## ADVANCE "Hidden Name" CONTEST

8 PALACE THEATRE PASSES GIVEN FREE EACH WEEK

## RULES

Each Monday eight people chosen at random from this district will receive free passes to the Palace Theatre. Look for your name hidden in these advertisements. If you find it, clip the ad. and bring it to The Advance Office and receive a free pass.

Watch these ads carefully. Your name may appear at any time.

Passes good for any performance except Saturday.

## PALACE THEATRE - This Week

To-Night and Tues. June 6-7

Barbara Stanwyck and John Boles in  
"STELLA DALLAS"

With Alan Hale and Barbara O'Neill

Wed. and Thurs., June 8-9

Robert Montgomery and Rosalind Russell in  
"LIVE, LOVE and LEARN"

Co-starring Robert Benchley, Helen Vinson, Mickey Rooney and Monty Woolley

and the dancing was much enjoyed. The hall was tastefully decorated for the occasion, flags and bunting being chiefly in evidence, with a few devices suggestive of the firemen's calling, while the cups and trophies won by the Timmins brigade were also given place. The refreshments served were also much commented upon, both for quality and quantity.

His Lordship Bishop Latulippe paid his first official pastoral visit to Timmins on Friday, May 24th, 1918, and was warmly welcomed here by his parishioners. There was a crowd of several hundred at the station to greet him on arrival here, the crowd including numbers of school children. During the Bishop's stay in town he was showered with attention and the large numbers turning out to all the services at St. Anthony's Church evidenced the esteem and affection in which Bishop Latulippe was held.

On May 24th, twenty years ago, the feature for the day was a baseball match between the mine managers of the district and the business men of the town. "Everybody enjoyed the game—even the players," said The Advance in its report. "From the collection taken up on the occasion by Councillor Chas. Pierce there was \$56 netted and the firemen donated another \$5.00 to this amount, making the total for the Red Cross Society from the afternoon's sport \$61.50."

"For some reason, or a number of reasons, the citizens of Timmins have displayed no enthusiasm over the offer of the Board of Trade to fence, plough and prepare a five-acre section of good garden land to be divided into plots of 50 by 100 feet, the only costs to the applicant to be \$10, this amount to be used to help pay the cost of fencing and preparing the land," said The Advance twenty years ago. The plan was inaugurated to assist greater production during the war. There were a great number of enquiries in the matter but very few regular applications.

"All who knew him learned with much regret of the unexpected death of Mr. Dominic Purificat," said The Advance of May 29th, 1918. "He was one of the old-timers of the camp, and a large property-holder here. Death was due to a hemorrhage. A widow and two children survive, and to these the sympathy of all is extended in their bereavement. The funeral took place on Monday and was very largely attended. It was in charge of the new Italian Society. The band was in attendance and played funeral music during the march to and from the Roman Catholic Church where mass was sung."

Market Quotations Broadcast each day at 12:30 noon  
and 5:30 p.m.Cheerful News at  
the Moneta AnnualPresident and Directors are  
Pleased at Progress.

Highly pleasing news greeted the shareholders of Moneta Porcupine Gold Mines at their meeting on Wednesday afternoon, as a result of which felicitations were extended all around to the president and directors on the happy outcome of the undertaking.

Steadily increasing production with corresponding improvement in net profits were revealed in the operating reports for April and May. During April the mill treated 3697 tons of ore containing 2220.73 ozs. gold and 374.51 ozs. silver, for a gross production of \$78,262 representing an average recovery of \$21.25 per ton. Net profits after all write-offs amounted to \$40,535. Preliminary estimates for May showed a gross recovery of \$88,738 from 4076 tons or about \$18 per ton. Net profits for May, President W. E. Segsworth pointed out, would be higher than April and would well exceed \$50,000. On a monthly basis of \$50,000, earnings would now appear to be running at a rate of \$600,000 or about 24c per share annually.

Reviewing mine developments since March 31st, Mr. Segsworth dealt with the results of exploration work to the south of the present workings. This work has included development of the first level where 100 feet of drifting along the contact to the south of the fracturing, in which the company's known orebody has been found, has located a new strong fold in the lava flow which appears to be a duplicate of the fold in which the main ore has been found. Evidences of ore were located and the president is of the opinion that indications are favourable for finding ore both above and below this level.

On the fourth level considerable drifting has been carried out to the north and indications of a mineralized zone, carrying possibilities of another orebody, have been located.

The shaft has been deepened to 1000 feet and three new levels established. At the 675 ft. level an orebody has been encountered in drifting to the north and assurance had of ore for 75 ft. in length across a width of 3.5 feet and better than mine average grade. A shareholder was informed that this meant higher than \$21.25. Apparently the drift has been running parallel to the ore and the values were picked up in flat holes. Drifting to the south has not yet located the ore but this does not mean that the ore is not there. The president pointed out that on the upper levels, ore is sometimes found on the contact and sometimes some distance away.

On the question of dividends, Mr. Segsworth stated that the directors would be justified in giving very serious thought to a distribution of profits later in the year. The company's

policy would be to pass along some of its earnings to shareholders just as soon as the surplus is sufficient to provide for necessary contingencies and possible expansion. At the present time, he informed the shareholders, the question of increasing mill capacity was not under consideration.

The old board of directors was re-elected with the exception of L. O. Steindler, who was replaced by A. M. Reaper of Montreal. A motion of appreciation for Mr. Steindler's long service to the company was adopted.

First Aid Contest  
to be Held on June 8For the Handsome Trophy  
Donated by A. F. McDowell.

A cordial invitation is extended to the public to attend the First Aid competition for a handsome silver trophy which has been donated to the Timmins division of the St. John Ambulance Brigade by A. F. McDowell, Esq., of McDowell Motors, for competition amongst the members of the Division.

The first of these competitions will be held in the Hollinger hall on Wednesday, June 8th, commencing at 7 p.m. and will afford the public an opportunity of seeing what First Aid really is. Immediately after the tests are over, refreshments will be served, after which the trophy will be presented to the captain of the winning team and Silver medals to the individual members of the team. The remainder of the evening will be spent in dancing.

## Twenty Years Ago

From The Porcupine Advance Files

The opening day of the new drug store opened on Third avenue, next to the New Empire theatre, twenty years ago, attracted big crowds, and the Curtis Drug Co. did a big first day's business in their new store in Timmins. One of the features of the day was the free distribution of roses to customers.

Thousands of roses were given away, but even the large supply secured proved inadequate for the number of customers visiting the store. The fine equipment of the store, the large new stocks and the good service given were other features of the new store that attracted favourable attention.

The North Land has been fortunate in the matter of having good fire brigades in this country. In this column reviewing twenty years ago there have been many references to uphold this. One more, a paragraph from the issue of May 29th, 1918, may be given here: "Schumacher had a blaze of some proportions last week when the residence of Mr. J. Labelle was found to be on fire. The Schumacher brigade under Fire Chief Wm. Bennett made prompt and effective response to the alarm. From the time the alarm rang until there was over 700 feet of hose connected and the water turned on, was only a matter of less than seven minutes. The fire was never allowed outside the building where it started and in a short time it was extinguished altogether. The damage amounted to about \$150. For a time the blaze looked like a very serious one, but the brigade prevented any heavy loss or any spread of the fire."

The Advance twenty years ago said: "Gib McInnis laid charges against a Finlander woman this week for oats and hay destroyed by two cows of hers that were running at large on the streets. The woman was before Justice of Peace Montgomery on Monday night and a fine of \$8.00 and costs imposed for allowing the cows to run at large. The J. P. pointed out that the

matter of collecting damages was for the Division Court where suit would be instituted to recover the price of any fodder eaten by the cows while running at large."

Owing to the shortage of clerical help and other causes arising from the war, the banks found it necessary in 1918 to make a change in banking hours. Commencing on June 1st, 1918, the new hours went into force: From 9:30 in the morning until 2:30 in the afternoon and on Saturdays from 9:30 a.m. to noon.

Empire Day, May 23rd, 1918, was pleasingly observed at the Timmins public school, the programme being of an attractive patriotic type. It included Biblical readings, prayer, the National Anthem, songs, essays, literary papers on patriotic subjects, etc. The essays and papers included such titles as:—"Why Canada Entered the War," "What Canada Has Contributed to the War in Men and Money," and essays on various engagements of the war. "In Flanders Fields" was recited, and the programme closed with the saluting of the flag, and "God Save the King."

As The Advance pointed out twenty years ago, and has repeated on more than one occasion since, Timmins fire department has a happy way of doing well whatever it may undertake—from the fighting of a fire to the staging of a social event. The firemen's annual ball in the Masonic hall on May 24th, 1918, was generally conceded as the best social event of its kind held in the district that year. There were about 70 couples present and all had a delightful time. The Appel orchestra supplied good music for the occasion.
