

Zampell Pitches Macs to 6-3 Win Over Hargreaves

Porkies Take Hollinger 6-4 To Regain Group Leadership

Winners Overcome 4-1 Lead With Five-Run Onslaught in Sixth Inning that Drove McNulty to Retirement. Domenic Senese Allows Six Hits to Win Fourth Straight Game This Year.

With a ringing triple from the bat of "Skipper" Bean starting a five-run rally in the sixth inning, Porcupine Miners defeated Hollinger in a senior Temiskaming League baseball game here Monday night by a score of 6-4. The win gives Porcupine undisputed possession of the group leadership, the two teams having been tied on the top rung previous to Monday's fixture.

It was a garrison finish for the Porkies who were trailing at the end of the fourth inning by a score of 4-1. Joe McNulty went to the mound for Hollinger, and after a shaky session during which he allowed seven hits and two runs, retired from the box in the sixth with one out and the bases loaded. Istratti came in as a relief hurler without the benefit of a warm-up and on two hits that followed along with an error by Romualdi three more runs crossed the plate before the side was retired to give Porcupine the long end of a 6-4 score.

Domenic Senese pitched his fourth straight win for the Porkies and cut the Hollinger team off with six scattered hits and three walks. It was his own three-base error on an overthrow to first base in the second inning that paved the way for two of the Hollinger runs. But after his team smashed their way to the front in the sixth inning, Senese really took command of the proceedings and in the last four frames only two Hollinger men got on base safely, one dying at second and the other at third.

Hollinger had their big inning in the third. Dorey started by drawing a base on balls. Dean Ford dumped an attempted sacrifice down the first base line and Senese picked up the ball and threw a mile over Long's head at the initial sack. Dorey scored on the play and Ford pulled up at third. Johnny Oltean smashed out a long triple into centre field to score Ford and trotted home himself on Romualdi's infield out. This spurge gave Hollinger a 3-0 advantage but in the following inning it looked certain that the Porkies would break into the score column when they filled the bases with one out on two hits and a walk. Abbie Moreau poked a hard ground ball to Romualdi which the latter converted into a double play, Ford to Lawton, to retire the side.

Porcupine got their first tally in the fourth. The bases were loaded again with two out. Lawton's double, Murray's walk and a single by Senese left the bags clogged. Carlo Catarello contributed a single to left field that scored Long but the other three runners were held on base. Dowling then fled out to left field to end the inning.

A single by Reg Dorey, a fielder's choice and a double by Romualdi that almost cleared the fence in deep centre field, gave Hollinger their fourth and

last run of the game in the fourth inning.

Porcupine had been giving Hollinger some tense moments in the earlier stages of the game but it was not until the fifth that they really descended on McNulty. Bean tripled and after Murray popped to short, Schultz singled scoring Bean. Romualdi booted a ground ball from Senese Schultz being held at second. Catarello drew a base on balls and McNulty was sent to the showers with the bases full. Dowling was the first man to face Istratti and singled to score Schultz, leaving the bases still loaded. Babe Labag got hold of another of Istratti's slants for a clean single that scored Senese and Catarello. Dowling attempted to go to third base on the play on a throw-in to the plate but Oltean, Hollinger catcher, recovered the ball fast enough to nip him going into the bag. Dowling and Cherevaty at third base for Hollinger, squared off in a threat to fight, Dowling claiming that the Hollinger man had attempted to spike him. The flare-up didn't amount to anything but Cherevaty was taken out of the game a few minutes later by Manager McInnis. When the game resumed again Moreau hit to Romualdi at short and the latter fumbled the ball for his fourth error of the night. Labag scored on the play, Moreau stopping at first. At this point McCreary was sent to short for Hollinger to replace Romualdi and Long, the next batter, was thrown out at first by Thompson who had replaced Cherevaty at the hot corner. This ended the scoring for the entire game, the Porkies hanging on to their two-run lead and regaining the group leadership.

McIntyre To Play Porcupine

Cellar Team and Group Leaders Clash in South Porcupine To-morrow Night.

It will be a case of the cellar against the garret when McIntyre and Porcupine meet in a scheduled senior Temiskaming league game in South Porcupine to-morrow night. The Porkies are leading the group while the Macs have won only one league game this year. The Solomon clan will go into the heat with more confidence following their win over the classy Wright Hargreaves team in Kirkland Lake yesterday and the Porcupine ball mechanics will be well advised not to take any chances.

Restocking Waters in Temiskaming District

Haileybury, July 14.—(Special To The Advance)—Further consignments of game fish to restock waters in this district, and brought north at the request of the Temiskaming Fish and Game Protective Association, have arrived here within the last few days, two truckloads of speckled trout fingerlings having been received from the provincial hatchery at North Bay. One load was deposited in Loon Lake, in the Silver Centre section and a favorite resort for anglers, and the other divided between two trout streams on the West Road between Haileybury and the Montreal River. The little fish are between four and seven inches in length and are about a year and a half old, it was stated. Several other loads of similar fish are expected by the end of the week to complete the quota the Association asked for in speckled trout, it was intimated by Norman C. McVittie, the Association president, who said requests for pickerel already had been filled by the Ontario authorities.

Southpaw the First to Do Trick in Hundred Years

In all the one hundred years of baseball no pitcher in "organized ball" ever twirled two no-hit games in the same year, let alone in the same week, and successively, as 22-year-old Vander Meer—a southpaw—did the other night. Which prompts the Chicago News into saying:

"What balm that must be to the countless millions of left-handers in this right-handed universe!"

"Maybe the psychologists and educators are right. Perhaps parents of left-handed progeny are guilty of a grievous fault when they attempt to make over their left-handed offspring and teach them to eat the nice spinach with the spoon in the right mitt instead of the left."

"Many persons still believe that all left-handers must be a bit eccentric. In fact, the word 'sinister,' which originally meant nothing more than 'left,' has come, through the ages, to acquire a wholly different connotation. Only a decade ago Ring Lardner, that eminent authority on the raising and training of children, wrote a piece on the upbringing of youngsters with a tendency to list to port."

"Mr. Lardner, having travelled extensively with major league baseball clubs, had observed that most left-handed pitchers were nicknamed 'Dizzy,' 'Daffy,' 'Dopey,' or 'Bugs,' and he considered that it was no mere coincidence. No dutiful parent, he asserted, would ever permit his child to grow up a southpaw."

"Perhaps Johnny Vander Meer has done more to set the world right about left-handers than all the psychologists and educators combined!"

Hollinger Team Is Still Jinxed

Football Squad Play Scoreless Tie With McIntyre Haven't Won in Three Years.

The luckless Hollinger football team, who have travelled through three years of campaigning without a win, almost broke the jinx on Tuesday night when they played McIntyre to a scoreless draw in the first game of the Foster Cup series. While scoring chances were not numerous, Hollinger had a slight edge on the play and should have scored at least one goal in the first half. The teams:—

Hollinger—Goal, Birch; backs, McGuire and Welch; halfbacks, Bryans, McMahon and Hancock; forwards, McWhinnie, Mearon, Rogers, Littlewood, Morley.

McIntyre—Goal, Brockbank; backs, McAdam and Mair; halfbacks, G. Boyd, Phillips and J. Morrison; forwards, Dunstan, Searle, Davis, Rodgers, B. Boyd; subs, Urquhart and T. Morrison.

Rain Stops Ennis Cup Game Here

Hollinger and Lake Shore Contest Last Night Failed to Get Under Way.

The Ennis Cup game scheduled to be played here last night between Lake Shore and Hollinger, was halted before it started by a heavy thunderstorm that left the playing field a sea of mud and water. The Kirkland Lake team, who claim to be so busy helping the company make dividends that they could barely get away to play—oh yeah—they were unable to stay over and play the game to-day. Both Ennis Cup games that have been scheduled for Timmins this season have been rained out, To-burn being the visitors on the previous occasion.

Even Cats and Dogs Lose Caste in the Big Cities

(From Toronto Telegram) A few days ago we described some of the fun the squirrels were having around our houses, such as gnawing branches from the trees and watching them sail down on the lawn. If they would only go a little farther afield they could have a lot more fun and would not annoy us.

It seems that an owner of a restaurant on the Exhibition Grounds spent considerable money fixing up a ceiling with crepe paper, etc. We are told that the expense ran into hundreds of dollars.

We are also told that the squirrels happily gnaw off one end of this crepe paper, scurry off to another beam and watch the 50-foot streamer float slowly downward.

Maybe they then go and gnaw off the other end for all we know.

In any event it looks like good clean squirrel fun and much more attractive than anything we can offer them around our humble dwelling.

We hope that our squirrels hear about the sport down at Exhibition Park.

In watching these squirrels play around we realized how futile dogs and cats become when they live in the city.

Now out on the farm a self-respecting cat would take it as a personal insult if squirrels spread themselves all over his private domain.

He would stalk them as persistently as their shadow until sometime the squirrel would be just a second late.

The dogs will not even yap at them, there would be a squeal and a swirl and that would be the end of Mr. Squirrel.

Even the farm collie wouldn't take it laying down.

Here in the city the squirrels will flip their tails in the faces of both cats and dogs and then retire to a safe height and sneer.

The cats sometimes stalk them, but they do it in a "You know I am just doing this for fun and don't have to do it at all" manner.

And the squirrels can't even get a thrill out of being chased by a city cat.

They are as futile as ribbon clerks in a rugby game or brokers in a ball club. They are even as futile as the Maple Leaf sluggers.

Must be Vaccinated to Attend School at Rouyn

Noranda, July 12.—The fact is being very strongly stressed that unless children have been vaccinated they will not be allowed to attend class, in the twin towns, at the opening of the fall term. Consequently Dr. O. Chabot, public health doctor and his two nurses, Mrs. P. Morency of Ville Marie and Miss Marguerite Ethier of Noranda, were kept busy on Wednesday and Thursday of last week. Twenty-six children were vaccinated in the first day, in Noranda, and 68 the second day in Rouyn. Over and above that, 21 children were immunized in Noranda and 35 in Rouyn. The number of babies weighed and examined in Rouyn amounted to 68, and there were 47 in Noranda.

Swimming Lessons May be had by Adults

Swimming Pool Service for Adults.

Over four hundred children are now receiving the advantages of the Riverside Swimming Pool service under the supervision of Mr. A. R. Fisher. Most of these youngsters are unable to swim, but are showing unusual quickness and adaptability in learning the art. This week Mr. Fisher announces that opportunity is also to be given to adults to learn to swim. This follows many requests for this service. Mr. Fisher has reserved Tuesday and Thursday evenings from 7 to 9 for swimming lessons for adults. Appointments by adults for instruction in swimming may be made at the swimming pool.

Members of Golf Club to Visit Iroquois Falls Club

The members of the Timmins golf club will visit Iroquois Falls this weekend and a good crowd is especially requested to make the trip. Players wishing to make the trip kindly sign-up at the club house so that cars may be arranged.

The Kirkland Lake golf club will make an inter-club visit to the Timmins club on the week of July 24th.

Threaten to Turn Hose on Children Attending Fires

Haileybury, July 14.—(Special to The Advance)—If children persist in their alleged habit of crowding firemen when engaged in their duties of combatting fires, it may be necessary to turn the hose on them, it is announced here by Chief Ken Watson. The chief declared that at a blaze last Friday afternoon a crowd of young folks got in the way of the brigade and refused to be chased away, despite the possible danger from sparks or falling walls. The chief said he would appeal to the parents to impress on their children the need for giving free action to firemen attending a fire, but added that sterner measures would follow if the practice he complained of was persisted in by the youngsters. The fire, which did damage estimated at \$75 to a Rorke avenue house owned by Wesley Rice and occupied then by George Sasseville, apparently was caused by children playing with matches among some shavings used to bank the building, the fire which started getting into the walls and proving a stubborn blaze to put out.

A smart double play, Hann to Quinn to McShane, cut short a Hargreaves rally in the eighth. After the bad third inning, the McIntyre defence tightened to sensational heights, with Prout doing some good infield work.
