Kincardine News: Why does a German agent want to buy Anticosti Island with an area of 2,600 square miles, in the Gulf of St. Lawrence? Why are the Russians trying to the Arctic Circle above Canada? Why are the Japs insidiously working their way into British Columbia? We yet have to fight to retain our native land.

GIRL GUIDES IN TIMMINS

The 106th I.O.D.E. Company held their weekly meeting at 7 p.m. on Monday evening. The company was called to order, and the roll was called, followed by inspection. The Guides then went to their patrol corners and did badge work. Camp fire was formed, and new songs were learned, after which the meeting was closed with "taps."

New Timmins Fire Pump Delivered

The new fire pumper purchased early this year for Timmins fire department, arrived in town this morning and was given its first test in a demonstration at Mattagami River this afternoon.

The new piece of fire fighting equipment, massive in design and modern in every detail, cost \$15,000. It has a capacity of pumping 1,000 gallons per minute and is equipped with a 240-horsepower, 12 cylinder engine. The pump will accommodate four lines of hose using nozzles 1 1/2 of an inch in diameter, or six lines using one-inch nozzles. Two thousand feet of hose are carried on the pumper at all times.

Included in the equipment of the pumper, is an 80-gallon water tank, which will be used in attending to fires of small proportions. Pressure is supplied by an independent pump. To the right of the windshield is a 10-inch spotlight, finished in chromium and on the top of the gasoline hood is an electric flashing siren. Secured to the bumper in front is a large bell that is used to give additional warning to traffic in the event of a fire call.

The truck is painted the traditional color of red, with the many fittings being finished in chromium plate.

Cobalt Still Inquiring About Judge in Case

Cobalt, June 16.—(Special to The Advance)—Although evidence in the case was heard at Temiskaming Supreme Court sittings a year ago last month, judgment still pends in the action brought against the Town of Cobalt by George Mitchell, K.C., and efforts on the part of the municipal council to obtain from Mr. Justice Jeffrey his findings in the \$10,000 damage action are still without definite result. Monday night, council heard read copy of a letter from Chief Justice Rose to J. A. Legris, K.C., solicitor for the town, as follows:—

"I have read your letter of the 6th instant with reference to the case of Mitchell v. Cobalt. I spoke to Mr. Justice Jeffrey, who is under the impression that he had given judgment, or that if he had not actually delivered the judgment he had written it and that he would be in a position immediately to deliver it. I have spoken to him again to-day. He tells me that he will be in Osgoode Hall to-morrow (to-morrow being a holiday and he being free of his work at the Assizes) and that he hopes then to dispose of the case."

This letter is dated June 8. After hearing evidence at Halleybury 13 months ago, Mr. Justice Jeffrey reserved judgment and counsel in the case were to submit written argument to him.

still delayed, enquiry was made, and for his Lordship told Mr. Legris the latter's argument never had been received. A copy of what Mr. Legris claimed to have forwarded within the stipulated time of ten days was forwarded by registered mail, and since then the matter has been hanging fire, despite attempts of the town council to get a judgment.
