the first day occurred when four men attempted to cross the river in a punt. The boat was very heavily laden with packs, supplies, etc. A sudden squall struck the boat while it was in mid-stream, the boat overturned and three men, Santarion, Antilla and Rachimas, were drowned. The three men who were fine swimmers, struck out for shore, but owing to the high wind and the coldness of the water the three were not able to save themselves. The fourth man, J. B. Ranta, who was unable to swim, clung to the overturned boat, and was eventually rescued by some Hawk Lake Lumber Co. workmen who were nearby and heard the calls for help. In the second accident, Joseph Wood, of Brower, and Fred Chapman, Wm. Moore, and P. Morden, of Clute, part of a survey party, lost their lives. It was thought that, though the men were all expert canoe men, the canoe got into a whirlpool of the rapids, and thus caused the accident.

Another conference of representatives of Northern municipalities was held at Cobalt ten years ago. Among the delegates in attendance were—Timmins, H. E. Montgomery, clerk; Tisdale township, D. Kerr, councillor, Schumacher; Tack, Reeve Carter, Councillor Pollock; Clerk McBain; Coleman township, Councillor Mutin and Clerk Shepherd; Cobalt, Mayor Frank Lendrum. The chief question discussed was the selection of a representative to address the meeting of the Ontario Municipal Association at Toronto at Exhibition time to present the North Land's attitude in the matter of mining assessment.

The A.S.D. Club officially closed the fall and winter season of 1927-28 with a luncheon and dance in the Oddfellows' hall here ten years ago. The president, Mr. M. J. Belanger, occupied the chair for the occasion, and in a short address reviewed the club's activities during the season, and expressed the hope to see all the members present again when the club resumed activities in September of 1928.

At police court here ten years ago a woman was charged with kidnapping the adopted two-year-old child of a local woman, the charge being laid by the latter. The foster mother said that she adopted the youngster from its mother, a local lawyer drawing up the adoption papers. One evening the mother was at her baby's adopted home and during the foster mother's absence at the store, according to the complainant's story, the child was taken away. On her return home the adopted mother was frantic at the loss of her adopted child and at once informed the police. A warrant was sworn out, charged the mother with kidnapping. The police located the mother, finding the child with her. She maintained that she was given legal advice to the effect that the adoption was not regular and as she wanted her youngster she was entitled to take it herself, she thought.

A large crowd turned out to witness the opening of the softball league ten years ago, though the weather was threatening. The big attendance was treated to a very exciting game and one that was enjoyed. Councillor G. S. Drew pitched the first ball, while Mayor Longmore tried to knock past

Drew but failed, the councillor throwing him out at first. The game was played by the Tuxis and Canadiens the latter being the winner.

The field day put on by the Arrow Athletic Club and the Junior Hockey Club on May 24th ten years ago, proved a very pleasing and successful event and most creditable to all concerned. There was a good attendance and all enjoyed the excellent field and track events staged.

The L.O.O.M. repeated their triumph of the previous year ten years ago when they took four straight games from the A.S.D. thus winning the Fraternal league championship. The L.O.O.M. won the first three games by over 500 pins. The score sheet for the fourth game was not turned in to the secretary, but the Moose won it by only 14 pins.

The annual church parade of Timmins Lodge, L.O.O.F., was held ten years ago from the Oddfellows' hall to the United Church, there being over a hundred Oddfellows in the line of march. All the brethren wore their regalia, and the parade was in charge of Marshal Bro. W. J. Wills, and the Noble Grand, Bro. S. T. Walker.

The speaker for the day at the Kiwanis luncheon ten years ago at the Empire hotel was Dr. H. H. Moore, who was to deliver an address on "Diphtheria." Dr. Moore was there ready and there was a large attendance gathered to hear what all knew would be an interesting and helpful address. However, unfortunately Dr. Moore was called away on an emergency case before the luncheon was concluded and so was unable to give the address.

The members of the McIntyre Track and Athletic team were to be congratulated on their excellent showing at the Victoria Day event in Timmins ten years ago. Many of the beautiful prizes were taken home by the McIntyre boys, who really provided a great deal of interest for their fans.

The regular meeting of the town council was held ten years ago with Mayor E. L. Longmore in the chair and Councillors A. G. Carson, Geo. S. Drew, P. Dougall, R. Richardson and C. P. Ramsay present. There were two matters of great interest before the council. One of these was the announcement by the mayor that the Hollinger had given the lots adjoining Broadway in the vicinity of the rink to the town for a children's playground and park. The other matter of special interest was the question of the enforcement of the dog by-law.

A quiet but pretty wedding took place ten years ago in St. Joachim's R.C. Church, South Porcupine, when Mary Anne, daughter of Mr. and Mrs. Louis Serri, of Sturgeon Falls, became the bride of Claude Bernard, second youngest son of Mr. and Mrs. William Dillon, of Summer St., South Porcupine. The ceremony was performed by Rev. Fr. Lagrevel.

Among the local news in The Advance ten years ago—"Mrs. L. McLaughlin, of Cobalt, is spending a few days in Timmins with her daughter, Mrs. W. Phillips." "Born—in Timmins, Ont., on May 31st, 1928, at St.

FOR PERFECT GRIP

And Safe Driving

GUTTA PERCHA TIRES

Mary's hospital, to Mr. and Mrs. R. L. Roach—a son." "Born—in Timmins, Ont., at Mrs. Goulet's hospital, to Mr. and Mrs. Manson Smith—a daughter." "Mrs. N. Campeau has gone to Ottawa and Buckingham, Que., to be present for the diamond wedding jubilee of her father and mother, Mr. and Mrs. J. P. Labaie, of Buckingham." "Mr. Murray McGee, who left here some months ago to take a position with The Toronto Star, is back in Timmins as special Northern representative for that Toronto newspaper." "Miss M. E. Livingstone, who has had four years' experience in Darwin, Ottawa, and latterly in Iroquois Falls, has joined the staff of A. J. Shragge, Limited, here."

Matachewan Hub to Test
Massive Sulphide Body

Officials of Matachewan Hub Pioneer Mines, Matachewan district, the pioneer property of the district, advise that H. A. Steven, B.Sc., consulting engineer, has returned to the property to spot first holes for diamond drilling program planned to block out the large massive sulphide orebody, which recent tests indicated as showing high sulphur content.

For the past several months intensive research work has been carried on in connection with this ore, and tests by the Metallurgical laboratories of the Dominion Department of Mines showed content of 41.6 per cent. sulphur, 39 per cent. iron, and values in gold, silver, molybdenite and manganese. It is understood management plans to erect a pilot plant to work out the best methods of recovery.

Properties lie in a direct line with Matachewan Consolidated and Young-Davidson Mines, and considerable surface and underground exploration has shown interesting gold values. Company plans, however, to concentrate present work on exploring possibilities of the massive sulphide body from a sulphur standpoint.

Mr. G. Thorburn was a visitor to Sudbury last week-end.

"CANADIAN MAID" COOKING SCHOOL

My Chocolate Cream Dessert

Here's a mouth-watering dessert the whole family will go for in a big way! But be sure you make it with Canadian Maid—that's the secret of its extra goodness!

TODAY'S RECIPE

Put 1½ cups Canadian Maid Milk and 1½ cups water in upper pan of double boiler. Cut up 2 squares of unsweetened chocolate, add to milk, heat till dissolved. Beat smooth, then bring to scald. Add ½ cup sugar and 3 tbsp. Corn Starch. Cook, stirring occasionally. Add ¼ tsp. salt and 1½ tsp. vanilla. Turn into dessert glasses, chill for serving. Always use Canadian Maid.

CANADIAN MAID BRAND Evaporated MILK

"It's always good!"
