## Ansonville Women of Moose Officers

Other News of Iroquois Falls and Ansonville.

Iroquois Falls, Ont., June 28, 1938.—(Special to The Advance)—Installation of officers of the Women of the Moose, Ansonville Chapter No. 551, for the year 1938, took place before a large gathering of the members, and an equally good turn-out of the men's chapter who were invited to attend the special meeting held in the Ansonville town hall, on Monday evening.

Following the business routine of the Chapter, the new elected officers were installed as follows:—

Past Regent—Mrs. Georgina Nelson. Senior Regent—Mrs. Lillian Olaveson. Junior Regent—Mrs. Cora Tesler. Recorder—Mrs. Marie Grummett. Treasurer—Mrs. Soucy. Chaplain—Mrs. Annie Walters. Sentinel—Mrs. Helen Hardy. Argus—Mrs. Emma Maracacini. Pianist—Mrs. Loretta Tremblay.

The impressive installing ceremonies were under the able direction of Mrs. P. Nelson and Mrs. J. H. Smith, who were assisted by the Chaplain Mrs. T. P. Walters; Pianist, Mrs. A. Tremblay, and Guide, Mrs. W. McDonald. Also taking an active part in the work, was the drill team, headed by Mrs. E. Campbell, Captain.

After the successful meeting, tasty light refreshments were served by the ladies, which included dainty sandwiches, cake, and delicious trimmings.

Mr. Wm. Roach, Dictator of the Men's Chapter, spoke during the evening, and brought forcibly to mind the active part which the ladies were taking, with desirable results. On behalf of the Chapter which he represented, he extended every good wish for the continued success of the ladies, which they have been enjoying during the past, also thanking them for their loyal and undivided support.

In a most fitting manner, the Past Regent, Mrs. P. Nelson, presented Mrs. E. Olaveson, Senior Regent, with two valued silver serving dishes, one for cake, and one for sandwiches. Mrs. Nelson expressed the Chapter's heartfelt gratitude to Mrs. Olaveson, who, for the past nine years has acted in the capacity of Senior Regent. Her election to this office has been unanimous through the years, and her work, always consistent with the office which she holds.

To wind up the evening, a hand-made rug, which was donated to the Chapter by the maker, Mrs. Felix Marion, was raffled off in a Chinese auction. Due to the beauty and durable qualities of this handsome rug, which was of large proportions, the net proceeds ran to the high figure of \$20.00. Mrs. Laurent was the highest bidder, and carried off the much-sought-after article, being greatly envied by all others.

Sing-songs and chatting were then the order of the evening, in which everyone joined most enthusiastically.

**Notes**

Mr. Peter Beaton, Chief Inspector of the L.C.B.O., of Toronto, was a business visitor in town yesterday.

Mr. and Mrs. T. Fisher and daughter are leaving here to-day, to take up residence at Grimsby, Ontario, where they will join Mr. and Mrs. D. H. Parker, parents of Mrs. Fisher. Mr. Parker, who for two years was mill manager here, has purchased a fruit farm in Grimsby area, and Mr. Fisher has gone to aid in the operation. Though here only a short time, both families made many acquaintances and will be missed greatly by friends and relatives.

## Trains Big Timber Wolves at Sled Team

Gogama Man Plans to go to U.S. Sportsmen's Show.

Montreal, June 29.—Big J. T. "Joe" Laflamme, 225-pound Frenchman, a former policeman in Montreal but now living at Gogama in Northern Ontario is a visitor in the city who knows his timber wolves as well as a housewife knows her cats. In fact, he knows them so well that he is never quite sure just what they will do from one minute to the next but generally manages to keep them under control. He uses his timber wolves for the same purposes as the ordinary "huskies" are used and prefers them to the more domesticated animal.

"Joe" came to town to meet Albert C. Rau, general manager of the Boston and New York Sportsmen's Winter Show. They met in the office of C. K. Howard, Manager, Tourist and Convention Bureau of the Canadian National Railways, to make arrangements for sending a wolf team down to these American cities for the shows next winter. "And I'm going to be there, and with a team" Joe triumphantly stated. Just now he is on the hunt for a new team, his old one being played out. Joe said he knows of two timber wolves in Saskatchewan and he is endeavouring to get them. Between now and October he hopes to collect about five from the Sudbury area, which, linked with the other two he hopes to get, will give him a seven wolf team.

He pointed out that due to business, he is unable to set out and attempt to collect the wolves himself. He did this with three of his last team, which he sold to an American movie concern for \$75 a head in 1928. In trapping these three in 1922, Joe said he used a No. 3 beaver trap. Padding the trap on either jaw with a bundle of cloth, he set them in an area where wolves were taking a heavy toll on deer. One of the wolves he caught, just by one toe, in a milk trap. Leather harness for a wolf team is no good, Joe pointed out. He stated he makes his own harness

out of canvas. "A wolf would chew a set of leather harness to shreds," he declared. "One wolf I used as a lead would take a three-quarter-inch rope in his mouth and, without any exertion or strain on a muscle, would cut it in two."

In the vicinity of Gogama, Joe even skidded logs with his famous wolf team. The last winter he had them, he recalled, the ice on the lakes was too thin to support a team of horses and there were no roads leading from Gogama into the bush camps, so he had an all winter's job hauling provisions.

"I had plenty of narrow escapes," he said. "One day I was skidding and I had a dog on the lead. When I turned them around, one wolf, 'Pete' made for me. I had a pair of mitts in my sweater pocket and I was lucky he bit the mitts and just grazed my stomach. I grabbed a jackpine tree and pulled away, shouting to another fellow to bring me my whip. Three cracks over the head with the butt of the whip and I knocked the wolf out. I was sorry when I saw him on the ground, for I thought I had killed him. When he came around about five minutes later, I gave the command and headed for Gogama. I never went near him and shortly after that he became tame. I could even let him run loose, and he would come to me on command."

Although he did try breeding wolves, he never had much success, Joe said. His attempts to breed a female wolf with a male husky were unsuccessful. He did, however, succeed in breeding three female huskies with male wolves, and one of the offspring is still in Gogama, he said.

A resident of Gogama since 1920, Joe collected his first pure wolf team in 1923 and, the following year, exhibited them in Montreal. In this team he had nine brawny timber wolves, the largest 95 pounds and the smallest 70 pounds. In 1925, with the same team, Joe went to Toronto. But the big thrill of his life came in 1926 when he boarded a Canadian National train at Gogama bound for New York to exhibit at Madison Square Gardens. "When I mushed them down Broadway, thousands of people stood in the streets cheering," he said.

And now Joe wants to repeat that experience, and when he gets his new team together, he'll be on old Broadway again, with bells on.

**Clinic for Crippled Children at Timmins on July 22nd**

The clinic for crippled children will be held this year on July 22. This year as in past years it will be sponsored by the Timmins Kiwanis Club whose idea is to have every crippled child in the district given the opportunity for cure or at least for improved health and strength. A noted specialist in children's diseases will be in charge of the clinic. Local medical men who in past years have given such hearty co-operation will again assist to make the clinic of service and benefit. All the children coming before the clinic will have the benefit of the talent of the specialist in charge as well as of local medical men and surgeons. Any with crippled children, or knowing youngsters thus handicapped, should notify any of the following members of the Kiwanis, so that the children may be brought to the clinic and given a chance for recovery or improvement. The following are the members of the committee receiving lists of crippled children who need attention: J. R. Walker, phone 1428; Pic Holtz, phone 1322-J; Rev. W. M. Mustard, phone 150; Rabbi Monson, phone 1900; or J. W. Jackson, phone 311.
